Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

[illegible]ere is comfort in the knowledge so [illegible] expressed, that Dr. Kilmer's [illegible] the great kidney remedy, [illegible] in curing rheumatism, pa[illegible] kidneys, liver, bladder and ever[illegible] urinary passage. It corrects [illegible] hold water and scalding pa[illegible] it, or bad effects following use o[illegible] wine or beer, and overcomes that [illegible] necessity of being compelled t[illegible] during the day, and to get up [illegible] times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

Dumont's Airship on Trial.

Paris, May 9.—Friday was a record day in the annals of French ballooning. Dumont made his first free ascent of the season in his new airship from the balloon park at Neuilly, where the aeronaut has constructed a vast shed, in which are several of his airships. Upon leaving the park the airship was conducted by a guide rope to the Bagatelle drill ground in the Bois de Boulogne; here a series of maneuvers at the height of thirty yards and lasting half an hour were made. During the evolutions the guide rope rested free on the ground. Dumont is satisfied with this ascent, which shortly will be repeated.

School Children Striking.

Omaha, May 9.—Not only is Omaha's business almost paralyzed by union troubles, but now the public schools are threatened, for the school children are striking. His parents witnessed the accident and rushed to his assistance, but were unable to do anything, as the lad sank before they could reach him.

GRIT IN THE BEARINGS

How Rheumatism Affects the Human Mechanism.

Grit in the bearings—every engineer knows how important it is to guard against this trouble—to get rid of it, if it comes; so too every one who has to do with machinery of any kind.

The human body is a more marvelous piece of mechanism than any made by hand. Nature does a deal to keep the body in good repair—in good running order. But people make mistakes—some through carelessness, some through ignorance. Nature sometimes needs help.

Uric acid causes Rheumatism—deposited in the muscles and joints, it acts like grit in the bearings—hinders their action, makes pain and trouble. Every sufferer knows how much.

Athlophoros dissolves the Uric acid—aids the body to get rid of it—helps to the restoration of health and strength. It does this with certainty—proven by the experience of many years.

Exchange comfort for pain. If your druggist doesn't keep it send $1 for a bottle to The Athlophoros Co., New Haven, Conn. It will show you how to rid your bearings of the grit.

The sun is shining bright,
But it is bitter fruit,
I'm wearing a winter cap,
It's time for a new straw hat.

Pretty poor poetry, that, but it will help to remind us that Straw Hat time has come again. You could wear that old one—in the garden—for a while yet, but really now, don't you think it has done service enough? As in everything else, here you will find our hat stock up to date. Our hat department has a well-earned reputation among well dressed men for miles around of keeping pace with every new edict of fashion's say—those popular and entirely new shapes—broad curl brim, low creased crown, narrow bands, in the best Manila, straw, Canton braids and Panamas, at 50c, 75c, $1.00, $1.50, $2.00 and $3.00. Then here's the much wanted six-in-one straw hat, which can be shaped in six different styles. The best Manila straw at $2.50. In Panamas we have a good one at $3.00, several styles. They are beauties, too. Peep in our east window. If the straw hat you are looking for isn't there, you need look no further.

MAYOR INJURED IN THE RIOTS

Fifteen Men Hurt—Sheriff and Mayor Each Trying to Supercede the Other in Authority—Water Thrown on the Rioters.

Bridgeport, Conn., May 18.—The attempt made by the officials of the Connecticut Railway and Lighting company to run their cars with non-union men Sunday resulted in a riot, in which at least fifteen men were injured. The sheriff says that another such outbreak will make the calling out of the state troops inevitable. At the present time it is possible that the county sheriff will supercede the police in the control of the city.

In the morning six trolley cars were started out on the Barnum and State street lines. The cars were manned by twelve of the 130 strike-breakers brought to this city. When the car had completed its third round trip and was directly in front of the Wheeler & Wilson factory, where a crowd of at least 1,000 persons had gathered, a bombardment of stones began. Deputy Sheriffs Hendrue and Plumb, who were riding on the car, plunged into the crowd to arrest a man whom they had seen throwing a stone. He was seized and with considerable difficulty dragged fifty feet to the car. The stone-thrower was a big fellow and struggled so fiercely that the policeman who was standing nearby went to the assistance of the sheriffs. Immediately Mayor Mulvihill was seen hurrying through the mob. He rushed up to the policeman and ordered him to keep his hands off the prisoner. He then told the deputy sheriffs that they had better let the man go. During the argument the stone-thrower wrenched himself free and dashed away.

In the meantime stones were flying in a shower, and one of them struck Mayor Mulvihill on the head, bruising it badly. The two sheriffs jumped on the car and ordered the motorman to proceed to the car sheds, a quarter of a mile distant. The other five cars operated on the same streets received exactly the same treatment as they followed the first car into the car barns.

When the last car had passed within the doors there was a crowd of 4,000 people gathered in a vacant lot opposite, and violence once more broke loose. Brickbats, stones and everything that could be thrown were hurled at the barns and everything that belonged to the company in the vicinity. The crowd was finally dispersed by throwing a stream of water on them.

The officials of the trolley company would not reveal the names of the injured. It is positively known, however, that not a man of the twelve who were on the six cars escaped injury of some kind.

In an interview the sheriff said: "I will have no further interference on the part of Mayor Mulvihill. I will bring 100 special men here at once and will do my best to preserve peace, and if the mayor or anyone else attempts to interfere he will be stopped; if necessary I will supercede Mayor Mulvihill in authority."

Lively Time in French Church.

Paris, May 18.—The threatened anti-clerical manifestations in the Paris churches did not come off Sunday. The only serious trouble occurred in the afternoon at Belleville. When a priest entered the pulpit of a church there a number of free thinkers began shouting "Enough; who authorized you to speak?" Members of the Society of Catholic Youths, who were present in strong force, thereupon attacked the manifestators with their fists and canes. The melee became general, chairs were thrown and women began shrieking. The police were called in, separated the combatants and expelled those who had started the manifestations. Five persons were arrested and several were injured. The arrival of two funerals helped to restore order.

Jailed For Child Murder.

Lancaster, Pa., May 18.—Virginia Thomas and Belle Berry, young colored women, have been jailed on the charge of having murdered Jesse M. Richardson, an infant, also colored. The baby had been placed in the charge of the Thomas woman by its parents. The accused women live together. It is alleged that Belle Berry had frequently shown her ill-will for the child. At night they occupied the same room and in the morning the baby was found dead, evidently having been poisoned. When arrested the Thomas woman declared that Belle Berry gave the baby bedbug poison. A nearly empty bottle of this poison, containing corrosive sublimate and carbolic acid, was found in the room.

Forty Peasants Shot.

Vienna, May 18.—Reports received here from Siessek, Croatia, declare that notwithstanding the denials of the Hungarian government, the stories of fierce encounters between peasants and the military in the village of Kriswewachsich have been confirmed. Forty peasants are said to have been shot. The authorities have completely isolated the village in order to prevent the news of the disorders there from spreading.

Guilty of Forgery.

Ionia, Mich., May 16.—After being out twenty-five hours, the jury returned a verdict last night of guilty against Frits Miller of Ionia, charged with forgery. Arthur Town of Muir is now on trial for the same offense, they being charged with signing B. Babcock's name to a check.

To Serve Two Years in Ionia.

Baldwin, Mich., May 16.—Morris Clark, who pleaded guilty to the charge of breaking into E. W. Barnes' store on the night of March 7, was sentenced to two and a half years in Ionia. The jury was out twenty-one hours in the Farrington case, and then disagreed.

Quick Arrest.

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C. A. Wright's druggist.

PREFERRED TO DIE

Grief Was too Much for Young Italian Lad.

SHOT HIMSELF IN TEMPLE

Longed For His Mother and Native Land—The Return to Italy of a Friend Was More Than He Could Stand.

Muskegon, Mich., May 18.—In a small, hot room little 14-year-old Joseph Gunta lies dying from a bullet which he sent crashing through his brain Sunday at noon.

Several years ago his father, Michael Gunta, came here from Italy, worked, saved money and two years ago sent for his two sons. Since then they have been working and saving money to get the mother and sisters here. Little Joe worked in a bowling alley and handed his meager earnings over to the father. He had always been homesick and longed for his mother in far-away Italy.

A few days ago a friend went back and Joe was crazy to accompany him. He begged his father for his share of the money, but it could not be spared from the little hoard, so slowly gathered to bring the loved ones over. The boy has brooded ever since.

Yesterday he gave a friend his coat and 20 cents and said: "Tell father I'm going back to Italy." He went to another part of the room and shot himself in the right temple.

No woman's hand is there to soothe his last hours—only a heart-broken father and brother sitting by the side of the cot, wiping the lips and watching each breath grow fainter. The lad has only roused once, and then he called "Mother."

KEEPING THE RECORD UP.

Many New Corporations Filed Articles Last Week.

Lansing, Mich., May 18.—The following corporations filed articles of association with the secretary of state during the past week: Holton Creamery Co., Holton, $2,000; Taylor Heating & Plumbing Co., Muskegon, $10,000; Weaver Coal & Coke Co., Chicago and Detroit, $3,000,000; Windoes Glove-Holder Co., Kalamazoo, $20,000; Atlas Parlor Furniture Co., Muskegon, $50,000; Detroit Bar & Store Furniture Co., Detroit, $22,000; Dimondale Creamery Co., Dimondale, $7,500; Arcadia Canning Co., Arcadia, $10,000; Lenawee Produce Co., Tecumseh, $5,000; R. L. Hall Soap Co., Detroit, $20,000; Smith & Nixon Piano Co., Detroit and Cincinnati, $100,000; Richard & Thalheimer Co., Flint, $10,000; Pentwater Land & Improvement Co., Pentwater, $50,000; Lapeer Electric Co., Lapeer, $20,000; Jackson Red Cross Medical Association, Detroit; Peddlers & Traders' Protective Union, Detroit. The Benzie County Telephone Co. of Benzonia increased its capitalization from $20,000 to $50,000.

Cut Down Teachers' Salaries.

Ann Arbor, Mich., May 18.—The school board got after teachers' salaries and a warm time is threatened. Grade teachers are started at $300 per annum, with $25 raises every so often. For some years the salary item has been growing about $1,000 a year. The teachers are getting old. The salary total now amounts to $43,942.19 annually, and a cut is planned. The first proposed victims are the well-known high school teachers, Professor L. D. Wines and Professor H. M. Chute, joint author with Professor Carhart of the university of "Carhart & Chute's Physics." Their salaries may be cut from $1,700 each to $1,500.

Building Strike Still On.

Bay City, Mich., May 18.—The carpenters and contractors of Bay City are still at odds. Neither side has shown any willingness to take the initiative toward a settlement, principally because the carpenters are mostly all employed on odd jobs of their own, and the contractors, being in a combination under the name of the Builders' Exchange, have pledged themselves not to grant the demand of 35 cents an hour. A number of large building contracts are held up.

Top of His Head Cut Off.

Grand Rapids, Mich., May 18.—John Hendrickson, a teamster in the employ of the Columbian Transfer company, was instantly killed while driving into the company's barn on top of a load of hay. While entering the barn the horses started suddenly and the man's head came in contact with a sharp iron beam. The top of his head was cut completely off.

May Festival a Grand Success.

Ann Arbor, Mich., May 18.—The closing concerts of the May festival at Ann Arbor aroused greater enthusiasm than their predecessors and made a fitting close of one of the most successful of these events. The afternoon was devoted to solo numbers and the evening to the production of Verdi's "Aida."

Old Hermit Is Too Filthy.

Dansville, Mich., May 18.—Disgusted at the filthy condition of George Wright, an old hermit of this village, a citizens' committee, headed by Prosecutor McArthur, Friday morning went to Lansing to consult with the state health board to see if some measures looking to more cleanliness on his part can not be taken.

Veteran Minister Dead.

Birmingham, Mich., May 18.—Rev. Hiram Hood, aged 85, one of the oldest and best known of Michigan's pioneer Methodist ministers, is dead from a stroke of apoplexy sustained last Tuesday. The funeral will be held Tuesday afternoon from the Methodist church here.

Ohio's Centennial Anniversary.

Chillicothe, O., May 18.—The centennial anniversary of the admission of Ohio into the Union will be celebrated here this week with an extensive program, which will continue until next Thursday night. All of the surviving former governors of Ohio will be present with Governor Nash. Chillicothe was formerly the state capital. The city has been elaborately decorated for centennial week.

More Troops For Sultan.

TULLOCH'S CHARGES

Makes Public Alleged Rotten Dealings in P. O. Department.

WHEN HEATH HAD A HAND

Money Paid in Advance on Furniture Before It Was Built—An Inspector of the Postoffice Given a Threat—Favoritism Shown.

Washington, May 18.—The full text of the formal charges of irregularities in the administration of postal affairs preferred by Seymour W. Tulloch, formerly cashier of the Washington city postoffice, was made public Sunday by Mr. Tulloch. The charges are embodied in letter to Postmaster-General Payne in response to the latter's request to be furnished any information that would substantiate published statements of Mr. Tulloch. Some of the matters complained of will be investigated immediately by the inspectors.

Mr. Tulloch says that in all instances of irregularities and favoritism the proper allowances, records, vouchers, etc., were most carefully executed and kept, as a rule, and little information can be ascertained by their investigation; that the real facts behind the allowances and vouchers are not of record and are known to few—"those interested who will not, and others clerks, who dare not talk."

The First Break.

"For upwards of nineteen years," the letter recites, "the conduct of affairs between the Washington city postoffice and the postoffice department was regular, then came the first break, the precursor of a system of allowances to the Washington postoffice on account of departmental expenditures which afterwards led to irregularities, abuses, extravagance and my removal as an obstacle on June 30, 1899.

"Soon after the McKinley administration came into power the first assistant postmaster-general sent his clerk down to me with a voucher for a lump sum for traveling expenses, accompanied by an allowance for their payment from the funds of the Washington office. Such a demand was irregular on its face, but the official became very angry at the idea of a mere cashier attempting to make any suggestions to him, and refused to amend and itemize his voucher. The postmaster explained to him that I had only asked for what was required by the auditor and according to precedent. The postmaster upon his return stated the official had said: 'Look here now, this is a new administration and a new crowd, and we intend to make our own precedents.'

"Holt Livingston presented vouchers for payment one afternoon, amounting to several hundred dollars, for postal furniture. I declined to pay unless some responsible official would acknowledge the receipt of the goods, whereupon Mr. Livingston became confidential and told me his company did not have very much capital, that work had not yet even begun upon the furniture, but that 'George' had agreed to advance him the money in payment.

"It is needless to add to payment was made."

Mr. Tulloch says that Postoffice Inspector William B. Smith of this city made an inspection of the Washington postoffice and during that inspection received word from an associate of the first assistant postmaster-general that he would better be careful or he might lose his own head.

Favoritism.

On the question of favoritism in appointments he says: "Oliver H. Smith of Muncie, Ind., was an intimate friend and associate of Perry S. Heath. The latter, Nov. 20, 1897, wrote as follows to the Washington postmaster:

"'I have this day allowed you $600 per annum to provide for the appointment of Oliver H. Smith as a laborer at the several stations connected with your office. Mr. Smith will act in a dual capacity, serving both clerks and carriers. The free delivery division will also make an allowance of $2 per day to cover car fares and incidental expenses for Mr. Smith, who is, I believe, to report to you on the morning of the 23d inst.'"

Mr. Tulloch says the classification act of March 2, 1889, was ignored by First Assistant Postmaster-General Heath and that sundry persons designated finance clerks, auditors, etc., were paid illegally from $200 to $600 each per annum over their lawful salaries.

With only one or two exceptions the appointments as cleaners, laborers, etc., he says, were evasions of the civil service and the parties did not perform the duties implied in their official designations, often no service whatever.

Spent His Wife's Money.

Kansas City, Mo., May 18.—Walter Vrooman, founder of the People's Trust, the Western Co-Operative company and other utopian schemes, in which he spent hundreds of thousands of dollars, is the defendant in a divorce suit at Trenton, Mo., brought by his wife, who supplied him with a quarter of a million dollars to carry on his plans. Mrs. Vrooman was formerly Miss Anne Graffin, an heiress of Baltimore. She gave her husband one-third of her fortune of $750,000 to be used in furtherance of his schemes, as she was fascinated with the idea of assisting him in uplifting humanity. Mrs. Vrooman in her petition for divorce charges her husband with infidelity.

Ex-Mayor Ames Given Six Years.

Minneapolis, Minn., May 18.—After listening to the appeal of the counsel of former Mayor A. A. Ames for mercy, Judge Elliott sentenced the once powerful political leader to spend six years at hard labor in the state penitentiary. A bond of $19,000 was accepted by the court and Dr. Ames will not have to go to prison until the supreme court has passed on his appeal.

Died From Malpractice.

Port Huron, Mich., May 18.—Coroner Falk, suspicious of the death of Helen Griffith, caused her body to be exhumed. An examination revealed a case of malpractice and an investigation was ordered.

BLISS KNOCKS IT

Vetoes Bill Providing for Sale of Goods in Stocks.

PROTECTS THE WHOLESALER

At the Expense of the Retailer, He Declares—It Exceeds the Necessities of Situation—Some Such Bill Needed.

Lansing, Mich., May 16.—The bill of Senator Brown, providing for the regulation and sale of stocks of goods in bulk, fell under the veto hammer Friday afternoon.

"The bill on its face is designed for the protection of the wholesaler of merchandise at the expense of the retailer," says the governor. "While I am inclined to think an enactment, properly designed to protect the wholesaler of merchandise against fraudulent and unlawful sales of goods, unpaid for or subject to liens for the purchase price, could with propriety be enacted, I believe this bill exceeds the necessities of the situation and invades the rights of the honest and financially responsible retailer of merchandise. The requirements are that before there shall be any sale of any portion of a stock of merchandise otherwise than in the regular course of trade, or a sale of an entire stock of merchandise in bulk, upon a penalty of having the transaction presumed froudulent and void as against the seller, the purchaser must

Purchaser Must Do.

"First, join with the seller at least five days before the sale, in making a full detailed inventory, showing the quantity and cost price of each article to be included in the sale.

"Second, make full and explicit inquiry of the seller as to the names, places of residence or business of all the creditors of the seller and the amounts owing to each creditor;

"Third, obtain from the seller a written answer to said inquiries verified by the oath of the seller;

"Fourth, at least five days before the sale is consummated, notify each of the sellers' creditors of whom he has knowledge, of the proposed sale, the cost price of the merchandise to be sold, and the price proposed to be paid therefor by the purchaser.

"The seller is required

"First, to join with the purchaser at least five days before the sale, in making a full and detailed inventory, showing the quantity and cost price of each article to be included in the sale;

"Second, to furnish the purchaser answers, under oath and in writing, to inquiries as to the names, places of residence or business of each and all of his creditors."

It's Up to Chapman.

Governor Bliss has put it up to Game Warden Chapman as to whether Chief Deputy Brewster is to go or not. When asked about the matter he said: "I have communicated with Mr. Chapman and expect a letter from him in the next mail. I am not going to cripple his department without asking his advice about it. If he needs a chief deputy I will veto the bill abolishing that office. I think myself the office is needed for the proper conducting of the work. I have also asked Mr. Chapman if the statement made on the floor of the house, that he did not want Brewster appointed is true. If Mr. Chapman does not want Brewster for his chief deputy, why he can let him go and get another one."

ARE BUSY MEN

Deputies Hoyt and Brewster After Law-Breakers.

Sault Ste. Marie, Mich., May 16.—Chief Deputy Game Warden Brewster arrived here and closed up the formal seizure proceedings upon the 159 nets. They were returned to the owners by the court upon recommendation of Governor Bliss. Brewster, while here, caused the arrest of S. A. Proctor and S. Brodie for killing and disposing of eight beaver. Proctor pleaded guilty and Brodie will be tried today. Brewster departed for Newberry, where he has commenced twenty-five prosecutions against beaver killers.

Nashville, Mich., May 16.—Deputy Game and Fish Warden Charles K. Hoyt of Grand Haven has been here a week and is doing a land office business. With Deputy Sheriffs R. A. Brooks and H. C. Glasner he has brought in nine men who live around Thornapple lake, six miles west of here. Charles Vanderlin, Harry Dexter, William Main, Fred Nesbitt, Chester Hyde, Andrew Townsend and Floyd Jordan pleaded guilty and Justice E. J. Feighner fined them $5 and costs, which they paid and were discharged. Joel Desmond and Irving stood mute and were taken to Hastings jail. Their trial is set for Tuesday, May 19.

Open to Homesteaders.

Lansing, Mich., May 16.—Land Commissioner Wildey reports that during the past year nearly 200,000 acres of land in Roscommon, Alcona, Crawford, Arenac and Gladwin counties have been deeded to the state by the auditor-general. These lands have been returned as delinquent for five years and are subject to sale and homestead entry.

Preacher Arrested.

Muskegon, Mich., May 16.—Sheriff Payne and deputies broke into a suite of rooms in the Smith & Nelson block early in the morning and found Rev. Ira F. Wright of Alma, Mich., with Mrs. Emma Howe of Ithaca. The pair were wanted on a charge preferred by the pastor's wife, who has been in search of her husband and the Howe woman since April 20.

Dropped Dead.

Bay City, Mich., May 16.—John W. Shearer, a prominent building contractor, dropped dead at his home Friday morning.

A Farmer Straightened Out.

"A man living on a farm near her came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

THE NEW YORK STORE

Follow the Crowd and you will land at **THE NEW YORK STORE.** That is where they are all coming these days, and why? Because anything and everything can be found there, and always at the lowest prices. Where CASH is the MOTTO the cash buyers do not have to pay an extra 10 or 15 per cent. to make up the losses a merchant entails when those he trusts do not pay their bills. We do a strictly cash business, buy for cash and sell for cash, and have but one price for all. Our goods are marked the very lowest on the start and consequently we can go no lower. No goods are allowed to leave the store unless fully paid for, but if **anything is not satisfactory goods may be returned and money will be refunded.** This is the only way our "on approval" business is run. We give you the best value that cash paid down can buy. Our expenses are light, so we need not demand exorbitant profits on goods. Drop in line and come along.

When you hear a great deal of one side of a story, the other side receive from you a great deal of sympathy.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over $2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by all druggists.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." J. J. ORR.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion constipation and kidney trouble. Try them. Only 50c at C.A. Wright's

ROUND ABOUT US.

Bliss field and Morenci have both decided to hold an old fashioned Fourth of July celebration this year.

An anniversary service not announced in the city papers took place at the Universalist church last Saturday evening about dark, when a flock of swallows (evidently the same, but in diminished numbers, which took up their abode in that edifice last year) circulated around the chimney for a few minutes and then disappeared in its depths. Their arrival was on exactly the same hour in the evening at which they appeared a year ago. It is now officially announced that spring is here.—Charlotte Tribune.

The following is said to be the method of courtship in the piny woods of East Texas. When a timid young gallant wishes to express himself, to his girl, he takes a piece of fat pine, trims it is in the shape of a capital I, and then passes it to his girl. That means, I pine for you. If she rejects him, she strikes a match and sets the splinter on fire. This means, I make light of your pining. If she likes him she hands him a light-wood knot, which means, pine not. When the boy goes to leave he gently puts his arm around the girl, kisses her and puts some pitch on the end of her nose, which means, tar tar 'till we meet again.—Ex.

Monument to Philanthropist.

Adrian, Mich., May 18.—A memorial association has been formed to raise sufficient funds for the erection of a suitable monument for Adrian's well-known philanthropist, Auna Laura Haviland. Her work during the civil war was not surpassed by any woman in the country. She was the founder of the famous underground railroad which was the means of many a colored man reaching Canada and freedom.

Low Rates for Decoration Day.

On May 29 and 30 the Lake Shore and Michigan Southern Ry. will sell reduced rate excursion tickets to points on its line within 150 miles from selling station, good returning until June 1st. For particulars see Ticket Agents.

Society of Christian Endeavor, Denver, 1903.

The Passenger Department of the Chicago & North-Western Railway has issued a very interesting folder on the subject of the Christian Endeavor meeting to be held at Denver, July 9th to 13th, together with information as to reduced rates and sleeping car service, as well as a short description of the various points of interest in Colorado usually visited by tourists. Send 2-cent stamp to W. B. Kniskern, Passenger Traffic Manager, Chicago, for copy.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

MISS FLORA HARTBECK

Has been tendered a call to be Superintenednt of the

TECUMSEH SCHOOLS

For the ensuing year.

At a meeting of the school board held last Friday evening, Miss Flora Hartbeck was offered the position of superintendent of schools for the ensuing year, vice L. M. Kellogg resigned.

Mr. Kellogg has been superintendent of the Tecumseh schools for 14 years and on the news going abroad that he had resigned, applications for the position came from every direction. The school board thought the matter all over and without solicitation from anyone offered the position to Miss Hartbeck. She will no doubt accept and the course of the school board is commended by every one.

Miss Hartbeck, who has been principal of the High school, is known and respected by every one in Tecumseh. She is perfectly competent to take charge of the system of schools and being thoroughly acquainted with the work in every way, no one could do better work. The choice of the board is to be commended and every resident now feels satisfied that the schools will be thoroughly kept up to standard for the coming year.

DETROIT SOUTHERN

Faces an Injunction over in

TECUMSEH

Temporarily Restraining it from Moving a Shop.

E. N. Satterthwaite, of Tecumseh, through his attorneys, Fred B. Wood, of Tecumseh, and John E. Bird, of this city, started suit Saturday in the circuit court to enjoin the Detroit Southern Railroad company from tearing down one of its repair shops in that village and removing the same to Napoleon, O. Judge Chester granted a temporary injunction until a hearing can be had in the matter.

It seems that the land occupied by the car shops was bought by subscription by the citizens of Tecumseh, and deeded over to the company on the condition that if the company ever ceased to use the land and buildings for car shop purposes they should revert to the subscribers of the fund. Mr. Satterthwaite brings suil as one of the subscribers of the fund.—Adrian Telegram

The late frosts have badly injured the early strawberries and there will consequently be a considerable shortage this season in this line of small fruit. Late strawberries, however, have not been seriously injured and the apple crop is thought to be all right. Peaches have suffered somewhat and it is doubtful if there will be any to speak of in this section this year.

Every man who saves money is called mean and stingy by the loafers on the street corners and pointed out with reproach by the men who idle away their time. In order to get ahead a man must save, must spend less than he makes and above all things he must work. Don't be ashamed of having any one say that you are close. Attend to your business and you are all right. The men who criticise the thrifty really pay them a big compliment.

RECEPTION

Given at the home of Miss Mabel Hollister by the

SENIORS

To the Juniors of the T. H. S.

Among the many pleasureable events participated in by the juniors and seniors of the high school this year's senior reception ranks preeminent. The seniors used their every effort to make this one of the most enjoyable receptions yet given by the members of the T. H. S. and they saw their highest hopes crowned.

About 65 persons, including teachers and pupils, gathered at the home of Miss Mable Hollister last Friday evening. The home was very tastefully decorated in a blending of junior and senior colors, namely, old rose and white and dark red and white.

During the evening a well arranged program was rendered as follows, reading, "A little electrified ragtime of senior thought," by Nettie Keyser; vocal solo, Miss Mattie Caldwell; piano solo, Ethel Slayton; whistling solo by Fred Frost.

An elaborate luncheon was served, consisting of four courses, each guest being presented with a dainty souvenir in the form of a diamond shaped card upon which was mounted a picture of the senior stone now laying in the high school yard. At a late hour the guests dispersed to their respective homes, all acknowledgeing to have had one of the most enjoyable times of the season.

COUNCIL PROCEEDINGS.

Council Chamber, village of Tecumseh. Regular meeting held May 5, 1903.

Present, Clerk Moore, Trustees Heck, James, Marsh, Smith, and Wagner.

Absent, President Smith and Trustee Wright.

Resolved that Trustee Marsh act as president pro tem. Carried.

Minutes of last meeting read and approved.

PETITIONS AND APPLICATIONS.

The following petition signed by eleven residents, free holders and taxpayers of North Pearl street, was presented.

"We, the undersigned residents, free holders and taxpayers, petition and request that a sidewalk of the usual requirements under the ordinances of the village be built on the west side of North Pearl street from the south line of lands owned by P. C. Sneil to and meeting the sidewalk of Mrs. Cynthia Slayton."

Resolved by Trustee Wagner that the matter be referred to the street committee. Carried.

WHAT A FEMALE REGULATOR IS

A vegetable liquid for governing or equalizing the flow of women's menses which occur once in every lunar month.

BRADFIELD'S Female Regulator

is the essential quality of powerful herbs. It is a concentrated essence best adapted for women's delicate organism, and put in such form that it is always properly assimilated and taken into the system.

Stoppages, suppression, painful or other irregularity of the menses and sickly flows are corrected and cured by the regular use of this superior emmenagogue.

Menstruation, or periodic flows, necessitate a breaking down of cells lining the mucous membrane and a reconstruction after every sickness, which is accompanied with marked congestion and loss of blood. Such changes are very apt to produce chronic catarrh. Leucorrhea or Whites is the result of these irritating discharges. **Regulator** cures these troubles and restores to perfect health the patient who suffered the debilitating losses.

ASK YOUR NEIGHBOR.

Hundreds of Tecumseh Citizens can tell you all about it.

Home endorsement, the public expression of Tecumseh people, should be evidence beyond dispute for every Tecumseh reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mr. S. Erskine, proprietor of the well-known barber shop, says: "For ten years off and on I had a dull pain in my back, imperfect action of the kidneys, and often I could hardly stoop or get up again. I think it was caused by standing so much at my work. Be that as it may I was in bad shape. I used a great many medicines, but without receiving much benefit until Doan's Kidney Pills were brought to my notice and I got a box at C. A. Wright's drug store. I must confess that I was agreeably surprised, for after using one box I was much relieved. After the use of two boxes my back is stronger and better than it has been for a long time. Doan's Kidney Pills are the best medicine I have ever used and I have such faith in them. I believe I will be conferring a kindness on those suffering from kidney trouble in making known their merits."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

There is no use in turning over a new leaf unless you have something worth according on it.

JUST ABOUT HALF SICK.

How many times you hear people say: "I don't know what ails me—I am tired all the time—don't feel like moving—don't care to go anywhere—don't want anyone to bother me—nothing interests me—I feel half dead." It's not a pleasant tale. It shows a system at a low ebb—a system ready and fertile soil for any low type of fever or disease. It shows the need of a strong, all round tonic—a tonic that will reach every part, every organ—Brain, Nerves, Stomach and Muscles. A medicine that will give a new feeling of life, a new energy and spring to the played out system. A time-tried, time-tested medicine—Dr. A. W. Chase's Nerve Pills.

Mrs. Edgar Packard of Tecumseh, Mich., says: "Until I tried Dr. A. W. Chase's Nerve Pills sold at C. A. Wright's drug store I suffered a great deal from nervousness, sleeplessness, headaches and indigestion and at times was just about sick. Since using the pills my nervous system is in the best of condition, I sleep well, the headaches are all gone and my digestion perfect. A positive result of this kind is particularly gratifying and I feel I can't recommend the medicine too highly." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

Fought With Pokers.

St. Joseph, Mich., May 16.—As the result of a desperate fight, with pokers as weapons, in the postoffice at New Troy, Sherman G. Penwell, postmaster, is under the care of a physician with an ugly scalp wound and body bruises, and Andrew J. Lolmagh is confined in the county jail. Lolmagh's scalp is literally plowed up and his face is one mass of flesh wounds, inflicted by the postmaster's poker. The trouble arose over the payment of a bill.

Crushed Under Falling Coke.

Detroit, Mich., May 16.—While Joseph Schmetski was at work loading cars with coke in the Griffin Car Wheel Works at Twenty-fourth street and the railroad, part of the platform on which several tons of coke was stored gave way and fell on top of him, burying him beneath the pile of coke. Several employes ran to his assistance, and after a half hour dug him from under the coke, but life was extinct.

Found a Floater.

Detroit, Mich., May 16.—Captain Jacques of the ferry steamer Sappho discovered the body of a man floating in the river. The corpse was picked up and taken to Maney's morgue. It was that of a man apparently about 45 years of age, weighing perhaps 200 pounds, and had been in the water about six weeks. No clue as to his identity.

Weak?

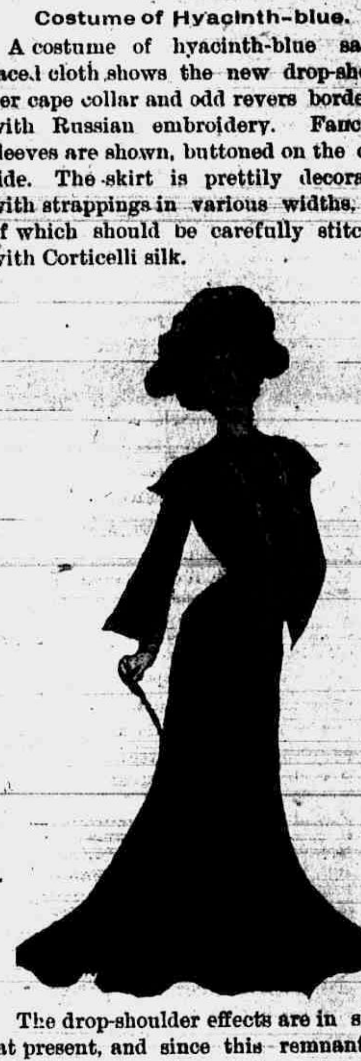
LATEST FASHION NOTES.

Costume of Hyacinth-blue.

A costume of hyacinth-blue satin-faced cloth shows the new drop-shoulder cape collar and odd revers bordered with Russian embroidery. Fanciful sleeves are shown, buttoned on the outside. The skirt is prettily decorated with strappings in various widths, all of which should be carefully stitched with Corticelli silk.



The drop-shoulder effects are in style at present, and since this remnant of "1830" may be obtained by sailor and shawl collars, anyone can easily adapt her waist to the broad-shouldered requirements of fashion. The neat band cuffs for the drooping bishop sleeves should be selected to correspond with the collar. A pretty design for one of these fashionable adjuncts is in white grass linen studded with medium-sized velvet disks, each of which is embroidered in scarlet French knots worked with Corticelli twisted embroidery silk. The edges of the collar are banded with scarlet silk.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it; "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

Aged Detroiter Killed by Train.

Detroit, Mich., May 16.—With his arms laden with wild flowers that he had just gathered from the blooming fields beside the track, Hugh L. Johnson, the aged carriage manufacturer of Detroit, was struck by the Michigan Central train, No. 36, at Dearborn, and instantly killed. As he was walking along the passenger train was passed by a freight. The noise of the latter drowned the sounds of the approaching flyer. Mr. Johnson was struck and horribly mangled. The remains were removed to the Johnson home as quickly as possible.

Escaped the Gallows.

Lexington, Ky., May 16.—William McCarty, wife murderer, who was to be hanged at 8 o'clock Friday morning, took morphine some time during the night and is dead. The death watch, Alex. McKeever, sat within three feet of McCarty all night, but says he is absolutely at a loss as to how or when he took the drug. County Judge F. A. Bullock and County Attorney W. P. Kimball announce that under the law the person who furnished McCarty the poison is guilty of murder, and they will make an investigation.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Gave the Fatal Orders.

Detroit, Mich., May 16.—William F. Fuson, train dispatcher for the Lake Shore railroad, astonished Prosecuting Attorney Hunt and the jury yesterday afternoon's session of the inquest into the Polish excursion accident of Sunday, May 3, in which so many were killed and injured. Fuson testified that it was he who instructed Conductor Frank P. Stoner of the excursion train to make the fatal stop at Canfield avenue. While on the witness stand Thursday Stoner assumed the entire responsibility, saying he made the stop without instructions from anybody.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. I have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

The sun is shining bright,
But it is bitter fruit,
I'm wearing a winter cap,
It's time for a new straw hat.

Pretty poor poetry, that, but it will help to remind us that Straw Hat time has come again. You could wear that old one—in the garden—for a while yet, but really now, don't you think it has done service enough? As in everything else, here you will find our hat stock up to date. Our hat department has a well earned reputation among well dressed men for miles around of keeping pace with every new edict of fashion's say—those popular and entirely new shapes—broad curl brim, low creased crown, narrow bands, in the best Manila, straw, Canton braids and Panamas, at 50c, 75c, $1.00, $1.50, $2.00 and $3.00. Then here's the much wanted six-in-one straw hat, which can be shaped in six different styles. The best Manila straw at $2.50. In Panamas we have a good one at $3.00, several styles. They are beauties, too. Peep in our east window. If the straw hat you are looking for isn't there, you need look no further.

AN AGED MURDERER

Young Men Tormented Old German Hermit to Anger.

TURNED ON HIS ENEMIES

Crushed in Fred Marker's Skull With a Club—Driven to Desperation by Rough Usage—Public Sympathy Is With Him.

Owosso, Mich., May 20.—Nagged well nigh into insanity by four generations of New Haven township boys, aged Francis Teal has at last been driven desperate, and last night was lodged in a cell at the county jail on a charge of murder. His victim is 23-year-old Fred Marker, whose skull he crushed by a blow with a club. Teal is 81 years old, crippled in one foot and withered by age. Public sentiment, knowing the indignities to which the old man has been subjected, is all with Teal.

Teal is a German wagonmaker, who came to the then thriving village of West Haven, a few miles north of Owosso, nearly forty years ago. His wife is dead and his five children have gone their several ways and left him alone. Because of his querulous disposition and diminutive size—he is not five feet tall and weighs but 100 pounds—he has been set upon all his life by mischievous boys. The one who has met his death has tortured the old man for years, it is said, by petty tricks. It is claimed he was one of a gang who recently tied Teal to a chair and cut his clothing off piecemeal. On another occasion he smashed the old man's clock with a club.

The Old Man's Story.

The blow which resulted in Marker's death Tuesday morning was struck last Saturday night. The old man's story is that he undressed about 9 o'clock and was getting into his filthy and neglected bed when Marker, William DeFrenn, a neighboring farmer, 23 years old, and another man whom he did not know, came to the house, bringing a large pail of cider. They had been drinking before and soon became boisterous. Teal says he was half smothered by young Marker, who threw bed clothing over his head and rolled him on the floor, the young man's companions urging him to greater brutality by maudlin laughter and yells of encouragement.

Teal was finally allowed to rise and ordered the men from his house. Marker caught up a stock of wood and threatened Teal, whereupon the old man produced a heavy club, four feet long, and struck him a terrible blow on the left side of the forehead.

Marker fell without a sound, and his companions, sobered by his condition, hurried him into a carriage and drove to his home, two miles away, where the injured man was examined. It was found that the skull, crushed like paper by the blow, pressed on the brain. Marker died, having lingered sixty hours, without regaining consciousness.

Unmolested, Teal wandered about his home all day, explaining in broken English, "I didn't mean to kill the boy" to chance passersby, until last evening, when Under Sheriff W. M. Cass arrived and took him to jail.

The old man has lived entirely alone for thirteen years in almost inconceivable squalor. Dirt has accumulated everywhere. Owing to the old man's age and the extreme provocation for his crime, heavy punishment is unlikely. The dead boy is a son of Henry Marker, also a German and a prominent New Haven township farmer.

Masonic Temple Burned.

Bay City, Mich., May 20.—The Masonic Temple, three-story building, 100 feet square, was totally destroyed by fire Tuesday afternoon, entailing a total loss of $100,000, with insurance of $40,000. A meeting of the Scottish Rite bodies of Bay City was in progress when smoke was discovered issuing from the lower floor. The firemen failed to locate the blaze at first, and when they did succeed the fire had spread to all parts of the building and was issuing from the roof. A general alarm called all available apparatus, but nothing could be done to save the building, which was gutted within an hour. The temple was erected in 1891 and was the home of two blue lodges, two chapters, the commandery and Scottish Rite bodies. The origin of the fire is a mystery, but following a severe electrical storm it is supposed lightning entered the structure and fused some of the electric light wires. Prominent members of the order say the temple will be rebuilt at once, as nearly all the walls are intact.

Big Sugar Company.

Saginaw, Mich., May 20.—The Sebewaing Sugar Refining company filed articles Tuesday. The company is organized to buy out the Sebewaing Sugar company, which is operating a big sugar plant at Sebewaing. The new company is capitalized at $650,000, there being 65,000 shares, of which Charles B. Warren, representing the American Sugar Refining company of New York, holds 32,5000 shares and the present shareholders of the Sebewaing Sugar company hold a like number.

June Term of Supreme Court.

Lansing, Mich., May 20.—The June term of the supreme court opens June 2. The docket consists of 152 cases. As the court is nearly 150 cases behind in its work, it is not probable the court will sit more than one week to hear cases before adjourning for the term.

Floater at Battle Creek.

Battle Creek, Mich., May 20.—The body of an unknown man, terribly decomposed, was found in the river on Jefferson avenue north, wedged against a cement pillar of the bridge. The man had been dead several days.

Asphalt Trust Formed.

Trenton, N. J., May 20.—The General Asphalt company, capital $31,000,000, to deal in general paving material, has been incorporated here. This is understood to be the reorganization of the National Asphalt company and the Asphalt Company of America.

Quick Arrest.

TO BE DISAPPOINTED

Three Thousand P. O. Clerks Deprived of Promotion.

4,000 OTHERS TO BE MOVED UP

Former Assistant Postmaster-General Heath Requested to File Information Relative to Charges Made by Tulloch—End Not in Sight.

Washington, May 21.—The cancellation of the promotions of over 3,000 postoffice clerks throughout the country, recently authorized by the department, and a formal notice to former First Assistant Postmaster-General Perry S. Heath of the charges made against him by ex-Cashier S. W. Tulloch of the Washington city postoffice, constituted Wednesday's developments in the postoffice investigation. First Assistant Postmaster-General Wynne late in the afternoon reported to Postmaster-General Payne that the tabulation of the clerks in each grade in postoffices of the first class had been completed.

The new schedule approved by the postmaster-general after transferring 5 per cent from grades where there are vacancies, as authorized by a recent decision of the comptroller of the treasury, makes it necessary to cancel 3,046 promotions in the several grades in which there is an excess above the number to which the grades are limited by law and in which grades 7,412 promotions have been authorized heretofore. The report says: "It will not be necessary in any case to reduce any clerk but simply to cancel 3,046 out of 7,412 promotions heretofore authorized, to take effect July 1, 1903.

"We will proceed at once to ascertain exactly the number of promotions in each grade it will be necessary to cancel at each postoffice, and then will inform the postmasters and allow them to select the increases which must be cancelled."

The postmaster-general sent to Mr. Perry S. Heath a copy of the charges filed by Mr. Tulloch, together with a letter, requesting any information he may care to submit on the subject. This is the first official communication with Mr. Heath during the investigation. None of the supplemental answers to the postmaster-general's letter, giving the more definite allegations of Mr. Tulloch, have yet been received by Mr. Payne. Auditor Castle of the postoffice department was busy Wednesday reviewing the records of his office in connection with the Tulloch charges and will submit his reply to the postmaster-general probably today, with a request that they be given publicity, in view of the publications of the charges.

The end of the investigation is not in sight.

Washington, May 21.—Capt. Henry A. Castle, the auditor for the postoffice department, has given out a statement in reply to charges made against his office by S. W. Tulloch. Capt. Castle says: "I shall welcome the opportunity, for I have had special satisfaction in the record of this bureau in settling the accounts of the Spanish war period. We now have 600 employes, of whom more than 400 are themselves auditors, settling an average of more than 2,000 accounts every working day. I seldom see any of these accounts, but I did carefully review their work, which involved the Spanish war episodes, and I assumed the responsibility for the settlements as finally made. Some of Mr. Tulloch's statements are reckless and others absurdly false."

TRIPLE LYNCHING.

Victims Accused of Murder of Florida Prohibitionist.

Tampa, Fla., May 21.—Amos Randall, white, and Dan Kennedy and Henry Golden, negroes, were lynched at Mulberry, Polk county, thirty miles from here, Wednesday, for the murder of Barney Brown, a white man.

Randall was charged with being an operator of a "blind tiger" and Brown was a prominent advocate of prohibition in the campaign which ended Monday. Monday night, while Brown was enroute home, he was shot from ambush and his throat cut. One of the negroes confessed that Randall had hired them to commit the crime.

Over 3,000 Cattle Killed.

Washington, May 21.—The Year Book of the department of agriculture, which will be published soon, will contain the official report of Dr. E. S. Salmon, chief of the bureau of animal industries, on the epidemic of foot and mouth disease, which appeared in the New England states last autumn and winter. Dr. Salmon says that 4,175 cattle were affected and that 3,543 were slaughtered to prevent further spread of the contagion. The total compensation paid the owners of the cattle killed was $120,007. He says that the outbreak was very virulent, adding that the communication of the disease to persons using the milk of animals affected has been frequently reported.

Lynched a White Man.

Madison, Fla., May 21.—A mob entered this city last night, secured the keys to the jail from the night watchman, took out Washington Jarvis, a white man and lynched him. Jarvis was carried some distance from the city, tied to a tree and shot to death. He was accused of murdering his cousin, John Waldrop.

Ten Feet of Snow.

Butte, Mont., May 21.—Ten feet of snow is reported from Coutts, Mont., and the thermometer is ranging from 4 to 6 degrees below zero. Traffic on the Great Northern railway is seriously interfered with. Conservative estimates place the loss of stock at about $2,000,000 and the number of head of stock lost at about 20,000.

Town Gutted by Fire.

Pittsburg, May 20.—Tuesday afternoon a fire which threatened to destroy the whole town of Glenshaw, along the Pittsburg & Western railroad, broke out in the plant of the Glenshaw Glass company. In addition to the total destruction of the plant where the fire originated, it destroyed the plant of the Wittmer Brick company, the Jackson and Murray hotels and the residence of John H. Meyers, the handsomest in town. The loss is estimated at $100,000, with very little insurance. The town is almost without fire protection, depending on a small volunteer department poorly equipped. The origin of the fire is a mystery.

NO ACTION TAKEN

Primary Question Doomed for Another Week's Delay.

COMMITTEE FAILED TO MEET

Baird Won't Concede to Direct Vote For Legislative Candidates—Talk of Adjournment on 29th Has Vanished Increase Number Supreme Justices.

Lansing, Mich., May 21.—There was no meeting of the primary election conference committee last evening. There was no peace of mind for many senators. So the senate conferees had the meeting of the committee postponed until Tuesday next.

If Senators Smith and Jones will agree with Baird, the nomination by direct vote of candidates for the legislature will be conceded. But Baird will not stand out for this concession alone.

Representative Colby said last night it is doubtful whether such a concession would satisfy. "At any rate," he said, "we must have enough minor offices included to get the people interested and bring out the vote, otherwise we will have no fair test of the direct voting plan."

Representative Wade, another conferee, sizes up the situation this way: "Our friends in the senate are in about the worst hole they could get in. I am in favor of leaving them there instead of helping them out. I can't see the sense in agreeing to a bill that does not include direct nominations for governor. If we agree on a bill including candidates for the legislature, or something of that kind only, we will be squaring the anti-primary senators before the people by our acquiescence. I'm in favor of refusing any such offer as they may make along that line, adjourning the next day and going home. Then let the senate settle with its constituents."

Wade's idea has evidently struck the senate machine. Meantime the talk of adjournment a week from Friday has vanished like a giddy dream, and the session has probably been prolonged another week.

Colby's friends in the senate have been canvassing for votes to have another conference committee appointed in case the present one failed to agree with the house members, in the hope of having such committee appointed by the senate body instead of by "Divine Right" Fuller, president of the senate, who still cries, "There is nothing to arbitrate," and who can be relied on to put up another stone wall conference committee, if necessary.

The senate and house judiciary committee held a joint meeting on the bill to increase the number of supreme court justices from five to eight members. A large delegation of lawyers from different parts of the state was present and talked in favor of the increase. A majority of both committees seem to be in favor of reporting the bill out favorably.

The house Wednesday passed all the bills agreed to in committee of the whole Tuesday, including Representative McEachren's fire warden bill.

Senator Vaughan's bill, increasing the salary of eight clerks in the state library from $800 to $1,000 a year, was knocked out in the committee of the whole, but, thanks to the active work of some senators, the house refused to concur in the action of the committee and the bill went to its third reading.

The Ashley bill, appropriating $2,000 for a biological survey of the state, was agreed to in committee.

The bill appropriating $50,000 for the Michigan exhibit at the St. Louis exposition was passed by a vote of 63 to 4, but there was not enough members present to give it immediate effect, and the motion for the action was tabled.

The bill to consolidate the Bay Cities was passed with the Essexville extension cut out, and will take effect Jan. 1, 1905.

Minister Burned to Death.

Richmond, Mich., May 21.—Rev. Harry Storey's house was destroyed by fire at an early morning hour, his body was burned beyond recognition and the flames injured his wife so severely that she may not recover. Mr. Storey had been ailing, and during the night he arose to get some medicine. It is supposed that the lamp he carried fell from his hands and set fire to his clothing and that he was rendered almost immediately helpless by the flames.

Brakeman Killed.

Jackson, Mich., May 21.—Floyd Grow, a Michigan Central brakeman, single and residing with his mother in this city, was killed near Van Horn's crossing, about eight miles north of Jackson. He was sent out to flag a train and was afterward found dead and bruised about the head and chest. It is believed that he was hit by one of two trains, but it is not definitely known how he came to his death.

Michigan Pensioners.

Washington, May 21.—Michigan pensions were granted Wednesday as follows: Original—Robert Hurd, Ann Arbor, $8. Increase—C. Weaver, Three Rivers, $12; F. B. Sandy, Porter, $8; John Norris, Pontiac, $46; Allen Brown, Birch Run, $8; David Kittrick, Alpena, $12; Merritt Sperry, Memphis, $40; Victor McMillan, Mendon, $55. Widows—Emma Cox, Pittsford, $8; Eva R. Littell, Orion, $8.

Sentence Day at Ionia.

Ionia, Mich., May 21.—Judge Davis Wednesday sentenced Fritz Miller to three years in Ionia reformatory and Arthur Town to seven years and three months at Jackson. Both were convicted of manipulating checks purporting to have been drawn by B. Babcock. Town has twice before served time, and the law requires a seven-year sentence at least.

Many Killed at a Bull Fight.

London, May 20.—A special dispatch from Madrid announces that during a bull fight Sunday at Algeciras, the amphitheater collapsed and twelve persons were killed and fifty were injured. Several women and children were gored by bulls.

Made Young Again

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at C. A. Wright's drug store.

HE IS DISCOURAGED.

Congressman Smith Rebukes the State Legislature.

Grand Rapids, Mich., May 21.—Congressman William Alden Smith, who was permanent chairman of the last Republican state convention, which adopted a resolution in favor of primary reform, was much depressed Wednesday over the report from Lansing that no primary election reform would be accomplished before adjournment, and when seen at his home last night said:

"All factions in the Wisconsin legislature have agreed upon a sweeping reform in the primary election law of that state, so that the governor, state officer and congressional candidates, as well as United States senators, shall hereafter be chosen by direct vote of the people. This reform was promised at the last state convention, and the legislature has added much to its credit by this action.

"Michigan Republicans made equally emphatic promises in the two last state conventions, and are bound by every consideration of public morality and public decency to redeem them.

"I have taken no part in the post-convention discussions, but feel bound by our party declaration, and would be sorry indeed to see the legislature adjourn without giving the people this reform. Michigan was the birthplace of the Republican party, let it not be the burial ground of broken promises.

"Public sentiment will sustain this legislature in the passage of the Colby bill, and I have no doubt whatever, from the experience of other states, that its provisions would be wholesome as a party principle."

Held Up For $185.

Benton Harbor, Mich., May 21.—Bloodhounds are on the trail of highwaymen who robbed Irving Stark of this city of $185 Tuesday night near Coloma, while walking into that village. As Stark passed a cemetery two masked men, who had been hiding behind tombstones, sprang into the road and ordered Stark to "stand and deliver." One carried two revolvers and placed their muzzles against Stark's head. Stark was unarmed and thoroughly frightened, so he made no resistance. The second highwayman went through his clothes and secured the cash. Telling him to continue on his way, the men disappeared in the cemetery again. A sheriff's posse is scouring the country in search of the men.

More Postmasters Happy.

Washington, May 21.—Another supplementary list of changes in salaries at Michigan postoffices was given out Wednesday, as follows: Increase—Mt. Pleasant, $2,100 to $2,200; Muskegon, $2,800 to $3,000; Newberry, $1,300 to $1,000; Norway, $1,700 to $1,800; Munising, $1,500 to $1,600; Negaunee, $1,900 to $2,000; North Branch, $1,100 to $1,200; Onaway, $1,300 to $1,600; Owosso, $2,600 to $2,700. Decrease—Oscoda, $1,100 to $1,000.

Little Boy Killed by Cars.

Detroit, Mich., May 21.—Death in a terrible form overtook 6-year-old Luke Hawley, Jr., while the lad was playing at Fort and McKinstry avenues about 5:15 last evening. It is said that the boy was riding about on passing wagons and when about to run across the street towards one was struck by a Woodmere street car and so badly injured that he died at Emergency hospital shortly afterwards.

$75,000 Elks' Temple at Kazoo.

Kalamazoo, Mich., May 21.—The committee appointed some time ago to make estimates for an Elks temple has decided to report in favor of constructing a $75,000 four-story building this year. Details given out show that it is to be one of the prettiest lodge buildings in the state.

Fire Burns Big Mill.

Calumet, Mich., May 21.—The sawmill of the Dollar Bay Land & Improvement company was completely destroyed by fire. The loss will probably exceed $250,000, partly covered by insurance. Incendiarism is suspected.

LATE NEWS IN BRIEF.

Prostrated From Heat.—Hot weather caused three deaths and many prostrations in Philadelphia Wednesday. The thermometer was hovering in the neighborhood of 90 degrees.

Robbed and Murdered.—The body of George Lewis, a wealthy farmer of Great Bend, O., was found in the Ohio river near Middleport, O., with a bullet hole in his head. It is thought he was robbed, murdered and thrown into the river.

A $5000,000 Fire.—Fire in Chicago that for a time threatened the wholesale clothing district, at Jackson and Franklin streets, did $500,000 damage before it was gotten under control. The six-story building at 242-46 Jackson boulevard was destroyed.

American Girl's Debut.—A large and appreciative audience filled the Paris opera house Wednesday evening on the occasion of the successful debut of Jane Noria in the role of Juliet, in Gounod's masterpiece. She is a St. Louis girl and her own name is Josephine Ludwig.

A Unique Exhibit.—The king of Saxony Wednesday opened the German municipal exhibition at Dresden, which is the first of its kind ever held in the world. Exhibits from 128 cities are on show and over 300 manufacturers display articles employed in municipal work.

Non-Union Miners Struck.

Wilkesbarre, Pa., May 21.—The non-union miners employed by the Sullivan State Line railroad at Bernice struck Wednesday for better wages. Board Members Carne and Lewellyn of the United Mineworkers' of America left for Bernice for the purpose of an effort to have the union men who struck some time ago reinstated by the payment of the wages originally demanded.

Schaefer Murder Case Appealed.

St. Joseph, Mich., May 21.—The case of Edward Schaefer, convicted of the murder of John Wells and now serving time, has been appealed to the supreme court.

A Farmer Straightened Out.

"A man living on a farm near her came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Wants Miles Fired.

Washington, May 20.—There is much talk in army circles that when President Roosevelt returns from his western trip, one of his first acts will be the retiring of General Miles. Secretary Root, it is believed, is determined to get rid of Miles at once, especially since the general gave out a statement the other day about his trip to the Philippines. Root showed his anger by not inviting Miles to a dinner he gave the general staff the other night. Miles showed no worry over the snub, and one of his friends said he would have declined the invitation had one been tendered.

PURE FOOD BILL.

Another One Stands the Test of the House.

Lansing, Mich., May 20.—The bill appropriating $95,000 to the Lapeer Home for Feeble Minded and Epileptics was up for consideration in the House Tuesday and found many friends. Debate over the bill was lively. Representative Rogers amended to strike out the appropriation for a new building, but it was killed and the measure went to the list of third readings, carrying this clause an appropriation of $80,600 for improvements in 1904, with appropriations for maintenance in 1904 of $81,000 and in 1905 of $95,000; $353,000 in all. Debate occurred in committee of the whole.

Representative Walker's bill appropriating $4,000 for the purchase of 90 to 105 acres of land adjoining the Kalamazoo asylum premises was also agreed to.

So was Representative J. "Stony" Monroe's bill, compelling foreign liquor dealers to pay the regular wholesaler's tax of $800 for doing business in Michigan.

This pure food bill also passed muster:

"No person shall within this state manufacture for sale, have in his possession with intent to sell, offer or expose for sale, or sell, any article of food made or composed in whole or in part of jelly, jam, fruit butter, or other similar compound, that contains glucose, dextrine, starch or other substance, and colored in imitation of fruit jelly, jam or fruit butter shall not be colored."

The penalty clause is $25 to $500 fine or 90 days' imprisonment.

Senator Fuller's bill, giving the state fish commission power to appoint a superintendent of fisheries at a salary of not more than $1,800, and to "employ such other assistants" as are necessary," was agreed to.

Adjournment of the legislature of 1903 is now near at hand. The conference committee on primary elections met last night and got farther away from a compromise than ever. Another meeting will be held tonight, when it is probable the conferees will go back to their respective bodies and report no progress and no primary election reform.

WOMAN WITH A HISTORY.

Mrs. Rousseau Lived 100 Years and Saw Many Battles.

Sault Ste. Marie, Mich., May 20.—Mrs. Julia Rousseau died Tuesday at the age of 100 years and four days, as the result of a paralytic shock occasioned by two falls.

Mrs. Rousseau was born in Kalamazoo 100 years ago last Friday, and in 1825 married, while living on Drummond island during the time it was occupied by the British. She was an eye-witness to the battles which occurred on Mackinac island, and watched the British from their entrenchments, which they had erected in the night, pour lead upon the Americans there and drive them from the island. She was in Detroit when it fell in the war of 1812, and also saw the massacres of Monroe and Mackinac, escaping death herself by flight and through many hardships. She was very fond of relating these thrilling events, which she told most vividly up to the last three years of her live.

Mrs. Rousseau was the mother of thirteen children, three of whom are still living.

Michigan Inventors.

Washington, May 20.—Michigan patents were granted Tuesday as follows: Theron L. Arnold and F. E. Brown, Three Rivers, prepayment attachment for electric meters; Jerome A. Baerle, Kalamazoo, oil can; Wm. H. Brown, Menominee, tack extractor; Linford J. Davis, Battle Creek, automatic poultry feeder; Jens C. Jenson, Pentwater, water gauge cock; Harry H. Jones, Detroit, pie machine; George I. King, Detroit, car construction; Arthur J. Kitson, Ann Arbor, weather strip; G. D. Leadbetter, Detroit, perambulator; Hans Liebreich and J. C. Francis, Detroit, fac simile telegraph; John Maine, Detroit, mucilage or paste pot; Wm. H. Masterman and J. P. Magney, Allegan, rotary engine; Oscar Nordborg, Lilley, sewing machine; Henry H. Norrington, West Bay City, manifold duplicating device; Charles Oleson, Grand Rapids, steam boiler; Henry Roltac, Detroit, pleasure waterway; Milton H. Rowland, Gladstone, hunting knife; Isaac W. Snow, Marquette, convertible rack for wagons.

Suspended From College.

Ann Arbor, Mich., May 20.—Yellow journalism has been acted upon by the University of Michigan faculty, and Henry P. Handy, the correspondent of a Chicago paper, has been suspended for one year. He is a member of the freshman class and comes from Chicago. The correspondent's work has been lurid all the year.

Fire Devastates Mining Town.

St. Johns, N. F., May 20.—Fire has devastated the mining town of Little Bay, where a large copper mine is being worked. Three churches, the mining company's stores, the government buildings and forty dwellings were destroyed. The total loss is estimated at $50,000. Two hundred and fifty persons are homeless. Fire also has destroyed the lumbering section of Appleton. The mills, much sawn timber and other properties were consumed.

In camp near the Yellowstone.

Drawn from a photograph.
Ray Stannard Baker writing.
The artist, Blumenschein, frying beans.

THROUGH THE GREAT NORTHWEST

Ray Stannard Baker, author and writer, started out as a Chicago newspaper man. Now New York City claims him, though he spends much of his time, when not globe-trotting, in Agricultural College, Mich. Mr. Baker is one of those fortunate fellows who has experiences wherever he goes. Everything that comes to him on his travels appeals to him vividly, intensely picturesquely; and his zest of life enters into his writings. The trip of nearly nine thousand miles which Mr. Baker and Mr. E. N. Blumenschein took, gathering material for The Century's articles on "The Great Northwest," carried writer and artist to every town of importance in the Northwest, into the lumber-camps in Washington, down in the mines of Montana, out with the salmon-fishing fleet at the mouth of the Columbia, across Yellowstone Park, through Wyoming's forest reserve, into the land rush at the opening of the Fort Hole Indian Reservation, and through scores of adventures, exciting sometimes, interesting always.

"One of the incidents of the trip,' wrote Mr. Baker in a recent personal letter, "was my experience hunting a grizzly bear under somewhat humorous circumstances. Grizzly bear shooting is usually set down as a rather grim and serious enterprise, calculated to produce thrills. But my experience defies all the hunters' yarns, and it has, moreover a pleasant ending, for we got the bear. That's more than any professional hunter can say.

THE WRECKING OF A CAMP.

"When we were seeking a camping place near the Grand Canon of the Yellowstone in Yellowstone Park, we came upon what looked to be the ruins of a well stocked country store The ground was covered with broken boxes. Smashed syrup cans, an empty keg or two, flour and oatmeal, mixed with canned tomatoes, were scattered liberally about and there were the tattered remains of a ham-cover or two. While we contemplated this spectacle of ruin and wondered how it could possibly have come in this out-of-the-way place, a young man appeared and warned us away. It seems that a large party had camped on this spot during the previous night, and a big grizzly bear with two cubs had appeared, foraging for something to eat. Now these park bears, protected by stringent rules from slaughter, have grown overbold, even dangerous. This old bear, standing up on her hind legs at the rear of the covered camp-wagon, had reached in and helped herself, rolling over the flour and the ham and the syrup and tossing the packages to her cubs. The campers, sleeping in a tent near by, heard the commotion, and the man of the party thrust out his head and saw the big grizzly just smashing open a box with a hugh blow of her enormous paw. A cub was running off with a sack of flour. The campers shouted and tapped on the tent to frighten the bears away, but the grizzly went on unconcernedly with her work. Suddenly the cubs began to fight, growling uproariously, over a ham; and the campers, expecting an instant attack and frightened almost out of their wits, raised the rear tent flap, crawled out and ran off scantily clad through the frosty night.

"It happened that 'Buffalo' Jones, game warden of the park, was camped not far away that night. Being awakened, he came out and succeeded in shooting one of the cubs, a steak from which one subsequenty found very tender and good. But the old grizzly and one of her cubs escaped, and Buffalo decided that they must be further disciplined; in fact, he was just then pursuing a policy of severity toward the overfriendly bears. Campers' wagons had been broken into; the bears were growing so bold as to enter the hotels in search of food.

"A campaign was accordingly organized for the following night, in which my cousin, Mr. A. D. Baker, and myself were invited to participate. A covered wagon was drawn up on the camping grounds and placed in the position of the raided camp, a bait of ham and grocery boxes was set temptingly in front, and moonlight saw two of us, with Buffalo Jones, hidden inside the wagon cover, armed with two rifles and a shot gun. It was Buffalo's opinion that the old grizzly would return seeking her cub. If she did, we were to shoot her dead."

"LAYING FOR B'AR."

"It seemed an odd place to be lying in wait for grizzly bears. We could hear the singing from the hotel verandas and the occasional creak of a wagon along the not-distant road. It was like hiding for a shot at a cow; and yet it was exciting, too, for as Buffalo took pains to point out, there was not an improbable chance of danger. It was pretty dark for shooting accurately, and if we should happen to wound the grizzly without killing her, she might take it upon herselk to demolish us, wagon and all.

So we sat, cramped and shivering, under the wagon cover, rifles in hand. The moon rose gloriously, the grass whitened with frost, and presently we could hear the coyotes howling dismally in the distance. Our wagon stood in an open space among forest trees, and we located every stump and stone, so that by no possibility should there be any confusion when the bears arrived—if they did. One stump, I remember, long looked at, would seem suddenly to move, transform itself into a bear, and then as I roused myself become a stump again. Just as we had begun to despair of being favored with an attack, two large black bears appeared suddenly in the moonlight. We could not see where they had come from, nor did they make the slightest noise, but there they were, at least as large as elephants. We made an extraordinary amount of noise

RAY STANNARD BAKER

I thought, in getting ready to fire. Buffalo poked his head forward around the canvas flap; our teeth chattered.

"That's not the grizzly we want,' he said, 'but we'll give 'em a lesson.'

'Up came his shot gun and he let them have both barrels of fine shot. It was a sight to see them go 'woofing' off into the woods.

'Now I guess they'll not bother campers again soon,' said Buffalo.

"Buffalo called this treatment 'peppering.' It was very efficacious.

"Well, we settled back again to wait, almost believing that we were hunting grizzlies in genuine heroic stye. Suddenly, however, what should we see but a great flock of tourists, mostly girls, coming up the hill with lanterns to see if we had disciplined the grizzly. Were ever bear hunters so plagued!

DID YOU KILL THE GRIZZLY?

" 'Girls!' snorted Buffalo in disgust.

Then we heard, calling through the forest, a feminine voice:

"Did you kill the grizzly? We want to see the grizzly."

'Get out,' observed Buffalo.

To emphasize this remark he fired off his gun in the air. Immediately there was the wildest commotion, a sound of scrambling down the hill, and we were left alone again with the wilderness, two guns at least trying to restore our shattered illusions.

We peppered two or three other small bears that came snuffing at the bait. And then for a long time we shivered, all doubled up, cramped in our places, seeing nothing.

AND THE MORNING AFTER.

"Then, quite suddenly, the grizzly herself! Very cautiously she seemed to come, sniffing and stopping frequently her cub following behind. She was a hugh specimen, and the thought of shooting her and not quite hitting a vital spot gave us a very natural hunter's thrill. Buffalo himself, though he is a celebrated hunter, seemed anxious to have no accidents happen. So we waited, tensely, until the old fellow squatted at our bait, barely twenty feet away. We wanted her still, for the light was very dim and we feared for our aim. So we fired! There was a tremendous booming roar, a hugh dark bulk rose suddenly before us and then shot off through the moonlight. Tearing aride the wagon cover, Buffalo fired again but the bear had disappeared.

'Well,' said Buffalo, 'I could 'a' sworn I hit her, but she seemed pretty lively, now, didn't she?

We agreed that she did and lay down again to wait. No more bears, however appeared, and we finally departed, stiff and shivering, for our tents. In the morning we climbed the hill to see if there were any signs of our last night's battle, and to our astonishment we found our grizzly lying against a pine tree—dead."

One on the College Man.

"Say," said the short, stout man, "I want to know something. You know there are lots of dialects in the United States and lots of funny words, and I can't tell what is right and what isn't. Now, for instance, one of those Reubens from down east was showing me his turnout, and he spoke of 'that air horse' and 'this 'ere wagon.'"

"That's wrong, awful bad form," interjected the young man fresh from college who had been listening intently for a chance to display his wisdom.

"Well, then," replied the stout man, with the satisfied twinkle of a successful plotter, "I suppose I can't say that I don't like that air from yon open window on this car."

"Oh, come on! The lunch is on me again," said the college man as the office clock struck an even dozen and the pretty typewriter gave a convulsive choke.—New York Tribune.

Fell Asleep on the Track.

Big Rapids, Mich., May 20.—The mangled body of August Mason was found on the G. R. & I. side track near the lower depot at daylight. Mason was seen the night before in an intoxicated condition, and it is supposed he was sleeping on the track and the night freight ran over him.

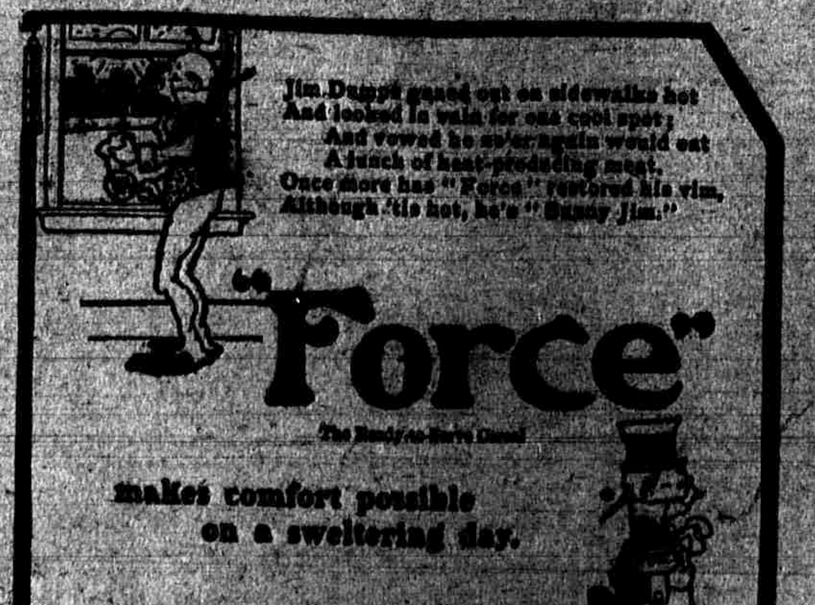
Society of Christian Endeavor, Denver, 1903.

The Passenger Department of the Chicago & North-Western Railway has issued a very interesting folder on the subject of the Christian Endeavor meeting to be held at Denver, July 9th to 13th, together with information as to reduced rates and sleeping car service, as well as a short description of the various points of interest in Colorado usually visited by tourists. Send 2-cent stamp to W. B. Kniskern, Passenger Traffic Manager, Chicago, for copy.



Jim Dumps gazed out on sidewalks hot
And looked in vain for one cool spot;
And vowed he ne'er again would eat
A lunch of heat-producing meat.
Once more has "Force" restored his vim,
Although 'tis hot, he's "Sunny Jim."

"Force"

The Ready-to-Serve Cereal

makes comfort possible on a sweltering day.

Helps Him to Keep Cool.
"'Force' is a blessing to hot humanity. I find since eating it—and I want it every morning—that I am able to go through a hot day with much more comfort than when I used to eat heavy meat breakfasts. It has taught me how to live.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Mortgage Sale.

Whereas, default has been made in the conditions of a certain mortgage (whereby the power of sale therein contained has become operative) made, executed and delivered by Benjamin F. Reynolds and Clarissa U. Reynolds, his wife, to John S. Strong, dated the 6th day of May A. D. 1898, and recorded in the Office of the Register of Deeds, in and for the County of Lenawee, and State of Michigan, on 18th day of May A. D. 1898, in Liber 139 of Mortgages on page 120; and which mortgage was duly assigned by said John S. Strong to Charles E. Williamson by instrument in writing dated the 19th day of June A D 1896, and recorded in said Register's Office on the 22nd day of June A D 1896 in Liber 143 of Mortgages on page 28; and which mortgage was further duly assigned by said Charles E. Williamson to Lorenzo D. Dewey by instrument in writing dated the 1st day of April A D 1898, and recorded in said Register's office on the 1st day of April A D 1898 in Liber 148 of Mortgages on page 291; upon which mortgage indebtedness there is claimed to be due at the date hereof the sum of fifteen hundred twenty-seven and 48-100 dollars (including the amount paid for insurance of the buildings on the premises described in said mortgage, with interest thereon, under authority given by the terms of said mortgage); and no suit or proceedings at law, or in equity, having been instituted for the recovery of the debt secured by said mortgage, or any part thereof.

Notice is therefore hereby given that, for the purpose of satisfying and paying said claim, and the interest thereon, with costs of this proceeding (including a lawful attorney fee), I will, by virtue of said power of sale, on the 26th day of June A D 1903, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, in said County of Lenawee (that being the place where the Circuit Court for said County is holden), sell, at public vendue to the highest bidder, the following lands, in said mortgage described and conveyed, viz.—All that tract or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit:—Commencing in the south line of Kilbuck Street twelve rods east from the east line of Evans Street, such point of beginning also the north-west corner of the L. Drew homestead premises and now occupied by C. F. Coller as a residence premises, and being also the north-east corner of a parcel of land formerly deeded by one E. M. Lansing to Thomas Cummins, thence south on west line of said C. F. Coller land twelve (12) rods; thence west on south line of said E. M. Lansing land six (6) rods; thence north parallel with the first course twelve rods to the south line of Kilbuck Street; thence east on south line of Kilbuck Street six rods to place of beginning.

Dated: March 31st A D 1903.

LORENZO D. DEWEY,
Assignee of said mortgage.
FRED'K B. WOOD, Attorney for Assignee.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." MISS BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

You should embrace an opportunity as you would a girl—with promptness and vigor.

Stanley Demick, age 12 years, and John Demick, age 9, were almost instantly killed at 10:45 yesterday morning at Wyandotte Hights by the Detroit Southern train which is due in Tecumseh at 8:35. The boys were chasing each other about the fields and did not notice the approaching train and ran right in front of it. The younger of the two boys was thrown under the engine and lost his right arm and left leg. The elder boy was hit and thrown some distance, his skull being badly crushed. The bodies were placed in the baggage car but both were dead when the train reached the Wyandotte depot. They were both feeble minded. The younger one was a deaf mute and the other could talk a little.

John Ruesink.

John Ruesink was born in Holland May 6, 1836, emigrated to America 1854 coming to Cleveland, Ohio, eight years later came to Michigan. Jan. 4, 1867 was married to Miss Minnie Hengereld and located on the farm where he resided until his death, May, 14, 1903. To them were born ten children, six of whom are still living and with their mother mourn the loss of a kind father and husband.

From childhood he was a regular attendant of church and adhered to the principles and practice of the christian religion. His life was always a standing testimony for the truth of the Gospel and the Bible was the daily councelor of his home. By his removal the community has lost a man of thrift and integrity, his family a wise councellor, and the church a loyal supporter, but we sorrow not as those who have no hope.

The funeral service was conducted by Rev. S. D. Wellwood, a former pastor of Congregational church, in the Congregational church on Saturday, May 16 at 2:30 o'clock and the interment was made in the family lot of the Tipton cemetry.

CARD OF THANKS.

We wish to express our deep thanks and gratitude to the kind friends and neighbors for their sincere interest and needed assistance during the illness and death of our husband and father.

GRANDPA WILSON'S

First Shoot.

HARD TARGETS AND HARD

Citizens Battle with each other for Supremacy.

When it comes to selecting the prettiest girl or the best day for a shoot, Grandpa Wilson is like Laflin and Rand Powder,—he is "infallible."

Tuesday and Wednesday of this week the days selected by him for the first shoot of the season and were copped out of the calander with his usual deftness. Tuesday was full of young cyclones which twisted the saucers in every direction, allowing most of them to escape without a puncture. In fact, if one hadn't known that some of the best shots in the country were pulling their triggers, he might easily have imagined that all of the chumps in the United States were seeing how far their guns would carry through the air!

Old Boreas was more genial on Wednesday and only puffed out his cheeks occasionally, allowing the sportsmen to make reasonably good scores throughout the day.

Amongst the professionals, Hensler of Battle Creek, was high man, Call of Montpelier broke the most targets amongst the amateurs. Mills was second, Fitzsimmons' third.

Mills also carried off the five o'clock silver tea urn with a score of 22. He is now spending his idle moments learning to brew Young Hyson and concoct chop suey. Hensler and Wilson being professionals, could not shoot for money or trophy.

A Sure Thing

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, pneumonia and consumption. Try it. It's guaranteed by C. A. Wright druggist. Trial bottles free. Regular sizes 50c, $1.00.

At the Universalist church Sunday the subject will be "We are not punished for our sins, but by them." Evening "Unity through diversity." Sunday school after morning service.

Sunday morning the pastor of the M. E. church will preach on the subject "The Privileges of the Christian Victor." Sunday evening he will preach the first of three sermons on "Curis's Receipt for Happiness."

$50 to California and back.

It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between $400-000,000 and $500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for $29. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee and St. Paul Railway. It will be sent on receipt of six cents to pay postage.

IN OLDEN TIMES

Today the Herald will print the seventh article on

OLD TECUMSEH

And it will be read with interest.

The recent burglary at the Globe mill was not the first occurrence of the kind among us. Sept. 1, '64 the HERALD says "Our town has again been infested with burglars. On Saturday night last a number of residences were entered and some money and valuable articles taken." At the house of Dr. I. S. Hamilton $112 was secured by them. They attempted an entrance to B. L. Baxter's house, but some of the family were up and they were frightened away. At H. Nylands they secured a silver watch and $19. They also entered the house of Mrs. Bissell but were pursued by Henry Bissell and escaped without securing any plunder.

A chapter of accidents is recorded. Dr. Hamilton while on his professional rounds in Franklin, when near the residence of Deacon German, his horse became unmanageable and he was thrown from his sulky and so severely injured that he is not yet able to be brought home. On Tuesday last Asa Rosacrans' boy while playing with a rope and tackle at the Red Mill, fell a distance of 14 feet, dislocating the joint of one of his wrists and breaking the other, beside inflecting several other injuries. On Monday, Willie, son of Henry Anderson, fell from a fence near the new Methodist church dislocating the elbow joint. Mr. William Hardcastle living on the road between Evans and Sand lake, while tending a threshing machine had his hand drawn between the cog wheels and amputation was necessary, and a child of Miles Baldwin aged two and a half years climbed upon a well curb, lost his balance and fell in, when he was taken out life was extinct.

The village was startled by the cry of fire at 3 p. m. July 30. It broke out in a barn owned by John Aten on Pearl street and both that building and the barn of Mrs. Wheeler, occupied by L. Thorp, were destroyed. The roof of the new Methodist church took fire in several places, but not much damage was done. The engine which consisted of a large number of pails did good service, and after the fire was subdued Dan Helm's dray might have been seen drawing the equipments of the Hook and Ladder Co. to the scene of action.

The Methodist church was dedicated Thursday, Aug. 11, '64. Services were commenced at 10:30 a. m. Dr. Eddy of Chicago, delivered the sermon. In concluding his discourse he gave a summary of its cost in which he said, the total cash cost of the building was $10,376 of this sum $9,120 had been paid The bell cost $335 which was raised by the young people. Furnishing the house cost $675 which was done by the ladies. The front windows cost $200, the funds for this purpose were raised by the Sunday school children. From a manuscript history of the church of this state in course of preparation for the press by the Rev. Mr. Pitcher, we learned that the Rev. John A. Baughman now in the Lake Superior county, was the first Methodist preacher to preach in Tecumseh. This was in 1826. In Jan. 1928 the society was first organized with eleven members, the second religious society established in the village, (the Episcopalians having previously organized.) The Presbyterians organized in April following the Methodist organization.

The Methodist's now have the most elegant and commodious house in the village. The style of the structure is Romanesque, material brick, with pine shingle roof. The seats all having a butternut finish, will accommodate some where near five hundred person. (What the butternut finish has to do with the seating capacity is not quite clear.) The gallery for the choir is twelve by twenty feet. It is furnished with a melodion and chairs for seats. The arrangements for lighting at evening meetings are by two elegant chandeliers with kerosine burners, over the middle aisle, and wall lamps, all being good imitation of gas burners. Great praise is bestowed upon Rev. Mr. Haskall, the minister in charge, for his zeal and indefatigable labor in obtaining means for the building, selecting designs and urging on the work.

Dr. P. N. Curtis has purchased the Solomon Snell house and lot in the south part of the village, known as the late residence of the Rev. H. G. Blinn. This house was built a number of years ago by P. R. Adams and is one of the most spacious and best built houses in our village. There is a beautiful grove of shade trees and a fine orchard making it a very desirable residence. (We think it is the house now owned and occupied by Wm. Owen.)

That prince of grocerymen and good fellows, Alf James, had the imprudence to give us a can of fresh oysters the other day, and we would here remark that he keeps a supply of them constantly on hand which he sells by the can or dish. You will find Bob and Gus there ready to serve them to you at all times, in the best style. "Cash is paid for paper rags at J. D. Robbins' new jewelry store."

Webb Anderson is now postmaster and advertises a list of letters, with the new postal laws also printed. C. H. Dewey of Cambridge, president Lenawee county agricultural society, makes an appeal for the fifteenth annual fair of that society to be held at Adrian Sept. 28, 29 and 30, 1864. The clerks of the village held a meeting at which LeRoy Blood was chosen president, Chas. Lawrence secretary, David McNair and G. S. Hurlbert were appointed a committee to draft resolutions, requesting an early closing of stores. Resolution No. 2 reads, "Resolved that we recommend this measure as an act of moral weight to encourage those restless and truant dispositions who watch per diem, for some place of resort to while away the interim between work and sleep, to spend their leisure hours with their families and break up the unprofitable and dissipated habit of congregating at the stores, and indulging in the routine of jokes and political gabble, for evening pastime which is but a meagre improvement on the unvarnished gossip of village Sewing Circles.

THE OLD RELIABLE

THERE IS NO SUBSTITUTE

That was a mean underhanded fling at the "sewing circles" where their mothers and sisters assembled to prepare aid for the soldiers. Gossiping sewing societies are now ancient history, thank the woman's clubs for it, we have better things to talk about, but those clerks carried their measure, with their ambiguous rhetoric and pedantic latin phrases, borrowed doubtless from their sisters school books, and the village merchants decided to close their places of business at 8 o'clock p. m., Saturday excepted, from Oct. 10 to April 1.

The editor urges his readers to send him marriage and death notices and states that he charges from 50c to $1 for obituary notices, not much encouragment to supply the demand. The Methodist social will be held at the residence of Wm. McCowen on Friday evening and the next social on Oct. 11 of the M. E. church will be held at the residence of John Hicks. Let there be a good attendance.

The Board of Supervisors of this county have purchased the Toledo St. M. E. church Adrian. It is to be fitted up for a court house. It is to be hoped that the sight of such a court house will arouse the pride of the citizens of Lenawee Co. so that they will vote a sufficient sum of money to build a court house more worthy of the wealthiest county of the state.

The foundations for the new City Hall at Adrian are laid. If completed according to design it will be the finest public hall in the state. Under a new law all postmasters are to become salaried officers, paid proportionate to the amount of business done. The salary attached to Adrian office is $2400, Tecumseh $1200. Nov. 17, '64, wheat is quoted at $2, red wheat $1.87, shelled corn $1, beans $1.50, potatoes 45, butter 30, eggs 20, lard 20, clover seed $8, hay 14 and paper collars a full assortment at G. T. Ketchams.

Ten Years in Bed.

ASK YOUR NEIGHBOR.

Hundreds of Tecumseh Citizens can tell you all about it.

Home endorsement, the public expression of Tecumseh people, should be evidence beyond dispute for every Tecumseh reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mr. S. Erskine, proprietor of the well-known barber shop, says: "For ten years off and on I had a dull pain in my back, imperfect action of the kidneys, and often I could hardly stoop or get up again. I think it was caused by standing so much at my work. Be that as it may I was in bad shape. I used a great many medicines, but without receiving much benefit until Doan's Kidney Pills were brought to my notice and I got a box at C. A. Wright's drug store. I must confess that I was agreeably surprised, for after using one box I was much relieved. After the use of two boxes my back is stronger and better than it has been for a long time. Doan's Kidney Pills are the best medicine I have ever used and I have such faith in them. I believe I will be conferring a kindness on those suffering from kidney trouble in making known their merits."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

There is no use in turning over a new leaf unless you have something worth according on it.

JUST ABOUT HALF SICK.

How many times you hear people say: "I don't know what ails me—I am tired all the time—don't feel like moving—don't care to go anywhere—don't want anyone to bother me—nothing interests me—I feel half dead." It's not a pleasant tale. It shows a system at a low ebb—a system ready and fertile soil for any low type of fever or disease. It shows the need of a strong, all round tonic—a tonic that will reach every part, every organ—Brain, Nerves, Stomach and Muscles. A medicine that will give a new feeling of life, a new energy and spring to the played out system. A time-tried, time-tested medicine—Dr. A. W. Chase's Nerve Pills.

Mrs. Edgar Packard of Tecumseh, Mich., says: "Until I tried Dr. A. W. Chase's Nerve Pills sold at C. A. Wright's drug store I suffered a great deal from nervousness, sleeplessness, headaches and indigestion and at times was just about sick. Since using the pills my nervous system is in the best of condition, I sleep well, the headaches are all gone and my digestion perfect. A positive result of this kind is particularly gratifying and I feel I can't recommend the medicine too highly." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Often The Kidneys Are Weakened by Over-Work.

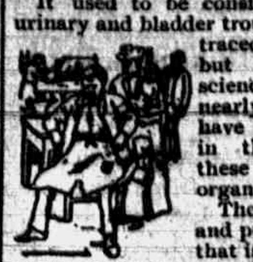
Unhealthy Kidneys Make Impure Blood.



It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

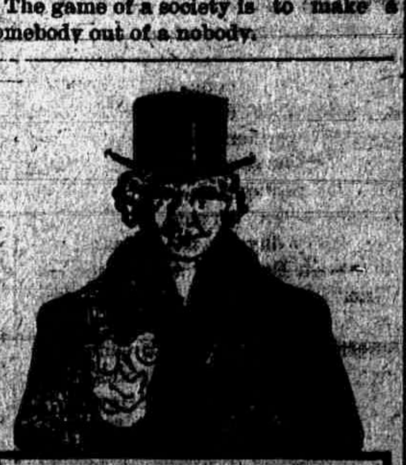
She leaves a sweet little girl of eight years to mourn her loss.

The game of a society is to make a somebody out of a nobody.



A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heilman, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

SENATORS ANXIOUS

Question Now Is What Will the House Accept.

SITUATION SWUNG AROUND

Willing to Offer Direct Nomination of Candidates For Legislature as Compromise—Some Railroad Legislation Promised Warm Reception.

Lansing, Mich., May 23.—Senators now count on adjournment one week from next Friday, but if the primary election conferees get together next Tuesday evening it would not be surprising if adjournment were taken on Friday of the coming week.

The situation on the primary bill has swung around in the last twenty-four hours to not what will the senate give, but what will the house accept. Senators are evidently prepared to offer the direct nomination of candidates for the legislature as a compromise, and they talk as if they had assurances from the house conferees that the offer would be accepted. It certainly looks as if this proposition would be accepted after a short flourish of trumpets by the house. Representative Colby is so anxious to have the primary plan tried that he will probably be willing to take the best he can get.

Representative Powell sizes the situation up this way: "We evidently can't get just the kind of a bill we want for four years, whichever way the present issue is decided. If we turned down the senate's proposition cold, the people would probably support us and the next legislature would be one with primary election reform in every vein. On the other hand, a legislature nominated by direct vote would probably give us the rest of the loaf quite as quickly, with the benefit of a good test in the meantime. I must confess, though, I have little use for a bill that does not apply to the nomination of a governor."

Fear the Patchwork.

There are others who fear the patchwork bill liable to be passed will not give a fair test of the systems and may bring the whole movement into disrepute. They reason that the main interest will still center in the state convention and that the vote will not be brought out in as big numbers as it otherwise would. Besides, the experiment in townships and villages, they say, will be especially unsatisfactory because of the fact that candidates for not enough important offices will be voted on.

A piece of proposed railroad legislation that is promised the warmest kind of a reception by the members of the house when it comes up for their consideration next week is a bill (No. 8) now lying on the general order, under the name of Representative Vandercook of Kent, under the guileless description of "incorporation of railroad companies."

The effect of the measure would be that the Grand Rapids & Indiana, the Grand Trunk on its Detroit and Grand Haven branch, and another short road in southern Michigan would be allowed to charge 3 cents a mile for passenger rates, instead of 2½ cents a mile.

Governor Bliss has signed the Denby-Bangham corporation bill, raising the capitalization limit from $5,000,000 to $25,000,000. At least 10 per cent of the capital stock must be paid in, and 50 per cent subscribed.

Friday was Governor Bliss' sixty-sixth birthday. Representative Galbraith had a resolution passed in the house congratulating him.

Rewarded For Broken Heart.

Big Rapids, Mich., May 23.—When James B. Campbell left Forest, Ont., to practice medicine in Stanwood he left behind him Miss Ethel Gage, whom he had known for years and to whom he had been engaged since before Christmas, 1900. He had several times caused the wedding to be postponed. When unable longer to put up with the unfeeling remarks of acquaintances, Miss Gage brought suit against Campbell for breach of promise. The case has been on trial this week and the jury awarded her $2,500 damages.

Ordered to Take a Bath.

Danville, Mich., May 23.—Acting on the advice of Prosecutor McArthur, the local board of health has served George H. Wright, the hermit, whose case has attracted attention through the appeal of the citizens to the state board of health for relief, with an order directing him to keep away from public places and refrain from drinking at public fountains unless he bathes occasionally and does all in his power to make himself presentable. Wright is afflicted with cancer, which makes his appearance almost unbearable.

State Tax Commission Active.

Port Huron, Mich., May 23.—The state tax commission has left Port Huron, but they will be remembered. The personal holdings of many citizens have been raised until the aggregate is $420,000. The Citi Electric railway has been raised from $225,000 to $240,000 and the Jenks Shipbuilding company from $97,500 to $150,000. In only one instance was a reduction made.

Mail Robbery at Twining.

Bay City, Mich., May 23.—Deputy United States Marshal Tobias, who has been investigating the robbery of a United States mail pouch at Twining, found it had been stolen from the depot, taken across the track, cut open and the contents rifled. No clue to the guilty parties was obtained.

Gasoline Killed a Baby.

Trufant, Mich., May 23.—The two-year-old son of Landlord Crysler of the Trufant house is dead from drinking half a teacup of gasoline.

Bled to Death.

Reese, Mich., May 23.—Jake, the 18-year-old son of Ernest Baur, three miles east, was accidentally killed while playing in a barn. A heavy overlay attached to a swing fell, striking him across the chest. A blood vessel was ruptured and he bled to death before a doctor could reach him.

Quick Arrest.

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C A. Wright's, druggist.

FATAL AUTO RACES

Death Strewed Path of the Great French Contest.

VICTIMS OF THE "RED DEVILS"

Competitors and Their Chauffeurs Killed and Injured by Breaking and Loss of Control of Their Machines—Terrific Speed Maintained.

Paris, May 25.—The first stage in the Paris-Madrid automobile race from Versailles to Bordeaux, 342 miles, finished at noon Sunday when Louis Renault dashed at a furious pace into Bordeaux, having made a record run of 8 hours and 27 minutes. An hour later M. Gabriel arrived with a still better record of 8 hours 7 minutes. It is estimated from the time made that these automobiles covered sixty-two miles an hour on the road outside the cities. These victories, however, were clouded by a series of accidents.

Night of Wild Excitement.

Versailles passed a night of wild excitement. It is estimated that a hundred thousand persons crowded into the little town to witness the start of the race. Soldiers with fixed bayonets lined the track for some distance from Versailles. A bomb was exploded at 3:35 a. m. as a signal to get ready, and immediately Charles Jarrot's car drew into place. Another bomb was fired at a quarter to 4 for the start, and then the enormous machine shot forward amid the shouts of the thousands of spectators. The other cars followed in quick succession.

During afternoon word of accidents began to arrive and cast a cloud over the event. A dispatch from Bordeaux announced that Lorraine Barrows had met with a shocking accident near Libourne, seventeen miles from Bordeaux. It appears that Mr. Barrows had tried to avoid a dog which was crossing the track and his monster car, No. 5 in the race, struck a tree with terrific force. His chauffeur was killed outright. Barrows himself was picked up unconscious but still breathing and was taken to a hospital, where his condition was declared to be critical. His car was dashed to pieces. Shortly afterwards news came that Marcel Renault had been overturned in a deep ditch beside the road near Coube, and that he was dangerously injured. The Automobile club of Bordeaux received a dispatch at 4 o'clock saying Renault was unconscious, and it was feared dying.

Cremated Under His Auto.

Other dispatches arriving from points along the course add to the list of fatalities and accidents. The most terrible occurred near Bonneval, nineteen miles from Chartres, where machine No. 243, driven by M. Porter, was overturned at a railroad crossing and took fire. The chauffeur was caught underneath the automobile and burned to death, while two soldiers and a child were killed.

A chauffeur was badly injured by an accident to his motor car near Angouleme. A woman crossing the road in the neighborhood of Ablis was run over by one of the competing cars and killed.

Mr. Stead's automobile collided with another car and was completely overturned in a ditch. Mr. Stead was caught under the machine, while his chauffeur was hurled to a distance of thirty feet and had his head and body badly cut.

It is stated that Louis Renault's automobile attained at Beourdiniere, between Chartres and Bonneval, a maximum speed of 88⅘ miles per hour.

Bordeaux, May 25.—The illuminations which were fixed for last night in honor of the automobile race were countermanded as a sign of mourning for the persons killed during the contest.

Paris, May 25.—In view of the number of accidents, some fatal, in the first stage of the Paris-Madrid auto race Sunday from Versailles to Bordeaux, Premier Combes has forbidden the continuance of the contest on French territory. The second stage of the race, which was to have been continued Tuesday, included a run over French territory from Bordeaux to the Spanish frontier. Premier Combes' action will probably lead to the race being abandoned.

It is reported that the Spanish government has also forbidden the continuance of the race on Spanish territory.

Another Brutal Assault.

Lawrenceburg, Ind., May 25.—Sunday was a day of intense excitement in this county over the murder of Rosa Kaiser and the murderous assault on her father last Friday night. The farmers gathered at various towns in the county and openly threatened lynching. While the crowds were coming into town a dispatch was received that another outrage had been committed in the county and this diverted attention from the jail. Sheriff Axby with deputies was called early in the day to Weisburg, where an unknown negro criminally assaulted two little daughters of George Smith, a farmer. The negro boarded a freight train and escaped.

Duffield Sails For Venezuela.

New York, May 25.—General Henry M. Duffield of Detroit has sailed on the steamer Maracaibo for Venezuela, where he will assume his duties on the international Venezuelan claims commission. General Duffield was accompanied by several members of the diplomatic service.

Luise May Go to Convent.

Vienna, May 25.—Princess Luise of Tuscany, formerly crown princess of Saxony, has asked the emperor for permission to reside in Austria. His majesty has given his consent on the condition that she shall reside in a convent.

Locomotive Jumped the Track.

Belding, Mich., May 25.—What might have been a most serious wreck occurred here Sunday morning, miraculously with no loss of life and injury to only one man. When the Pere Marquette excursion train from Grand Rapids was pulling into the city, at a point opposite the Richardson silk mill boarding house, the tracks under the engine left the rails, throwing the locomotive into the ditch, with the pilot twenty feet from the track. Engineer George Smith of Grand Rapids was pinned between the boiler and tender and badly jammed and scalded. The baggage car and first coach were also ditched, but no one else was hurt.

UNDER THE WHEELS

Life of a Little Bay City Girl Is Crushed Out.

TWO YOUNG MEN ARRESTED

Witnesses Say Horse Was Galloping and Knocked the Child Down—Beer Bottles in the Rig—Accused Offers Explanation.

Bay City, Mich., May 25.—The wheels of a double carriage crushed the life out of a little girl at 5:15 Sunday afternoon, and as a result Andrew Grezagorczyk, laborer, aged 19, and John Torks, miner, 17, are in the police station awaiting an investigation by the coroner.

The young men, with two others, had been in Beaver township on a visit, had returned and were about taking their rig back to the livery stable. Witnesses say the horse was galloping west on Twenty-sixth street, when at the corner of Monroe the horse knocked down Dora, 8-year-old daughter of Andrew Przybylski, grocer. The wheels passed over her chest and death was almost instantaneous.

The police were notified and arrested both men. In the vehicle were two cases of empty beer bottles.

One of the accused says the girl backed toward the street crossing in front of the horse.

TO RECOVER DEPOSITS.

Famous Maccabee Suit at Port Huron Opens Tuesday.

Port Huron, Mich., May 25.—The attorneys for both sides in the suit of the Supreme Tent of the Maccabees vs. the Port Huron Savings bank have announced that they are ready to proceed with the trial, which will begin Tuesday. Charles D. Thompson, formerly cashier of the bank, and who is charged with embezzling $57,000 of Maccabee money, is here, having arrived from the Soo Saturday, and the interest manifested in the trial is general throughout the state and wherever the Maccabee order is known.

The object of the suit is to recover the $57,000 from the bank, and there promises to be a number of startling revelations. Thompson has been in the vicinity of the Soo for some time, wrecking the steamer Tebard. Before leaving he announced his willingness to appear at any time. He received a subpoena at the Soo and is ready to go on the stand. The question is, what will Thompson tell? His evidence is of vital importance to both sides. He was the cashier of the bank when, it is claimed, the Maccabee money was deposited there, and he was also finance keeper of the Supreme Tent at the time it disappeared. The Supreme Tent claims it held the certificates of the bank for the amounts deposited, through Thompson, as its financial official, and the bank holds there is an error in this claim.

Work Begins at Once.

Hudson, Mich., May 25.—It is announced by John Seymour of this city, who has the contract for building that portion of the Columbus, Marshall & Northeastern railroad between Marshall and Olivet, that the company has been successful in disposing of its bonds to the Manhattan Construction company of New York. Work on the road, he says, will begin on or about June 1. Mr. Seymour's contract (forty-two miles) must be completed by Oct. 1.

Alleged Defaulter Arrested.

Detroit, Mich., May 25.—The matter of the alleged defalcation of Walter F. Sanders of Trenton, deputy township treasurer of Monguagon, also of the village of Trenton, was climaxed on Saturday evening by the arrest of Sanders. He was brought to Detroit and lodged in the county jail. The action was taken by Prosecuting Attorney Hunt, who declares that he considered the only safe way to deal with the case was to lock Sanders up on suspicion of felony until the investigation is ended.

Confessed Robbery.

Grand Rapids, Mich., May 25.—Phil Wegilkowski, alias Frank Gifford, arrested on suspicion of perpetrating the $600 clothing store robbery at Cedar Springs, confessed Sunday and declared he had no accomplice. His home is near Willard, Bay county, and he is about 20 years old. He came here, rented a room in a block and from here drove to Cedar Springs to do the burglary. Some of the stolen goods were found in his possession.

Amateurs Had Full Swing.

Detroit, Mich., May 25.—Driven out of its own city, and even beyond the county line, the Detroit professional baseball club was compelled to "strike out" to Grand Rapids in order to play a game scheduled with Washington yesterday, while dozens of amateur teams were out and played either within the city limits or just outside, within the jurisdiction of Wayne county. There was no attempt, so far as can be learned, to stop these games.

Injunction Denied.

Mt. Clemens, Mich., May 25.—Judge Law has denied the application for a temporary injunction restraining the operation of the plant of the Mt. Clemens Gas company. It is his opinion that before he could issue an injunction it must be shown that the plant is causing irreparable injury to the complainants.

Petitions For Bennett's Pardon.

Bay City, Mich., May 25.—The friends of E. T. Bennett are working to secure his release from state prison, where he is serving seven years for manslaughter. Petitions are in circulation asking the state board to pardon him.

Benjamin C. Cocker Insane.

Adrian, Mich., May 27.—Application for the commitment of Benjamin C. Cocker, son of the late Regent W. J. Cocker, to an asylum has been made. Because of his actions at Ascension day service he was taken into custody. His mania is on religious matters.

Made Young Again

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at C. A. Wright's drug store.

PLEA TO THE FARMER.

Equity Society Asks Him to Demand a Dollar For Wheat.

Indianapolis, May 25.—The American Society of Equity issued a bulletin today to the farmers of the United States, demanding an increase in the price of wheat; arguing that the minimum price of wheat should be $1 a bushel, and urging the farmers of the United States not to sell for less than one dollar. The society has been organized with this city as national headquarters to maintain higher prices for farm products by co-operation of the farmers of the country, and this is the first formal demand for increase in prices as the result of the combination.

The bulletin sets out the claim that this is an era of unequalled prosperity, demand for commodities is unprecedented, labor is receiving higher wages than ever before and the demand for and consumption of wheat is greater than ever before, with a low visible supply. The bulletin then says:

"It is evident that the American farmers cannot produce more than about twelve bushels per acre on an average, at 88 cents per bushel represents $10 56 per acre, to cover all the work, seed, twine, threshing, marketing, etc., an amount that scarcely equals the simplest machine that the farmer buys, yet which represents only a small fraction of the factory investment, capital and labor employed.

"Who dare say, in the face of these evidences, and considering the present higher range of values for nearly every other commodity produced in the country, that wheat at this time and for the next crop is not equitably worth $1 per bushel on the basis of the Chicago market and that other farm crops should be on a corresponding basis?

"Farmers, keep this matter in mind, keep dollar wheat $1 at Chicago before you and you will get it as sure as the sun rises in the east and sets in the west. Above all, however, we implore you do not be fools. When you get the equitable price let it go. Sell on the basis of $1 and no less, but do not hold for more or you may run up an unwieldly surplus which must eventually compel lower prices."

Boys Must Quit the Mines.

Hazleton, Pa., May 25.—The coal companies of the Lehigh region today commenced the enforcement of the new age limit law regulating the employment of boys in and about the mines. It is estimated that nearly 500 boys will be ineligible under the act. Their discharge will in many cases work hardship on families depending almost exclusively on their minors for support.

Rockefeller Will Give More.

Bloomington, Ind., May 25.—John D. Rockefeller has offered to increase his donation to the student building fund of Indiana university from $30,000 to $50,000, on condition that a fund of $50,000 be raised from other sources before July 1. Subscriptions to the amount of $35,000 were obtained last year and the trustees at their next meeting will form plans to secure the required $15,000.

Michigan Man Escaped Lynching.

Racine, Wis., May 25.—It was learned that William L. Rockwood, who was almost lynched Thursday night for attempting an assault upon a girl, is from Muskegon, Mich. Thursday when he attacked a girl of 12 years, he was seized by a mob, and only the quick arrival of a detachment of police saved him from death, as the crowd was waiting for a rope when he was rescued.

A Farmer Straightened Out.

"A man living on a farm near her came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Hall's Family Pills are the best.

Few men are brilliant enough to make it necessary for us to use smoked glass while looking at them.

Give the children Rocky Mountain Tea, this month, makes them strong, makes them eat, sleep and grow. Good for the whole family. A spring tonic that makes sick people well. 35 cents.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion constipation and kidney trouble. Try them. Only 50c at C. A. Wright's.

There's nothing in size—when a pint bottle can exert more influence over some men than a church spire.

Spring laziness, legs ache, back aches feel tired, no ambition, no appetite, all run down feeling. Rocky Mountain Tea puts new life into your body; you feel good all over. 35 cents.

You can blast your reput out the aid of dynamite.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." J. J. ORR.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over $2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by all druggists.

You should embrace an opportunity as you would a girl—with promptness and vigor.

OSTEOPATHY VS. SURGERY

By Dr. Geo. B. F. Clarke, a Prominent Osteopath Located in the University Bldg., Detroit.

Last Sunday's Free Press Made Mention of "An Adrian Surgeon Who Rivaled Dr. Lorenz in Hip Setting"

The article interested Dr. Clarke to such a degree that he went to Adrian to investigate the case and compare it with Osteopathic treatment of such cases, and to his surprise he found that Dr. W. H. Jones, an Osteopath, should have been given credit for the cure. The article neither mentioned Osteopathy nor the doctor's name. He found that this practitioner was a graduate of the Kirksville, Mo., College and is considered one of the first men of this profession by his colleagues, he holding the degrees of M. E., Ph. D., and D. O. He also found that the institution was well filled with people from all parts of the country, patients being there from Chicago, Toledo, Detroit, and other places near at hand, that two surgeons of Adrian are called in for counsel when cases require the same. He says: Dr. Jones should have credit for his work the same as any other specialist who works out such cures. And the gentleman brought back with him a copy of an Adrian paper containing the following article, which he requested printed and thus give honor to whom honor is due instead of passing it as an ordinary surgical case, stating that in the present legislature a bill has been introduced which if it becomes a law will deprive the Osteopaths of their right to practice in Michigan. Some thirty states have granted this right, but the "Regular" physicians are hot after them at this time in this state under cover of "The Nottingham Bill to Regulate the Practice of Medicine."

The cases cited below speak well for the comparatively new school.—Adrian Daily Times, March 19.

Mr. and Mrs. J. A. Ratan, of Weston, Mich., are perhaps the happiest people in this part of the state as a result of the cure of their little 3-year-old daughter, whose hip has been displaced and diseased from birth, a disease commonly known as congenital hip disease, a similar case to the Armour child, of Chicago, which made Dr. Lorenz famous.

This case is indeed interesting, having under the care of several prominent physicians. Two weeks ago they took the child to the Adrian sanitarium, having heard of other cases of like nature being cured there. The child was placed under the X-ray and in less than five minutes, by a rapid succession of mechanical manipulations, the hip joint was brought to its proper position and forced into its socket, the child being held on the operating table by its father. The surgeon holding the hip in place stood the child upon its feet, and to the surprise and delight of the parents the child's leg was straight, body erect and both legs the same length, whereas before there had been two inches difference, the diseased limb being the shorter. When the child was a week old abscesses appeared on the hip, from which large quantities of pus have passed from time to time, and was naturally accompanied with much pain. One peculiarity of the case is that ever since the hip was set the child has been entirely free from pain.

The fact that neither plaster cast nor anaesthetic was used marks the only difference between this and the Lorenz method of treatment.

Several other cases of like nature are under this treatment at the sanitarium, and in the majority of cases the treatment proves successful. The doctor will establish a free hospital for unfortunate crippled children in connection with his institution in the near future.

The above from last Sunday's Free Press was read with much interest by the editor, and he personally went to the sanitarium to ascertain the particulars of the case. The report was found to be true.

Dr. Jones was busy when Editor Wessell arrived, but he became engaged in conversation with several patients and found that some wonderful things were going on in the way of treating disease that had not been brought to his notice before and decided to write a story of what he saw and heard.

Mrs. J. M. Van Ostine, who has been a resident of Adrian for some twenty years, and who has been practically blind for so long, is fast regaining her eyesight. She stated that four years ago she began to go blind. One year later one eye was so bad she could not see a moving object before it; then her good eye failed her rapidly. Soon she could not see printed matter by the aid of a powerful reading glass. In this condition she continued changing from one to another form of treatment. Finally she gave up in despair. When a few weeks ago she heard of a young lady from Lyons, Ohio, who has been cured of a serious eye trouble at the sanitarium, she called upon the doctor, little thinking that she would to-day be able to see. When she told the story it was needless for her to say she was delighted. The way she stood up, and looked out upon the street, counted the pickets in the fence, and pointed out people as they passed by, all the while covering the eye which had been the better one of the two, to show that the eye which specialists had told her was entirely gone three years ago, was being restored to her.

John I. Knapp happened in at this time, and he told us that case was only one of great numbers he knew of and had witnessed while the doctor was practicing at the Colonial. He said of all the cases he had seen one especially had interested him, namely: A Miss Pickles, of Weston, had been given up as a hopeless cripple on crutches; that she came and stayed at his house three weeks, and was made well by the doctor. He had seen the girl at her own home last week and the family said she had never been so well, and had never, since leaving the doctor two years ago, experienced as a last resort, and was cured. others.

George Wickter, an Adrian high school boy, who was a little dwarf with spinal curvature, after a month's treatment was straightened up, and from a weak child of about eighty pounds, he has grown to weigh over 140 pounds; this in two years' time.

Miss Drehr, daughter of Adam Drehr, of Riga, had treated with Adrian, Toledo and Detroit surgeons for a lameness; never expected to be off crutches again; came to this place as a lastresort, and was cured.

A young boy from Blissfield waiting for treatment, ran across the room, showing how well he was, said he had worn casts and braces on his leg for months, but was now nearly well enough to quit, since taking a course of treatment at the sanitarium. Several cases of club feet have been straightened in this manner.

E. K. Smith, the Sandcreek postmaster, was given up to die when he was [illegible] in Morenci; finally sold [illegible] and daily grew worse, but friends urged him to try Dr. Jones. He staggered with weakness into the office, and in less than one month was discharged, a well man. His trouble was catarrh of the stomach. He is now engaged in business, and is postmaster at Sandcreek.

Banker Arthur Goodsall, of Jasper, was considered a hopeless case before coming here. He was cured at the sanitarium. He had treated with Detroit and New York specialists.

C. W. Wilson, of Adrian, says Dr. Jones was twice called to his side when everything else failed, and he considers that both times his life was saved. His was stomach trouble.

Matt Burt, the Hudson milk dealer, had thirteen doctors in all examine his arm, which was made useless and stiff by an accident. The arm pained him badly for a year; he was unable to find relief. Finally his physician said to go to Ann Arbor and have the arm taken out at the shoulder; it is tuberculosis of the bone. But he stopped off at Adrian, and the result was in about a week he had the use of his arm, and has been well ever since. His trouble was a displacement of the shoulder bones. After he went home the doctors said: "Oh, that fellow is a fake. He tells everyone their bones are dislocated." Mr. Burt was satisfied, however, with the diagnosis, having been cured.

A certain prominent physician and surgeon in Adrian was stricken with facial paralysis some two years ago, and took this treatment in connection with some other treatment; was made well in two weeks.

Will Whiting, of Tecumseh, the cigar manufacturer, was stricken likewise. His cure was marvelous to all who knew of it. He stayed but five days, took two treatments a day, went home well, and has never had a symptom of the trouble since that time.

John Andrews, of Adrian, took the treatment for his eyes, which were so weak he could hardly see anything for a long time. For the past year he has had good use of his eyes and been able to attend school regularly before this. He was taken to the best eye specialists, who failed to remedy his condition.

Mrs. Henry Dettman, 99 East Butler street, Adrian, had appendicitis, third attack. A prominent surgeon was to operate, but the treatment was tried, it saved the operation and perhaps her life.

Mr. Knapp also mentioned his wife's case. The Doctor took Mrs. Knapp off crutches after other physicians said she would never walk again. He diagnosed it as displaced hip and set it, since the treatment she has had proper use of the member.

R. Dorf, of Blissfield, who had Bright's Disease, nigh unto death, came to the Sanitarium for a few weeks, and now spends his time in the timber chopping wood.

Frank Gowen, of Hudson, could not lift ten pounds owing to an injured spine, case ten years standing, trouble was corrected, he now has charge of Moreland Bros' & Crane oil business, and is a giant in strength.

One thing which surprised the editor most was that several medical physicians have taken treatment, two at the present time are treating for cancer. They are from nearby towns. They take the combined X-ray and violet light treatment. Some ten or twelve cases have been cured by this form of treatment. It is also working wonders with throat and lung difficulties. Several cases of tuberculosis have been here all winter taking the treatment; say they took treatment from a prominent consumption specialist in Detroit, and after getting no benefit there, had been able to live in comfort and steadily improve since coming here.

Many other cases were brought to Mr. Wessell's attention, but the Doctor appeared, and ushered him into his Osteopathic treating rooms, showing him the different methods of treatment, also his apparatus, the X-ray, Violet Ray, Machinery for Hot Air treatment, and baths, etc. A nurse in regulation uniform then took us through the halls, showing us the rooms which the patients occupy. These rooms are all large, bright and dry, have outside light, and furnished elegantly. Only one objection can be offered, and that is the place is overcrowded, but the patients seemed to enjoy doubling up two and three in a room. In all there are from forty to fifty people who daily take treatment at this institution. Hardly a train comes or goes which does not carry patients who are able to go back and forth, and who cannot get room near by.

Dr. Jones expects to begin building an annex to his place within a few days, but would not say how extensively as the plans were not yet let for sure to the contractor. We were highly entertained, glad we went and hope the doctor will continue to do the good that he is now, and in the past has done. We consider he has done more than any other man for the people of Adrian, that has come here into our midst in the past few years. Not one of his patients have died while under his care. Hundreds have treated with him and been benefited. His record is thus because he turns away many people, refusing to treat any, but whom he feels positive he can greatly benefit or cure. He claims that 90 per cent who take the treatment become ardent enthusiasts, because of the success shown in their cases. The next time a similar case to the one mentioned at the introduction of this article comes in for treatment we hope the Doctor will let us know and give us the permission of witnessing the setting of a hip.

Osteopathy has demonstrated its ability to cure many diseases that have hitherto been considered incurable, and has proven the scope of its application to be greater than that of any other system of medicine. This is due to the fact that it is strictly scientific and its basis is just as broad as the sciences of anatomy and physiology upon which it rests.

This new philosophy is based upon the most perfectly attainable knowledge of anatomy, with an advanced understanding of the relations existing between the different parts of the human body, and the fact that the all-wise Master Mechanic failed not to place within the machinery of man every force essential to physical health, save that which the natural appetites and sensations demand.

As long as the human machine is in order, like the locomotive or any other mechanical contrivance, it will perform the functions for which it was intended. When every part of the machine is adjusted and in harmony, health will hold dominion over the human organism by laws as natural and immutable as the laws of gravitation.

When each organ and part of the human system is provided with an unobstructed nerve and blood supply, it will do its full share of the work, and the normal condition of health, toward which all vitality is constantly striving, will be restored and maintained.

From what has been said, it is evident that the work of the Osteopathist consists (1) in restoring to the normal all deranged tissues, such as bone, muscles, ligaments and tendons, so as to remove all interference with the natural functions and allow nature to re-establish itself; or (2) in restoring normal function by mechanically stimulating or inhibiting nerve force by osteopathic methods, so as to aid nature in its efforts to return to its normal condition.

Her View.

A little three-year-old miss while her mother was trying to get her to sleep became interested in a peculiar noise and asked what it was.

"A cricket, dear," replied her mother.

"Well," remarked the little lady, "he ought to get himself oiled."—Chicago News.

Honesty.

If honesty is the best policy in business, it is also the best policy when one has done wrong and is confronted with the question whether he shall confess everything frankly or make excuses. A transparent excuse is worse than none at all.

After a man is married he discovers that his wife's golden tresses are nothing in the world but red hair.—Philadelphia Record.

A Money Saver.

"But you are taking considerable risk in letting your young men owe two or three weeks' board."

"Yes, there is some risk," answered the boarding house keeper. "But then, you see, they worry over it so that they lose their appetites, so I save money in the long run."

Earned.

She—He was desperately in love with her. Why, he sent her costly flowers and presents nearly every day for two years.

He—Did he finally win her?

That Tired Feeling

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." Mrs. C. M. Root, Gilead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

The Rocking of Lake Erie.

The 250 mile trough of Lake Erie lies approximately in the direction of the west to southwest winds which prevail in that part of the country. Thus the lake offers an excellent opportunity for studying the effects of the wind upon a large body of inclosed water, and very interesting these effects sometimes prove. Rhythmic gusts produce a rocking motion and great blows from the west or southwest sweep the liquid body of the lake eastward and sometimes cause a rise of eight feet or more at Buffalo in the course of a few hours. As soon as the maximum force of the gale has passed the water swings back. Continued rockings are observed on days when the strength of the wind fluctuates.—Youth's Companion.

Fabric of Daily Life.

It is not of lofty or heroic deeds that the enduring pattern of character is woven, but rather of the seemingly small things of life. Little unheralded acts of helpfulness, slight self denials that bar against selfishness, conscientious attention to trifling details of duty, standing firm to the right in spite of banter and contempt (really the most difficult thing for young or old to withstand), adherence to scrupulous honesty in word and deed even in what others consider of no import, sticking to principle though one may be called "old fashioned," "unprogressive" or "puritanical"—these are the golden strands which, woven into the fabric of daily living, make men and women invincible.—Success.

Mistake In the Locality.

That keen rivalry which western towns feel is probably responsible for the story about Seattle, which may well have been said of some other place at some other time. It concerns a Seattle man who died and went to the hereafter.

"I don't see," he remarked, after a casual survey of his new quarters, "that heaven is so much better than Seattle."

"But this isn't heaven," explained a bystander.—New York Tribune.

How the Ancients Regarded Iron.

The ancient Egyptians believed that iron was the bone of Typhon, the enemy of Osiris, and for this reason it was considered impure. No one could make use of it even for the most ordinary requirements of life without polluting his soul in a way that would cause him harm both on earth and in the other world.

The Dissyllable Scot.

The difficulty of rhyming to "girl" is mainly due to the varieties of its pronunciation. It is never pronounced, as it is so often conventionally written, "gall," but one often hears "gell," with a hard "g." Moreover, in Scotland, though it is as well not to mention the fact to a Scotsman, it consists of two syllables—"gurrel." The other day it was pointed out to a Scotsman that the name of his national poet was a dissyllable in Ayrshire. "Hoot awa'!" he said, or words to that effect. "Burruns two syllables! Absurrud!"—London Chronicle.

The life of the Scotch boy, Donald Smith—now Baron Strathcona and Mount Royal—would read more like romance if it were not so studded with improbabilities. People like their romances to be possible; it is only from reality that will be endured the touches of extravagance which turn standard fiction into fairy tales.

Young Donald Smith, dreaming in his Scotch village of the stirring adventures of a fur-trading uncle in the wilds of North America, and afterward becoming fur-trader himself, first as a clerk of the Hudson Bay Company in the bleakest corner of its vast territory, "pitiless Labrador;" then climbing, after years of hardship and fidelity, to be a chief factor of the Company and resident Governor in America, and finally, in his old age, governor of the home company in London, High Commissioner for Canada, and a peer of the realm—that is romance.—From the series "Captains of Industry," in the June Cosmopolitan.—Cosmopolitan.

In a Scotch church an old minister who was very deaf was also very anxious to introduce some new hymn books into the church, and asked the precentor to give out the notice immediately after the sermon. The precentor, having a notice of his own, gave out that members of the congregation wishing to have their children baptized were to send their names into the vestry. The old minister, thinking that it was the notice about the hymn books, stood up and said: "And I wish to say, for the benefit of those who have not any, that they may be had in the vestry any afternoon between the hours of 3 and 4. Ordinary little ones at a shilling each, and special little ones with red backs, at 1 and 3.

$50 to California and back.

It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between $400,000,000 and $500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for $29. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee and St. Paul Railway. It will be sent on receipt of six cents to pay postage.

Through train service, Chicago to Denver, every day via the Chicago, Milwaukee & St. Paul and the Union Pacific line.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

GAS WELL

Discovered by Sam Gibson

IN BRITTON

While digging a well on John Wiggins lot in the village.

Yesterday while Sam Gibson was driving a well on the John Wiggins lot in Britton, suddenly the pipe was driven through into a gas bed instead of getting water they struck gas, which is now going out at a height of 200 feet.

Great excitement is now in Britton the whole town is excited and more gas has escaped in Britton in the last 24 hours than has before in a thousand years. At intervals for the last 10 years Britton has been digging for something and with this find the HERALD wishes it's Britton friends all good luck.

A Sure Thing

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, pneumonia and consumption. Try it, It's guaranteed by C. A. Wright druggist. Trial bottles free. Regular sizes 50c, $1.00.

Daniel Wiggins

Was born in Yorkshire, England, Feb. 16, 1828 and was the eldest son of John and Anna Wiggins of Yorkshire. He was united in marriage to Miss Jane Britton at the home of the bride in Yorkshire in December 1849 and after a few months, with his young bride he sailed for America landing in New York City in June 1850 whence they proceeded at once to Southern Michigan and three years later located in the township of Macon and has lived on the same farm until his death.

Mr. and Mrs. Wiggins became the parents of eight children. The mother departed this life July 17, 1876 at the age of 50 years. They united with the Episcopal church when young and remained earnest devoted Christians until death.

Their son, Eddie C., died Dec. 21, 1856, when two years of age. The remaining children are John, Daniel R., Frances A., Hannah M., Ida M., Hattie L., Joseph, and after a second marriage one daughter, Mary.

CARD OF THANKS.

We wish to express our many thanks for the assistance of neighbors and friends at the death of our father also to the choir for services and for the floral decorations.

ROUND ABOUT US.

A Missouri paper is responsible for the story that a girl in that state was stuck in the side with a needle a year ago. The other day the needle worked its way out of the arm of a young man who had often called on her.

Just 'cause the sun is shining and the birds are in the air, don't go and get uneasy 'bout your heavy underwear; just smile and keep it on you—don't remove a single stitch—for the time ain't ripe for changing till your back begins to itch.

A newspaper man at Jefferson City, Mo., flashed a $1,000 bill in a bank the other day. It will not occasion particular surprise among the fraternity throughout the country to learn that he has been placed under arrest pending an explanation as to where he got it.

Stephenson, Mich, Journal—A Lexington gentleman who often breaks his fast alone of mornings recently complimented his wife on the excellent breakfast food she had provided him with. An examination proved to the horror-stricken wife that her wretch of a husband had eaten all her recently purchased birdseed.

All villains are not confined within the walls of the penitentiaries. Monday evening the Ann Arbor passenger train coming south was stopped about half a mile from Azalia by the discovery of a tie upon the track. The discovery was made in time to stop the train and prevent its being wrecked.—Dundee Reporter.

Last fall O. Haynes, of Hudson township, brought into the state a Delaine ram, which he has just sheared, the weight of fleece being 28 pounds. It was sold to L. Frensdorf & Son for 20 cents per pound, amounting to $4.80, which Mr. Frensdorf says is the most he has ever paid for a single fleece, although his purchases amount to 1,000,000 pounds per year.—Hudson Post.

A moor-hen was found in the creek in the south part of town last Sunday morning, and a large number of people visited the creek to watch the maneuvers of this little animal. It sits on the water for a time and then makes a plunge into the water, coming to the surface again several rods away. It does all this in the twinkling of an eye. It is occasionally seen on the land.—Jasper Journal.

While digging in his garden, Werner Knoblauch uncovered a box containing some bones and hair and which were supposed to be the remains of a human body. Great excitement prevailed and fully five hundred of our leading citizens viewed the remains. It was finally determined that they were the remains of a canis familiaris, commonly called dog, which had been buried by Sprial Staples some years ago.—Blissfield Advance.

A farmer named Smith hired an experienced boy to help him about the place. One morning he told the boy to go and salt the calf over in the pasture. The boy took about a quart of salt, rubbed it all over the calf, working it into the hair. A gang of colts in the pasture scented the salt and got after the calf. They licked the hair off the calf's back and tried to lick the hide off, too. The farmer tried to catch the calf to wash it, but the calf, thinking he wanted to lick, too, ran through a hole in the fence, and disappeared down the road.

WASHINGTON LETTER.

Washington, May 25, 1903.

Events in the Post office investigations during the past week have served, more than any previous incident, to illustrate the pernicious methods which have precipitated the current scandal. About the first of May the Post master General called for a statement of the appropriation for rural free delivery and was informed by Superintendent Machen that there would be a deficiency of perhaps $20,000 at the close of the fiscal year. The Post master General immediately wrote to Machen instructing him to retrench in every way possible so that, if practicable, this deficiency might be eliminated. This week, Inspector Fosnes, now acting general superintendent of free delivery, discovered that instead of a deficiency of $20,000 it would amount to $227,000. Mr. Payne has expressed himself in emphatic condemnation of this method of conducting a division of the department, accusing Machen of "maladministration." The real facts in the case are that Machen has long believed that his interests lay in granting the favors asked by members of Congress rather than in heeding the admonitions of his superior officers and, therefore, he completely ignored the Post master General's orders and proceeded to establish free delivery routes whenever a member of Congress requested it. This has been the custom of Superintendent Machen for a long time. By this method he has built up a powerful political machine which he supposed would stand between him and the wrath of his proper superiors. That he will be disappointed in this expectation is evident. His political friends will desert him as rats desert a sinking ship and it is reasonably certain that August Machen will never again resume his duties in the Post office Department.

The greatest interest, from a political standpoint, attaches to the Ohio State Convention which will be held the first week in June. Senator Foraker has announced that he would press for adoption a resolution indorsing President Roosevelt for the nomination in 1904. Senator Hanna, on the contrary, has announced his opposition to such a resolution which he declares is premature. It is well recognized that there is no love lost between the two Ohio senators and it is predicted that the convention will be the scene of a merry war. Indications, in so far as they can be judged from Washington, are that the Foraker resolution will be adopted, but if Mr. Hanna really attempts to defeat it, it will precipitate the most interesting political situation in the country today.

Less than two weeks remain before the President's return to Washington which is looked forward to with much interest as a number of important appointments await his action and some interesting events are scheduled to occur that time. Two assistant secretaryships are vacant and will probably be filled as soon as Mr. Roosevelt returns. These are the places made vacant by Assistant Secretary of the Treasury Alles and the new position of assistant secretary of Commerce and Labor. There is also a vacancy on the Civil Service Commission, Mr. Hengelmuller, to whom the President offered the position, having declined it. A commission which will have in charge the sale of land estimated as worth $25,000,000 is also to be appointed. These are the mineral lands in Indian Territory which have been aggregated by the Dawes Commission, in its allotment in severalty of the Indian lands, and which the law provides must be sold to the highest bidder in blocks not exceeding 160 acres. It is also anticipated that some drastic action regarding the Post office situation will be taken by the President.

The State department has received advices from Ambassador McCormick at St. Petersburg which are calculated to set at rest all uneasiness regarding Russia's policy in Manchuria. Mr. McCormick says that the Russian Government is at one with the United States in its desire to preserve the "open door" to China. He says that the success of the Siberian railway depends largely on the Manchurian trade which cannot be supplied by Russia alone and it is, therefore, to Russia's interest to preserve the present policy of freedom of trade in Manchuria and other parts of the Celestial kingdom.

Cuba has very nearly celebrated the first year of her independence by signing the treaty in which is contained the provisions of the Platt amendment, including that for coaling stations for the United States. Cuban Independence Day. The greatest pleasure is expressed by Secretary Root, who feels himself something of a stepfather to Cuba, at the progress made by the new republic during this first year. Beginning its career with a cash balance of $540,000 the Palma administration, by economy and judicious administration, closes its first year with a surplus of $2,699,000. The death rate has been reduced from a minimum under Spanish Rule of 29.30 to an average for last year of 21.19, but, more than all, the people of Cuba have demonstrated a capacity for self-government beyond the expectations of the world.

The bureau of ordinance of the war department has finally decided on the 24 inch rifle as being the most desirable weapon for the service. Exhaustive tests have been made of this arm and it has been demonstrated that in accuracy, range and penetration it equals the 30 inch rifle now in use. It is regarded as handier when used at close quarters, as a club, and as attended with less danger of accidental explosion when used in brush or undergrowth. It is lighter and presents the signal advantage of being appropriate for use in every branch of the service so that it will be served to infantry, cavalry, artillery and marines. The great Springfield armory is to be set to work immediately manufacturing quantities of the new weapon and it is hoped that by the next winter the entire regular service will be equipped and then will commence the equipment of those militia organizations which have complied with the provisions of the militia reorganization bill.

It is the struggle and not the attainment that measures character.

LITERARY NOTES

In "Modern Civic Art," Mr. Robinson whom certain English critics hailed as the new Ruskin in their reviews of his earlier book, treats of the artistic side of that civic renaissance which is now sweeping over the civilized world in a popular effort to bring beauty into cities. Philosophical reflection and historical survey, added to artistic criticism and suggestion in the presentation of the subject, make the work very attractive, while at the same time it is thoroughly practical. An idea of the scope and character of the book may be gained from the following examples of the topics treated: The War Entrance to the City; The Land Entrance; The Administrative Centre; On the Great Avenues; Minor Residence Streets; Suburban Development.

* * *

A most diverting side light on the civil service is shed by a two page article in McClure's for June called "Comedy of the Catechized," a symposium of freak answers given by applicants for various positions on the classified list. Few of them seem to be the answers of mere cranks or dunces; for the most part they appear the efforts of worthy and otherwise intelligent persons striving to rise to a great occasion by becoming grandoise, with the usual ludicrous result. Many of the most pretentious would have made an instant hit on the vaudeville stage; the fun is that they are all meant in such serious earnest.—McClure.

* * *

Prominent and notable features of the June Atlantic are President Eliot's remarkable address at the Boston Emerson Centenary Celebration, accompanied by George E. Woodberry's Centenary Ode delivered on the same occasion. The Atlantic also contains a well informed and carefully studied paper on the moot subject of The Negro in the Regular Army, by Oswald Garrison Villard. Goldwin Smith contributes a pungent article on The Cult of Napoleon, brilliantly and learnedly written from the author's characteristic British view of his country's historical bete noir.

WHEN BABY IS COMING
USE
Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy.

Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, MOTHER'S FRIEND.

IT IS SERIOUS.

Some Tecumseh People fail to Realize the Seriousness.

The constant aching of a bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected
Dangerous urinary troubles follow.

A Tecumseh citizen shows you how to avoid them.

Mr. F. A. Ferguson, tinsmith, residing in the northwestern section of Tecumseh, says: "I had symptoms of kidney trouble. The kidney secretions were very irregular and at times too frequent and highly colored. Having seen so many cases of severe kidney trouble I thought it wise to do something at once, so I got a box of Doan's Kidney Pills at C. A. Wright's drug store and took them. I emphatically declare Doan's Kidney Pills to be up to the representations made for them."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

A queer old gentleman being asked what he wished for dinner, replied, "An appetite, good company, something to eat, and a napkin."

There is an inconsistency about women earning their living, wearing diamonds.

Ten to one the man who puts a knife in his mouth when eating would use a tooth pick at a wedding breakfast.

It hurts you when you ask for the girl's hand and get the old man's boot.

WHEN THE NERVES ARE SHATTERED.

When the nerves are shattered one cannot think, work, eat, sleep or accomplish anything.

It's a case of force all the time—a continued effort to keep going—no life—no energy—no ambition—upset at anything — nervous headaches — crying spells—fits of depression and utter despondency. Dr. A. W. Chase's Nerve Pills cure this condition to stay cured by rebuilding the shattered nervous system—nourishing the nerve centers and resupplying what is lacking—the active principal of life—Nerve Force.

Mrs. B. E. Gray of Tecumseh, Mich., says: "Last summer I had an attack of fever which left me weak, dizzy and my nerves shattered. I got a box of Dr. A. W. Chase's Nerve Pills at C. A. Wright's drug store and found them splendid, the medicine put me on my feet again rapidly and easily, nerves firm and steady, general health and strength splendid and not a vestige of dizziness. I think the medicine unequaled in such troubles and strongly recommend it" 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

The only man who never fails is the fellow who never does anything.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

No woman who has attained social eminence ever helps another to the hights.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 50 cents.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BUSY BURGLARS.

Three Safes Blown Open at Deerfield, Michigan.

Adrian, Mich., May 25.—Five burglars operated extensively in Deerfield village Saturday night. They bound and gagged a young man who happened to be up at 2 o'clock, threw him into a handcar house and then proceeded to blow the following safes: At Burham's hardware store, where $40 was secured; at the postoffice, where they got $30 and a quantity of postage stamps; at Prentiss' bank, where the safe was badly shattered, but the robbers failed to reach the inner chest in which the money is kept.

The robbers made off toward Rockwood, Monroe county, it is thought, and the county police are following clues.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it; "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

Loving husband.—A lady who was suffering under a slight indisposition told her husband that it was with the greatest difficulty she could breathe, and the effort distressed her exceedingly. "I wouldn't try, my dear," soothingly responded the husband.

Cyclone Struck Marshall.

Marshall, Mich., May 25.—The worst storm that has ever visited this city occurred Saturday afternoon shortly before 3 o'clock. It approached from the west and passed over the city, doing at least $50,000 worth of damage. Shade trees were uprooted by the score and several houses were damaged in the city. J. N. Treadwell's barn was carried off its foundation, and when it landed was completely demolished. The wind picked up pieces of the barn and carried them several rods. Josiah Phelps' barn was moved off its foundation. The roof on the kitchen of Edward Bowen's house was crushed in. The residence of Mrs. Phoebe Potter and E. J. Monroe were struck by lightning and the chimneys demolished. George Pond had two cows killed by lightning.

Salonica, European Turkey, May 23.—Fighting is reported to have occurred at Dorujan, thirty-eight miles north of here. Bulgarian bands aggregating 226 men, recently crossed the frontier and will operate in different regions of Macedonia. It is rumored that disturbances have taken place at Seres.

Owosso School Boys Missing.

Owosso, Mich., May 25.—John Tyler and Leon Josselyn, two 15-year-old Owosso boys, have left home and have not been seen or heard of except the following note, which G. N. Tyler received from his son a few hours after the boys left: "We have got a job in Buffalo and are going right away." They had practically no money. All efforts to locate them have been unavailing thus far.

FIFTEEN KILLED

Terrible Devastating Tornados Continue in the West.

NINE KILLED IN ELMO, IOWA

Six Lives Lost in Vicinity of Des Moines—Series of Storms in Eastern Nebraska Cause Enormous Damages—Heavy Fall of Water.

Blanchard, Ia., May 27.—A tornado struck the town of Elmo, eight miles west of Blanchard and just across the Missouri line, last evening, destroying the town. Nine persons are known to have been killed and five others injured. The storm destroyed a three-story brick store. Nine bodies have been removed from the ruins of the buildings.

Des Moines, Ia., May 27.—Iowa has been storm-swept for the past twenty-four hours. Three tornadoes, two Monday night and one last night, resulted in the loss of six lives, the fatal injury of three persons and the serious injury of a score of people, beside great property loss.

The dead at Glenwood: Maggie Biettner, Hazel Wright.

Near Buxton: Georgia Buckley, Herbert Rhodes.

At South Des Moines: Russell A. Knauf, Floyd Knauf.

The victims at Glenwood were all inmates of the school for the feeble-minded.

The tornado struck the girls' dormitory. The roof was torn off and with a terrible crash fell back again upon the wrecked building. The eleven girls who were injured are being cared for in the hospital, which is practically intact.

The tornado near Buxton struck before noon near what is known as No. 10 Junction, a mining settlement. All the victims were colored.

The property damage in South Des Moines and vicinity will reach $50,000. The Knauf home and the Christian church were wrecked and about forty other buildings were damaged.

During the past twenty-four hours heavy rains have been general over Iowa.

Omaha, Neb., May 27.—Eastern Nebraska was visited by another series of storms Monday night and Tuesday, several of which developed into tornadoes. One visited Hastings, near the scene of Sunday's heavy storms, and blew several buildings to splinters.

Another struck Herman, twenty-five miles north of Omaha, and the scene of a tornado five weeks ago, which killed a dozen people. The home of D. R. Parish was demolished and Mr. Parish, his wife and a child were seriously hurt.

Omaha also experienced a storm which blew several houses from their foundations and unroofed others in the southwest part of the city.

Accompanying the severe wind in every instance was a rainstorm of unusual severity, and as a result several towns in eastern Nebraska are flooded, Springfield, Papillion and Plattsmouth reporting the worst conditions.

The railroads have suffered washouts in a score of places, and several bridges have been carried away or badly damaged. The financial loss has been heavy and estimates place it at several hundred thousand dollars.

One of the most severe storms was at Davey, a small town northwest of Lincoln, which resulted in the injury of thirteen persons, none fatally. Several persons, however, sustained broken limbs. The report received from there states that every dwelling and outbuilding in the town was wrecked.

The storm in Lincoln did great damage in that city, the loss on buildings being estimated at $100,000. It moved northwest and split. The portion that struck Davey was seen approaching by the people of that town, most of whom were able to seek safety in cellars. A deluge of rain accompanied the wind and flooded the little town, which was strewn with the debris of wrecked homes, furniture and dead animals.

In East Lincoln many dwellings were unroofed or moved from their foundations and two large factories and an elevator were nearly demolished.

The flood was disastrous at Springfield, and six families barely escaped drowning. Seven dwellings were carried away by the water. The business portion of the town was recently burned and many new buildings were in course of construction. All were demolished by the wind.

Salina, Kan., May 27.—This city is the scene of the worst flood in its history. Fully one hundred families have been driven from their homes and the extent of the damage is estimated at hundreds of thousands of dollars. Another rain fell last night making four inches of rain within the last twenty-four hours. The northwestern portion of the city is entirely submerged and women and children were rescued from their homes in boats. The Missouri Pacific grade on the west is holding back a large and threatening body of water. If the water shall cross the tracks the entire western portion of the town will be under water. A passenger train on the Lincoln branch of the Union Pacific is held between two washouts two miles north of here. The passengers were brought here on hand cars.

Spent Tuesday in Spokane.

Spokane, Wash., May 27.—President Roosevelt doubled back into Washington Tuesday from the Couer d'Alene mining camp of northern Idaho. The party encountered inclement weather in the mining towns. The greatest crowds ever gathered in Spokane greeted the president in this city. After a long drive through the city the president spoke to the people of Spokane and surrounding country. The president's train left last evening for Montana. Secretary Moody made an extended speech at Wallace, Idaho, early in the day.

Cider at Sanitarium Dedication.

Battle Creek, Mich., May 28.—Dr. Kellogg announces that the sanitarium management has purchased 10,000 gallons of pure, sweet and unadulterated cider, to be served to the guests who come here Sunday and Monday, the dedication days.

Quick Arrest.

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C A. Wright's, druggist.

EXEMPT CREDITS

House Passes Bill Relieving Them of Taxation.

CAMPBELL KEPT HIS SEAT

Said Not a Word During the Debate—Primary Election Conference Committee Agrees to Disagree—Met but Nothing Accomplished.

Lansing, Mich., May 27.—Proceeding under a call of the house, the lower branch of the legislature Tuesday afternoon passed one of the most important measures acted upon this session. The Ward-Randall-Campbell bill exempting all credits from taxation, received 56 votes for to 25 against.

A peculiar circumstance of the two hours' debate was the silence of Representative Campbell of Gladwin whose name is attached to the measure and who was never known to keep his seat during the discussion of any important bill before this session. Several other representatives took a hand in the debate.

The primary election conference committee agreed last night to disagree, and will report to their respective bodies today that they cannot get together.

Senator Baird made this proposition: "We will agree to include members of the legislature in my bill; to have a roll call in county conventions; to repeal the Wayne, Kent and Muskegon county bills, and to apportion delegates to state conventions in the ratio of one delegate for every 300 votes of the party in the district."

Colby objected to repealing the local bills until he was sure of a general bill, which would give him as much as the local bills included. He further insisted that if members of the legislature be included in a compromise bill enough local officers be also covered to bring out a full vote and give the bill a fair test. But the senators absolutely refused to stand for the direct nomination of county officers, Spokesman Baird opposing this proposition, as he did Wade's.

And Wade's idea was to include the nominations of governor and lieutenant governor in the bill or go out of business. Representative Powell stood pat on the same proposition, and Colby said he felt the same as his colleagues.

Then Baird suggested that there was no use of wasting any more time, and all agreed quite good-naturedly to go back to their houses and report no progress. The session did not last more than twenty-five minutes and was open to the press.

It is the opinion of a great many members of the house that the senate will ask for another conference, and that the senate will not dare to go to the people loaded down with a bundle of broken pledges.

The joint committees of the senate and house on the University of Michigan gave a hearing last night on the Randall bill to limit the revenues of the university's one-quarter mill tax to $300,000 a year. Mr. Randall remarked that in 1901 the university got $276,275 and in 1902 $324,500, a fluctuating amount unsatisfactory to all, he said, and he thought a maximum ought to be fixed as in the case of the Agricultural college. He wanted to know what had been done with the money, and said something about educating non-residents.

Then President Angell stated a few facts. "Let us remember it is your university, not ours," he said. "You can have a poorer university than you have; you can have less resources and less eminent teachers for less money. It is all for you to say. We are your servants. But we have always felt that the university has been valuable to Michigan beyond computation."

Well Known Author Dead.

Detroit, Mich., May 27.—After an illness of about four months Dr. Thomas Jay Hudson passed away at his residence, 1028 Trumbull avenue, yesterday morning. Dr. Hudson gained considerable fame as a psychologist and wrote many books on the subject, including his well-known "Laws of Psychic Phenomena." He was born in Windham, Portage county, sixty-nine years ago. His early days were spent in farming and his education was obtained in the common schools and an academy near his birthplace.

Want Parole For Freeman.

Menominee, Mich., May 27.—A petition asking for the parole of Archie V. Freeman, formerly of this city, where he was local manager for the firm of [illegible] & Watson, now serving a four years' sentence in the branch prison at Marquette, will be presented to the state board of pardons at its next meeting, which will probably be held in June.

Michigan Postmasters.

Washington, May 27.—The following Michigan postmasters were appointed: Burlington, Calhoun county, Carrie Edmonds, vice M. H. Edmonds, dead; Curtisville, Alcona county, Joseph Veil, Sr., vice Joseph Bell, Jr., resigned; Mackinaw, Cheboygan county, Bell M. Lamond, vice James Converse, resigned.

Undermined by Muskrats.

Ann Arbor, Mich., May 27.—The dam at the Michigan Milling company's plant has been badly damaged by muskrats, which have undermined the gates until the water is escaping and the power for the Argo mills is partially destroyed.

Mrs. Frances Burns Ill.

St. Louis, Mich., May 27.—Mrs. Frances E. Burns, great lady commander L. O. T. M., is dangerously ill with peritonitis. Fears are entertained for her recovery.

Valuable Lot of Rings Stolen.

Grand Haven, Mich., May 27.—A window in Haden's jewelry store was broken early in the morning and $150 worth of rings stolen.

Divorces Doubled in 5 Years.

Lansing, Mich., May 28.—Statistics incorporated in the monthly bulletin of vital statistics issued by Secretary of State Warner indicates that during the past five years the number of divorce applications pending in the courts of Michigan have doubled. A portion of the increase is accounted for by the fact that the law governing the reporting of statistics has been greatly bettered during the past few years. However, the court clerk's report that in 1898 a total of 2,498 bills for divorce were filed in Michigan, while in 1902 the number filed was 4,183. The number of divorces granted in 1898 was 1,901. In 1902 the number was 2,828.

MACHEN ARRESTED

Startling Charges Against Superintendent of Rural Routes.

SAY HE RECEIVED "RAKE-OFFS"

Machen Called on Carpet and Subjected to "Sweating"—He Made No Admissions—Gives Bonds for His Appearance.

Washington, May 28.—By far the most sensational development of the postoffice investigation up to this time occured Wednesday when August W. Machen, the general superintendent of the free delivery service, was arrested on a warrant issued upon the information of postoffice inspectors charging him with having received "rake-offs" from contracts made with the local firm of Groff Bros., for a patent postal box fastener.

The warrant specifically charges him with receiving $18,961.72 since August 8, 1900. It is alleged, however, at the department, that this amount does not represent all that Machen obtained with his contracts, it being charged that he has profited by them for several years prior to that date of the first contract mentioned in the warrant. Other arrests are to be made. Immediately after Machen was taken into custody the postmaster general issued an order removing him from office. He has been practically under suspension for a fortnight pending investigation into his bureau.

The discovery of Machen's alleged interests in the contracts was made quite accidentally by the inspectors, some three weeeks ago, and since then their energies had been directed toward making out a case. Monday night after the authorities had become convinced that they were in possession of the necessary evidence Mr. Machen was notified to appear at the department Wednesday morning. He did so and was subjected to a "sweating" process by the inspectors and Gen. Bristow for three hours, but no admissions that he had profited by the contracts could be secured from him.

He declined to answer many questions on the ground that they related to his private busines, but insisted to the end that he had not received a cent improperly. Nevertheless, he was arrested on the warrant which had been prepared and taken before a U. S. commissioner, where his attorney immediately demanded a full hearing.

POSTMASTER-GENERAL PAYNE.
Who Is Vigorously Pushing the Investigation of His Department

Assistant District Attorney Taggart, however, was not ready to proceed with the case and the hearing was set for June 5. Mr. Machen gave a $20,000 bond, furnished by a Philadelphia bonding company for his appearance. After his release he declined to make any statement beyond the single declaration that the whole thing was a grand-stand play and would come out all right. His attorneys declared that at the proper time they would show conclusively that he had been guilty of no wrong in connection with the contracts, and, on the contrary, they would be able to show that his administration of the free delivery service had been characterized by ability and integrity. The department officials claim that their evidence is conclusive. It is understood that civil suits will be entered to recover from Machen the amount he is alleged to have received on the contracts.

Diller B. Groff, one of the partners in the firm of Groff Bros., who was accused of having bribed August W. Machen for the purpose of procuring purchase by the government of their letter-box fasteners, called at police headquarters tonight, stating that he had heard a warrant for his arrest was out. He was served with the warrant and was released on $10,000 bond pending a hearing before the U. S. commissioner tomorrow.

Will Call His Men Out.

Chicago, May 28.—President Lawrence J. Curran, of the freight handlers' union, charges that the railroad companies are trying to precipitate individual strikes in their respective freight houses, with a view of disorganizing the union. He declares emphatically that if they succeed at any one point he will call a general strike of his 10,000 men within an hour. Officials of the railroad companies deny absolutely that there is any such plan on their part.

Suit for $5,000.

Coldwater, Mich., May 28.—City Attorney Mark Andrews has begun suit against the Hawks-Angus Co. as principals and the Fidelity & Deposit Co. of Maryland as surety, to recover $5,000, the amount of forfeit bond given to secure a charter for an electric line to Coldwater, the time limit for which has expired.

Jack Pot Mine Closed.

Bessemer, Mich., May 28.—The Jack Pot mine closes down at the end of the month, its ore being played out. It has been operated by Jones & Laughlin, of Pittsburg, now some four years, and employed about 100 men.

ONE LONG OVATION

Accorded President On His Drive Through Streets of Butte, Mont.

SPANISH WAR VETERANS

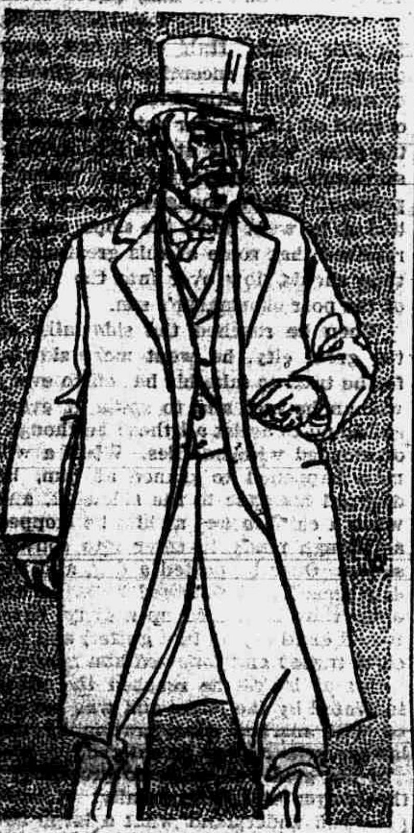
In Great Mining Center Acted as His Escort—Saluted by 2,000 School Children—Gifts Presented Him—Wilson Joins Him.

Butte, Mont., May 28.—President Roosevelt arrived at Butte Wednesday afternoon over the Great Northern railroad from Helena. He was met at the station by Mayor Mullins, escorted by a company of militia, a platoon of police, and the Spanish War Veterans, who are holding their state convention in Butte.

The drive through the streets of Butte was one long ovation. The neighboring towns for 50 miles had poured in their crowds and the line of march was crowded to suffocation.

From the station the president was escorted to the court house. At the court house 2,000 school children, appropriately dressed in the national colors, saluted the president. He stopped a few minutes and spoke to the little ones.

Two squares further on, the citizens of Anaconda, who had come more than 1,500 strong, presented to the president a handsome vase made of silver, copper and sapphire. The line of march was then resumed to the Finley hotel, where the president made a five-minute speech.



SECRETARY WILSON.
Member of President's Cabinet, Who Joins Him in His Tour of the Western States.

A banquet at which 500 plates were laid was given at the Thornton hotel. Mayor Mullins presided and the guests included Senator Clark and other distinguished Montanans.

From the banquet table the president was escorted to the Columbia Gardens, where the principal speech of the day was made. Here a handsome souvenir, his photograph engraved on copper and framed in a copper frame, was presented to him in the name of the citizens of Butte.

Salt Lake, Utah, May 28.—Secretary of Agriculture Wilson has arrived here. He will join President Roosevelt and his party here Friday and will accompany them on their eastward journey.

May Not Be Punished.

Niles, Mich., May 27.—Fred Stevens, who was at one time cashier of the defunct First National bank of Niles, and who disappeared with $25,000 of the funds of the bank of Plankington, S. D., three years ago, is in town. A year ago Stevens surrendered himself to the authorities at Plankington, after living incog at Kalamazoo for two years, and was tried in the Davidson county circuit court and found guilty of receiving deposits when he knew the bank was insolvent. The case was appealed and Stevens says the supreme court has remanded it back to the circuit court for re-trial. Stevens was cashier of the bank of Plankington.

Explosion Killed Four.

Pittsburg, May 27.—An explosion of gas in the Chartiers Coal & Coke Co. mine at Federal, Pa., about noon Tuesday killed four men instantly, badly burned seven and slightly injured a number of others. The dead: James Nelson, William Nelson, Joseph Saler, Joseph Jonack. Five more are believed to be fatally hurt. About seventy-five men were at work when the explosion occurred. It is thought it was due to an accumulation of fire damp igniting from an open lamp.

She Killed Herself.

Kalamazoo, Mich., May 28.—Rose Burns, a pretty young factory girl, drank carbolic acid after seeing her lover, Charles Bosman, in company with another. Before becoming unconscious she begged for help and wanted to live, but died in Bosman's arms.

Lightning Struck His Rig.

Reese, Mich., May 28.—While the little son of P. Henrietta was driving a team home they were struck by lightning. The boy was thrown to the ground, but not seriously hurt. One of the horses was killed.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Hall's Family Pills are the best.

Few men are brilliant enough to make it necessary for us to use smoked glass while looking at them.

Give the children Rocky Mountain Tea, this month, makes them strong, makes them eat, sleep and grow. Good for the whole family. A spring tonic that makes sick people well. 35 cents.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion constipation and kidney trouble. Try them. Only 50c at C. A. Wright's.

There's nothing in size—when a pint bottle can exert more influence over some men than a church spire.

Spring laziness, legs ache, back aches feel tired, no ambition, no appetite, all run down feeling. Rocky Mountain Tea puts new life into your body; you feel good all over. 35 cents.

You can blast your repute out the aid of dynamite.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." J. J. ORR.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over $2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by all druggists.

You should embrace an opportunity as you would a girl—with promptness and vigor.

Japanese Wives.

The Japanese woman does not blacken her teeth under any mistaken idea that it makes her attractive; she does it to make herself unattractive. Her husband is supposed to know her value. If he doesn't, he divorces her. He makes no provision for her, and she has no dowry from her family. But a divorced woman in Japan nearly always marries again. She brings nothing but a gentle and obedient slave and takes nothing away with her but the same valuable commodity.

The reason why lower class women receive more consideration from their husbands than their upper class sisters is that they are capable of earning their own livings, which Japanese ladies are not. So thoroughly is this recognized that a lower class woman divorces her husband if she is not satisfied, a thing which never happens in the more select circles unless the woman is an heiress, when the husband is of as little consideration as a lady. It is only when she has no brothers that a Japanese woman may expect money from her parents. If they have only a daughter to leave their money to, the son-in-law has to take her name—and the consequences.

The Salt In the Ocean.

The ocean was once merely brackish and not salt, as it is now. This was when the earth was in its first youth and before there was any land showing at all or any animal life in the water. At this time the water was gradually cooling from its original state of steam, and the salts were slowly undergoing the change from gases into solids. Then came the appearance of land and, later on, rivers, which gradually washed down more and more salts, while at the bottom of the ocean itself chemical action was constantly adding more brine to the waters. At present it is estimated there are in the world's oceans 7,000,000 cubic miles of salt, and the most astonishing thing about it is that if all the salt could be taken out in a moment the level of the water would not drop one single inch.

Limited the Edition.

The late king of Prussia once sent to an aid-de-camp, Colonel Malachowsky, who was brave, but poor, a small portfolio, bound like a book, in which were deposited 500 crowns. Some time afterward he met the officer and said to him:

"Ah! Well, how did you like the new work which I sent to you?"

"Excessively, sire," replied the colonel. "I read it with such interest that I expect the second volume with impatience."

The king smiled, and when the officer's birthday arrived he presented him with another portfolio, similar in every respect to the first, but with these words engraved upon it:

"This book is complete in two volumes."

BAT

[Copyright, 1902, by the S. S. McClure Company.]

Bat Pinaud stood on one of the hills which overlook Portland. Behind him were the forest and his past, the little cabin by the river, with his dugout hauled up on the bank, his traps and fishing poles and battered muzzle loading rifle; before him—what?

The afternoon sun flung its luminous arms into the city, while the forest behind was becoming dark with its own shadows. The future had come to him in the gold of his evening, but it was the future of his dreams. Already he had forgiven the past.

Of his possessions he had brought only his "feedle" and the letter which a passing trapper had left at his cabin. The one was to go with him into his future to be "educat, poleesh;" the other was the magic key which would open the way.

This had been the one grief of his life—that he was "no educat, poleesh." Music to him was only a common, natural thing, like breathing, without notes or science. What matter if he could wake the hermit thrush and oriole and bobolink to ecstasy, or bring moisture to the hardest eyes, or lightness to the most sluggish feet, or gentleness to the heart that had bruised itself into callousness? It was only what came to him naturally, without effort. He was no musician, he would tell you, with a deprecatory wave of his hand—"Non, non, m'sieur; not'in' but a poor little Canuck who love de feedle." He had had no chance "for learn de true music."

But now it was all here in the letter which he held so tightly in his hand, and, though white frost was stealing thickly into his hair and rheumatism taking possession of his limbs, he went down the slope as eagerly and diffidently as a schoolboy on his first journey into the world of learning.

Only once before in his life had the unexpected come to him, $1,000 from the very estate that was responsible for this letter. Half of it had gone promptly as an incentive in a "feedle contest," and little Pierre, who had carried off the popular vote and so won the prize, was now at the Boston Conservatory of Music for his "educat, poleesh." Bat's thoughts reverted to him as he went down the slope, and he resolved that some of this greater fortune should flow over into the future of the poor shoemaker's son.

When he reached the sidewalks of the great city, he went more slowly, for he tried to take his hat off to every woman he met and to smile at every child and to assist all those he thought overloaded with bundles. When a woman happened to glance at him, he dropped his gaze to the sidewalk, and when a child looked at him he stopped as though ready to enter into conversation. Once he patted a dog, and the dog turned and followed him. At another time he picked up a dirty, barefooted child crying in a gutter, and the child turned and followed him also.

But at length he reached the place indicated by the letter and was received with marked consideration by the lawyer, who rose as he entered.

"I am glad you came so promptly," the lawyer said deferentially. "I suppose you understand what a large estate it is?"

"Two hun'r'd t'ousan', me t'ink letter say."

"Yes, two hundred thousand," dwelling fondly on each word. "Here; suppose you take this chair while I explain the matter in detail."

Bat sat down diffidently, placing his hat upon the floor and the "feedle" across his knees. Then as the lawyer talked his thoughts went straying out into the golden future, to the wonderful knowledge that was coming to him and to little Pierre learning to play the "feedle" in the right way. Now and then a sentence of the lawyer drifted into his reverie, and suddenly he sprang to his feet with his eyes blazing.

"Wha' dat you say? Tell me 'g'in, quick!" he demanded.

"About the flaw in the will?" the lawyer asked blandly. "Yes, that is what gives you the money. Lucky flaw, I say."

"Dat mean ol' man Tatro like money go to be Cousin Marie, on'y he make slip in de will? Me get him dat way, hey?"

"That's about it," dryly.

"Den you t'ink me t'ief?"

The lawyer looked surprised.

"Oh, come now," he urged hastily; "it's all right. The law says the money is yours. Everything is straight and aboveboard."

Bat reached down and picked up his hat, which he placed squarely upon his head. Then he tucked the "feedle" under his arm.

"Who money 'long to," he demanded so sharply that the lawyer moved back and placed a chair in front of him, "de law or ol' man Tatro? De law say gib him me; ol' man Tatro say gib him Marie—huh!" And without stopping to parley further words Bat strode contemptuously into the street.

The sun was behind the hills, and in place of its golden beckoning there was only dull, universal shadow, pierced here and there by the electric lights of the city. In the woods the darkness was without break, but the trapper walked quietly into them and disappeared. Over yonder by the river were his cabin, and the dugout on the bank, and his traps and fishing poles, and the battered muzzle loading rifle. He would go back to them.

FRANK H. SWEET.

They Felt Hungry.

She—Well, Clarence, dear, the situation is not quite as rosy as it was pictured to us before marriage, is it?

He—Well, not altogether so, love.

She—I wish—er—I wish—

He—What do you wish, dearest?

She—I wish we had the rice and the old shoes they threw at us when we were married.

Stabbed the Mad Dog.

Grand Rapids, Mich., May 28.—Miss Eloise Strong, of Toledo, faced what might have been her death at the home of her aunt, Mrs. Elizabeth Strong, in Algoma township. Mrs. Strong and a daughter live alone, and for protection have a large bull dog, which they keep chained in the yard during the day. At 5 o'clock this afternoon he broke the chain and crawled under a shed. While Miss Strong and her aunt were hunting for the animal he dashed from his hiding place and caught hold of the young lady's dress. He showed every symptom of rabies. Instead of fainting or screaming, Miss Strong caught up a pitchfork, fortunately near at hand, and drove the tines into the dog's body. A passing farmer secured a shot gun and shot the dog.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." MRS. IRA O. BROWN, Rumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

SERIOUS COLLISION.

Ten Persons Hurt In Accident on Rapid Railway.

New Baltimore, Mich., May 27.—The most disastrous collision in the history of the Rapid Railway occurred in the morning, shortly after 7 o'clock, when the first southbound car and a Grand Trunk freight engine came together on the outskirts of the village. No lives were lost, but a dozen men were injured, some of them so seriously that fatal results may yet follow.

The injured: John Roll of Marine City; James H. Johnston, Lima, O.; Rev. Fr. Benedict Gery, Algonac; R. W. Axtell, motorman; —— Quackenbush; —— Day, conductor, H. Lipsum, William Meisel, Captain Tim Pocket, Flats; Mrs. Capt. W. Moore and daughter, Algonac.

The track of the Rapid Railway is used at night by the Grand Trunk for the dispatch of freight between Chesterfield and Marine City, but the line is supposed to be free during the hours when the electric cars are scheduled to run.

The electric car was due here at 7:17 on time, and came bowling along toward the village at fifteen miles an hour, expecting to pass the freight at a siding near where the collision occurred.

The steam train was in charge of Conductor McKay and Engineer Christian, and consisted of fourteen loaded cars and the engine, the latter backing, as there is no turntable at Chesterfield. It was moving at about fifteen miles an hour, and had not reached the switch at which the crew claim they were to have met the electric car.

When the trains came together the tender was driven half way through the electric car, tearing the seats loose from the floor and piling the passengers up in a promiscuous heap. That more serious injuries were not inflicted is little short of miraculous, as the car was badly wrecked.

The most dangerously hurt, apparently, was John Roll of Marine City, a passenger, who is hovering between life and death.

STRUCK MICHIGAN HARD.

Storms Did Much Damage In the State.

Coral, Mich., May 27.—This vicinity was visited by a heavy storm of rain and hail Tuesday, accompanied by severe lightning and heavy thunder. The Congregational church was struck and badly damaged and Bert Eurick's farm residence is a complete wreck from lightning. Mrs. Eurick and the children narrowly escaped injury from the electric fluid, as well as the falling debris.

Three Rivers, Mich., May 27.—A terrific storm of wind, thunder, lightning, rain and hail struck this section Monday night. For over an hour the rain fell in torrents, and the wind seemed to have the force of a cyclone. Little damage was done except to the telephone lines.

Decatur, Mich., May 27.—During the unusually severe storm the farm barn of John B. Tompkins, living four miles south, was struck by lightning and entirely consumed, with all its contents, including three valuable young horses. Loss, $2,300.

Grand Haven, Mich., May 27.—Lightning killed a drove of seven cattle in Allendale Tuesday. Several barns were burned by lightning in Olive. Other parts of the county send reports of much stock having been killed. The electrical storms were the worst in this section in years.

MACCABEE CASE OPENS.

Promises to Be a Hostly Contested Affair.

Port Huron, Mich., May 27.—If the legal sparring over every morsel of testimony offered Tuesday is any indication of what can be expected during the trial of the suit of the supreme tent of the Maccabees vs. the Port Huron Savings bank, it will be one of the warmest legal contests that has ever held the boards in this county.

The morning session was taken up in securing a jury. At noon both sides were satisfied and the jury was sworn. In the afternoon the contest began.

The object of the supreme tent is apparent. No attention is paid to the $288,000 which it is claimed passed between the order and the Port Huron Savings bank, through the medium of Thompson in business transactions, but great stress is laid on the draft for $50,000, which was drawn on the Commercial bank and turned over to C. F. Harrington of the Port Huron Savings bank by Thompson and later sent by Mr. Harrington to its New York depository. The plaintiff contends that the drawing of the draft was a conversion of trust funds, but the defense claims that Thompson had used the funds of the bank to meet the demands of the order in other directions and the $50,000 item was but one of the many transactions which occurred during the four years that the bank was being used as a depository.

A Ghost Test.

When you think you see a ghost, how can you tell whether it really is a ghost or not? A recent writer gives the following scientific method: "We assume that a person sees an apparition. It may be objective—i. e., having existence outside the observer's mind—or merely a creature of a disordered brain, subjective. The seer, while looking at the vision with both his eyes, gently depresses one eyeball with his forefinger from outside the top eyelid, so causing a squint. If objective, whether bogus or not, two outlines of the 'ghost' will be seen, but one, of course, if it be subjective. One may prove this by trial any time with any object, near or far. I mention this because of the many nervous and brain wearied people who see spooks and to whom it would be better that they should know that the trouble is within themselves and so seek a capable doctor than continue to be haunted, as they believe, by the supernatural."

Mortgage Sale.

Whereas, default has been made in the conditions of a certain mortgage (whereby the power of sale therein contained has become operative) made, executed and delivered by Benjamin F. Reynolds and Clarissa C. Reynolds, his wife, to John S. Strong, dated the 6th day of May A. D. 1898, and recorded in the Office of the Register of Deeds, in and for the County of Lenawee, and State of Michigan, on 15th day of May A. D. 1898, in Liber 139 of Mortgages on page 120; and which mortgage was duly assigned by said John S. Strong to Charles E. Williamson by instrument in writing dated the 19th day of June A D 1898, and recorded in said Register's Office on the 22nd day of June A D 1898 in Liber 143 of Mortgages on page 22; and which mortgage was furthur duly assigned by said Charles E. Williamson to Lorenzo D. Dewey by instrument in writing dated the 1st day of April A D 1898, and recorded in said Register's office on the 1st day of April A D 1898 in Liber 143 of Mortgages on page 291; upon which mortgage indebtedness there is claimed to be due at the date hereof the sum of fifteen hundred twenty-seven and (3-100) dollars (including the amount paid for insurance of the buildings on the premises described in said mortgage, with interest thereon, under authority given by the terms of said mortgage); and no suit or proceedings at law, or in equity, having been instituted for the recovery of the debt secured by said mortgage, or any part thereof:

Notice is therefore hereby given that, for the purpose of satisfying and paying said claim, and the interest thereon, with costs of this proceeding (including a lawful attorney fee), I will, by virtue of said power of sale, on the 29th day of June A D 1903, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, in said County of Lenawee (that being the place where the Circuit Court for said County is holden), sell, at public vendue to the highest bidder, the following lands, in said mortgage described and conveyed, viz:— All that tract or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit:—Commencing in the south line of Kilbuck Street twelve rods east from the east line of Evans Street, such point of beginning also the north-west corner of the L. Drew homestead premises and now occupied by C. F. Coller as a residence premises, and being also the north-east corner of a parcel of land formerly deeded by one E. M. Lansing to Thomas Cummins, thence south on west line of said C. F. Coller land twelve (12) rods; thence west on south line of said E. M. Lansing land six (6) rods; thence north parallel with the first course twelve rods to the south line of Kilbuck Street; thence east on south line of Kilbuck Street six rods to place of beginning.

Dated: March 31st A D 1903.

LORENZO D. DEWEY,
Assignee of said mortgage.
FRED'K B. WOOD, Attorney for assignee.

Commissioners' Notice.

STATE OF MICHIGAN, county Lenawee. ss.

In the matter of the estate of MARY JANE STEWART, deceased.

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased, do hereby give notice that we will meet for that purpose at the residence of William Swick in the village of Britton, Lenawee county, Michigan, on the 11th day of June, 1903, and on the 10th of December, 1903 at 10 o'clock in the forenoon of each of said days.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

When some men discharge an obligation you can hear the report for miles around.

"Speaking of shaving," said a pretty girl to an obdurate old bachelor, "I should think that a pair of handsome eyes would be the best mirror to shave by." "Yes, many a poor fellow has been shaved by them," the wretch replied.

WM. DeMOTT

One of Tecumseh's most highly respected Citizens,

DIED TUESDAY EVENING

In Ann Arbor Hospital. The funeral was held yesterday at three o'clock at the Presbyterian church.

Wm. DeMott has been failing in health for about six months. A short time ago he was advised by his physicians to go to Ann Arbor for treatment, which he did on Monday the 11th. The care and treatment he received there encouraged him very much and he felt that he would recover. On Tuesday night he had a bad spell from which he did not recover.

He is a native of New York, having been born in Lodi, Seneca county in 1839, and was the youngest of the four children born to Mr. and Mrs. Abram DeMott. He came with his parents to Lenawee county in the spring of 1844, locating in the village of Ridgeway.

After attaining manhood he returned to his native state to complete his education. He attended Ovid Academy, Genessee college and other institutions of learning where he maintained high rank in scholarship. He then returned to Michigan and resolved to study law and entered the office of Messrs. Bills & Baxter. He read law with them until the year of 1859, when he entered the law department of the University of Michigan.

While attending college in 1861 war broke out and his attention was turned from his studies to the affairs of his country. In the fall of 1861 he became a member of Co. K. 3rd Michigan cavalry and went with his regiment to Benton Barracks, St. Louis. In 1863 he entered upon the campaign of the south and west. He returned to Tecumseh and in 1867 established an insurance office and has been agent of the Northwestern Mutual Life Insurance Company to the present time.

Mr. DeMott is a member of Tecumseh lodge No. 69 F. and A. M. and is also a member of Beers Post G. A. R. He was a public spirited citizen and was widely known in business circles and where ever known was regarded as a man of ability and undoubted integrity of character.

The only near relatives of Mr. DeMott so far as known are W. H. DeMott, a nephew; and Mrs. Urch a niece, who resides in Flint, Mich., and W. H. Osborn of this city, who is an own cousin. Mrs. Lewis and Miss DeMott, daughters of W. H. DeMott, were here to the funeral.

The funeral was held Thursday at 3 p. m. at the Presbyterian church, sermon by the pastor, Rev. W. F. Jones. The funeral was in charge of Tecumseh lodge No. 69 F. and A. M. and the lodge conducted the services at the grave. Beers Post G. A. R. attended as an escort.

The dedication of the St. Louis world's fair is the occasion of a brilliant series of articles in the May Review of Reviews on the Louisiana Purchase and its results, the exposition in forecast, and the city of St. Louis. The same number has an outline of the plans formed for the municipal exposition to be held at Dresden this summer, and the noteworthy features of several other European fairs and congresses are summarized in an article on the great gatherings of the summer and autumn at home and abroad. The character sketch of the month is by Mr. W. T. Stead, his subject being the Right Hon. George Wyndham, whose name has been immortalized by its connection with the Irish land bill introduced last month in the British Parliament. An illustrated article by Mr. F. N. Stacy describes the great ships for the Pacific trade being built at New London, Conn., for Mr. James J. Hill. There are several pages of illustrated notes on the spring fiction and other new books, and "The Progress of the World," "Cartoon Comments," and other editorial departments are marked by a distinctive freshness and timeliness.—Review of Reviews.

A QUIET WEDDING

At the home of Mr. and Mrs. Samuel McClure occurred the marriage of

MISS ANNA McCLURE AND RICHARD MEAD

On Wednesday evening at five o'clock.

The marriage of Miss Anna McClure and Richard Mead took place at the home of the bride's parents, Mr. and Mrs. Samuel McClure, on Wednesday at five o'clock in the afternoon. The Rev. Jas. Hagerman performed the ceremony. Only a few relatives and friends of the young couple were present. After a wedding supper and informal reception, Mr. and Mrs. Mead drove to Adrian where they took a train for Detroit. It is understood that the honeymoon trip will extend to Niagara Falls. According to the wedding announcements, the bride and groom will be at home in Tecumseh after June 15.

Miss McClure is a delightful young lady, a graduate of the Tecumseh High school, has always lived here and is loved and respected by a large circle of friends. Richard Mead is a son of T. M. Mead of Raisin, has always lived near Tecumseh and is well and favorably known by everyone here. The young couple have the best wishes and regards of hosts of friends.

The out of town guests were Mr. and Mrs. Harry McClure of New York City, Mrs. Lamont Bangs of Oil City, Pa., Rev. and Mrs. Hageman of Oxford, Mich., Sam McClure of Lansing, Miss Florence Haines of Adrian.

BADLY BURNED.

While Attempting to move a Live wire at the Century Mail box factory Tuesday evening

J. F. BURTCH

Was Badly Hurt.

Last Tuesday evening about 7:30 o'clock J. F. Burtch, foreman at the Century Mail box factory, while putting a casting on the engine attempted to move a wire that is left in moveable shape and runs from the galvanizing room to the engine room. This wire is used to give light at any place desired in the engine room, and in moving it around the insulation has become worn off the wire in many places.

Mr. Burtch some way got caught in the wire and as his feet were on the wet brick pavement he received a terrible shock, which burned his little finger of the left hand so it had to be amputated, and severely injured the other fingers of this hand. No blame can be attached to anyone except that the insulation was carelessly worn off the wire and not properly wrapped again.

Mr. Burtch, although badly hurt, will soon be out again and the wires will no doubt be repaired so that no one will get hurt again. Dr. L. G. North amputated the finger Tuesday evening and the patient is now doing well.

LITERARY NOTES

To the June number of Lippincott's Magazine Caroline Gebhardt, already well liked by Lippincott readers for her earlier tale, "A Real Daughter of the Revolution," contributes a picturesque and lively novel of the times of 1812. It is called "A Lady of Influence," and passes mostly in the primitive Washington, where the society was select though limited. Miss Gebhardt's hero is Senator Westerfield, of New England, and her heroine Kate Page, a belle of the capital. They are antitypes so far as creed and manners go, and the Senator would have fulfilled his destiny and married Doroty Lane, his deceased wife's niece, but for the fascinations of the brilliant Kate, whom he fears in his Puritan heart. But what he did do makes the charming story, and the reader's enjoyment must not be robbed by anticipating details.—Lippincott's.

* * *

June being the favored month for weddings, that issue of The Designer gives special space to articles of interest to the woman who expects soon to be a bride. "Brides and Bride Attendants," "The June Bride's Trousseau" and "Woman's Fads and Fancies" all cater to this one subject, and even the fiction leans to that side, for "Laviny's Wedding-Gown" and "Thalia's Successful Play" have matrimony as a theme. The fashions and millinery shown in this month are charmingly summery and dainty, and so too are "Fashions and Fabrics" and "Points on Dressmaking," both of which have left heavier subjects to discourse on the light and airy side of woman's attire. In the literary portion of the book "The Magic of the Roof Garden," "Summer Sitting Rooms," "Farm Life for the Children's Summer Vacation" and "A Cherry Ripe Drill" all breathe of summer freedom and wholesome out-of-doors.—June Designer.

A Sure Thing

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, pneumonia and consumption. Try it. It's guaranteed by C. A. Wright druggist. Trial bottles free. Regular sizes 50c, $1.00.

The entire assets of a recent bankrupt were nine children. The creditors acted magnanimously, and let him keep them.

IN OLDEN TIMES

Today the Herald will print the eighth article on

OLD TECUMSEH

And it will be read with interest.

In looking into an old HERALD dated Dec. 8, 1864 we notice that a meeting of Tecumseh physicians was held at the residence of Dr. M. A. Patterson to draft resolutions on the death of Dr. W. Baldwin and on motion of Dr. Catlin, Drs. Patterson and Hamilton were appointed to present a copy of said resolutions to the family and also to the HERALD for publication.

Dr. Baldwin came to Tecumseh July 4, 1836 and was one of the oldest practicing physicians here. He was the father of Mrs. J. S. Strong and was born in Hartford, Conn., 1799. Dr. P. N. Curtis in same issue of the paper advertises some corn cure that is a sure thing for "that corn that has troubled you so long" and we wish he had left some of it for us of the present time, for corns like the poor "ye have always with ye."

Ward & Strickland advertise 1500 yds. of remnant prints which will be sold on Saturday at 25cts a yard, thread will be sold at 12½ cts during this sale. Feb. 2, '65 an item appears in regard to Dr. Peters, late of Palmyra who has just taken up his residence among us. His office will be at his residence first door south of Baptist church. Now that the Peters house has again changed hands it is interesting to note an item published at this time which says Dr. Peters moved the frame of his house up from Palmyra when he decided to reside here.

A monument is now on foot to build a telegraph line from Adrian through this place on to Jackson and Lansing, and the editor advises calling a meeting of citizens to help the project on because "there is nothing which the business men of our town need so much as a good telegraph line."

There have been two very enjoyable entertainments during the week. One, the celebration of the anniversary of Washington's birth, at the Union school. The first item on the program, A biography of Washington by Chas. Cook, well written and well read. The second a well written eulogy by Miss Mary Chadwick, the third a poem by Miss Annetta Crossman, was a worthy production; the fourth an essay of much ment by Miss Eliza Adams. Revs. Wastel and Wright followed with addresses. The other was an exhibition given at Odd Fellows hall for the soldiers aid society. Net proceeds were $52 and the "silver band of this place, led by Fred Emerson, kindly donated their services."

The exercises of the evening commenced by a declamation by H. B. Roberts; then followed a dialogue entitled Dress Reform, the performers were Mrs. P. W. Adams, Mrs. M. E. Conklin, Misses H. Stevens, N. Beers, S. F. Castle, L. Tallman, E. I. McConnell, L. Train, C. Spafford. The next play was the Farmers Son, supported by D. McNair, Miss H. Stearns, P. W. Adams, Mrs. P. W. Adams, M. E. Conklin, C. Cook and H. Kneeland. The last play of the evening was "A race for a dinner" acted by G. T. Ketcham, A. S. Brewer, S. C. Stacy, H. B. Roberts, L. VanTyne, C. Cook and P. W. Adams.

"S. C. Stacy feels perfectly at home on the stage and it would be no easy task to find his competitor in the caste assumed by him. A. D. Stacy gave a declarmation, Advice to husbands, in a masterly and easy style." The exhibition was an all around success.

We occasionaly in looking over the old newspaper files find curiosities of composition which are quite amusing in these days of concise writers. Punctuation seemed to be scattered in as you shake in salt from one of our old fashioned pepper boxes, regardless of sense, simply sprinkled in till the mixture looks well. Here is an example—A daughter of Mr. Hagener, a German aged 12 years, residing in Adrian while breaking ice with a pail, to get water in a hogshead, sunk in the ground on the 24th inst., lost her balance and fell in head downwards and was drowned. She was found soon after, dead. (She certainly would be dead if she was drowned.) Another, "Rev. Mr. Dix is expected to preach in the Presbyterian church next Sabbath in the absence of the pastor. (we should have supposed the preaching would be in the audience room.)

Here is something regarding of war time revenue. "It is generally known that all receipts for money over $20 must be stamped to be valid, but it is not known that all letters acknowledging the receipt of money in all sums exceeding $20 must also be stamped. If A addresses a letter to B saying your letter of Feb. 15 enclosing $100 on account has been received it has been decided that there is no difference from one where he writes, Received from B $100 on account, with our receipts."

A perfect avalanche of house seekers seen to have been let loose in Tecumseh April 18, 1865, and every construction with a door and chimney is eagerly snapped up.

Rev. J. Wainwright Ray who has accepted a call to the Rectorship of St. Peters church of this village will preach a discourse next Sunday evening on the assassination of President Lincoln, and the attempt on the life of Secretary Seward. Mr. Ray will give some statements from his personal knowledge of the parties, during a residence in Washington. By common consent a union meeting was held at the M. E. church on that Sabbath evening following this great national calamity. The services directed by the pastor Rev. D. C. Wright, were protracted through two hours and a half. The time was occupied in prayer, singing and pungent addresses. Among the laymen who addressed the meeting were Dr. Hamilton, Mr. Baxter and Mr. Murray.

Thirty-eight years ago today, May 29, '65 a meeting was called for the purpose of erecting a suitable monument to the the memory of our fallen soldiers. A citizens appeal to the HERALD to assist by publishing the following:

"We can't forget the braves of so many
battle fields
The men who gave their life blood for
what today it yields
Who sleep beneath the pines sweetly
resting on their shields."

Nor should we, while life and being last we will cherish the memory of their deeds. What then will the citizens of Tecumseh do? Let us go to work at once to prepare a suitable monument to their memory. Let the monument be located in a conspicuous place in our beautiful village cemetery.

Let the names of our sleeping patriots with such other suitable inscriptions as we would all desire, have a place upon this monument. Let us have voluntary subscriptions to this monument to the amount of from $500 to $1,000 or as much more as may seem appropriate. Let the matter now be started and completed as soon as may be. And the result of that citizens appeal, is the soldier statue which today adorns military park and under whose shadow the whole village have sat for more than thirty decoration days.

World's Best Medicine.

PAINE'S CELERY COMPOUND

Has Made People Well When Every Other Remedy Has Failed.

Paine's Celery Compound cures disease! It has saved the lives of thousands of sufferers. It has made the weak strong, vigorous, and happy.

Paine's Celery Compound purifies the blood and builds up the nervous system as nothing else can do; it is pre-eminently the great life giver and health maker.

Overworked and tired women stand in urgent need of this health giving prescription to make and keep them well. All women should take advantage of the remarkable power of this best of medicine for restoring vigor to the blood and strength to the nervous system. The all-important thing for nervous, run down, and sleepless women is that Paine's Celery Compound fortifies the whole physical system, and by correcting digestion and regulating the nerves, it insures sound, refreshing sleep. In every case of sickness Paine's Celery Compound completely and permanently brings back health. Mrs. Mary M. Myers, Baltimore, Ohio, saved by Paine's Celery Compound after the failures of able physicians, gratefully writes as follows:—

"I suffered for eight years with nervous prostration and the general debility common to women, and had such pains in my back that I could not get around the house. I used several remedies and consulted several of the best physicians without obtaining any relief. Paine's Celery Compound restored me to health.

"I also want to say to all mothers that Paine's Celery Compound is a splendid medicine for their children."

The service we may have rendered to others loses the name of a benefit as soon as we begin to expect the least reward.

IT IS SERIOUS.

Some Tecumseh People fail to Realize the Seriousness.

The constant aching of a bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected
Dangerous urinary troubles follow.

A Tecumseh citizen shows you how to avoid them.

Mr. F. A. Ferguson, tinsmith, residing in the northwestern section of Tecumseh, says: "I had symptoms of kidney trouble. The kidney secretions were very irregular and at times too frequent and highly colored. Having seen so many cases of severe kidney trouble I thought it wise to do something at once, so I got a box of Doan's Kidney Pills at C. A. Wright's drug store and took them. I emphatically declare Doan's Kidney Pills to be up to the representations made for them."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

A queer old gentleman being asked what he wished for dinner, replied, "An appetite, good company, something to eat, and a napkin."

There is an inconsistency about women earning their living, wearing diamonds.

Ten to one the man who puts a knife in his mouth when eating would use a tooth pick at a wedding breakfast.

It hurts you when you ask for the girl's hand and get the old man's boot.

WHEN THE NERVES ARE SHATTERED.

When the nerves are shattered one cannot think, work, eat, sleep or accomplish anything.

It's a case of force all the time—a continued effort to keep going—no life—no energy—no ambition—upset at anything—nervous headaches—crying spells—fits of depression and utter despondency. Dr. A. W. Chase's Nerve Pills cure this condition to stay cured by rebuilding the shattered nervous system—nourishing the nerve centers and resupplying what is lacking—the active principal of life—Nerve Force.

Mrs. B. E. Gray of Tecumseh, Mich., says: "Last summer I had an attack of fever which left me weak, dizzy and my nerves shattered. I got a box of Dr. A. W. Chase's Nerve Pills at C. A. Wright's drug store and found them splendid, the medicine put me on my feet again rapidly and easily, nerves firm and steady, general health and strength splendid and not a vestige of dizziness. I think the medicine unequaled in such troubles and strongly recommend it." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

The only man who never fails is the fellow who never does anything.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

No woman who has attained social eminence ever helps another to the hights.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 50 cents.

The fact that riches have wings may be the reason that they enable a man to "fly high."

John Taylor met with quite an accident Tuesday about ten o'clock while crossing the Wabash track in this village with a load of corn in bags on his way to mill. John Taylor, his father and little son, about five years old, were on the load and they stopped in front of Mr. Getty's store. Mr. Taylor got off the load and John Taylor and son started to cross the track as the pay car was returning which did not stop at Britton and was running very fast. It struck the hind wheels of the wagon and the bags of corn were scattered some distance. Mr. Taylor was carried to the hardware store, no bones were broken but he was somewhat bruised and stunned. He is getting along very well. The little boy was not hurt at all.

CARD OF THANKS.

We wish to express our many thanks for the assistance of friends, to the Y. P. S. C. E. and Sunday school, to the 7th, 9th and 10th grades of the school for the floral decorations and to Rev. Mott of Ridgeway, for his services at the funeral of our daughter, Le[illegible].

MR. AND MRS. GEORGE ALLEN.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by all druggists.

"Oh, I've loved before!" said a Detroit woman to her fourth husband, as she took a handful of hair from his head because he objected to hang out the week's washing.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

How About Your Heart

Feel your pulse a few minutes. Is it regular? Are you short of breath after slight exertion as going up stairs, sweeping, walking, etc? Do you have pain in left breast, side or between shoulder blades, choking sensations, fainting or smothering spells, inability to lie on left side? If you have any of these symptoms you certainly have a weak heart, and should immediately take

CONFEREES REPORT.

House Committee Sends in a Scathing Denunciation.

Lansing, Mich., May 28.—By unanimouse vote the report of the house conference committee on primary election was adopted Wednesday afternoon and the committee discharged. The document constitutes a scathing denunciation of the violation of republican party pledges by the proposition to pass a sop measure, and puts the primary reform issue once more squarely up to the senate. Another conference committee is asked for and the situation left in such shape that the senate must decide whether or not negotiations are to continue

The report of the senate committee, which was adopted in the upper house, does not recommend the appointment of another conference committee. Machine senators now say they don't want any more conferences and that they will pass a bill like the Baird substitute and send it over to the house in order to shift the responsibility in case no reform law is enacted.

Veterans Will Meet.

Muskegon, Mich., May 2[illegible].—General orders, No. 3, Michigan department, G. A. R., have been issued by department Commander Edward C. Anthony through Assistant Adjutant Fayette Wyckoff, as follows: "1. As previously announced the department encampment will be held in Muskegon, June 10 and 11. Headquarters at the Occidental hotel. The department commander desires that a large representation of the department be present to do honor to the city that is generously preparing to receive us.

Soldiers Will Contest.

Lansing, Mich., May 28.—A circular issued by Adjutant-General Brown announces that the members of the National guard will indulge in a marksmanship contest during August. This is for the purpose of selecting 16 men to represent Michigan at the contest at Sea Girt, N. J., under the auspices of the war department.

Dying Convict is Released.

Lansing, Mich., May 28.—A commutation that will cause sentence to expire at once has been granted in the case of John Cronin, sent from Berrien in 1900 to Jackson for six and one-half years for assault with intent to great bodily harm. Cronin is dying from diabetes and relatives will take him to Pennsylvania to end his days

NO WEATHER BUREAU

Rheumatics Can Tell by Their Aches When a Storm is Coming.

Rheumatics save barometers, but it is like sticking knives into them when change of weather comes.

When nature waves her danger flag it is an acute evidence of the disease and a cry for help. She cannot free herself from this Uric acid, but convulsively tries to throw it off as the stomach tries to eject a poison.

If you do not help nature you will have to suffer. You have suffered. There's no need. Athlophoros can stop the pain and free you from this weather-vane trick. Athlophoros acts directly on the Uric acid like a May day on an ice field—it will drive your Rheumatism away, no matter what kind of Rheumatism or Neuralgia you may have. Sciatica and Lumbago both come from Uric acid and will respond quickly to the action of Athlophoros—it will soothe and quiet you—you can prove it easily. If your druggist doesn't keep it send $1 to The Athlophoros Co., New Haven, Conn. It is pleasant to know help is so near. You will find it still pleasanter to be without aches and pains.

REIGN OF TERROR

Insurance Companies Cancel All Policies in Jackson, Ky.

ON BOTH FIRE AND LIFE

Dastardly Feudal Fights Responsible For the Conditions—Judge Hargis, Leader of Hargis Faction, Is Continually Guarded by Four Men.

Jackson, Ky., June 1.—There is not a dollar of fire insurance or of life insurance in Jackson today.

Every policy has been cancelled by the insurance companies.

This statement perhaps conveys as sharp an impression as any one thing can of the state of terror the Hargis-Cocrell feud has caused here.

If one wants a vivid picture of life under feud conditions he has but to pay a visit to James Hargis, the county judge and leader of the Hargis faction. He will find four armed men with Hargis, and no matter how good an introduction the caller may have or how well vouched for he may be, he will find the four armed men at his elbow as long as he remains in Jim Hargis' vicinity.

As for Hargis himself, he will rarely look the caller squarely in the eye. Not that he is a diffident man, but his eyes are constantly roving and rolling from side to side, to detect any sign of an assassin creeping upon him. He and his brother own a large store, but even there he generally has his guard, and no man has been able for many weeks to get Jim Hargis to stand in his store door and chat for a moment. He remains back in the gloom so he may not be shot from the street.

The history of Breathitt feuds dates back to the civil war, and each feud has been in some manner, more or less remote, connected with the preceding one.

Sunday was a quiet day in Jackson. Save for the inspection in the morning, an unusually large number of curious visitors from the country, and a search of the jail, the hours passed monotonously for the troops. Fearing that a weapon or saw might have been passed to Jett or Tom White by some visitor, Colonel Williams took the precaution to have every cell in the jail examined, but nothing was found.

A NATIONAL WEDDING.

President Even Changes His Plans to Be There.

Cleveland, O., June 1.—America has never seen such a wedding as that which will make Miss Ruth Hanna the bride of Joseph Medill McCormick of Chicago. No marriage has been of such national significance as that to be celebrated at noon on June 10, in St. Paul's historic old church in Cleveland.

The president of the United States, that he may be present at the ceremony, has even altered the itinerary of his western tour. The state Republican convention of Ohio was forced to postpone its meeting date to avoid conflicting with the wedding.

In St. Paul's church, when Miss Ruth Hanna becomes Mrs. Joseph Medill McCormick, will be gathered the president of the United States and his cabinet, the larger part of the senate of the United States, and an array of foreign ambassadors and diplomats never seen at any event of less importance than the inauguration of a president. The American ambassador to Russia is traveling 10,000 miles to be present at the wedding.

Pope Looks Forward.

Rome, June 1.—The pope received Cardinal Vives, a member of the committee for the organization of the new jubilee in 1904. Describing his audience Cardinal Vives said to your correspondent: "I was amazed by the confident way in which his holiness spoke about his part in the celebration. The pope said: 'We will have functions, several functions, during the year at which we ourselves intend to be present, and we are resolved also to be present at the great Te Deum, which will close the jubilee on December 8.'"

Officer Committed Suicide.

Johannesburg, Transvaal, June 1.—Captain Sir Edward Henry Hulse, who was press censor during the latter part of the South African war, was found shot dead in the bedroom of his residence.

LATE NEWS IN BRIEF.

A Fire in Canton, O.—The bookcase and office specialty manufacturing plant of the John Danner company, Canton, O., was burned Sunday, causing a loss of $160,000. Insurance, $40,000. The origin of the fire is unknown.

Tornado in Louisiana.—Saturday night a tornado started about three miles south of Welsh, La., and swept everything before it for a distance of two miles. Two white men and a negro were killed by lightning.

Made Thirty Arrests.—The Free Thinkers and anti-clericals of Paris attempted to make a manifestation in the Place de La Republique Sunday, but the police prevented the carrying out of their plans. Thirty arrests were made.

Score of Villages Destroyed.—The British consul at Erzeroum reports that an official estimate places the number of persons killed in the earthquake in the Van district of Asiatic Turkey, at 860. Nearly a score of villages were completely destroyed and many more were partially demolished.

Attacked by Nomads.—Advices from Algeria report that M. Jonnart, the German general, was attacked by Nomads near Figuig while journeying from Djennan-ed-Dar to Benounif with a large party. A brisk fusillade ensued, in which thirteen persons were seriously wounded. M. Jonnart was not hurt.

Big Blaze in Bay City.

Bay City, Mich., June 1.—Fire which started in a stock shed of the Wolverine Manufacturing company's plant, West Bay City, Saturday afternoon destroyed 800,000 feet of lumber, three stock sheds, barn and four houses, together with furniture, causing a loss of about $50,000.

TO ADJOURN IN A WEEK

LEADERS WILL TRY TO FIX THE DATE FOR JUNE 5.

PRIMARY QUESTION WILL BE SETTLED NEXT WEEK.

ULTIMATUM OF THE SENATE TO BE FORTHCOMING.

Lansing, Mich., May 30.—One more week will probably end the session of the legislature of 1903, though some of the old hands say the life of the session may be extended a day or two into the week following. There is little doubt but that the primary election bill will be disposed of early next week and that the leaders in both houses will do their utmost to fix the date of adjournment for Friday, June 5th.

All senators are asked to participate in a conglomerate assembly of all factions on Tuesday morning next, where the senators hope to lay down the senate's ultimatum to the house by agreeing on a primary bill which the senate conferees will offer to the house conference committee.

Undoubtedly the Colby-bill senators will offer an amendment on the floor of the senate to the report of the senate elections committee to include a provision in the Baird bill for the nomination of governor by direct vote. This will probably be voted down, another record being established of the status of the senators, and finally the house will accept the best it can get.

The Senate's Ultimatum.

The ultimatum of the majority of the senators will be a bill to nominate township, village, city and county officers and members of the legislature by direct vote.

The Stone bill, establishing county normal training schools, passed its third reading in the house Friday morning. Stone hopes by this bill to insure for the rural districts a class of more skilled teachers than under the present system. Normal schools now, he says, train teachers for graded schools, while the gap between graded and ungraded schools remains unfilled.

Little was accomplished by the senate Friday other than routine matters.

Lying in Filth.

Grand Rapids, Mich., May 30.—Humane Agent Randolph has just completed an investigation into the condition of a family in Nelson township, upon complaint of neighbors, and has sworn out a warrant against George and Rose Elkins, charging ill treatment of their children, for the purpose of abating the nuisance. In a state of almost indescribable filth and squalor, a miserable shack in the barren wilds of the township, he found the woman and her little children living with an old man named Russell. Elkins, the husband, was ejected from the hut some time ago by his wife and Russell and was found working on a farm in the vicinity. The couple have only the latter's meager pension to live upon, and their "farming" consists of a straggling potato patch.

Little Boy Murdered.

Sault Ste. Marie, Mich., May 30.—The sheriff's office was notified by telephone Friday afternoon that a murder had been committed at Bay Mills, twelve miles from this city. It was impossible to get the particulars of the affair beyond the fact that a 12-year-old boy named Marshall was shot by an Indian named Whiskie. It was stated that the boy was found lying in a field and that the Indian had been arrested by a deputy sheriff.

Paid For Wife's Divorce.

Lansing, Mich., May 30.—When John Kommendt presented himself at the county clerk's office in quest of a license to marry Miss Mathilde Paukratz, he made the discovery that the fee for entering the divorce decree obtained by his former wife had not been paid. Hence no entry of the decree had been made and he was not yet divorced. It was necessary for Kommendt to go down in his jeans and pay the $3 fee before he could obtain the desired license.

Death Came Sudden.

Traverse City, Mich., May 30.—Geo. Harrison, one of the best known lumber inspectors in northern Michigan, died suddenly at the Hotel Columbia at 9:30 last night. He had been at work in Kalkaska, and not being well came home at 6 o'clock Friday afternoon and went direct to the hotel. His death, which is a shock to his friends, was caused by heart disease.

Two Violent Deaths at Escanaba.

Escanaba, Mich., May 30.—George Jorgenson, aged 16, was caught in a conveyor shaft coupling at the Escanaba Woodenware company's plant and killed. Dave Kirkpatrick, a Northwestern conductor, fell between the cars, was run over and instantly killed. He leaves a family.

Where Farmer Dart Erred.

Port Huron, Mich., May 30.—James Dart, a prominent farmer of Kenokee was arrested Friday morning charged with passing a worthless $40 check on Charles Martin of Avoca. Dart received the check in payment for hay and attempted to pass it on Martin.

Won Diamond Medal Contest.

Adrian, Mich., May 30.—The diamond medal contest, an interesting event which marked the closing session of the W. C. T. U., was won by Miss Lelah W. Sloan of Homer on the subject, "What shall we do with the liquor traffic?"

Hackley at it Again.

Muskegon, Mich., May 30.—C. H. Hackley, who has made many gifts to the city, has now given the Hackley library a $1,000 marble bust of himself and the Hackley school a piano.

Horticulturists to Meet.

Lansing, Mich., May 30.—The midsummer college meeting of the Michigan State Horticultural society is to be held at Michigan Agricultural college June 9-10. A program of unusual interest has been prepared.

Loubet May Visit Pope.

Paris, May 30.—Official arrangements have been concluded for a visit of King Victor Emmanuel of Italy to Paris on July 3 or 7. It has also been officially determined that President Loubet will visit London and Rome. In connection with the latter visit, the question whether M. Loubet will visit the pope is receiving official consideration. The understanding here is that the vatican is in favor of such a visit.

NOTABLES PRESENT

And Thousands of Persons Attended the Dedication

OF BATTLE CREEK SANITARIUM

A Unique Institution Reared as a Monument to an Idea—Building a Large One—Governor Bliss Was Present—Vegetarian Dinner Served.

Battle Creek, Mich., June 1.—Governors Bliss of Michigan and Van Sant of Minnesota, with many members of their staffs together with thousands of citizens from all over the state, were in the "health food city" Sunday to witness the dedication of that most unique institution, the Battle Creek Sanitarium. Unique because its aims are so utterly unlike those of any other institution of the kind on earth.

The big building, representing an expenditure of over a million dollars, was not put up with any idea of paying dividends but as a monument and everlasting exponent of an idea. The idea has gone out to all the world as the "Battle Creek Idea," and is in brief, that right living will help to make right men and women. Abstinence from meat, and the use of nuts, fruits and cereals in its stead is regarded as a long step in the way of right living. The growth of the idea and its adoption by thousands all over the world have made Battle Creek famous.

An Enormous Building.

How big the institution is may be known from the fact that the length of the main building is 550 feet and is six stories high. There are three large connecting buildings, four stories in height radiating from the rear of the main building, and connected with it by a semi-circular rocridor. If the three additions were placed side by side with the main building the total length would be more than one thousand feet, or one-fifth of a mile. There is a total floor space of over seven acres in the institution, which is of the most absolutely fire-proof construction.

The building proper presents an imposing and beautiful appearance, located, as it is, on one of the highest points in the city and is the first structure to greet the eye of visitors from the car windows as they approach Battle Creek.

Dr. Kellogg, under whose personal management this great institution was founded, and whose persistent and untiring efforts have been successful in the completion of the new sanitarium, has spared no expense in any part of the work, and Battle Creek rightfully boasts of being the location of one of the most prominent systems of hydrotherapy in the world.

Hon. Perry F. Powers, Auditor General of the State, presided in a most able and pleasing manner, and introduced with fitting remarks the speakers of the day to the vast crowds which gathered on the two-acre lawn in front of the Sanitarium building to listen to the speeches.

The dedicatory services, which were decidedly religious in tone, were introduced by a most appropriate Scripture reading conducted by Rev. Alonzo T. Jones, followed by interesting remarks. The invocation was pronounced by Rev. L. McCoy, chaplain of the Sanitarium.

J. H. KELLOGG, M. D.

Governor A. T. Bliss was represented by his secretary, Major H. E. Johnson, in an able, eloquent, and highly sympathetic speech. The most eloquent address of the occasion was that by Congressman Washington Gardner, who eulogised the aims and purposes of the institution. Judge Lowrey of Chicago made a scholarly and interesting address. Able addresses were also made by Hon. H. C. Nichols, Mayor Webb, Doctors Morse and Stewart, representing the Sanitarium family and the building committee, and also by Prof. O'Shea of the University of Wisconsin, and Professor Fred N. Scott of the University of Michigan. Hon. Jesse Arthur, the attorney of the institution, made an able address. Dr. Kellogg presented in a few remarks the ideas and purposes of the institution. A chorus of several hundred voices, under the leadership of Professor Edwin Barnes, sang at the afternoon services, while an orchestra and brass band, under the direction of Professor Martin, furnished excellent music. Professor E. O. Excell sang a solo.

An Army of Nurses.

Perhaps the most interesting feature of the occasion was the little army of several hundred trained nurses, all in uniform, who occupied one of the spacious verandas adjacent to the speakers' stand.

A special dinner was served to the hundreds of state and city officials and other prominent guests at 6 o'clock. A representative Sanitarium menu, on which, of course, there appeared not the slightest trace of meat, was served.

The ceremonies continued in the evening by a union praise service, in which all the denominations of the city joined. Short addresses were made by the leading ministers, and the Amateur Musical club, under the direction of Professor Edwin Barnes rendered selections from the 'Messiah," "Elijah" and other great musical compositions. The congregational singing was lead by Professor E. O. Excell, who also sang solos and several duets were sung by Professor Excell and Charles H. Gabriel.

Telegrams of regret at not being able to be present were received from President Roosevelt, Secretaries Knox and Root, and many governors.

Barn and Live Stock Burned.

Quincy, Mich., May 30.—A large barn on the farm of Frank Kennedy, north of here, was struck by lightning and burned to the ground early in the morning. Five horses, several head of cattle and the contents, owned by R. Wilcox, were consumed.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousand of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c, money back if not cured. Sold by C. A. Wright, druggist.

ANOTHER HORROR.

Possibility of Much Loss of Life in Kansas City.

Kansas City, Mo., June 1.—With the waters of the Kaw and Missouri rivers nearly four feet above the disastrous level of 1881 and their swollen tide spread over twelve square miles of the city and its suburbs, Kansas City is in the worst flood of its history.

In the valley of the Kaw river, between this city and Kansas City, Kan., a report has it that a number of lives have been lost. One report says fourteen and another fifty, but in the midst of demoralization of traffic and the ordinary means of communication, it is impossible to verify these reports.

The financial loss has been increasing all day and bids fair to continue.

Armourdale, with a population of 16,000 people, is deserted and its site marked only by the tops of buildings and a number of fires.

Seven fires, believed to be chiefly box cars burning, can be seen from the bluffs.

The refugees from Armourdale for the most part are huddled together in the immense auditorium of the convention hall, and 700 found refuge with friends in more fortunate parts of the city.

Two-thirds of Argentine is under water. More than 4,000 people in this suburb found safety in the higher part of the town.

All bridges over the Kaw river are down, and the only communication with Armourdale is by boat.

Kansas City is without a water supply, the flood having disabled the pumping station, and the utmost is being taken that no fires shall break out. Even a small fire, it is feared, would start a conflagration.

The railroad yards are blockaded with trains unable to get out.

BRING JEWS TO U. S.

Wonderful Undertaking Proposed to Help the Russian Hebrew.

New York, June 1.—Plans to bring 5,000,000 Jews from Russia to the United States are under consideration by the order of B'Nai B'Rith. The sentiment of Rev. Dr. MacArthur that in this country and in American conditions is to be found the solution of the Jewish problem was taken up at a meeting of Justice lodge of the order and a committee was named, with Dr. Isidor Singer at its head, to prepare in detail a plan of action that shall afford relief from the persecution which Jews in Russia, Galicia and Roumania undergo. The affair is not to stop with the efforts of Justice lodge, but is to be brought before all Jewish organizations in America.

"There are, approximately, 5,000,000 Jews in Russia," said Dr. Singer, "as against 125,000,000 Russians, and since the Jews are not protected, to the shame of Christianity, it is better and easier to remove the Jews than to convert the Russians to humanity.

"Our committee hopes to raise locally a good deal of money and to engage steamers to bring hither 100,000 Russian Jews a year. America can assimilate them. Upon arrival they will not be permitted to settle in New York or the congested cities of the east. Instead we hope to bring them into America by way of New Orleans and to take them to the farm lands of the west."

Fatal Game of Craps.

Pittsburg, June 1.—Two negroes and a white boy were killed and a third negro terribly beaten in a quarrel over a game of craps at Highbridge, West Liberty, Sunday afternoon. The enraged mob of whites had the rope about the neck of the third negro and were dragging him to a tree to lynch him when he was rescued by the officers. Both sides had revolvers and during the battle a hundred or more shots were fired. The quarrel was the result of an attempt on the part of the white boys to break up the game and stop the gambling.

Are you thin? Would you like to get fat and plump? Tried "laughing," 'twouldn't work—now take Rocky Mountain Tea 'twill do the business. 35 cents. J. J. Orr.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years she writes, I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by C. A. Wright Druggist.

There's nothing in size—when a pint bottle can exert more influence over some men than a church spire.

The average man doesn't amount to much when measured by his neighbor's standard.

Feet swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." J. J. Orr.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all druggists.

When Moore Sang.

In singing his own songs Moore altered the arrangement of the airs and sang the first part of each verse twice over at the beginning instead of as a refrain at the end. In that glorious song of his, "Oh, the Light Entrancing!" Moore's own singing of it was a matchless treat. With head upraised, he seemed almost to revel in the fresh morning light as he gazed on the "sight entrancing," and his eye sparkled as "files arrayed with helm and blade" seemed to pass before him, while a deeper feeling awoke as the passion of the song came upon him.

His voice, one of infinite modulation but of small compass, rose clear and thrilling to its highest pitch as he sang:

Go ask yon despot whether
His armed bands could bring such hands
And hearts as ours together.

His song was an inspired recitative, and he seemed to improvise as he ran his fingers over the notes, and as the tide of thought came over him it was poured forth in harmonious cadences of exquisite variety. Had he been tied to a chair, with the added doom of a prosy companion, he would have exploded and gone off like a rocket or a bottle of sparkling champagne.—Westminster Review.

Moorish Slavery.

It would do those good who write passionate articles on Moorish slavery to see the well fed, lazy slave of Wazan lounging in the sun, kiff pipe in mouth and scarcely doing a stroke of work from week's end to week's end. The most ordinary English kitchenmaid would accomplish in a couple of hours what a Wazan slave does in a week. All are free to come and go as they please, but none avails himself of this freedom. The reason is not far to seek. In Wazan they are fed and clothed by the shereefs and on holidays and feast days receive presents of money.

Thus all the necessities of life are found them without their having to work for them, which otherwise they would be obliged to do. Nor is it only the necessities of life that are thus supplied to them free, but they are given each his room to live in and married at the expense of the shereefs to slave women. Their children, by law slaves, are not necessarily so and are often apprenticed to workmen to learn some trade or if they wish are free to seek their fortune in other lands.—Blackwood's Magazine.

A Lucky Escape.

An elephant hunt on the Muar river is described in the Straits Times of Singapore. The beast turned hunter, and the man, fleeing, caught his foot in a rattan creeper and fell. He discharged his rifle, however, and that fortunately frightened the animal away. The Times continues: "It is not every man who has the good luck when pursued by an elephant to be crossing a swamp, so that when the animal has carefully kneaded his prostrate foe and passed along thinking him completely pulverized the said man should come up smiling behind the elephant none the worse for his massage treatment. This actually happened to a well known man in the Straits Settlements."

A Unique Home.

In Sweden and Norway there are several homes for spinsters. One of these at least is as attractive as it is unique. It is a monument to the memory of an exceedingly wealthy old man, who, dying more than 200 years ago, left the major part of his fortune to the old maids among his descendants. A superb home was built, furnished and managed by salaried trustees. It flourished and has continued. Any unmarried woman who can prove blood relationship to the founder of the institution is entitled to admission to the home. She is given a suit of rooms, a servant, private meals and is subject to no rules save such as ordinary good behavior demands.

Music's Power.

Grimes—Yes, I'm fond of music. There's Tinnerman, for instance—

Brady—You don't call his horn blowing music?

Grimes—It has been very enjoyable to me. I got Tinnerman to keep at it night and day, and the result was that I bought the house next door for a thousand dollars less than the man who lived in it asked a week or two before.—Boston Transcript.

Two Sinners.

"It is very wrong to tell a falsehood," said his mother to little Jimmie, who had caught him in one.

"Then we're both offul sinners, ain't we, maw?" queried Jimmie.

"Both! What do you mean?"

"Why, you told Missus Smith yesterday that you hoped she'd call again, an' after she wuz gone you said you wished she'd never come again."—Ohio State Journal.

NOTES OF NOTABLES.

Horace White, editor of the New York Evening Post, has been made a trustee of Beloit college.

Rev. Dr. F. E. Clarke has again been chosen president of the United Society of Christian Endeavor.

E. F. Hamlin has just completed his quarter century of service as executive secretary at Boston's statehouse.

Musolino, the notorious Calabrian brigand, was recently sentenced at Lucca to imprisonment for life.

William McEvoy and Abe McCutcheon of Chicago have been members of the typographical union for fifty years.

Paul Kruger, it is said, has removed the Transvaal and Orange Free State flags that have been floating over his house in Holland.

Professor Louis L. Dyche has decided that the first human beings lived in the Arctic zone, the race gradually moving southward.

Kingdon Gould, George Gould's fourteen-year-old son, is one of the best polo players in the country, outclassing his father, who is a good hand.

Mrs. Tjaard Kruger, widow of the ex-president's son, has been married to Chief Detective Whelan, head of the criminal investigation department at Pretoria.

Russell Sage is a director in twenty-six companies and institutions, and it is said that his income from fees paid him as director amounts to $15,000 a year. Mr. Sage will be eighty-six years old in August.

S. M. Vauclain, superintendent of the Baldwin Locomotive works, declares that the majority of mechanical training schools are woefully behind the times in all that pertains to the various trades as practiced in America.

Gabriel Harrison of Sterling place, Brooklyn, retired actor and teacher of elocution, aged eighty-five, used to run errands for Aaron Burr and is believed to be the last surviving close acquaintance of that former vice president.

Signor Bardini, a noted antiquarian of Florence, has just sold his second collection of antiques at auction in London. A bronze group of "Samson Slaying the Philistines," fifteen inches high, attributed to Michael Angelo, brought $6,000.

Senor de Ojeda, who was secretary for Spain to the Paris peace commission and now is minister to Tangier, will succeed the Duke d'Arcos as Spanish minister to the United States. The latter has been transferred to the Spanish legation at Brussels.

ENGLISH ETCHINGS.

Great Britain is now running a weather bureau on American lines.

In England it is possible to buy 2 cents' worth of government bonds.

Sunday work on the treadmill is to be abolished in thirteen British prisons.

The hoisting of the black flag after executions is to be discontinued in London.

Thirteen British life assurance offices decline proposals from unvaccinated persons.

Seven clergymen and sixteen lawyers are inmates of workhouses (almshouses) in Yorkshire, England.

The British and Foreign Bible society is trying to raise 250,000 guineas to enable it to extend its field by way of celebrating its centenary in 1904.

There are 2,850 blind persons in the east end of London, many of whom have to beg for a living, states the sightless president of the National League of the Blind.

By arrangement with the London school board the London county council is to rehouse 1,030 persons whose homes have been acquired to make room for new schools.

ORCHARD AND GARDEN.

House plants like fresh soil. To grow a plant well it should be repotted often.

Any soil too damp naturally to make healthy trees should be avoided by the orchardist.

Slight elevations are a safer place for the grape than bottom lands. The early and late frosts always seek the low lands.

Strong soapsuds applied with a broom or whitewash brush is one of the best washes for fruit trees. Properly applied, it will aid materially in destroying lice.

Horticulture when followed intelligently gives better results upon the capital employed than almost any other branch of farming, but it is a business for careful, thoughtful, intelligent men only.

Most of the small fruits are less unfavorably influenced by a shady location than are vegetables. Protection from too much sun is an advantage. This is especially the case with gooseberries, currants and blackberries.

CYNICISMS.

People shake hands on mighty small provocation.

When a woman has money, she shows it, but a man doesn't.

Isn't it a fact that you hate some people because they mind their own business?

An old man of seventy told a whopper on the streets today. He said he felt as spry as a cat.

There is always some one in every crowd who remains just quiet enough to be able to tell afterward what fools the others made of themselves.—Atchison Globe.

Ends a Dastardly Rumor.

South Haven, Mich., June 1.—William Harrison, 19 years old, who was supposed to have been murdered by his father at his home in Breedsville has returned, meeting his father and mother after an absence of three years. At one time sentiment was so strong against the old man that there were threats of lynching him.

Waited For a Yawn.

Two young fellows recently went out on a shooting expedition, driving to their destination in a trap. They had excellent sport, and toward nightfall they returned to where they had hobbled their horse and were proceeding to hitch up when they discovered that neither of them knew the way to do it. In about an hour they had most of the harness on; but, try as they would, they could not get the bit into the horse's mouth. At last one of them sat down in despair, and his companion said:

"Well, Tom, and what are you going to do now?"

"I'm going to wait till that brute yawns," was the reply. And they did—St. Louis Republic.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

Accommodating the Captain.

One of the sea captains in the employ of Stephen Girard had a rural Yankee's fondness for whittling with his jackknife and on one trip succeeded in getting away with a large part of the rail, although, feeling that he was not without the artistic sense, he really regarded the rail as greatly improved in appearance. When the vessel came to Philadelphia, Girard went aboard, made a general inspection in the captain's absence and as he was about to return to shore asked one of the seamen who had been cutting the rail. The seaman told him the captain and then, afraid his telling might have unpleasant consequences were the captain to learn of it in a roundabout way, informed that official of the interview with Girard. The captain was in terror of a reprimand, but, hearing nothing from his employer, supposed the incident closed. As he was about weighing anchor ready to leave port a dray loaded with shingles drove down to the wharf, and the driver hailed the vessel.

"There must be some mistake!" shouted the captain. "Our bill of lading doesn't mention shingles!"

"This is where they belong!" sung back the driver. "Mr. Girard himself told me to deliver them! He said they are for the captain to whittle!"—Philadelphia Times.

The Cat Nature.

The cat's spirit of independence is the most distinct characteristic of her nature. As Mme. de Custine rightly said, the cat's great difference from and, according to her sentiments, superiority to, the dog lie in her calm insistence on selection which invariably accompanies her apparent docility. To the dog proprietorship is mastership; he knows his home, and he recognizes without question the man who has paid for, feeds, and on occasion kicks him with all the easy familiarity of ownership. He follows that man undoubting and unnoticed, grateful for a word, even thankful for an oath.

But the cat is a creature of a very different stamp. She will not even stoop to conquer, nor be tempted out of her nature by offers of reward. She absolutely declines instruction; nay, even persuasion is lost upon her for any permanent effect it may be designed to have. You may be the legal possessor of a cat, but you cannot govern her affections.

St. John's Eve.

Curious and quaint beliefs still prevail in some parts of England concerning St. John's eve. Lassies still place their shoes, before retiring for the night, at right angles, forming a T, reciting the lines:

Hoping this night my true love to see
I place my shoes in the form of a T,

under the idea that their future husband will be revealed to them in dreams. Formerly supper was placed on the table with the belief that the future husband would enter by the open door. There is, too, a prevalent idea that especially fortunate are the children born on St. John's eve, the rhyme running:

Under the stars on the eve of St. John,
Lucky the babe that those stars shine on.

A Curious Custom.

In some parts of Brittany a curious marriage custom prevails. On certain fete days the marriageable girls appear in red petticoats, with white or yellow borders round them. The number of borders denote the portion the father is willing to give his daughter. Each white band denotes $20 per annum; each yellow band represents $200 a year.

Hancock's Presence of Mind.

A reminiscence of the battle of Gettysburg illustrates the strict attention to business of the professional soldier under the most distracting circumstances.

When General Hancock was wounded, he was carried to the rear, where the surgeons cut away his clothing and found and extracted the missile. The general became much interested on seeing it and insisted upon sending for an aid-de-camp, in spite of the medical admonitions against exciting himself. When the aid appeared, the general called out to him:

"Go straight to General Meade and tell him the enemy is running short of ammunition. I have been wounded with a tenpenny nail!"

Carolus-Duran's Revenge on Sargent.

When John S. Sargent, the famous portrait painter, studied in the atelier of Carolus-Duran in Paris, his teacher showed his fondness for him by painting in his head in the great ceiling of the Luxembourg palace. Even after he branched out for himself his master often sent for him to come over to his studio and pose, his hands having especially won the admiration of Carolus-Duran. The time came, however, when Sargent could no longer answer the beck and call of his teacher, for he was getting work of his own to do, which would not allow him to leave his studio at a moment's notice. One day, it is related, Carolus-Duran sent a hurry call for him, and when he received a note saying that Sargent was compelled to decline his request owing to pressing work he was furious. A few days later a friend, to whom he had confided his anger at his recalcitrant pupil, asked him: "Well, how is it with Sargent? Have you made up? How is he?" "Ah, no," said the painter, and he looked sad and his shoulders went up. "How is it with Sargent? C'est fini!" Another shrug. "C'est fini! It's all over! I have been to the Luxembourg. I went and I got a ladder, and I painted out his head!"

ANOTHER STUDENT HOAX

Tricked Experts Into a Supposed Clue of Patterson's Fate.

Ann Arbor, Mich., May 30.—There is a new development in the case of Albert A. Patterson, the senior medic of New Castle, Ind., who disappeared on the night of May 21, and who left a letter behind, stating that he was about to be murdered by Mexican mafia. Herman Albro, a farmer, has found a wooden butter dish on the bank of the Huron river, near Whitmore Lake road bridge, with a bullet hole in it and the following words:

"May 22. Rake the river opposite here and you will find my headless body in the bottom of the river.
(Signed) "PATTERSON."

Experts declared the handwriting that of Patterson's and the river was dragged.

"Tug" Wilson, an employe of a local saloon, tells a story which explodes any possible theory of truth in the affair. He says: "I was up the river by the Whitmore Lake bridge. I saw a party of student picnickers. I sat down on the other bank behind some bushes to watch and saw the students writing on a platter and laughing. Later they nailed the platter to a tree and went away. I went over, read what had been written, and it was what caused the sensation. But it's certainly a joke on the handwriting experts."

POLICE NABBED HIM.

Man In Custody at Soo Who Answers Embezzler's Description.

Sault Ste. Marie, Mich., May 30.—Just before 6 o'clock Friday afternoon Chief of Police Nelson A. Burdick arrested a man whom he is positive is James K. Wales, wanted in Toledo on a charge of embezzling $2,300 while holding office as deputy county treasurer.

Burdick had previously seen a man about town bearing the description sent by Toledo officials, and upon inquiry found him registered at the Superior hotel as "J. H. Kyle, Buffalo." When arrested Kyle said he thought the chief had made a mistake, that he had a friend in the Soo who would straighten things out. The friend was called up but was not at home, and Kyle was locked up. He is positively identified by the description and incidents connected with his stay in the Soo made Burdick absolutely positive "Kyle" is Wales.

Elephants' Love For Finery.

Strange as it may seem, the elephant is passionately fond of finery and delights to see himself decked out with gorgeous trappings. The native princes of India are very particular in choosing their state elephants and will give fabulous sums for an animal that exactly meets the somewhat fanciful standards they have erected. For these they have made cloths of silk so heavily embroidered with gold that two men are hardly able to lift them.—Pearson's Weekly.

YOU MAY SING

IF WELL AND HAPPY

If you feel the throb of pure blood in your veins and the thrill of life in your body you are fit for anything, you can laugh and sing, you are in condition for work or play and you will enjoy life.

PURE BLOOD MEANS LIFE

If you do not feel right, if you are troubled with a gloomy feeling, with tired and nervous spells, look out for the following symptoms:

Foul Breath, Bad Taste in the Mouth, Sallow Skin, Pimples and Blotches, Indigestion, Loss of Appetite, Pains in the Side, Lame Back, Pains Under Right Shoulder, Dizzy Spells, Nervousness, Neuralgia, Rheumatic Pains.

These signs show that your kidneys and liver are out of order, and if they are they will not carry off the impurities and you will feel bad and are liable to have a spell of sickness. Better attend to it at once.

KINYON'S BLOOD AND KIDNEY REMEDY

WILL SET YOU RIGHT

Mrs. Balch of Mishawaka, Ind., says: "I was very sick for over two months, troubled with gall stones and general kidney trouble, at times I screamed so with pain that people could hear me a block away. I had a number of doctors and they could do nothing for me. I kept getting worse, could not rest or sleep. In desperation I used Kinyon's Blood and Kidney Remedy. I took $2.00 worth and got well. For the last year I have enjoyed good health."

Flag Day Proclamation.

Lansing, Mich., June 1.

To the People of the State of Michigan, Greeting:

Acting under the authority of concurrent resolution No. 10 of the public acts of 1901, I hereby request that Sunday, June 14, 1903, and Monday, June 15, 1903, be observed as flag days; that on those days there be a general display of the Stars and Stripes in honor of the anniversary of the birth of the flag. It is suggested that on Sunday from the pulpits of the commonwealth shall be preached patriotic sermons, and on Monday all of the schools of the state shall have exercises of a patriotic order, there being no more sacred duty of either church or school than the teaching of patriotism.

(Signed) A. T. BLISS, Governor.

Escaped From Fort Wayne.

Detroit, Mich., June 1.—Three soldiers, August Schultz, Robert Taylor and Frank Smith, who were in confinement at Fort Wayne, escaped Saturday night by removing screws from the kitchen door of the barracks, where they were employed. Shackles which were fastened to their feet were removed by skeleton keys. About 9 o'clock the lights in the kitchen were turned off and almost simultaneously the door was taken from its hinges. The men crept stealthily along the side wall of the barracks and with careful tread passed into liberty without being detected. Smith, who had been out on parole, apparently joined the other two on the outside and the three made a hasty departure from Fort Wayne.

"Jim Dumps a little girl possessed
Whom loss of appetite distressed.
"I des tan't eat!" the child would scream.
Jim fixed a dish of "Force" with cream;
She tasted it, then, joy for him!
She begged for more from "Sunny Jim."

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

William Cannon

A resident of Tecumseh for the past two years, died at his home May 18, 1903. He was a soldier of the Rebellion and was a member of the 8th regiment Michigan Infantry having enlisted at Ft. Wayne, Detroit, Sept. 23, 1861. He was in the battle of Hilton Head, Ecosa River, Ft. Pulaski, James Island, Petersburg and Campbell Station, at which battle he was wounded Nov. 16, 1863. He took a severe cold on picket duty Dec. 9, 1864 which nearly resulted in the loss of his eyesight. He was discharged at Washington July 30, 1865.

Mr. Cannon was born in Buckinghamshire, England, March 26, 1837 is a son of Michael and Rebecca (Head) Cannon and is a resident of Summerfield township and removed to Monroe county in 1876.

He has been twice married his first wife being Mary I. Haywood to whom he was married March 31, 1872. She was the mother of Benjamin Franklin, born March 18, 1873. Mrs. Cannon died April 20, 1877. Mr. Cannon was married in Deerfield, Michigan, Oct. 17, 1880 to Belona (Jacobs), daughter of John Fredrick and Parmela (Austin) Jacobs. She was born in Manchester, Niagara county, New York, June 22, '36.

He was a kind husband and loving father and neighbor. He leaves a wife, one son, one step-daughter and one brother to mourn his loss.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.

God in his wisdom has recalled
The boon his love had given,
And though the body slumbers here,
The soul is safe in heaven.

Mrs. Jacob Schaber.

Died, on Saturday, May 23, 1903, near Tecumseh, Maggie, wife of Jacob Schaber. Maggie J. Boyd, daughter of Robert and Mary Boyd, was born in Raisin August 1, 1866, and on Dec. 22, 1899, she was married to Jacob Schaber. She spent her entire life in Raisin.

During the latter part of last winter, she was taken severely ill and, in spite of medical skill and care of loving friends she slowly but surely neared the River of Death. Always of a cheerful, sunny nature, with a smile and kind greeting for all, she will be greatly missed by her own family and the many friends who knew her. She leaves one little girl to miss a loving mother's care.

The funeral was held from the house Tuesday, May 26, after which, surrounded by beautiful flowers she loved so well, she was laid to rest.

Call not back the dear departed,
Anchored safe where storms are o'er.
On the border land we left them
Soon to meet and part no more.

Far beyond this world of changes,
Far beyond this world of care,
We shall find our missing loved one
In our Father's mansions fair.

Jesus, while our hearts are bleeding
O'er the spoils that death has won,
We would, at this solemn meeting,
Calmly say, "Thy will be done."

Though cast down we're not forsaken;
Though afflicted, not alone;
Thou didst give and Thou hast taken,
Blessed Lord, Thy will be done.

CARD OF THANKS.

Not being able to meet each one personally, we take this method of acknowledging the debt of gratitude we owe our neighbors and also the choir, who so kindly assisted us during our recent bereavement.

MEMORIAL DAY

Was Befittingly Observed in Our Village

SUNDAY

Services were Held at 2 O'clock at the Opera House.

Decoration Day was observed in Tecumseh Sunday instead of the 30th as it is the custom. The exercises at the opera house were largely attended. The oration by Rev. M. T. Seelye was filled with patriotism and heart cheering pathos. Beside the speech by Rev. Seelye, an excellent program was rendered.

At the close of the program, the parade formed in front of the opera house, under the direction of the marshal of the day and marched to the cemetery. Very fine music was furnished by the Tecumseh band.

Halting at the circle the roll was called, the following old soldiers answering: Messrs. Smalledge, McNeil, Shull, Wightman, VanTyne, Derling, Barry, Erskine, Daniels, Mills, VanValkenburg, Robt Smith, Silas Smith, Wm. Smith, Hanley, Love, Maddox, Millage, Ballou, Swartz, Ingersoll, Ornduff, Miller, Spayde, Blair, Westcott, Bouk, Aten, Baldwin, Hosmer, Taylor, Bower, Keyser, Stevens, Haydenbeck, Lewis, Herbison, Harris, Williamson, Bidwell, Wyrill, Deuel, Marsden.

The graves of those who failed to respond were decorated. This task completed, Dr. L. G. North read Lincoln's speech at Gettysburg followed by song by quartette. G. A. R. service, benediction and taps, after which they re-formed and marched back to town.

ROUND ABOUT US.

The salary of Postmaster Babcock, of Morenci, has been raised from $1,400 to $1,500 per year.

The teamsters who draw milk to the Manchester creamery struck for an advance of 50 cents a trip, but the managers told them that they could not pay it and would have to close the factory if they persisted in their demand. They continued to work for the old price. The creamery will be closed on Sunday hereafter.—Manchester Enterprise.

Last Saturday morning four young lads at St. Francis orphanage became homesick and ran away. The police were immediately notified, and started on their trail. Policeman Navarre discovered them going north on the P. M. tracks, and after chasing them across the bridge, overhauled them and returned them to the home. They were sent here from Detroit and vicinity and were on their way back to their homes when captured.—Monroe Democrat.

Benjamin C. Cocker, only son of the late Regent W. J. Cocker, was Friday afternoon adjudged mentally incompetent by Probate Judge H. L. Larwill, at Adrian, and Alanson Bennett, of Adrian, was appointed his guardian. He was immediately taken to Flint sanitarium as a private patient, and hopes are entertained for an ultimate recovery from the present attack. Only a few days ago he deeded over to the Adrian school district the elegant homestead, valued at $15,000.

Next month a prison paper will be launched on the world. Some sixty long-termers in Jackson prison have contributed sufficient money from their earnings to fit up a well appointed printing plant, a press and the necessary type have been purchased and about the middle of next month the first number will appear. The editorial management will be in charge of a committee of prisoners, while the warden will be the official censor. Contributions will be accepted from any of the inmates. It will be a four-page weekly, and will probably be a champion of "prison reform."—Jackson Patriot.

Once again there seems to be a stringency in the market for that toothsome bird, the hen. Restaurant proprietors state that they are paying as high as 17 and 20 cents a pound for good chickens. The star boarder at the various establishments is forced to examine his portion with a microscope in order to discover it. The casual diner does not even fare so well. Chickens at the present time are a luxury.

"I have never known chickens to be so scarce in all my life as they are now," said one restaurant keeper. "It is almost impossible to get tender chickens or broilers at any price and at 17 and 18c a pound we can obtain only some tough old relic of a bygone age. Then people kick, no matter if we do explain—they kick anyhow. Something will have to happen quite soon or chickens will be worth their weight in gold. Must be the continued rains last spring killed them off and farmers did not desire to raise any more."—Ex.

Michael Gillen is a wonder. He can go through more trouble and come out smiling than any man we know of. Last Tuesday, while at work doing some painting on the residence of City Clerk Mawdsley, corner of Broad and Front streets, he was in the act of getting up on the roof to paint the chimneys, when the extension iron of the ladder broke, letting Mr. Gillen down, end over end, to the ground, 30 feet below. "Mike" was covered with paint from one end to the other, but he picked himself up and said to Mrs. Mawdsley, who ran out to see what was the matter: "Never touched me." When he went to wash up, however, there was something discovered, and Dr. Jewett later found a sprained right wrist, one dislocated finger, a couple of cracked ribs and any number of minor injuries to other parts of his anatomy. "That's nothing," says Mike, and he is ready for another tussle. Certainly Mr. Gillen ought to be sheriff of Lenawee. He has been run over and hammered at so much, and all the time presents such a smiling front, that he would make a good man to chase criminals.—Adrian Telegram.

FATALLY SHOT

H. J. Sweet Received a Telegram Announcing the Death of his Grandson,

HARRY BROWN,

Of Huntington, Ind., who was Shot by his Chum Saturday Evening.

Harry Brown, age 15 years, son of Mr. and Mrs. J. L. Brown of Huntington, Ind., and grandson of Mr. and Mrs. Henry Sweet of this place, was fatally shot by his chum, Walter Lauffer, 16 years old, son of Rev. and Mrs. Lauffer, while playing at the Lauffer home.

The two chums in company with several other boys engaged themselves in some games and about four o'clock the company broke and the Lauffer and Brown boys decided to go to the Lauffer home and have a shooting match. A small 22 calibre revolver was secured and while playing Lauffre took the weapon from his belt accidentally discharging it. The charge struck Brown upon the left malar bone and took an upward course penetrating the brain. He died at 6:25.

Mr. and Mrs. J. L. Brown were formerly residents of Tecumseh and have the heartfelt sympathy of Tecumseh friends. Mr. and Mrs. Henry Sweet and daughters, Miss Gertrude and Mrs. Will Mathias, and W. A. Smith left for Huntington yesterday to attend the funeral.

58th Reunion of the Martha Osgood Family.

Saturday, May 19, 1903, the home of Wm. Osgood in Macon was the scene of a very pleasant gathering, the occasion being the ninety-sixth birthday anniversary of Mrs. Martha Osgood. Children, grandchildren and great grandchildren numbering twenty-seven assembled to celebrate the event. The day was beautiful and at one o'clock a bountiful dinner was served after which visiting, music and recitations quickly passed the afternoon away.

Those in attendance from out of town were, Mr. and Mrs. J. S. Osgood and daughter, Daisy, of St. Johns; Mrs. Elizabeth Miller of Toledo; Mrs. Harry Bailey and daughter, of Cleveland; Mr. and Mrs. Frederic Gorton and sons, of Ypsilanti.

"Aunt Patty" as she is familiarly known, came from Lodi, Seneca County, New York, in the early pioneer days and settled on the farm in Ridgeway, now owned by her oldest son, Lester Osgood, where she still continues to make her home. Hers was a double struggle in those days of hardships, for being left a widow while young with six small children and limited means it became necessary for her to separate her family or go West to procure a home for them. She chose the latter and leaving brothers and sisters and all her relatives she came to Michigan to face the hardships of pioneer life alone. Bravely and nobly has she lived and has thus been rewarded by seeing her children grow to manhood and womanhood and settle in prosperous homes around her. She has sixteen grandchildren and sixteen great grandchildren to rise up and call her blessed and hope she may yet be spared to them another year.

Miss Mary McKee.

Miss Mary McKee, who suffered a stroke of paralysis April 23d and two weeks later suffered another stroke, passed away Sunday evening about 7 o'clock at her home on Union street. She was born in Pennsylvania Nov. 23, 1825, and has been a resident of Tecumseh for the past 15 years.

The funeral will be held tomorrow afternoon at 2 o'clock from the residence of Mrs. I. S. Hamilton.

HERE'S A BABY

Its Mother is Well.

The baby is healthy because during the period of gestation its mother used the popular and purely vegetable liniment,

Mother's Friend

Mother's Friend is a soothing, softening, relaxing liniment, a muscle maker, invigorator and freshener. It puts new power into the back and hips of a coming mother.

It is applied externally only, there is no dosing and swallowing of nasty drugs, no inward treatment at all.

The state of the mother during gestation may influence the disposition and future of the child; that is one reason why mothers should watch their condition and avoid pain. Her health, that of the child and their lives, depend on keeping free from pain, worry and melancholy. Be of good cheer, strong of heart and peaceful mind. Mother's Friend can and will make you so. Bearing down pains, morning sickness, sore breast and insomnia are all relieved by this wonderful remedy.

A FITTING TRIBUT.

A Citizen of Tecumseh pays a well-earned Tribute.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the scores that have appeared before.

Mrs. E. D. Fryer, who lives in the northwestern section of Tecumseh, says: "I suffered from my kidneys off and on for about two years. During an attack the pain was worse along in the afternoon and I often felt like giving up but I kept on working in misery, for stooping or straightening made my back feel as if it were breaking in two. If I took a slight cold it always settled in my back and in spite of all the remedies I used I could not get relief. Procuring Doan's Kidney Pills at C. A. Wright's drug store I took a course of the treatment. It did more good than all the other medicine I ever used. The pain in my back was quickly relieved. I take pleasure in recommending Doan's Kidney Pills at every opportunity."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

PEOPLE WHO CAN'T SLEEP.

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. E. Anderson of Tecumseh, Mich., says:—"I was so nervous that I could not sleep at night and was weak and suffered from dizzy spells. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. A. Wright's drug store and they were just what I needed. Since I used the medicine my nerves are steady and strong—I sleep finely—the dizziness is all gone and the general health, strength and vigor splendid. I think the pills a splendid nerve medicine and have no hesitation in recommending it strongly." 50c a

His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Monument to Noble Woman.

Byron, Mich., June 1.—Memorial day was celebrated in this village on a grander scale than ever before in the history of the place. The event of the day was the unveiling of the monument erected to the memory of Miss Ellen May Tower, the Red Cross nurse who died of typhoid fever in Porto Rico during the Spanish-American war, Sept. 9, 1898. It is a pretty spot where her remains lie, but no shaft marked the last resting place of a noble woman until the plans of Owosso people resulted in rearing over the grave the beautiful monument unveiled Saturday. Miss Tower responded early to a call for volunteers during the Spanish-American war and was at Montauk Point when conditions there were at their worst. Realizing that many a poor soldier would be far better off in hospitals in the cities, Miss Tower overstepped her rights and aided several to get away from the miserable hospitals at Montauk, undoubtedly thereby saving soldiers' lives. From there she was transferred to Porto Rico, but had not been there long when she was taken ill and died.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

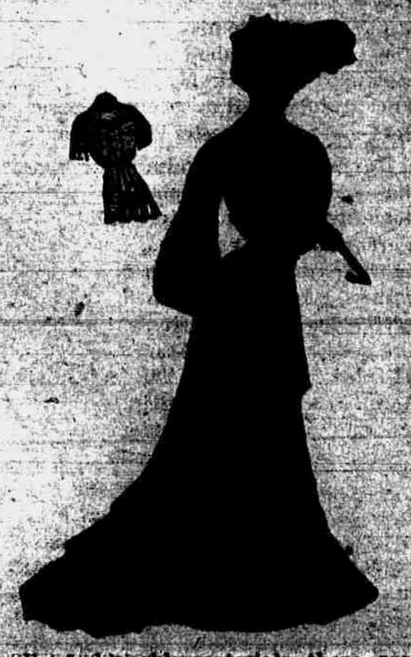
LATEST FASHION NOTES.

Street Costume of Blue Voile.

A charming street costume is developed in the fashionable royal blue voile. It shows handsome front facings of Anglaise broderie, giving it a rich and elegant finish. The long-shoulder effect, now so rapidly gaining in popularity, is admirably carried out, and fringes, which are likewise coming to the front, help to carry out this effect. Fringes are also seen on the skirt, which has a slight sweep and on which a front panel is introduced. Corticelli spool silk is used throughout on this very jaunty street gown.



For fashionable materials there are voile, etamines, hopsack, canvas cloth, veiling, crepes galore, and rough, natty, heavily tufted Kinnockburn suitings. This later material is considered very smart for the trim walking suit in the Norfolk or "corset" coat style, and the main decoration lies in stitchings, and motifs of plain fabrics, introduced to match one of the flecks in the materials. Equally delightful are the looser makes of hopsacks and coarser voiles, which adapt themselves so well to the gauged style, both in yoke and hip piece, and it must be here remembered that close fabrics and strappings are giving way to looser gaugings and textures.

Loving husband.—A lady, who was suffering under a slight indisposition told her husband that it was with the greatest difficulty she could breathe, and the effort distressed her exceedingly. "I wouldn't try, my dear," soothingly responded the husband.

The hardest of all things is to get a man to stop and look himself squarely in the face.

Headache

kills, not necessarily suddenly, but SURELY. It preys upon the intellectual powers more than we realize. It consumes the vitality faster than nature can replenish it, and we cannot tell just what moment a temporary or complete aberration of the mind will result. Headache and pain should be promptly removed—but properly. Many pain cures are more harmful than the pain. Beware. If you would be safe, take

Dr. Miles' Pain Pills.

"As a result of neuralgia I lost the sight of my right eye, and the pain I have suffered is incomprehensible, being obliged to take opiates almost continually. A friend gave me one of Dr. Miles' Pain Pills and it promptly relieved me. I then purchased a box and now my trouble is gone. They have also cured my daughter of nervous headache, and I heartily recommend them to others."—W. J. CORLEY, Bremond, Texas.

Totally Destroyed by Fire.

Bay City, Mich., May 30.—John G. Frank's flour mill and elevator in West Bay City was totally destroyed by fire last night. Other buildings were threatened for a time and Bay City's department sent two companies to the scene. The loss is $25,000; insurance, $16,000.

Arm Cut Off to Save Him.

Newark, N. J., May 30.—Two laborers were killed and six injured in a freight wreck on the Pennsylvania road at Waverly Friday, caused by an open switch. The dead are: Frank Delmio and Frank Ceparto, both of Newark. Frank Topes, a laborer, was pinned under the wreck and it was necessary to cut off his right arm in order to save him from being scalded to death.

A FAMILY EDUCATOR

should be an authority in all the principal departments of knowledge, and should give in concise form all that the consulter needs to know about the derivation, spelling, pronunciation, and definition of words, as well as facts about cities, towns, and the natural features of every part of the globe, facts in history, biography, literature, etc.

SET BY FANATICS

Believed Is Origin of Conflagrations at Battle Creek.

SURPRISING TESTIMONY GIVEN

Barn Attendant Stevens Believed in Mrs. White's Prophecies That Adventists Must Split—One Witness Tells of Queer Actions of Teamster.

Battle Creek, Mich., June 3.—That religious fanaticism is responsible for the fires which have destroyed so much property at Battle Creek seems borne out by the testimony in the inquest begun Tuesday morning to ascertain the cause of the death of the man burned in the fire which destroyed the stables at the Sanitarium.

Detectives who have been at work upon the case are reticent. This indicates that they are satisfied the fires have been of incendiary origin, and set with a view to drive the Adventists to scatter, as advised by "Prophetess" Ellen White, although there is nothing shown to connect her directly with the case.

The testimony of J. L. Stevens was a surprise, even here where rumors of all sorts have been afloat. He swore that he was around the barn early in the evening of the fire and emptied a barrel of shavings into an empty stall. This, he noticed, was warm, and he notified the barnmaster of its condition, but paid no further attention to the matter, even after the alarm had been sounded. He was apparently under the impression that he was called upon to show the jury that the fire resulted from spontaneous combustion.

Under cross-examination Stevens claimed to be inspired and that he had been told from above of a pending split in the Advent sect. He said he had read Mrs. White's prophecies and believed in them. To Prosecutor Tooper, who asked him if he would do his best to make them come true, he replied, when finally brought to a direct answer, that he would do anything except use force. It was in this connection that he made the statement that the Review and Herald was doing ungodly work. He also admitted that he believed the fires to be a judgment from God. With all of his testimony there was a constant failure of memory in details.

Disciple of a New Religion.

Stevens claims he is not an Adventist, but is a disciple of a new religion, inspired in himself. But he believes in Mrs. White and predicts that she will triumph when the sect splits. He had two bibles with him on the stand and attempted to testify from them.

Thomas Foster, hostler at the sanitarium barn, and Detective [illegible] both swore positively that Stevens had made the remark that he desired Mrs. White's prophecies carried out, and shook his fist. Foster is a personal friend of Stevens, but says he will not lie to protect him. Foster said he was positive in his own mind the barn was set on fire and had his own idea who did it. He said Isaac Wormer, a teamster, left the barn a few minutes before the fire, and he had a suspicion of Wormer's queer actions that night.

Wormer told the detectives, when they were in disguise, he had just gotten into bed at his rooming place, a few rods from the barn, when the fire bell rang. He swore that he was asleep and had been in bed half an hour.

Mrs. Letta Carpenter pointed Wormer out as the man she is quite positive said, "I can tell who set the fire if there is enough money in it."

Wormer was recalled and said he came here from Chicago to see the country and get a job.

Dr. Kellogg, in an interview last night, said: "At the instance of the insurance companies, I hired Pinkerton detectives to ferret out the firebug. I am now satisfied it is the work of a weak-minded fanatic."

Rhodes, Grand Rapids, pruning shears; William V. Robinson, Detroit, grinding machine; Charles and F. A. Schossow, Detroit, automatic flushing valve; William Vrendenberg, Grand Rapids, guard for wagon hubs; Robert J. Walker, Holland, electric automatic overflow alarm.

Ex-Governor Luce Injured.

Coldwater, Mich., June 3.—While visiting at his daughter's home in Orland, Ind., ex-Governor Cyrus Luce was severely injured, the result of a contemptible trick. While returning to his daughter's from an evening concert he stumbled over the end of a plank in the sidewalk, which someone had pried up just to see people fall when attempting to walk over it. The injuries are about his head and face, but will not prove serious.

A Monstrous Banquet.

Battle Creek, Mich., June 3.—Twice as many guests as had been expected showed up at the sanitarium banquet Monday night—over 3,000 in all. It became necessary to hold two banquets, one following the other, dividing the program of the regular banquet in the same way. It was the largest ever held in Michigan, it is claimed.

Saginaw Lad Killed at Buffalo.

Saginaw, Mich., June 4.—Word has been received here that Quincy Adams, 17 years old, a Saginaw youth has died at Buffalo from injuries received by falling from a freight train. He left here several weeks ago to look for work.

THAT OLD TROUBLE

Operators Refuse to Recognize Union Chosen Men.

FOR THE CONCILIATION BOARD

Miners Call Joint Convention For June 15th to Decide Whether Work at the Mines Shall Be Suspended.

Wilkesbarre, Pa., June 4.—At Wednesday's session of the three anthracite boards of the United Mineworkers there was little done outside of outlining plans as to what course was best to pursue. In the afternoon they met again, when they decided to hold a joint convention of miners at Pottsville on June 15 for the purpose of determining whether or not a general suspension of work shall be declared. They were in session up to 5 o'clock and no statement was made by them out of the bare announcement of the decision to hold a joint convention.

When District President Fahey, the chairman of the miners' representatives on the conciliation board, was shown the statement last night of the operators' members on that board he made the following statement to the Associated Press: "There was no meeting of the stockholders of the coal companies called for the purpose of appointing the operators' side on the conciliation board, but the representatives of stockholders, the officials of the company met and selected their representatives. The mineworkers selected their members, not by calling a meeting of all their members or stockholders, but by their organization, through their representatives as empowered by the rules and regulations of their organization, which does exist, and as provided by the award of the coal strike commission.

Operators' Statement.

The following signed statement was given to the Associated Press last evening, as the operators' side of the controversy, caused by the refusal of the operators' representatives on the conciliation board to accept the representatives of the United Mineworkers:

"Referring to the official announcement of the representatives of the United Mineworkers of America as given in the press, the contention of the operators representatives elected to the board of conciliation is that the recognition of the United Mineworkers of America was not one of the questions submitted to the commission for decisions; that Mr. Mitchell admitted this by appearing before the commission as a representative of the anthracite mineworkers.

"The representatives of the operators have been appointed strictly within terms of said award and there is no objection on their part to cordially accepting Messrs. Nicholls, Dettrey and Fahey as the representatives of the miners, providing they are elected by a majority of the mineworkers, as specified in the award of the commission. The objection is solely against their appearing as the official representatives of the United Mineworkers, appointed by an executive committee without authority for such appointment."

The call for the convention of miners, which was issued last night, is signed by the presidents and secretaries of Districts 1, 7 and 9.

Opposed to Americans.

Bucharest, Roumania, June 4.—At a meeting of Liberal supporters of the government Premier Stourdza and Finance Minister Costinesco spoke strongly against allowing Americans, who, they said, "have rendered themselves unpopular here," to secure a foothold in the Roumanian oil fields, and urged patriotic Roumanians to refrain from treating with the American experts. The ministers also argued that an abundance of British and continental capital is available to develop the Roumanian fields. Representatives of the Standard Oil company are now in Roumania inspecting the progress made in the working of Roumanian petroleum.

Lutheran Convention.

Baltimore, June 4.—The biennial meeting of the general synod of the English Lutheran church in the United States began in this city last evening. Delegates were present from fifteen states, representing about one-sixth of the 1,500,000 Lutherans in the country. The feature of last evening's session was the preaching of the sermon by Rev. Dr. William S. Freas of this city. The convention will not organize for business until today.

Three Children Drowned.

Quincy, Ill., June 4.—The steamer Flying Eagle and a barge struck the draw at Hannibal bridge and sank in forty feet of water. The Hannibal Methodist Sunday school excursion was on board, and three children were drowned. Most of the passengers were pulled off on the bridge before the vessel sank. The dead are: Lonnie Curtz aged 15; Laura Coppage, aged 15, Harry Kichenberger, aged 12.

Legation in a Temple.

Washington, June 4.—Pending the erection of new legation buildings for the United States in Pekin, the legation of this country will occupy temporarily an old Chinese temple situated on the grounds allotted to the United States by China. The premises occupied by the United States legation heretofore have become the property of Korean government.

Monte De Pieta Burned.

Rome, June 4.—The Monte de Pieta (state pawnbroking establishment) at Naples, was destroyed by fire during the night. The strong room, filled with valuables, was gutted. The damage, according to some reports, amounts to $2,400,000.

Coal Miners on Strike.

Bay City, Mich., June 4.—The miners at Hecla diggings, in Frankenlust township, are on strike. Eight men designated as scrapers demanded $2 50 a day in place of $2 30, and the increase not being granted left their places. The miners, about seventy-five in number, then quit through sympathy. Negotiations are pending by which a settlement may be reached.

Sanitarium for Belding.

Belding, Mich., June 4.—Belding will have a sanitarium. A deal has just been closed between Dr. A. B. Spinney, of Reed City, and M. S. Boss, for the old Cook's Corner hotel property, consisting of buildings and two acres of land for a sanitarium.

ONLY A FEW DAYS

In Which Senators Can Act On Primary Question.

HOUSE SAYS ADJOURN JUNE 10

House Called Baird Substitute From Senate—Latter Failed to Give It to Them—Work of Housecleaning Now Under Way.

Lansing, Mich., June 4.—"Patience has ceased to be a virtue." The die is cast. The fight is on. From this day every man will be called upon to say whether he is in favor of redeeming the pledges of his party and carrying out the will of the people or not. "Our request for another conference on the primary reform bill went over to the senate one week ago, and we haven't even been given the courtesy of a reply to say the request had even been received. In my mind, there is no more chance for the primary bill or the credit tax bill to get through over there than there is for a snowball to get through hades. The time has come for us to act. That action is to go home and ask the people to tell us how they feel about it at the next election."

This declaration of war was read by Representative Wade in the house Wednesday afternoon in support of his resolution to adjourn Friday of this week at noon and fix the date of final adjournment for Monday, June 15.

Representative Colby spoke in favor of Wade's resolution. He assured his colleagues that if they had any bills in the senate they would have to get a corkscrew or some kind of tackle to pull them out, as they were inclined to consider nothing but senate bills in the upper house now.

"I am sick of the farce," he concluded. "If they get a change of heart over there we all know they can do business in fifteen minutes on the primary bill if they like."

Stone Offers Substitute.

Stone of Lenawee offered a substitute, fixing the date of business adjournment for Wednesday of next week, June 10, and the final adjournment for Thursday, June 18. Then Master of Kalamazoo, Randall of Oceana, and half a dozen others spoke for the substitute, arguing that business could not be disposed of in two days. The Carton people won out easily by a vote of 69 to 18.

The senate, then, has until noon of Wednesday next to do business on the primary bill, provided it concurs in the house's adjournment resolution. That it will concur is admitted by all the leading men of the upper house.

Wednesday's primary bill history is brief to record. In accordance with Tuesday's plans Speaker Carton, Representative Colby and others prepared amendments to the Baird bill. At the morning session of the house, on motion of Representative Stone, a request was sent to the senate, asking for the return of the Baird bill to the house. The house will amend the Baird bill by asking for the direct nomination of county officers and members of the legislature.

The senate adjourned until 2 o'clock this afternoon without action, on the request of the house to have the Baird bill returned.

The Kirk bill, authorizing surety company bonds for liquor dealers in cities of over 1,000, passed as it came from the house and now needs only executive sanction to become a law.

The judiciary committee reported favorably the bill to increase the supreme court to eight justices.

The house joint resolution to submit an amendment providing for a salary of $500 per year for a member of the legislature failed, only thirteen voting in its favor, four less than a majority. Nine senators voted nay.

Doings in the House.

The Colby bill, providing for the use of machines at elections, also passed.

With adjournment in sight next week, the representatives have begun housecleaning. Several bills were taken from the table and given another chance before burial.

Representative Siggins tried to have the bill passed closing butcher shops on Sunday. He was defeated by 30 to 17.

Representative Paddock tried to have the vote by which his bill to tax sleeping car companies was defeated, reconsidered. This motion was lost by 30 to 30.

Representative Randall took the bill creating four new deputy oil inspectors from the table and had it passed by 71 to 5.

The house voted $150 to pay half of Representative Werline's lawyer's fee in the election recount in which Werline had to defend himself against the Republican candidate.

Representative Colby explained to the house in detail the unconstitutionality of the Wade bill, creating a state highway commissioner, and fixing up a $1,500 job for Horatio S. Earle as head of the commission. Earle has been very busy, however, for the past two weeks, and the bill was passed by 68 to 7, Colby's arguments going unheeded.

Cow Wrecked a Train.

Milan, Mich., June 4.—An obstinate cow was the cause of a serious wreck on the Ann Arbor railroad about three miles north of Milan this morning. As a result, D. J. Gepson, of Toledo, conductor on the extra No. 45, was seriously injured, and Jack Scott, engineer, and Edward Everett, both of Durand, were slightly hurt. The cow was killed instantly, and the engine, which was the largest on the road, was completely demolished, and about seven cars damaged. Engineer Scott noticed a cow standing on the track. He blew the whistle and rang the bell, but the cow would not budge. The force of the collision threw Conductor Gepson from the train. A doctor was summoned, and he found that his collar bone was broken and that he was otherwise injured.

Moody Will Resign.

Washington, June 4.—It is announced authoritatively that Secretary Moody of the navy will not remain in the cabinet longer than the present term of President Roosevelt. Mr. Moody expects then to resume the practice of law.

Cuts, Bruises and Burns quickly Healed.

Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by all druggists.

CALL SPECIAL SESSION.

Governor of Kansas May Summon Legislature to Relieve Flood Sufferers.

Topeka, Kan., June 4.—The Kansas river is rapidly falling. In a few more days the work of rehabilitating North Topeka may begin. The situation may be summarized thus:

The river has fallen four feet.

Total number of known dead, 22; unidentified dead, 5; reported dead, 66.

Commercial club will accept all offered help.

Depth of river is yet twenty-three feet, which is seven feet above highest ever known previously.

Governor Bailey has issued a proclamation calling for help and asking that contributions be sent to William Sims, treasurer.

The general relief fund has passed $14,000. The Elks' fund has passed $4,000. The fund in the hands of the governor now amounts to $3,500.

All who are held in buildings in North Topeka are safe and comfortable. No one in the flooded district is in danger. The homeless are being well cared for.

Over 200 deputies are guarding property in North Topeka.

The only railroads operating out of Topeka are the Missouri Pacific and the Santa Fe.

The governor may call an extra session of the Kansas legislature to provide state relief for all sufferers from floods in Kansas.

Governor Bailey hopes his appeal for help will bring enough money to meet the emergency. If it fails, he said, he would probably ask the legislature to make the necessary appropriations.

Kansas City, Mo., June 4.—The Missouri river fell seven inches Wednesday and the Kansas river fell nine inches in the same time. The city waterworks began pumping late last night. Railroads are still giving incomplete service, but are repairing washouts.

The reports of heavy loss in life in Kansas City, Kan., are not true, and the stories of bodies lying in the drift there are unfounded. The entire city of Armourdale is under water, in many places twenty feet deep, and all the 16,000 inhabitants have fled.

WATER IS RISING.

Crest of Flood Has Not Reached St. Louis.

St. Louis, June 4.—Slowly the Mississippi river crept up the levee Wednesday, inch by inch, until between sunrise and sunset the gauge marked a rise of six inches and stood at 31.7 feet.

A number of frame houses, submerged to the roofs, passed St. Louis and now and then a dead animal, but no human bodies were seen, although a vigilant watch has been maintained.

On the Illinois side, there is a more serious flood condition. Venice, situated north of East St. Louis, is in almost immediate danger of inundation. A rise of one foot more will submerge the west portion of the town and manufacturing industries will suffer heavy losses.

Between Venice and East St. Louis is a low area used as farming lands. Water now covers this area to a depth of twelve feet, forming a lake about a mile square. Many "squatters" families have been forced out, leaving everything behind.

Rebels Want Recognition.

New York, June 4.—The Venezuelan revolutionists, who have for over a year and a half been fighting Castro, are to petition the United States for recognition as belligerents. Dr. Pedro Esiquiel Rojas, who was foreign minister to two previous presidents, and the diplomatic agent of the provisional government established by the insurrectionists, has been assigned to the mission of securing for them the rights of belligerents. The request of the rebels is based on the fact that they are in absolute possession of all the ports of importance in the country except La Guayara, Maracaibo and Puerto Cabello, and hold also the entire eastern portion of Venezuela, over which they exercise the power of government. If Washington does not grant the application, the revolutionists will make the request of Great Britain.

Rioters to Be Arrested.

Pittsburg, June 4.—"Sandy" Garrett, colored, who was shot during the riot in the West Liberty borough on Sunday, is dead at the Southside hospital. William Davis, the colored man who was almost lynched by the rioters, was able to leave the hospital, and he was sent to the county jail by Coroner McGeary. Thirty warrants, charging riot, have been sworn out against supposed participants in the riot and others will probably be issued. District Attorney Haymaker declares no guilty man, white or black, shall go unpunished. Four arrests have been made.

LATE NEWS IN BRIEF.

Village Burned.—Briggs Corner, N. B., was wiped out by fire Wednesday, only one house and a hall being left. The loss is probably $40,000.

Shot Him For a Burglar.—Government Geological Surveyor E. M. Hart of Blissville, Pa., was mistaken for a burglar and killed by Watchman Edward Thomas at a West Elizabeth, Pa., hotel. Thomas is under arrest.

Surrounded by Fires.—Montreal, Canada, is surrounded by forest fires which have wrought havoc in several settlements of the province. Wednesday the city was enveloped in a pall of smoke so dense that the sun was obscured from view.

Dug Out of Prison.—Three desperate prisoners dug their way to liberty from the jail at Moundsville, W. Va., and no trace of their whereabouts has been discovered. Two of the trio are murderers. The prisoners dug through a brick wall and cut through eight steel bars.

Demented Woman's Awful Act.—A terrible murder was perpetrated in Steubenville, O., by a demented woman on an aged neighbor, Mrs. John Buck, 70 years of age, Wednesday. Mrs. John Kirk attacked the aged lady while in a temporary fit of insanity. She cut her throat from ear to ear with a butcher knife and a pair of scissors and was dragging the mutilated body around the house by the hair of the head when the crime was discovered by neighbors.

Few men are brilliant enough to make it necessary for us to use smoked glass while looking at them.

Are you thin? Would you like to get fat and plump? Tried "laughing," 'twouldn't work—now take Rocky Mountain Tea 'twill do the business. 35 cents. J. J. Orr.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years she writes, I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by C. A. Wright Druggist.

There's nothing in size—when a pint bottle can exert more influence over some men than a church spire.

You feel mean, cross, ugly down in the mouth, nothing goes right. Bad liver. Better take Rocky Mountain Tea. Drives away the blues. 35 cents. J. J. ORR.

The average man doesn't amount to much when measured by his neighbor's standard.

Feet swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." J. J. Orr.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all druggists.

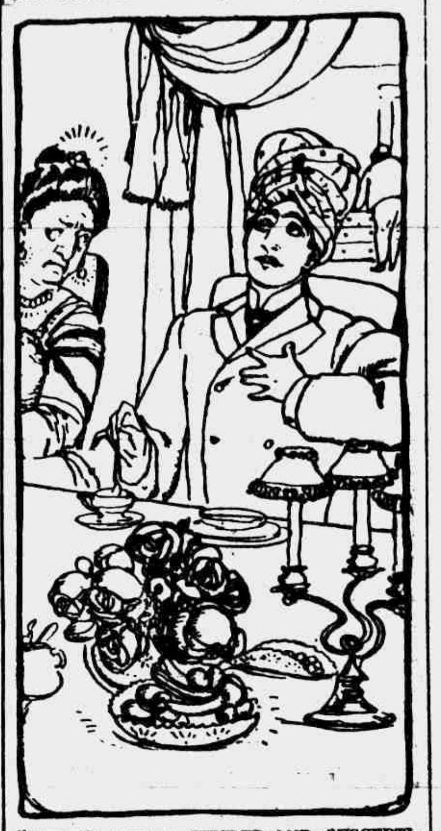
RAMCHUNDA SINGH AND THE PURPLE PENCE

By John Walker Harrington.

Copyright, 1901, by J. W. Harrington

Ramchunda Singh first heard of the purple pence as he was pouring yellow powder upon the simmering contents of a chafing dish. He was curry cook in Cherry's restaurant at a time when a new fad had just arrived in New York. Ramchunda Singh was sure that the fad would be short lived, and, being a Hindoo person of ready resources, he sought to find another means of livelihood. Life had not been pleasant since by strange chance Ramchunda Singh had imbibed intoxicants. He had been left stranded in New York on the day the steamer on which he was a tender of wild animals had departed for the ports of the orient. For several years Ramchunda Singh had come over the sea whenever a consignment of lions and tigers and elephants had been sent to the South street animal dealers. He tried to get Scalds to employ him, but trade was dull, and Scalds said that he preferred the Irish to the Hindoos.

So it was that Ramchunda Singh, educated Hindoo, learning of the new fad from the Sunday newspapers, had applied for the position of curry cook and had obtained it. He resigned on the day Mrs. Sprengle and cousin took luncheon at Cherry's.



"I HAVE ALSO A TENDER AND SUSCEPTIBLE HEART."

The following morning found him at the house of William Peterson Sprengle, dealer in scrap metal and disgustingly wealthy. Ramchunda Singh had invested some of his hard earned wages in a remarkable suit consisting of a shiny Prince Albert coat, bought secondhand, and a pair of black trousers. On his head was a silk turban. He had sent a note to Mrs. Sprengle explaining that his business was urgent and concerned the welfare of her husband.

"I dine with you tonight," said Ramchunda Singh gravely.

"To what am I indebted for the honor?" said Mrs. Sprengle, who had read the etiquette books and the novels of Martha M. Day and knew what was proper under the circumstances.

"I overheard you say quite by chance," said Ramchunda Singh, "that you would give a great deal to have your husband give up theosophy, which takes too many of the purple pence and makes him neglect his family and his business."

"You are the curry cook at Cherry's!" exclaimed Mrs. Sprengle.

"Madam," rejoined Ramchunda Singh, "I am a person of high caste, a highly educated Hindoo. I shall be able to restore your husband to his senses, for I, too, was once a theosophist."

So it came to pass that on that very night Mrs. Sprengle greeted her husband with the remark that she had decided to learn something of theosophy and had engaged as teacher Mr. Ramchunda Singh, late of Delhi and Calcutta, who was an adept.

With every dinner for a week or more the peace of Ramchunda Singh was given unto the house of Sprengle. The lore of the East Indies was at the command of the guest. He talked of Vedas, and the scantily fed soul of William Peterson Sprengle was filled with joy. Ramchunda Singh and the master of the house went together to the meetings of the theosophical society. Mrs. Sprengle noticed with growing apprehension that Ramchunda Singh was dressing in elaborate style and that he had all the spending money which he seemed to require. On account of the introductions from the head of the house of Sprengle, Ramchunda Singh became the fashion. He had a lithograph of himself made, and before many days he was giving lectures at Pickering hall on abstruse subjects at $1 per head. At the home of the Sprengles he was a regular visitor. The Misses Sprengle, of whom there were two, both young and pretty, fluffy and girlish, had not been admitted into the secret. Mrs. Sprengle saw that her older daughter, Agatha, was blushing whenever the swart faced Hindoo rang the doorbell and even knew his ring. Her husband was charmed with the ways of that plausible Hindoo.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of

Hood's Sarsaparilla

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUSIE A. HAIRSTON, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

"Oh, I've loved before!" said a Detroit woman to her fourth husband, as she took a handful of hair from his head because he objected to hang out the week's washing.

Wormer Confesses Setting Fire to One of Advent Buildings.

Battle Creek, Mich., June 4.—Isaac Wormer was placed under arrest at 10:30 last night by Detective Beck and has confessed to setting the fire which destroyed the barn at the Adventist sanitarium. He claims to have been three-quarters drunk at the time.

LIFE IN PRISON.

Edward Knapman Convicted and Sentenced For Killing Agnes Mooney.

Detroit, Mich., June 4.—Edward Robert Knapman was found guilty of murder in the first degree Wednesday afternoon before Judge Phelan in connection with the shooting of Agnes Mooney at 102 Gratiot avenue on Feb. 16 last and was immediately sentenced to life imprisonment at the Jackson state's prison.

No one appeared to be more unconcerned over the word that fell from the lips of the foreman of the jury than the defendant himself. With his steel-gray eyes fixed on the jury, Knapman never displayed the slightest emotion over the verdict of "Guilty," but looked around the courtroom with the apparent indifference of a spectator instead of a man charged with cold-blooded murder.

Knapman came to Detroit from Chicago and it was while quarreling with Miss Mooney, with whom he was in love, that he attempted murder and suicide. The girl died, but he lived.

Assessment Mixup at Jackson.

Jackson, Mich., June 4.—The city board of review of assessments for general taxation could not agree upon a plan for equalizing between the wards. The supervisors in a few of the wards reduced their assessments far under the figures fixed by the tax commissioners last fall, and the commission is expected in a few days to review the assessments before the city tax, due in July, is spread, and correct inequalities as between wards. The supervisors cut off $2,000,000 from the rolls.

Spoke From Experience.

Fond Mother—Now, look here, George! I want you to break off with that girl. She is very pretty and all that, but I know her too well to want you to risk your life and happiness by marrying her. Why, she knows no more about housekeeping than I do about Greek—not a bit.

George—Perhaps not, but she can learn.

Mother—After marriage is rather late for that, George.

George—But you said yourself that you did not know a thing about housekeeping until after you were married.

Mother—Very true, George, and your poor father died of dyspepsia twenty years ago.

YOU MAY SING

IF WELL AND HAPPY

If you feel the throb of pure blood in your veins and the thrill of life in your body you are fit for anything, you can laugh and sing; you are in condition for work or play and you will enjoy life.

PURE BLOOD MEANS LIFE

If you do not feel right, if you are troubled with a gloomy feeling, with tired and nervous spells, look out for the following symptoms:

Foul Breath, Bad Taste in the Mouth, Sallow Skin, Pimples and Blotches, Indigestion, Loss of Appetite, Pains in the Side, Lame Back, Pains Under Right Shoulder, Dizzy Spells, Nervousness, Neuralgia, Rheumatic Pains.

These signs show that your kidneys and liver are out of order, and if they are they will not carry off the impurities and you will feel bad and are liable to have a spell of sickness. Better attend to it at once.

KINYON'S BLOOD AND KIDNEY REMEDY

WILL SET YOU RIGHT

Mrs. Baich of Mishawaka, Ind., says: "I was very sick for over two months, troubled with gall stones and general kidney trouble, at times I screamed so with pain that people could hear me a block away. I had a number of doctors and they could do nothing for me. I kept getting worse, could not rest or sleep. In desperation I used Kinyon's Blood and Kidney Remedy. I took $2.00 worth and got well. For the last year I have enjoyed good health."

Mortgage Sale.

Whereas, default has been made in the conditions of a certain mortgage (whereby the power of sale therein contained has become operative) made, executed and delivered by Benjamin F. Reynolds and Clarissa C. Reynolds, his wife, to John S. Strong, dated the 8th day of May A. D. 1898, and recorded in the Office of the Register of Deeds, in and for the County of Lenawee, and State of Michigan, on 18th day of May A. D. 1898, in Liber 139 of Mortgages on page 120; and which mortgage was duly assigned by said John S. Strong to Charles E. Williamson by instrument in writing dated the 19th day of June A D 1898, and recorded in said Register's Office on the 22nd day of June A D 1898 in Liber 143 of Mortgages on page 85; and which mortgage was further duly assigned by said Charles E. Williamson to Lorenzo D. Dewey by instrument in writing dated the 1st day of April A D 1898, and recorded in said Register's office on the 1st day of April A D 1898 in Liber 143 of Mortgages on page 291; upon which mortgage indebtedness there is claimed to be due at the date hereof the sum of fifteen hundred twenty-seven and 13-100 dollars (including the amount paid for insurance of the buildings on the premises described in said mortgage, with interest thereon, under authority given by the terms of said mortgage); and no suit or proceedings at law, or in equity, having been instituted for the recovery of the debt secured by said mortgage, or any part thereof:

Notice is therefore hereby given that, for the purpose of satisfying and paying said claim, and the interest thereon, with costs of this proceeding (including a lawful attorney fee), I will, by virtue of said power of sale, on the 29th day of June A D 1903, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, in said County of Lenawee (that being the place where the Circuit Court for said County is holden), sell, at public vendue to the highest bidder, the following lands, in said mortgage described and conveyed, viz:— All that tract or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit: Commencing in the south line of Kilbuck Street twelve rods east from the east line of Evans Street, such point of beginning also the north-west corner of the L. Drew homestead premises and now occupied by C. F. Coller as a residence premises, and being also the north-east corner of a parcel of land formerly deeded by one E. M. Lansing to Thomas Cummins, thence south on west line of said C. F. Coller land twelve (12) rods; thence west on south line of said E. M. Lansing land six (6) rods; thence north parallel with the first course twelve rods to the south line of Kilbuck Street; thence east on south line of Kilbuck Street six rods to place of beginning.

Dated: March 31st A D 1903.

LORENZO D. DEWEY,
Assignee of said mortgage.
FRED'K B. WOOD, Attorney for assignee.

Mortgage Sale.

Default having been made in the conditions of four certain mortgages, each made, executed and delivered by John Curry (unmarried) to Helen M. Forrestall (whereby the power of sale in each of said mortgages contained has become operative and said mortgagee having the right to declare due the unmatured portion of the debt secured thereby, and which is now declared due and payable forthwith) one dated February 9th, 1900, and recorded in the office of the register of deeds in and for the county of Lenawee, state of Michigan, on the 12th day of February, 1900, in liber 153 of mortgages on page 34; another dated February 27th, 1900, recorded in said register of deeds' office on the 5th day of March, 1900, in liber 151 of mortgages on page 289; another dated July 13th, 1900, recorded in said register of deeds' office on the 16th day of July, 1900, in liber 151 on page 409, and another dated February 8th, 1901, recorded in said register of deeds' office on the 18th day of February, 1901, in liber 159 of mortgages on page 400; upon which mortgage debt there is claimed due at the date hereof, including taxes and insurance paid by said mortgagee, by virtue of the terms of said mortgages, the sum of five hundred forty-three and 64-100 dollars; and no suit at law or proceeding in equity having been commenced for the recovery of said mortgage debt or any part thereof:

Notice is therefore hereby given that I will, by virtue of the power of sale in each of said mortgages contained, at public vendue to the highest bidder, at the east front door of the court house in the city of Adrian, Lenawee county, Michigan (that being the place where the circuit court for said county is holden), on Monday the 31st day of August A. D. 1903, at ten o'clock in the forenoon of said day, for the purpose of realizing said debt, taxes and insurance, and the interest thereon and costs of these proceedings (including a lawful attorney fee), sell all that certain piece or parcel of land situate and being in the village of Tecumseh, county of Lenawee and state of Michigan, known and described as follows, viz:—Lot seven of block three of Hoeg's addition to said village of Tecumseh.

Dated, June 3d A. D. 1903.

M. F. STEIN

THE FAMOUS OPTICIAN of Detroit,

The eye, when properly cared for affords the keenest delight because of the pleasures we are able to enjoy through its medium. When not cared for and its warnings are unheeded, it becomes an instrument of torture. Headaches, eye pains, burning, itching Sensation, strained vision, nervous troubles and many bodily ills are the results accruing from over worked eyes, eyes that need help. My examination reveals all hidden troubles, and it is my province to fit the right glasses to any and all defects of vision. SATISFACTION GUARANTEED BY

DEAR OLD COMRADES:—

The 31st annual reunion of our regiment will occur in Tecumseh on Friday, June 19, 1903. Tecumseh is situated on the Detroit, Toledo & Milwaukee and Adrian & Jackson branch of the L. S. & M. S. and the Detroit Southern railroads. Her citizens join in extending a cordial invitation to the shattered remnent of our grand old regiment, which honored the state and service, to meet in their beautiful and hospitable town this year. Company G was raised there and therefore the regiment are not all strangers to them. Hoping all the old comrades will make an extra effort to line up in Tecumseh on the 16th of June we are fraternally yours

On the Market.

About a month since a new cigar factory started in Tecumseh under the name of Eckert & Co. Their first cigar was placed on the market yesterday. A 5 cent cigar called Ben Attow. Quite a number of the goods have been sold and it is said the quality is fine. All success is wished the new firm and it will be assured if the goods are kept up the way they start out.

Notice.

Having sold out my furniture and undertaking business I request all owing me to call at the store of B. A. Rauch and settle as soon as possible.

ARNOLD-VOEGELE.

Miss Magdalena Arnold and C. W. Voegele, of Mansfield, O.,

UNITED IN HOLY WEDLOCK

By Rev. Fr. H. D. Sullivan of Adrian, in the presence of over one hundred Relatives and Friends.

A wedding which possesses much interest to many residents of Tecumseh was celebrated in the village last evening at the home of the bride, in the presence of over one hundred relatives and friends of the contracting parties. The bride was Miss Magdalena Arnold, daughter of Mrs. Caroline Arnold, and the groom, C. W. Voegele, a prominent young man of Mansfield, O.

Miss Cynthia Bailey rendered the sweet strains of Mendelssohn's wedding march. Promptly at five o'clock entered Misses Louise Schmid of Manchester, Edith Corey, Messrs. Lester Hessen and Faron Anderson, who stretched ropes of smilax from the stairway to the altar in the back parlor which was an embankment of water lillies, white peonies and ferns.

Next came the groom, C. W. Voegele, and the best man, Harry Dennison of Toledo; then came the bride, Miss Magdalena Arnold, and her maid of honor, Miss Florence Brewer. The bride wore a beautiful dress of white, wearing a bridal veil and carried a bouquet of roses. The maid of honor was also becomingly dressed in white and carried pink carnations.

The impressive words were spoken by Rev. Fr. H. D. Sullivan, pastor of St. Mary's church of Adrian, the beautiful ring service being used. During the ceremony Miss Raye McKenna sweetly sang, "O Promise Me."

The residence was tastefully decorated with ferns, poplars and cut flowers, the color scheme being green and white, and of the bride's table pink and white. After the wedding ceremony had been concluded and the happy couple received congratulations of the guests, an elaborate wedding supper was served. The bride's four cousins, Carl and Clarence Lehr, Nathanial Schmidt and Nicholas Singer of Manchester, Misses Edith Shull, Leora Brown, Eva Bice and Stella Zimmerman served the guests.

Mr. and Mrs. C. W. Voegele left on the 8:16 Lake Shore train amid showers of rice on their honey moon, after which they will return to Tecumseh and make it their home.

Mr. Voegele is one of the partners of the Voegele & Denning Confectionery Co., of Mansfield, O., and is well known and liked in Tecumseh and he will make for Miss Arnold, who is one of Tecumseh's nicest young ladies, a delightful husband.

The out of town guests were, the groom's mother, Mrs. Magdalena Voegele, of Crestline, Ohio; Dr. and Mrs. Wm. Anderson, of Pittsburg, Penn.; Mrs. F. R. Fletcher, of Cadillac; Harry Dennison, of Toledo; Mr. and Mrs. Harry Perkins, of Britton; Mr. and Mrs. Joseph Nepper, Mr. and Mrs. Casper Arnold, Mr. and Mrs. George Nufler and son, Master Walter, Lavern Smith, Miss Jennie Gilkey, of Adrian; Rollin Lehr, of Ann Arbor; Misses Ida and Gusta Kirchgessner, of Clinton; Mrs. C. Lehr, Mrs. Wm. Lehr and three daughters, Misses Alma and Louise Schmid, Mr. and Mrs. Wm. Kirchgessner, Mr. and Mrs. Lornier, Mrs. John Hagg, Mrs. John Steigmiller and daughter, Miss Carrie, Mr. and Mrs. N. Singer and daughter, Miss Mary, Mr. and Mrs. T. Bailey and daughter, Miss Cynthia, Mr. and Mrs. Fred Briegel, Miss Carrie Nisle, of Manchester.

Circuit Court.

The jury in the case against Asa Lynn, the man charged with the larceny of some furs from the Anderson store at Tecumseh, brought in a verdict of not guilty, and the prisoner was discharged.

While the jury was out, a jury was secured in the case of the estate of Bradley Zibble, deceased, an appeal of Clarence Zibble and Julia Dunscombe, but the case was settled out of court.

The slander suit of Eliza Swift against Rebecca LaFever was taken up, and is still occupying the attention of the court. Eliza claims that Rebecca called her very bad names, down in Blissfield, one day last April, just because she was taking her father out riding. The name alleged to have been used is too vile to appear in print. Jas. W. Helme, Jr., for plaintiff and Watts, Smith & Baldwin for defendant.

Wm. Fischer, who was convicted of stealing a watch from the home of Jacob Isaacson, in this city, appeared for sentence this morning, and was sentenced to spend one year at the Ionia reformatory.—Wednesday's Adrian Telegram.

THE CHURCHES.

At the Presbyterian church next Sunday morning the pastor will preach on the theme, "Power from on High." In the evening Rev. Leslie Bower will preach the baccalaureate sermon to the high school graduates.

The pastor of the M. E. church will preach on the subject, "The Building of a Character," Sunday morning. There will be no preaching in the M. E. church Sunday evening.

At the Universalist church next Sunday morning Miss Baker will be assisted by the Rev. Miss Haight, who is visiting in the vicinity. Owing to the union baccalaureate service there will be no evening service.

SERIOUS RUNAWAY

Last Tuesday Evening

MISS VIOLA SHULL and RAYNOR BREWER

Were Thrown from the Carriage on Logan Street and Quite Seriously Hurt.

Last Tuesday evening about 7:30 o'clock as Miss Viola Shull and Raynor Brewer, accompanied by little Nerissa Fitzsimmons, were driving down Logan street. Having just turned the corner from Union street, the horse became frightened at the work on the new stone walk and shyed somewhat. When about half a block farther down, a dog ran out, the horse became thoroughly frightened and ran away.

In front of Norman Emerson's residence, the occupants of the carriage were thrown out on the stone sidewalk and for a time it was thought were severely injured. Miss Shull was stunned, Raynor Brewer wound around a tree, two ribs broken and badly bruised. Little Nerissa was scratched quite badly, but otherwise all right. When the carriage struck the tree, the horse broke away and was soon afterward captured down Logan street.

For a time it looked as if it was quite a serious affair, but this morning all the participants are better and doing as well as could be expected. Raynor is so sore he can hardly speak, but will no doubt be all right in a few days. Miss Shull sustained a severe nervous shock and little Nerissa, although thrown at least ten feet in the air, came down so easily that her worst trouble was nausea which lasted more or less for two days.

In fact, it was a serious affair but terminated at last luckily, for which everyone is thankful and happy.

IN OLDEN TIMES

Today the Herald will print the Ninth Article on

OLD TECUMSEH

And it will be read with interest.

June 1st, 1865 the HERALD states that "The National Bank of Tecumseh, opened in the old banking office of P. Bills & Co. on Monday last. It is organized under the National Banking Law with paid in capital of $50,000 to be increased to $100,000. Its officers are P. R. Adams, president; L. Lilley, cashier; and P. Bills, L. Lilley, B. L. Baxter, P. R. Adams, A. Anderson, B. J. Bidwell, J. S. Strong, A. B. Ward and L. Drew, directors."

Another important announcement is that the "M. S. and N. I. R. R. have decided that in the future only under circumstances of necessity will they run freight or any other kind of trains on the Sabbath." (Sunday excursions were not yet a "necessity.")

"A company of ladies and gentlemen, forty in number, from Detroit will give a performance of "Uncle Tom's Cabin." They have a canvas capable of seating two hundred people. The date is June 17th. Let every one witness this great play."

The young men of the village have taken great enterest in the 4th of July celebration for which preparations are being made. $150 have already been raised and four balloons are to be sent up. A picnic dinner is to be provided and all the adjoining towns are to contribute to it. Proceeds of dinner to go toward soldiers' monument fund.

On July 20th we find "The harvest of 1865 is being gathered as rapidly as the rainy weather of the past fortnight will permit. Most of the wheat through this section of country is cut, but very little of it as yet has been drawn in. There is much danger of grown wheat if the rains continue. We hear many complaints of rusty wheat and some pieces have been so badly struck with rust that they will scarcely pay for the harvesting and threshing. The wheat upon the openings has been more unfortunate in this respect than timbered land pieces. What the farmers want most now is a fortnight's dry, sunshiny weather." They undoubtedly had the desired weather for a later paragraph says, "More wheat was drawn into town on Tuesday last than ever before in one day."

"Last Saturday we were visited by a severe thunder storm. The house of John Beers, in the northwest part of the village, was struck by lightning and the Exchange hotel was opened temporarily by another clap."

"Never were tenements so scarce in Tecumseh as at this time. Every house and shanty is occupied and the demand is great. Put up tenements on your vacant lots, O capitalists, and charge your own price for rents and it will be readily paid."

"The apple trade has been exceedingly brisk for the past week (Oct. 12, '65). The regular price has been $3.00 per barrel. Thousands of barrels have been sold here within the past ten days. Many of our farmers have realized as much from their apple crop this year as from their wool."

"A meeting of business men was held in Bills & Baxter's office to take into consideration the building of a new hotel. A committee of five consisting of Wm. Hayden, B. J. Bidwell, G. W. Ketcham, A. B. Ward and Wm. Richard was appointed to receive subscriptions. Three building sites were talked of, but it is still uncertain which one will be selected, viz., the dwelling house and lot owned by B. J. Bidwell, the old Snell stand now kept by Nixon, and the corner below Wright's drug store near the marble shop. Either locality is a good one for a hotel, and we care not which one is selected, provided they put up a good house and do it immediately."

"The Baptist church and society will dedicate their new house of worship on Thursday, Nov. 30th. Prof. Gregory, of Kalamazoo, will preach the sermon."

The editor has just taken a trip with the Tecumseh Band to the lakes. Evans lake was then the resort of Tecumsehites and Sand Lake had not a cottage or hotel near it. He recites how the Davenport House "loomed up like a fairy scene in romantic tales" and criticises the "taste that built so fine a lake house in the sunshine, and on a sand hill when it might have been in a grove," and deplores the "cutting down of trees on the island to make a peach orchard." "The Rev. Mr. Lyster showed his love of a pretty lake when he purchased the Sand lake surroundings and made his "Bird's nest" on the southwest shore. To my mind the Lake House should have been there. It would have had a hundred visitors where now it has ten."

They evidently believed in capital punishment in those good old days. Some bad boys have disturbed the singing school and the editor remarks that "killing is too good for such boys."

Two new enterprises start in, in the spring of 1866. One is a new photograph gallery. "Messrs. Hopkins and Paine, of Binghampton, N. Y., have leased rooms in the third story of Anderson and Bills' block over Wright's drug store. Mr. Hopkins is a first class portrait painter, and Mr. Paine a practical photographer of twelve years' experience. They will execute ambrotypes, photographs, porcelain pictures and painted photographs in the highest style of the art. They will furnish portraits in India ink at from five to fifty dollars and they design as soon as convenient to purchase a solar camera for taking pictures of any size. It will be an institution that is much needed here and will no doubt receive a full share of patronage."

The other enterprise is an arrangement made by Dr. Patterson and Wooiston Comfort for the manufacture of brick. "They have sent east for a brick machine, which will be here in a few days. The yard is situated south of the village in the vicinity of the Raisin mills. A boarding house will be put up for the accommodation of the employes and all the necessary arrangements will be made for carrying on the business on a large scale. It is their intention to make from one to two million brick this season." Albert Anderson has commenced breaking ground for the new hotel.

Wheat is quoted at $1.75 (April 26, 66), red wheat the same, clover seed, $4.55, butter, 25 cts., hams, 15 cts., eggs, 10 cts., lard, 12 cts. and potatoes, 35 cts.

Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distension of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centred about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibre; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows:—

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

A FITTING TRIBUT.

A Citizen of Tecumseh pays a well-earned Tribute.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the scores that have appeared before.

Mrs. E. D. Fryer, who lives in the northwestern section of Tecumseh, says: "I suffered from my kidneys off and on for about two years. During an attack the pain was worse along in the afternoon and I often felt like giving up but I kept on working in misery, for stooping or straightening made my back feel as if it were breaking in two. If I took a slight cold it always settled in my back and in spite of all the remedies I used I could not get relief. Procuring Doan's Kidney Pills at C. A. Wright's drug store I took a course of the treatment. It did more good than all the other medicine I ever used. The pain in my back was quickly relieved. I take pleasure in recommending Doan's Kidney Pills at every opportunity."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

PEOPLE WHO CAN'T SLEEP.

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. E. Anderson of Tecumseh, Mich., says;—"I was so nervous that I could not sleep at night and was weak and suffered from dizzy spells. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. A. Wright's drug store and they were just what I needed. Since I used the medicine my nerves are steady and strong—I sleep finely—the dizziness is all gone and the general health, strength and vigor splendid. I think the pills a splendid nerve medicine and have no hesitation in recommending it strongly." 50c a

BLUE RIBBON RACES.

In All $44,000 Will Be Divided Among Horsemen.

Detroit, Mich., June 3.—Secretary Petit of the Detroit Driving club has announced the program for the Grand Circuit meeting, which will be held at Grosse Pointe July 20, 21, 22, 23 and 24. In all $44,000 will be distributed among the horsemen. Of course the big event of the meeting will be the M. & M. stake, which is worth over $8,000 to the winner. The stake for pacers—the Chamber of Commerce—is valued at $5,000, and judging by the early entries made in these events the best will again be on hand, as has been the rule for years. The Chamber of Commerce stake will be decided on the opening day, and the M. & M. on the day following.

From all appearances, the coming meeting should be as successful, if not more so, than those of former years. With good weather, Secretary Petit feels confident that all previous records in the matter of attendance will be eclipsed. Outside of the C. of C. and M. & M., all the events will be decided in two in three heats, thus giving quicker action to the program and making it possible to crowd in an extra number each day. Entries for events close July 6.

Found Needle In His Arm.

Kenton, Mich., June 3.—While lifting heavily a severe pain caught S. Dean in the elbow and he was unable to straighten out his arm. An examination proved that some foreign substance was imbedded in the muscle, and a portion of a needle, about three-quarters of an inch long, was extracted. The piece was jet black and evidently had been in the arm for years.

Albers Goes Free.

Grand Rapids, Mich., June 3.—Attorney Gerrit Albers, one of the five men indicted by the grand jury in connection with the Grand Rapids water supply scandal, has been declared not guilty by the superior court jury. The charge against Albers was that he offered a bribe to Alderman Joseph Renihan, and the latter was his accuser.

Michigan Pensioners.

Washington, June 3.—Michigan pensions were granted Tuesday as follows: Charles A. Robinson, $17; John H. Warner, $12; Harrison Carll, $40; Artemus G. Newman, $55; John Sipe, $12; James C. Welch, $14; Daniel S. Wheelock, $12; Alonzo Lebaron, $24; Mary Marsh, $8; Asenath King, $12; Amanda Van Orman, $12.

She Weds a Jap.

Grand Rapids, Mich., June 3.—Toraco M. Keaton, a Japanese artist of Chicago, and Miss Myrtle Belle Kingsnorth, daughter of Mrs. Ella Kingsnorth of this city, were married here last evening. The groom is 30 years of age and has spent sixteen years in this country.

Trolley Men Want More Pay.

Detroit, Mich., June 4.—About 1,000 employes of the Detroit United Railway gathered in the old Light Guard armory, Jefferson avenue and Randolph street, at 12 o'clock Tuesday night, to take up the report of the agreement committee, containing the concessions of the company and the refusal to grant the increase in wages asked by the association. The men voted unanimously to stand by the demand for 27 cents an hour, and time and a half for overtime and holidays.

Other Bodies Exhumed.

Kalkaska, Mich., June 4.—Prosecuting Attorney Smith, Sheriff Creighton and Dr. Pearsall went to Fife lake Wednesday and disinterred the bodies of Mrs. Murphy and her baby for the purpose of securing an analysis of the contents of their stomachs. It is expected that strychnine will be found, as it was in the case of Murphy, and the case against Mrs. McKnight, Murphy's sister, who is charged with the triple murder, thus strengthened.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

The infant child of Mr. and Mrs. Samuel Ousterhout, that was so seriously scalded last week, died Friday. The funeral was held Sunday afternoon at two o'clock.

Mrs. Geo. Davidson and two children and Mrs. Justin Camp went to Ann Arbor Wednesday, where Mrs. Davidson's little son, Kenneth, will undergo an operation on his eyes.

Mr. and Mrs. F. L. Cook came out from Detroit Saturday in their automobile. Mr. Cook returned Sunday while Mrs. Cook stayed until Wednesday night as a guest of her parents, Mr. and Mrs. A. J. Sutton.

The monthly meeting of the Prohibition Alliance was held Tuesday evening at the home of Mr. and Mrs. S. J. Anderson. The July meeting will be held at the home of Chas. Gove.

WILL NUMBER A HUNDRED.

The Death List of Gainesville's Awful Disaster.

Gainesville, Ga., June 3.—The 6,000 inhabitants of this city have just begun to realize the extent of the appalling disaster of Monday. It now seems certain the death list will not be much short of 100; perhaps somewhat over 100 considering the number of dangerously wounded, whose chances for recovery cannot now be calculated.

Figuring from all available sources and giving credence only to those reports which are believed to be trustworthy, the following is a summary of the effects of the tornado in Gainesville and its environs:

One hundred killed; 150 injured, of whom probably 30 will die; 300 persons homeless, their residences having been wiped out of existence; property loss about a half million dollars, none of which was covered by insurance.

A concise and accurate statement of the casualties cannot be rendered for several days, but the physicians in attendance believe that it will not go very far above one hundred.

MRS. CECELIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a $1.00 bottle of Wine of Cardui.

WINE OF CARDUI

Over 100 Killed In Tornado.

Gainesville, Ga., June 4.—The death list from Monday's tornado has passed the one hundred mark. The situation has at no time been exaggerated. At the temporary commisary great crowds of starving people were gathered at daybreak. They held orders signed by sub-committees on relief who had been through the desolated district. To each one were issued provisions according to his needs. In nearly every instance the order for rations for one person for one week. As some families have several members, this issue will last for one day. The supply at the commissary, unless replenished, will soon be exhausted.

SOLDIERS MAY GO

Committee From Legislature Will Be Sent On a Junket.

TO ANDERSONVILLE, GEORGIA

To Attend Unveiling of Michigan Soldiers' Monument—Rodgers Recalls Binder Twine Bill—House Passes an Insurance Measure.

Lansing, Mich., June 6.—Six representatives and three senators are to go to Andersonville, Ga., some time in the remote future to witness the unveiling of the Michigan soldiers' monument there. The committees have not yet been appointed, but when they are made up they will probably include all the civil war veterans available. In the house Captain Newberry, who has fought in the civil war, in Cuba and in the Philippines, will probably get a place on the commission. Representative Siggins of Detroit will undoubtedly be appointed as one of the six, as the Wayne delegation has sent a petition to Speaker Carton, signed by all Detroit members, asking for his appointment. He is also a civil war veteran. Representative Hallenbeck, chairman of the house committee on military affairs, another veteran, will likely get a place, as will Representative Brown, a Spanish war veteran of the Thirty-fifth Michigan, who is the only soldier from the upper peninsula. Representative John Lane of Berrien has two brothers-in-law buried at Andersonville, and his friends think this should entitle him to a position on the commission. Representative Herkimer of Monroe is another veteran. There are three or four others in the house. In the senate Cannon, Smith and Van Akin are all civil war veterans. Senator Barnes is the only other civil war veteran in the upper house.

The latest question that has been raised about Earle's state highway commission bill allages that it may repeal the present county road law, leaving certain jurisdiction over the highways optional with the counties. It will have short shrift with the farmers if this is the case.

Binder Twine Bill Not Dead.

The binder twine bill is not dead in the house. Representative Rodgers of Muskegon, who fought the bill on the floor Thursday and helped to bring about its defeat, Friday moved to reconsider the vote by which the bill was lost, and succeeded. He had the bill laid on the table. He now says he will support the measure if it is amended so that the price of binder twine will not be reduced, but that the product of the Jackson prison plant will be sold at the regular market price. As only one or two votes are needed to pass the bill, it will probably go through next week.

There was no session of the senate Friday morning. The house passed a bill repealing an act requiring fire and marine insurance companies to reinsure in companies obeying the requirements of the Michigan law and paying taxes in Michigan. Despite strenuous opposition from Representative Hunt and one or two others who did not want companies to reinsure in other concerns which do not contribute to the state treasury the repealing act passed.

The house also passed Senator Smith's bill, changing the residence period from six months to one year to entitle students at the mining school at Houghton to the lowest rate of tuition; also a bill directing the state board of auditors to repair the old capitol building and to put in an elevator so that the state tax commissioner may be given rooms there, instead of having to pay rental for the present rooms in Lansing city hall; also a bill appropriating $5,000 for a monument to Kentuckians murdered at the River Raisin.

Gets a New Trial.

Niles, Mich., June 6.—Fred Stevens, son of the late Thomas L. Stevens, who was for many years president of the First National bank, now insolvent, of this place, was in town a few days ago, and while here stated that the supreme court of South Dakota had reversed the decree of the lower court and ordered his case back for retrial. Stevens was found guilty of wrecking the bank of Plankington.

Mangled Beneath Car Wheels.

Alexis, Mich., June 6.—Clark F. Labo, a brakeman on Lake Shore train No. 334, met instant death last evening at Wagon Works by falling between the cars. The train was coming north and is supposed Labo fell in trying to step from one gondola to another. Both legs and arms were cut off and the body mangled.

Conservative Estimate of Number Who Perished

IN SOUTH CAROLINA'S FLOOD

Mill Industry Suffers to Extent of $3,000,000—Citizens of Spartanburg Raise $3,500 For Relief—Mighty Cloudburst Caused Flood.

Columbus, S. C., June 8.—Though the great flood of water is passing on to the ocean, laden with debris of every description and the swollen streams are subsiding in the Piedmont region, the losses of life and property are increasing, and a conservative estimate places the property loss at not less than $3,500,000. The most conservative estimate of the dead is eighty. At Clifton alone 100 operatives are missing from the village and all are believed to have been lost. During Sunday dead bodies were washed ashore here and there, and occasionally a dismembered limb would float to the banks.

Spartanburg, S. C., June 8.—The latest reports are that approximately fifty-five persons were drowned Saturday in the floods at Pacolet and Clifton. No list of dead is yet available here, but it is supposed that most of the dead were mill operatives. The bodies of four unidentified white persons were taken from the river below Clifton. An estimate, regarded as conservative, of the loss to the cotton mills in this county is $3,000,000.

A mass meeting of citizens was held here Sunday and $3,500 was subscribed for the relief of the flood sufferers. Many generous offers of assistance have been telegraphed from other cities.

Congressman Johnson left for Washington to see Secretary of War Root, with the purpose of securing federal aid if possible.

Charlotte, N. C., June 8.—Developments in the devastated mill settlements at Pacolet and Clifton do not lessen the horror of the situation there, though it is believed the loss of life will not exceed fifty people. The destruction of property by the flood was far-reaching, and even yet a number of mill points, where it is feared damage has been done, cannot be heard from on account of the prostration of telephone and telegraph wires.

The flood was due to a mighty cloudburst along the headwaters of the Pacolet river, in Polk county, this state. The crest of the flood, when it reached Pacolet, was sixty feet high. The mills were located along the banks of the stream in a deep valley, high hills rising on either side, and caught the full force of the flood.

Washington, June 8.—Absolutely necessary relief, in the way of rations, medicines, etc., will be given by the war department to the sufferers by the disastrous floods in South Carolina Saturday.

PRESIDENT'S CHURCH

Dedicates a New Edifice in Washington With His Aid.

Washington, June 8.—The handsome new home of the Grace Memorial Reformed church, which President Roosevelt attends, was dedicated Sunday with appropriate exercises. President Roosevelt, with his family, attended the services and made a brief address. The Rev. J. M. Schick, the pastor, read the article of consecration, and the Rev. E. R. Eschbach, D. D., of Frederick, Md., preached the dedication sermon.

President Roosevelt occupied one of the two bishop's chairs, which he presented to the church. He was introduced by the Rev. Mr. Schick and spoke in part as follows:

"I shall ask your attention to three lines of the dedication canticle:

"'Serve the Lord with gladness; enter into his gates with thanksgiving, and into his courts with praise. Who shall ascend into the hill of the Lord? Or who shall stand in his holy place? He that hath clean hands and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully.'

"Three better lines could surely not be brought into any dedication service of a church; and it is a happy thing that we should have repeated them this morning. This church is consecrated to the service of the Lord; and we can serve him by the way in which we serve our fellowmen. This church is consecrated to service and duty. It was written of old that 'by their fruits ye shall know them,' and we can show the faith is in us, we can show the sincerity of our devotion, by the fruits we bring forth. The man who is not a tender and considerate husband, a loving and wise father, is not serving the Lord when he goes to church; so with the woman; so with all who come here."

Morgan Couldn't Rent a Coach.

Paris, June 8.—J. P. Morgan left Aix-les-Bains in a temper and is not likely to return again. His indignation is because he could not rent or otherwise obtain a special private car from the railway company, which declined to make concessions to the Croesus and would not even have sold him a whole train if he wanted it. As a result of the obstinancy of the railway, Mr. Morgan and his party had to leave Aix-les-Bains, traveling like ordinary mortals, in an ordinary coach.

Found His Body in a Creek.

Monroe, Mich., June 6.—The body of Moritz Von Hagen, a German shoemaker, 75 years old, was found floating in Plum creek bay, three miles from this city. He had been a resident of this city for a long time. Of late he had been somewhat deranged. As there were no indications of foul play an inquest will not be held.

Oddfellows to Picnic.

Bay City, Mich., June 6.—The Oddfellows of the Saginaw valley are planning to make their seventh annual picnic the largest affair of the kind ever held by them. The lodges at Saginaw, St. Charles, Freeland, Kawkawlin and Bay Cities will join forces. The probabilities are that the picnic will be held at Linwood.

ORDER A STRIKE

Seven Hundred Detroit Boiler Makers Quit Work.

UNION IS NOT RECOGNIZED

Reported Concerns Turn Laborers' Organization Down—Many Firms Affected—Iron Shipbuilders at Wyandotte May Also Make Demands.

Detroit, Mich., June 8.—At a meeting of Lafayette lodge, No. 169, Brotherhood of Boilermakers and Iron Shipbuilders, at 34 Monroe avenue Sunday, it was decided to order a strike in every boiler shop in the city today, as well as calling out the iron shipbuilders employed in the local yards of the Detroit Shipbuilding company. The order will affect about 700 men.

The trouble is over the question of recognizing the union, which the bosses have never done before. According to one of the officers of the local lodge an agreement, the first ever presented, was handed to the boiler making concerns a week ago, but was turned down. The refusal of the firms to recognize them as an organized labor body culminated in the strike order of yesterday. One of the clauses in the agreement calls for the employment of none but union men, and this is believed to be one of the most objectionable features.

Many Firms Affected.

The firms to be affected by the strike are the Detroit plant of the Detroit Shipbuilding company, the Michigan Central railroad boiler shops, Stephen Pratt, John Brennan & Co., Charles McGregor and the East End Boiler Works. The Wyandotte yards of the Detroit Shipbuilding company, where the bulk of the iron shipbuilders in this vicinity are employed, are not affected by the action of the local lodge, as the men have a local union of their own. However, it is hinted that they, too, will demand recognition as they are affiliated with the brotherhood.

"I am not surprised," said General Superintendent C. B. Calder of the shipbuilding company last night. "The men want us to recognize their union and sign an agreement, which we have never done. It is stipulated that we employ none but union men, but there is no question of wages involved. I have not heard of any grievance at Wyandotte. We have union men down there but are not recognized as such."

Big Fire in Cadillac.

Cadillac, Mich., June 8.—Cadillac has experienced the worst fire in twenty years. It was discovered in the rear of the Hammel, Newald & Kahn horse sale shed; origin unknown. The fire soon spread, totally destroying ten buildings, four on West Harris street and six on West Mason street. Losses: Morgan & Murray, warehouse, $1,500, contents, $2,500; McCormick Harvester Co., machines; Stuart, Morgan & Murray, warehouse, $2,000; Hammel, Newald & Kahn barn, $1,000, $1,000, insurance $700; A. P. Anderson, saloon and hotel, $2,200, contents, $1,900, insurance, $4,500; Peter G. Anderson, blacksmith shop, tenement house, $900, partly insured; William Cassler, storehouse, whole loss, $1,200; insured; M. V. Hatain, small barn, tenement house, $600, insured; Robert Johnson estate, hay and feed stored in Morgan & Murray warehouse, $1,200, small insurance; Frank Larose, restaurant, $1,200, no insurance; Wielett Wolfrain, pool room, $1,300, partly insured; N. P. Nordstrom, warehouse and contents, $1,500, small insurance. Other small losses by several parties.

Stores Kept Open.

Benton Harbor, Mich., June 8.—Contrary to expectation, many places of business were wide open Sunday, the saloons only being locked up. It had been given out by Sunday observance advocates that the officials are awaiting the action of Governor Bliss on the bill passed by the legislature last week. The Big Four railroad has announced that it will cancel advertised excursions to the twin cities if Sunday closing is enforced.

Whiskey Killed Him.

Jackson, Mich., June 8.—Frederick Michaels, man of all work at a city saloon, died last evening, probably from the effects of excessive drinking. He was taken ill in his room at 3 o'clock and died at 6. Michaels has a family, from whom he has been separated for some years, who reside on a farm between Wayne and Detroit. He died in a squalid room after drinking the contents of a bottle of whisky.

Killed by Lightning.

Quincy, Mich., June 8.—During the progress of a storm a flat on Railroad street, owned by Henry D. Pessell, was struck by lightning. Mr. Pessell, who was in the building at the time superintending some repairs, received the force of the current and was killed instantly. He was about 65 years old.

Fall May Result Fatally.

Port Huron, Mich., June 8.—Miss Vera Norris, a prominent young society lady, was seriously injured by falling off a moving street car. She stepped from the footboard and was thrown violently to the ground, striking her head with great force. Her condition today is very grave.

Circus Rider Died From Fall.

Kalamazoo, Mich., June 6.—John Brown, a trick rider with the Forepaugh-Sells Bros. circus, who was injured by his horse falling at the evening performance here, died in Borgess hospital from his injuries. He was about 25 years old. His home is not known.

COLLISION AT SEA

Hundred Persons Drowned in the Mediterranean.

OFF COAST OF MAIRE ISLANDS

Steamer Liban Run Down by Insulaire—Nearby Boats to Rescue—Half the Passengers Saved—Boiler Exploded, Adding Horrors to Situation.

Marseilles, June 8.—A terrible shipping disaster occurred a little distance from this port at noon Sunday, when two passenger steamers, the Insulaire and the Liban, both belonging to the Fraissenet Steamship company of Marseilles, came into collision. The Liban sank and over one hundred of her passengers and crew perished.

The steamer Liban left Marseilles in the morning on her regular trip to Bastia, Corsica, and was run down and sunk by the Insulaire off the Maire Islands. The collision was witnessed from the pilot boat Blechamp, which was about two miles distant. The Blechamp immediately repaired to the spot to render assistance. The force of the collision had cut a great hole in the Liban's side and she already was making water rapidly. Her captain saw the only chance was to run the steamer aground, and the Liban was headed full speed for the shore; but within seventeen minutes of the collision and while still in deep water the fore part of the steamer plunged beneath the waves and a few minutes later she had entirely disappeared.

Went to the Rescue.

In the meantime the Blechamp, the steamer Balkan, also belonging the the Fraissinet company, and other vessels had drawn near the sinking ship and were making desperate efforts to rescue those on board. The Blechamp picked up forty persons, many of whom were at the point of exhaustion. The Balkan rescued thirty-seven passengers and up to the present it is known that in addition to the passengers seventeen of the crew were also saved.

Boilers Exploded.

Officers of the steamer Balkan describe the scene just before the Liban disappeared as a terrible one. As the vessel was sinking she was inclined to such an angle that her masts struck the water, causing an eddy, which made the work of rescue most difficult. A mass of human beings were clinging to the foundering vessel and uttered despairing cries as she went down. At the same time the boilers exploded, intensifying the horrors. For a few moments the victims were seen struggling in the sea, then the waves closed over them and all was silent. Of about two hundred passengers who were aboard the Liban it is feared that at least half were drowned.

Across Ocean in Fifteen-Foot Boat.

Gloucester, Mass., June 8.—Howard Blackburn, who already has made two voyages across the Atlantic alone in small dories, started Sunday afternoon in his 15-foot dory America, in a third attempt to cross the ocean, with Havre as his objective point. His intention is to return via Gibraltar, Western Islands, Porto Rico, Cuba, and exhibit his boat at the St. Louis exposition. A large crowd on the wharves and craft in the harbor gave him a hearty sendoff.

Toledo Papers Consolidate.

Toledo, O., June 8.—One of the biggest newspaper deals ever consummated in Ohio closed here. The Toledo Sunday Times and the Toledo Sunday Bee each contain announcements of the sale of both properties to the Toledo Newspaper company. Milton A. McRae, who has been here conducting the negotiations, concluded the work today. On Monday the Evening News and the Evening Bee will be consolidated and will be published hereafter as the Toledo News-Bee.

Hanna Again Says No.

Newark, N. J., June 8.—The News has an interview with Senator Hanna from a staff correspondent, sent to Cleveland for that purpose, in which Senator Hanna emphatically denied that he was a candidate for the presidential nomination. He declared that Mr. Roosevelt would be the only candidate for the republican nomination in 1904.

Lightning Struck a Church.

Cleveland, June 8.—Lightning struck the spire of St. Paul's Episcopal church, at the corner of Euclid and Cass avenues, during a heavy storm. The spire was practically demolished, while two immense blocks of stone crashed through the roof of the church, causing damage to the extent of several thousand dollars.

After Murderous Cowboys.

Topeka, June 8.—A message from St. Francis says Chauncey Dewey and his cowboys, under arrest for the alleged murder of the Berry family last week, are yet safe. The settlers have formed a quasi-military organization, it is understood, and are outspoken in their determination that Dewey and his men shall not escape. A military company from Osborne is now on its way to St. Francis.

Strikers Will Not Arbitrate.

Kalamazoo, Mich., June 6.—Carpenters, who have been on strike for over a month past, have refused an offer from the contractors to arbitrate their differences. They are out for higher wages and shorter hours.

ALLEGED MURDERER.

Man Wanted In Rochester, N. Y., Arrested In Detroit.

Detroit, Mich., June 6.—While on their way to police court yesterday morning Detectives Lally and Seymour arrested Joseph Pinkney, alias "Toronto Slim," on suspicion of being the murderer of George Hickey at Rochester, N. Y., Aug. 19 last. Pinkney did not deny his alias, but says that the Rochester authorities are mistaken in suspecting him of the crime. He is detained at police headquarters awaiting advices from Rochester.

Rochester, N. Y., June 6.—Detectives left here today for Detroit to bring back Joseph Pinkney, arrested in that city. Pinkney is supposed to be the murderer of George Hickey in this city Aug. 19 last. Hickey and three others were engaged in a midnight brawl when a quarrel followed and Hickey was stabbed in the throat. He staggered into a hotel nearby, fel. to the floor and expired without uttering a word.

Buried His Money.

Caro, Mich., June 6.—While it was known that William J. Bell, whose sudden death was discovered Wednesday, was possessed of means, there was no thought that beyond the ordinary accumulations of a few months he had much ready money concealed about his house. A systematic search was made about the house and barn, with the result that over $12,000 was found buried on the premises. The search revealed little until the woodshed was reached. There, in eight different spots, about a foot below the surface of the ground, they found ordinary fruit cans filled with more wealth than they supposed the old man had on hand.

THE PAYMENT OF A DEBT

[Original.]

A party of noblemen were amusing themselves shooting near Dijon, France. After a shot by the Marquis of Tours, aimed at something seen indistinctly in a thicket, a human cry was heard. The party rushed to the point whence it proceeded and found a young girl of sixteen lying on the ground bleeding from a bullet wound in her side. From the opposite direction a man came hurrying, and when he saw what had happened he took the girl up in his arms and, shaking his fist at the huntsmen, cursed them for what had been done.

"Is it thus that you overrun our peaceful fields, you nobles who never toil, but feed on what we common people produce? And, not content with wasting the fruits of our toil, you ruthlessly shoot our children without taking the trouble to discover that they are not birds. Wait, messieurs! The day will come when we will crush you under our heels!"

"It was an accident," replied the marquis. "Here; take this," throwing him a golden louis. "Were it not for your threats I would make it ten times as much. Come, messieurs. Let us go on."

The party proceeded on their way, but had not gone a dozen yards before the coin was sent spinning past the ear of the marquis. One gentleman, a young fellow of twenty, remained behind. Kneeling beside the girl, he stanched the blood with his cambric handkerchief, then said to her father:

"Let us carry her to her home. I am a student in the Paris School of Medicine. I will see what I can do for her."

Henri Durlac did not leave the home of Antoine Garnier until the daughter, Lizette, was out of danger. Indeed, he alone saved her life. The country doctors of that day knew nothing of surgery and could not have carried safely through such a dangerous case. Three weeks had elapsed when the young doctor said to Garnier:

"The crisis has passed. Any physician can now attend to the dressing of the wound."

"Doctor," replied the father, "why have you taken this trouble? You are a noble."

"Yes, but I am a man."

"You have given me the life of my daughter. Some day I may repay you."

"I do not need money, and I trust that I may never need your assistance," replied the young surgeon.

Eighteen years later came the reign of terror. Henri Durlac, now Count Durlac, was about to be arrested, but succeeded in escaping across the border. This was in the beginning, before the revolutionists had become so drunken with blood that they sacrificed women and children. Count Durlac had been married, and his wife and her daughter, Louise, were about to follow him when they received a warning not to attempt to do so.

Mme. Durlac, though beloved by all the province in which she lived, was at last arrested and with her daughter taken to the conciergerie in Paris.

One day they were led out to be tried. For what? For being of noble birth. A man sat behind a rude table, ready to act as judge and jury to send prisoners to the guillotine. Mme. Durlac and Louise sat waiting their turn, watching the people who were pronounced "traitors to France" marched away to die. A portly man, who showed by his dress and bearing that he was an aristocrat, stood before this self constituted tribunal.

"Your name?" asked the judge.

"I am the Marquis of Tours."

The judge flushed.

"Do you remember, marquis, hunting for birds and shooting a maiden?"

The marquis paled, but said nothing.

"Traitor to France!" said the judge. "Take him away!"

In half an hour the marquis' head rolled into the basket.

"Next!"

"These," said a gendarme, "are the Countess Durlac and her daughter."

The judge started. "Madame," he said, "you are accused of being a traitor to France. What is your defense?"

"I make no defense. Defense would be useless."

"H'm!" said the judge. "Take these women to the little jail in Rue St. Jacques and bring them here tomorrow for sentence. The executioner is too busy today to attend to them."

That night a muffled figure appeared before the little jail in Rue St. Jacques and presented an order for Mme. and Louise Durlac. Throwing a mantle over each to conceal her features and especially her attire of a gentlewoman, he led them through some of the narrowest streets in Paris. Stopping suddenly beside a carriage and opening the door, he bade them enter. Not doubting for a moment that they were going to the guillotine, they obeyed, and their conductor mounted the box beside the coachman, and they were driven beyond the barrier. Stopping now and again for fresh horses, they traveled until at last they heard the plashing of waves. Then they were directed to alight and were put into a boat.

"Take this letter to Count Durlac, madame," said their conductor, "and tell him that the man who gave it to you may soon be executed as a traitor to France."

The prisoners were rowed to an English vessel standing off the coast and in an hour were sailing for England. Once on board Mme. Durlac opened the letter to her husband and read:

> Count—Eighteen years ago a fiend shot my daughter, and a noble saved her for me. I have sent the fiend to the guillotine, and I send the noble two lives for the one he gave me.

A Weed That Eats Fish.

An English naval officer, writing from Suakin, Red sea country, contributes the following remarkable instance of a plant preying upon one of the vertebrata. The instance noted was observed by him when surveying the Paracel islands, in the south China sea: "As I neared a pool cut off by the tide from the sea I noticed among other submarine plants a very ordinary looking flesh colored weed. Bending to inspect it closer, I noticed numbers of small fish lying helpless in its fronds, apparently with little or no life in them. Putting my hands down to pick one of them up, I found my fingers caught by suckers on the weed, the fronds of which had closed tightly upon them.

"The fish had been caught in every conceivable way—by the head, the tail, sides, etc.—and some of them had been held until the skin was completely macerated. Those of the fish that were still living had evidently been caught at different times, they appearing in all stages of exhaustion. I regret being unable to name either the plant or the fish, but that the botanical cannibal really preyed upon the finny denizens of the deep there isn't the least doubt."

When Reptiles Ruled a World.

There was a time "in the wide revolving shades of centuries past" when our globe was wholly in the possession of walking, swimming and flying reptiles. Being the dominant type, they divided naturally into three great classes. In the oceans they became gigantic paddling enaliosaurians; on dry land, or, rather, wet land, for the whole face of the globe was doubtless a quagmire at that time, they became monstrous, erect dinosaurians, some of which had legs fifteen feet or more in length; those which inhabited the regions of the air were the terrible flying pterodactyls.

For a vast but unknown length of time these awful creatures literally ruled the earth. Finally after they had "seen their day" they began to grow less and less. One by one they died out in the face of the younger and more vigorous fauna until at the present time only a few miniature alligators and crocodiles and a few toy snakes remain as reminders of skulking lizards and geckos and of the enormous reptilian types that once crowded land and sea.

Ousting the Slaughter Houses.

St. Clair, Mich., June 6.—Butchers have always maintained their slaughter houses adjoining the places at which meat is sold. Recently Mayor Inches announced that such places must be removed beyond the city limits by June 15. The council passed an ordinance permitting them, by complying with certain sanitary requirements, to continue slaughtering at the present places. The mayor vetoed the ordinance. The council, by a vote of 3 to 2, refused to pass the ordinance over the mayor's veto. The mayor now says he will call a public meeting and let the citizens decide whether the slaughter houses shall continue in their present locations or not.

The Holland Primrose.

There is a plant in Holland, known as the evening primrose, which grows to a height of five or six feet and bears a profusion of large yellow flowers so brilliant that they attract immediate attention, even at a great distance, but the chief peculiarity about the plant is the fact that the flowers, which open just before sunset, burst into bloom so suddenly that they give one the impression of some magical agency. A man who has seen this sudden blooming says it is just as if some one had touched the land with a wand and thus covered it all at once with a golden sheet.

The Man In the Moon.

Life, whether vegetable or animal as we know it, certainly cannot exist under lunar conditions, says the London Mail. The alternations of a long day of considerably over 300 hours' duration, with a night of similar length accompanied by changes from excessive heat to its antipodes of cold would alone render all earthly life impossible, but experience has taught even here the adaptability of life to most extreme conditions, and it must be believed that, after all, organic life may have found a congenial home in our "lamp of night."

THE FASHIONS.

Holland dresses more or less tinted are much used for beach and mountain costumes.

The Gibson effects are still very popular, and there are tennis, yachting, pingpong, golf and coaching Gibson waists.

Plain white nun's veiling or pongee makes a charming summer gown over white taffeta, the gored skirt laid at intervals in fine vertical tucks down to the knee.

Some of the new French skirts are arranged in graduated box plaits all around, the plaits being very narrow and flat at the top, widening out as they descend and when released giving the fashionable fullness near the feet.

Noticeable among the light silk and liberty satin gowns is the fact that the seven and nine gored skirts are very much used, but so often disguised by fagot stitching, vertical tucking or insertion bands of lace that the seams are almost invisible.

One of the daintiest of the summer blouses is formed of almost transparent pink india silk, elaborately tucked and trimmed with Flemish lace insertion. The neck is finished with a transparent collar of a wider band of the lace, threaded with black velvet bebe ribbon.—New York Post.

THE HORSES.

Bob Davis will rein behind Coney, 2:02, this season.

The sister to Bingen, 2:06¼, recently foaled by Young Miss, is dead.

It is reported that John Hussey will have Onward Silver, 2:08, this year.

The pacing mare Nelly M., 2:10¼, has a chestnut filly by Heir-at-law, 2:05¾, at foot.

Markala is the name given to the yearling filly by Peter the Great, 2:07¼, out of Nancy Hanks, 2:04.

Anagallis, purchased at the Marcus Daly sale in December by Mr. Brayton Ives, has by her side a handsome bay filly by Bow Bells and has been bred to Kellar, 2:16¼.

Queen Wilkes, owned by E. E. Smathers, recently clinched her title to the championship of the New York speedway by defeating Nathan Straus' Alves, 2:09½, easily in two brushes.

Simple Indeed.

It seems as if the acme of frugality had been reached by a French officer who explained with many appropriate gestures his system of sustaining life on a pension of five francs a week.

"It is simple, veree, veree simple," he said to the friend who had expressed amazement at his feat. "Sunday I go to ze house of a good friend, and zere I dine so extraordinaire and eat so veree much zat I need no more till Vednesday.

"On zat day I have at my restaurant one large, veree large, dish of tripe and some onion. I abhor ze tripe—yes, and ze onion also—and togezzer zey make me so seek as I have no more any appetite till Sunday. You see, it is veree simple."

and have them get close to you while relating some good joke? and although you wanted to escape the breath, you could not?

THE CAUSE

Is is a disordered stomach and a general bad condition of the blood, possibly a torpid liver was the primary cause. Would you not advise them to do something to get rid

OF THAT BREATH?

Reader, if you are one of those unfortunates with a foul breath, why do you not take action? why do you not see that your stomach is put in order? There is no excuse for it when there is a remedy at hand.

Kinyon's Blood AND Kidney Remedy

Strengthens the kidneys, enabling these important organs to carry off the impurities. Regulates the liver so that it may aid in the digestive operation and keep the bowels active. Tones up the stomach and enables it to properly digest the food so that the body may be nourished and become strong. With these organs all active and strong the system becomes cleansed and the foul breath will leave as if by magic. Do not delay. Act at once.

A Quincy (Mich.) correspondent of a Detroit paper figures out that the probable cause of the death of so many fish in the lakes of lower Michigan has been discovered. Visitors at the resorts have been annoyed by a small green bug, which collects in the air around the cottages so thick that they darken the sun. They are short lived, as in a few hours they die and drop into the lake. In early morning the water is covered with thousands of dead bugs. The fish feed on them and soon die. This specie of bug was never seen around our lakes before.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright, druggist. Trial bottles free, regular sizes 50c and $1.00.

Seeing an advertisement in an eastern paper offering to send for ten cents a sure remedy for sugar beet worms, a Monroe county farmer a few days ago sent along the dime and received in reply a postal card bearing the following formula: "Catch the worm firmly by the tail, place it on a flat stone and hit it sixteen times over the head with a brick."—Milan Leader.

Last Friday morning a basket of egg was purchased by a local grocer from a farmer's wife. The fruit was placed on the top of a larger basket ready for delivery Saturday morning as "strickly fresh" eggs. When a clerk went to fill an order for a customer he was somewhat startled to hear a faint peep from the egg basket, and after an investigation found that one of the eggs was cracked and a chicken about ready to make its appearance in this world of trouble. The egg was carefully placed in a nice warm spot, conveniently near, and in the course of an hour or two the poultry population was increased by one. The woman who sold the eggs is invited to call and collect the difference between the value of the egg and that of a spring chicken.—Grand Ledge Independent.

TOO BAD, TOO BAD

Was the Death of

CUYLER NORTH

At Albion, Last Saturday.

Last Saturday Cuyler North was going to meet the Michigan Central train which is due at Albion, Mich., at 11:40, he was on his way from the Athletic grounds to the station, intending to meet Miss Winnifred Hodge of Kalamazoo. The train was 20 minutes late and in going from the ball ground to the station, Cuyler had to cross the track. At this place four tracks run along together, two main tracks and two side tracks. He heard the train coming and attempting to cross in front of it, he no doubt mistook which track the train was on and was run down and almost instantly killed. He never regained consciousness and died in 20 minutes after the accident. The news came by telephone to Dr. L. G. North as he was eating dinner. The body came on the 5:43 train from Jackson, and the whole town is grief stricken.

Cuyler North was 21 years old, the son of Dr. and Mrs. L. G. North. He was born and passed his life in Tecumseh. For the last three years he has been at Kalamazoo in college, having graduated at the Tecumseh High school in the class of 1900. Since a small boy he has been fond of athletic sports, was a member and captain of the college ball team for 1903 and last summer was captain and played in the Tecumseh base ball team.

THE LATE CUYLER S. NORTH.

He was at Albion from Kalamazoo to play a game of ball Saturday afternoon when this terrible accident occurred. It is said that Tecumseh people are to a certain extent clannish and certainly in a time like this the village is as one large family.

Dr. L. G. North has the respect and regard of every person here, and young Cuyler is as near like the father as two men could be. Born and brought up in Tecumseh, he is well thought of by everyone. A clean, bright, capable, honest young man, loved and thought well of by everyone. His tragic death is a shock not only to the mother, father and sister, but to the whole community, every person of which truly mourns with them at their irretrievable loss.

The funeral was held at the home of his parents and at the Baptist church yesterday afternoon, a concourse of Tecumseh people attending beside a number of classmates and others from Kalamazoo and every person is sad.

The audience room was beautifully decorated with palms and cut flowers under the direction of Miss May DeWolf.

FUNERAL OF CUYLER S. NORTH.

The funeral held at the Baptist church yesterday afternoon was attended by more people than could be accommodated, the merchants closing their places of business from two till three thirty o'clock. About 30 of his young friends marched to the residence and the church to pay their last respects to one of them so loved, honored and respected. Able addresses were given by Rev. Leslie Bower, pastor of the Baptist church, assisted by Dr. A. Gaylord Slocum, president of Kalamazoo college.

Messrs. Guy M. Johnson, Frank E. Sanger, Torrence MacDonald, John H. DeVisser, George Dasher, Andrew Lenderink, who were his college chums, acted as pall bearers. Other college chums who attended were, Messrs. Clarence Hause, Allen M. Giddings, Charles A. Stimpson, Garret DeGroot, Harry Marvin, J. Alva Phillips.

Among those from out of town who attended the funeral were, Mr. and Mrs. L. B. Stevens, Miss Mary Herring, of Detroit; Mrs. Sarah Capps, of Vandalia, Ill.; Merton Baker, of Chicago.

The following clipped from a Kalamazoo paper shows the deep feeling expressed at the college when the shocking news was received there:

GLOOM FELT HERE

When News of North's Death became known at the College.

Cuyler Stevens North was one of the most popular students in Kalamazoo college and was just completing his third year at that institution. News of his sudden death conveyed by the telegraph at noon to Dr. A. Gaylord Slocum and others connected with the college, cast a feeling of gloom over the entire institution.

North was about 21 years of age and took a prominent part in athletics. As captain of the baseball team this year he led the squad from victory to victory and would undoubtedly have completed the season with the final game at Albion to his credit and the championship banner as a Kalamazoo trophy. His home is in Tecumseh, where his parents, Dr. and Mrs. L. G. North, are highly respected citizens. Miss Naomi North, a sister, is a teacher in the Woodward avenue school in this city. She was notified soon after the accident by telegram from Albion that her brother had been hurt, but the fact of his death will be broken to her this afternoon.

There is also a grandmother living at Tecumseh. Other relatives are not known here.

ROUND ABOUT US.

While cutting up some brush Monday night at Springville, Ayres Miller was assisted by an aunt, who held the stick on the splitting block while Ayres chopped them into stove lengths. Ayres is a young city boy and is visiting his aunt at Springville and being unused to the swinging of the axe, he is not a success as a wood chopper. By a blow calculated to sever the firewood in twain he missed his intended object and Mrs. Jessup's fingers received the blow. Some of the neighbors who were near came over and discovered her forefinger lying on the ground where it is purported it had not yet been found. The doctor was summoned and administered relief and Tuesday morning one finger was amputated, two others being badly cut but amputation was not deemed necessary.—Onsted News.

Two weeks ago Miss Veva Wadsworth received a letter from Boyne Falls, purporting to be written by the Baptist church clerk, saying she had been recommended by Herman Lee Swift of the Beulah Boys Home, offering her the pastorate of the church at a good salary and insisted that she come by the first train. Elated at the prospect Miss Wadsworth traveled the 300 miles, to find that no person by the name signed to her letter had ever been heard of at Boyne Falls and the Baptists there had not thought of a new pastor. It looks as though some one wanted to play a practical joke (and there are suspicions that the work was conceived in Reading) but it hardly seems possible that anyone here could be quite so cruel.—Reading Telephone News.

The girl who poses as a street flirt is the girl whose name may be heard in places where men congregate to revel in idle words. At such gatherings the girl whose name and actions are above reproach is never mentioned. But the girl who gads the street, loafs at the corners in noisy debate with men or hangs around in the way at business places, who seems to think the world and strangers especially are just dying of love for her, who attracts the attention of strange men at every opportunity, and who is flip and bombastic with her vocal organs when conversing with male friends—that is the girl whom the community mentions with a sneer and whose actions are made the topic of lustful conversation when the red wines flow and corks pop from champagne bottles. It seems that many girls do not realize such as facts, but it is too lamentably true.

She was a woman, worn and thin, whom the world had condemned for a single sin. They cast her out of the king's highway, and passed her by as they went to pray. He was a man and more to blame, but the world spared him a breath of shame. Beneath his feet he saw her lie, but he raised his head and passed her by. They were the people who went to pray, at the temple of God on the holy day; they scorned the woman, forgave the man; 'twas ever thus since the world began. Time passed on, the woman died, on the cross of shame she was crucified, but the world was stern and could not yield, and they buried her in a potter's field. The man died too, and they buried him in a casket of cloth with a silver rim, and said as they turned from the grave away—we buried a noble man to-day. Two mortals knocked at Heaven's gate; stood face to face to inquire their fate. He carried a passport with an earthly sign, but she a pardon from love divine. O ye who judge 'twixt virtue and vice, which think you entered Paradise? Not he, whom the world said win, for the woman alone entered in.—Ex.

$25 to Colorado and Back.

It has been estimated that, between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between $400,000,000 and $500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for $25. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee and St. Paul Railway. It will be sent on receipt of six cents to pay postage.

Through train service, Chicago to Denver, every day via the Chicago, Milwaukee & St. Paul and the Union Pacific line.

"Oh, I've loved before!" said a Detroit woman to her fourth husband, as she took a handful of hair from his head because he objected to hang out the week's washing.

Graceful Women

A Desire for a Perfect Figure Is Inseparable from a Love of the Beautiful.

The scent of the violet or rose is as precious as the lovely flowers whose breath they are, and while the lives of flowers are brief and we can only enjoy them for a day, the beautiful woman gives the pleasure of her fragrance to us as a permanent blessing. The soft fragrance of a beautiful woman suggests purity, health and elegance; she is the refinement of civilization; an index always of good taste and an unerring badge of gentility.

BRADFIELD'S Female Regulator

in regulating the lunar periods in woman permits of no wrinkles, pale cheeks or tortured nerves and shapeless figures. It is Nature's remedy. The druggist may offer something else and call it "just as good" but the menstrual organs will not be deceived, and permanent injury may result. Try our Regulator. Of all druggists $1. Our treatise on "Woman" mailed free.

The entire assets of a recent bankrupt were nine children. The creditors acted magnanimously, and let him keep them.

MOST BEYOND BELIEF.

If it were not for Tecumseh Indorsement People might be Skeptical.

Tecumseh people want local proof.

That's what we have here.

It's not beyond belief because it can be proved.

Read a local citizen's testimony.

Mr. W. C. Witherell, agent for buggies, harnesses and other machinery, place of business southwestern section of Tecumseh, says: "I cannot praise Doan's Kidney Pills highly enough for they have been a great friend to me. Some years ago I was an expert at sheep shearing and did a lot of that work. Everybody knows it is very hard on the back and it finally brought on a severe pain across the loins. Nothing did any good until a friend advised me to try Doan's Kidney Pills. I got a box and the treatment gave immediate relief. When I finished the box the trouble was entirely removed. If I feel any symptoms of a return a resort to Doan's Kidney Pills quickly wards off the attack. They are a reliable remedy and I consistently recommend them." Just such emphatic endorsement is plentiful in Tecumseh. Call at C. A. Wr[illegible] drug store and ask him [illegible] Wright's [illegible] what his customers report.

For sale by [illegible] all dealers: Price 50 cents [illegible] box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

"Where is the East?" inquired a tutor one day of a very little pupil. "Where the morning comes from," was the prompt and pleasant answer.

NERVOUS HEADACHE BREEDS INSANITY.

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. J. F. Burtch of Tecumseh, Mich., says: "I was troubled with severe nervousness and nervous headaches. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. Wright's drug store and after using two boxes I can say I am cured, my nerves are again strong and steady and the headaches all gone and I feel well in every way. As a nerve and general tonic I think the medicine unequaled." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

The true difficulty about art, a painter once told a pupil, is not to produce it, but to sell it.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhœa. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

The hardest of all things is to get a man to stop and look himself squarely in the face.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure; Doan's Ointment. Absolutely safe; can't fail.

When some men discharge an obligation you can hear the report for miles around.

The sun shines on many a fair bride made doubly lovely by the use of Rocky Mountain Tea. The bride's best friend. 35 cents. J. J. ORR.

Fought Under Jeff Davis.

Otisville, Mich., June 8.—"Uncle" Daniel E. Adams of this village claims, and is without doubt entitled to, the distinction of being at the same time the youngest and the oldest surviving soldier of the war with Mexico, for although now but 72 years of age, he is the youngest survivor in years, and by his service the oldest of that struggle. Another distinction claimed for the old gentleman is that he is the oldest soldier in the active practice of law. Mr. Adams not only served in the army during the difficulty with Mexico, but he also participated in the campaigns of the civil war as a member of Company G, Fourth Michigan volunteer infantry. Major Jefferson Davis, afterward president of the confederacy, was one of his immediate superiors during the Mexican war.

Faculty Grab Another Paper.

Ann Arbor, Mich., June 8.—The management of the "Inlander," the University of Michigan literary magazine, has been assumed by the Quadrangle society, and hereafter the business control, as well as the policy of the magazine, will be under Quadrangle direction. This is in pursuance of the general policy of the university of gaining a closer influence over student publications. The Inlander is the second college paper within a week to come under faculty control, the U. of M. Daily having been bought by the university senate last Monday.

Grand Rapids Pioneer Dying.

Grand Rapids, Mich., June 8.—Aaron B. Turner, who fell in Cincinnati two weeks ago when on his way home from the south, breaking his hip, is very low and not expected to live but a few hours. He is 81 years old and close confinement as a result of the injury makes his case hopeless. Mr. Turner was born in Plattsburg, N. Y., in 1822, and came [illegible] to Grand Rapids with his parents in 1836, three years after the first settlers reached here.

Drowned in a Fit.

Port Huron, Mich., June 8.—Duncan Fraser, while fishing off a dock back of James White's residence, on Black river, Sunday morning, was taken with a spell and fell into the water and was drowned before assistance could reach him. The young man was 22 years old. He has been subject to these spells for some time and has had many narrow escapes from drowning before on this account.

Typhoid From Impure Water.

Flint, Mich., June 8.—During a picnic held on the banks of Swartz Creek by the pupils of one of the rooms of the Oak street school, two weeks ago, several of the children drank from the stream at a point below where sewage empties into the creek. Five of the children are now down with typhoid fever and the health officer is investigating.

LATE NEWS IN BRIEF.

Drowned While Swimming.—While swimming near Salinas, Cal., three young men, William Steigelman, Sid White and J. Epperly, were caught by the undertow and drowned.

Italy's Day.—Constitution day, the anniversary of the signing of the Italian constitution, was appropriately celebrated at the Italian embassy in Washington Monday. Over 400 Italians were received by the Italian ambassador and ambassadress.

Dogs Chewed Him to Pieces.—John Fisgus, aged 15, was fatally hurt by a kennel of twenty-five hounds. As he was approaching the kennel of Julius Ernest the hounds seized him and tore him almost pieces. Mrs. Ernest was seriously hurt in trying to rescue the boy.

Honor Confederate Dead.—The first memorial services in honor of the confederate dead interred in the confederate section at Arlington cemetery, Washington, were held Sunday. They comprised the decoration of the graves with flowers and an address by Hon. John V. Wright of Tennessee.

Melting Snow Causes Washouts.—Disastrous floods in northern Idaho caused by the rapidly melting snow in the mountains, are causing considerable trouble to the Great Northern railroad. Great stretches of embankment along the Kootenai river have caved in, and it probably will be two weeks before traffic over the regular route can be resumed.

Bond Proposition Defeated.

Adrian, Mich., June 6.—The proposition to bond the city for $50,000 for the purpose of erecting a new high school building was defeated by the taxpayers Friday by an overwhelming majority.

His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

There is an inconsistency about women earning their living, wearing diamonds.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

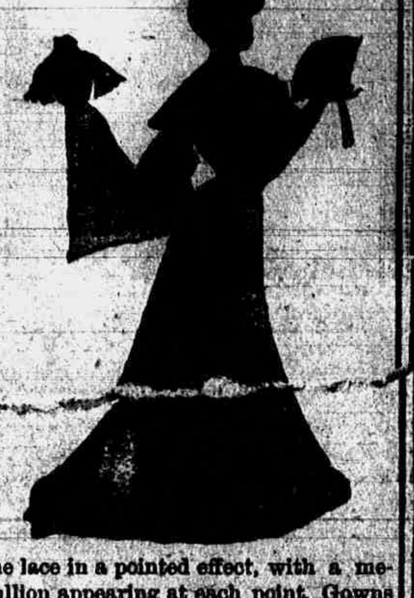
Evening costume of Liberty silk.

A charming evening costume is constructed of Liberty silk. The bodice is supplied with both finish and style by a dainty corsage device of satin ribbon roses; while the farthur decoration of a graceful bertha of Luxeuil lace inset with pink lace medallions lends itself admirably to the graceful stuff of which this gown is made. The accordion-plaited skirt is decorated with bands of the lace in a pointed effect, with a medallion appearing at each point. Gowns of this character are especially suited to take this added beauty from hand embroidery or by using some of the many pretty lace stitches for the medallions. For this choose a hard-twisted silk like Corticelli crochet or E E twisted embroidery silk.



Among the larger hats for sunny weather is shown a shady garden hat of Tuscan straw, with a green velvet wreath on the back of its crown, and a large wreath of pink crush roses resting on the hair in front under the brim—a charming combination having both beauty and chic to commend it.

COMMENCEMENT

The class of "Naughty-three" rendered an interesting and very appropriate program at their

EXERCISES

LAST EVENING AT THE NEW BRADLEY OPERA HOUSE.

Never before in the history of the Tecumseh High School has a prettier and more successful Commencement been held, than the one given at the Opera House last evening. The house was tested to its capacity and standing room only could be obtained. The decorations were simple but their simplicity lent a charm. No small amount of credit must be tendered the juniors for their part in both decorations and the evening's program.

Promptly at 8 o'clock the graduates, twenty in number as follows, Jessie L. Avery, Lula L. Aylesworth, Frank L. Camburn, Ronald S. Crane, Vena M. Elliott, Grace I. Erskine, Fred D. Frost, Otto G. Garlinghouse, Mabel E. Hollister, Nettie L. Keyser, Albert M. Marsh, Hattie F. Mott, Evadna B. Nobles, Eleanor E. Norcross, Edwin E. Preston, Hazel B. Roberts, Mabel C. Seelye, Perley R. Snell, Alice I VanWinkle and Ada E. Wagner assumed their places upon the stage, which was tastily arranged with palms, ferns and other plants. In the background a wooded scene gave further charm to the stage decorations, large fur rugs were neatly arranged upon the stage, and tetes, sofas and chairs completed the scene.

As the program has appeared in our last issue it is needless to here dwell upon it, only to say that it was of par excellence. The singing of Miss Raye McKenna, "The Gay Hussar," and the Sunbeam Quartette, "The City Choir," and the instrumental duets by Misses Edith Shull and Eva Bice must not be passed over without extending to them many compliments and much appreciation.

Although the programme was a long one, interest did not wan but seemed to hold throughout the entire evening. Manifestations of appreciation greeted each number on the evening's program and it is with pleasure tinged with regret that we witness the closing of the school days of the class of 'Naughty-three,' and the departion from us of those who leave our homes to enter upon a career for themselves in a broader environment than that our little village can offer them.

CLASS OF 1903.

It is with much sorrow that we must have such a worthy and able superintendent, as Mr. Kellogg, leave from our midst. A noble record marks his career during his thirteen years stay in our schools and words alone cannot manifest our feelings. After the presentation of diplomas by Mr. Kellogg, Dr. Geo. Howell and Seaton W. Anderson gave a farewell address to Mr. Kellogg, in behalf of citizens and schoolboard. Mr. Kellogg answered to the addresses in words filled with emotion. It will ever be with our kindest recollections, that we look back upon the years of the superintendency of Mr. Kellogg.

We are much pleased, owing to the courtesy of the authors of the following manuscripts, to be able to offer our many readers a few of the productions given in last evening's programme and now printed below. They are namely, the Salutatory, History, Prophecy, Class Grumble and Valedictory.

Much, indeed, would we have liked to print each and every production, but owing to our limited space we can only offer our sincerest regrets. Following are the above mentioned productions:

SALUTATORY.

Otto Garlinghouse.

In extending a welcome to the friends of the class of 1903 of the Tecumseh High School, I wish to assure you that it is with a spirit on our part meaning all that the word welcome can imply.

Perhaps we have not heretofore fully realised what your interest for us has been during our entire school course, but as we have approached the close of our school term and begin to look to the future and to the responsibilities, that these opportunities bring to us, we begin to appreciate the obligations under which we are placed.

We have learned to read not only facts, but lessons as well from history and as we compare the school opportunities at the opening of the twentieth century with those of the opening or even the middle of the nineteenth, we know more than ever the truth of the statement that to whom much is given of him much more will be required.

The schools in the early days of our state were very meagerly equipped for their work but the desire for an education was too great to let this be a hinderence and as there was then but practically three professions, that of the desk, bar and medicine life was simpler and required less knowledge to equip one for his work, and as the course embraced fewer studies it took less time to master them.

More than ninty per cent of all the children who attend school never went beyond the elementary branches and if school work is not well commenced it never will be well finished.

It is the incapable or ill-fitted teachers who are to blame for this and in order that the youth of the land have a fair and equal chance for an education, better primary teachers are necessary.

Some one has said, "Train the child when he is young in those things which he should practice when older and after he is grown up he will not depart from them, for study is to the mind what food is to our body; hence the youth should be trained aright into a full moral and intellectual growth.

The state does not care so much when the school is through with the boy, whether he knows quadratic equations or not, but it does care whether he is honest, whether he has a well-balanced character and possesses the elements of good citizenship.

Hence the best way to make a good citizen is to begin with the fullest and best training of the youth and genuine manhood can only be earned by serving out steadily and faithfully the period of boyhood.

As we stand here tonight, we realize, that with some of us at least, school life is over and that today we go from school life into life's school, that we have many lessons yet to learn not to be learned from books, and as we have only commenced our career this is indeed our, "Commencement Night."

But much as there is gone of life and its joys, very much remains—very much in earnest, and very much more in hope. Still we see visions and dream dreams of the time that are to come.

Today we pause a moment to think of the past but turn again more resolutely to the future and

Still we hope
That in a world of larger scope,
What here is faithfully begun
Will be completed, not undone.

We have longed for this day but with all our hopes and our anticipations of a joyous time, it has brought a sombre tinge mingled with the joy. Thoughts of separation come to us but it is not mine to speak of this. It is only mine to welcome you and again to say, in the behalf of the class of 1903, we offer you most joyful greetings.

CLASS HISTORY.

Lula Aylesworth.

> "Lo! how all things fade and perish
> From the memory of man.
> Wise men speak but their words of wisdom
> Are soon forgotten by the ears that hear them."

So it is and for this reason was I chosen to give the history of the class of 1903.

Four years ago, in September, we entered the High School as a company of forty. Many have joined our ranks during the last two years, but more have dropped out as you may see.

Of the twenty members here tonight there are out of the original class of forty, but ten who have gone together through our four years' work. The time then seemed long before the night of our commencement, but now as we look back the time has seemed very short, indeed.

Ours is the largest class that has graduated while Mr. Kellogg has been superintendent here, and not only have we surpassed former classes in number, but in many other things besides.

The end of our High School days has come and we stand on the threshold of another beginning.

We were all born and brought up within a radius of five hundred miles of this village. Two were born in Ohio, 8 in Raisin, one in Onsted, one in Macon, one in Canada, one in Wisconsin, two in Tipton, one in Moscow, three in Clinton, one in Manchester, one in Adrian and the remaining four in this place.

The weight of the whole class is approximately 2480 pounds while our average weight is 124 pounds. The tallest member of our class is a boy who measures 5 feet 9 inches, the tallest girl is 5 feet 8 inches, although one says she measures only 2¼ meters. The average height of the class is 5 feet 4½ inches.

Seven of us have studied Cicero and Plutarch through blue eyes, nine through brown and the remaining four through gray eyes. Our ages vary from 16 to 20 years. Curious as it may seem, our class baby is the heaviest of the girls and tips the scales at 150 pounds while our eldest member weighs but 90 pounds.

Three of us chose the scientific course, seven of us the Latin, eight the English and two the English-Latin course.

During the time that we were called "Freshies" many things took place which have not faded from our memories. Our class organization took place early in the spring and we felt ourselves of great importance in the eyes of the Sophomores. We well remember their indignation when they saw us decorated in our colors and class caps of blue and gold. Our enthusiasm was still kept up during our Sophomore year by frequent class meetings.

Our Junior year started in nicely but ended badly as the later part of it was spent in trying to outdo the haughty Seniors. But as a token of regard for them, on the 9th of May we received the teachers and Seniors at the home of Fred Frost and in return were royally entertained at the home of Adelbert Mills. However, our good behavior did not last long for on commencement night we proudly waved their tattered and torn flag of orange and black before them, or rather above them as it was just out of their reach. It was also on this same evening that we presented our compliments to the class in shape of a rag doll securely fastened in a high chair.

This, our last year, has been a mixture of hard study and pleasant times, either the former or the latter, I do not think we will soon forget. We do not imagine that the Juniors will soon forget us, for at least we have made the latter part of the year quite lively for them.

About six weeks ago we planted a large stone in front of the school building as a monument for our departing school days. The next evening it was carried from its resting place, but—alas for those weak little Juniors!—they couldn't smash it. The next morning it was in its proper place but partly buried as a safeguard for the future. We supposed it would stand for many ages to come, but the Juniors thought otherwise. Here too they thought they would be cute and put their flag on top of the school house. It was placed there about 8 o'clock in the evening, but before eleven it was taken down by two members of our class for safe keeping.

But the Juniors did not remain angry very long for a week later they tendered a farewell reception to us at the home of Mr. and Mrs. Kellogg. And we in return gave our reception two weeks later at the home of Mabel Hollister.

With this evening the history of the class of 1903 closes. It is with a feeling of pleasure slightly tinged with sadness and regret that we, tonight, bid a fond farewell to our teachers, classmates and the Tecumseh High School.

PROPHECY.

P R. Snell.

Being tired and weary from my day's work, I am lounging in an easy chair before my fireplace, thinking back ten years when as a class of twenty members we carried away the honors of "Naughty-three." I wonder what the past ten years have brought to each classmate. As I thus meditate I become aware of a presence near me, and, upon turning, behold a strange visitor who now speaks. "Mortal! I am your astral body come to gratify your late wish." A drowsiness comes over me and a low rumbling greets my ears, growing more intense every instant. I perceive a scene, the description of which would apply to one of our large city music halls. Fred Frost, our class president, is rendering a vocal "Basso Profundo" selection, listened to by an enthusiastic audience. Fred's appearance has somewhat changed, instead of a smooth face he is now the proud possessor of carefully trained mustache and goatee, his hair, too, is grown somewhat longer than of old, and although the same old classmate is before me, he might be taken for one of our celebrated musicians.

Again I look into the interior of a building, this time a country school house and witness a spectacle hard to describe. With a ruler uplifted sits Edwin Preston, while across his knee, dreading things yet to come, a little boy is rendering a vocal selection to the tune furnished by his teacher.

Leaving the school behind I find myself in a crowded jewelry store. Looking about my eyes rest upon one young saleswoman who is vainly endeavoring to persuade a young gentleman to purchase an engagement ring. The young saleswoman is none other than Lula Aylesworth, while the gentleman is her old junior friend, Walter Morden.

A cozy little home is now before my eyes and sitting contentedly by her fireside in a reclining chair upon the back of which is perched a parrot, is Hazel Roberts. At her feet her favorite kitten is playing with a ball of yarn, while at her side, lying partly open, is a book, the title of which is "Old Maid's Paradise."

I am not permitted to long gaze upon this scene of contentment, but find myself listening to a conversation between two friends, evidently having been parted for some time, as their hearty handshakes show. I am at first unable to discern their features, but I soon recognize them as Albert Marsh and Frank Camburn. Albert is telling Frank that he has achieved great success as a mechanical engineer, and Frank knowing some of the peculiarities of Albert, thinks he would make a better engineer on a peanut roaster. He is now asking about Frank's wife and children. Can it be possible? I really never pictured this future for Frank. I thought that he would surely be a confirmed old bachelor but ever ready to bestow his smiles upon the fair sex.

The scene is now a moonlight one, the katydids have long ago proclaimed their eventide assertion, and to a couple walking along the gravel path, time passes all too soon. As they approach I make out the tall, graceful person to be Ada Wagner, while the young gentleman with dark hair I fail to recognize. A night owl hoots, but they notice it not, and continue their course until they pass from sight.

A large, beautiful mansion is now before me and the richly equipped carriages that are continually drawing up before it lead me to think a reception is being held within. Passing through doors a scene of gorgeous splendor greets my eyes, everything bespeaks happiness. A merry throng fills the reception room, and in their midst I recognize Alice VanWinkle royally dispensing hospitality to her many guests.

Alas! Time is too short, just as I become interested in my surroundings the scene is again changed. In a large book establishment I recognize Otto Garlinghouse as the clerk, showing one of the latest books to a prospective buyer; the book, as Otto explains, is by an old classmate, Ronald Crane. As I listen attentively I learn the title of the book to be "Practical Advice for Henpecked Husbands." Otto seems greatly enthusiastic over the book, but of course 'tis not for the subject matter but merely on account of the author.

I now look upon the exterior of a tailoring establishment, above the door a sign which reads "Erskine & Elliott, Ladies' Tailoring a Specialty," is conspiciously suspended. As I enter I perceive Vena Elliott sewing as if her life depended upon it, while in another part of the room Grace Erskin sits unconcernedly playing solitaire. A customer now enters, something about her appearance seems strikingly familiar, and it soon proves to be Nettie Keyser, who as she later explains, desires to place an order for the senior class costumes for the girls' seminary of which she is principal.

Dimmer and dimmer grows the scene until darkness again holds domain. I anxiously await what is next to come, and, as I look, a picture forms, not as the scenes before have been enacted by living characters, but a picture, lifelike and real, depicted upon canvas. The picture is that of two missionaries, distributing food and clothing to a group of poor, famished children. I am unable to recognize the two main characters and I begin to wonder why the picture was placed before me, when I behold my nocturnal visitor standing in a halo of light. With an impatient gesture he motions me to look, the picture is now from another point, and by the aid of my guide I recognize the two characters as Mabel Seelye and Evadna Nobles. In this instance, coming directly toward the latter mentioned person, a furious "Gale" is seen approaching.

Both picture and visitor now vanish and in their place sits a young lady before a piano. As she plays I am able to catch a few lines of the song she is singing, which runs something like this:

"A school teacher's life is the life for me;
A school teacher's wife I aspire to be;
Happiness and pleasure, free from care,
Await the possessor of the key I wear."

She now stops playing and looks toward the door, and as she does so I catch a glimpse of her face and recognize her as my classmate, Eleanor Norcross.

I now visit the interior of a grocery store which I perceive to be Avery & Co's. of this place. Sitting at the bookkeeper's desk is Jessie Avery. In a newspaper which Jessie is reading is a large half tone picture which attracts my attention. It is of a woman whose costume bespeaks individuality. Her face seems familiar, but owing to the strangeness of her dress I fail to recognize her, until I read the following below the picture: "Mabel E. Hollister, Womans' Rights Advocate."

As I ponder upon the cause that induced Mabel to go upon the lecture platform, I behold Hattie Mott work-

ing industriously at her switch,—kindly understand that she has taken up telephone work and is now answering the "Rings up" and "Rings off," that constitute her labor.

A dimness now grows over the scene and at last an impenetrable darkness covers all, and, as I look again, I behold my nocturnal visitor. In words that seem strangely hollow, he speaks. "Mortal" quoth he, "of all your classmates your future alone remains yet to be depicted. If you desire to look into your future, speak, I await you." With an effort I try to answer him, a strange numbness has come over me, I am unable to utter a sound. Even as I look a dizziness creeps over me and I feel myself slowly sinking into infinite space. Faster and faster I fall. I now detect the oder of burning sulphur; I pass through space until the darkness is turned into a hazy light. I look below and, horrors! there directly beneath yawns a crater of molten lava, now growing larger every instant and I am hurled on my way downward. Nearer and nearer I approach them just as I plunge into the mass,—I awake.

CRITICISMS BY THE CLASS GRUMBLER.

Nettie Keyser.

Perhaps some of you who are here tonight, have been wondering what the "class grumbler" intended to say. As you all know, nothing ever happens just right, always something wrong. In fact, no such thing as perfection exists.

Now, for my part, I have been keenly disappointed with the productions given tonight, and I presume you have too. I expected that from a class of twenty, at least two or three orations ought to be good, but how different was the realization from expectation. Consequently I feel it to be my duty to grumble since you all look as though a little grumbling would relieve your feelings greatly.

For instance, I do not doubt that our Salutatorian did not make himself distinctly heard, but, we certainly cannot refuse him the honor of leading the procession, a sort of headlight as it were.

Then the next effort on "Unwavering Aim" had a sentence to this effect in it, "The giants of our race have been men of an over-mastering idea, one unwavering aim, who have struck sledge hammer blows in one place until they have accomplished something." Of course, those giants who struck sledge hammer blows and so on, after awhile must have made some impression, but unless the aim of the person who gave that oration is more unwavering than the well known stone-throw of most girls, she will not accomplish much.

In our "Everyday Chemistry" tonight the author apparently was imitating Bellva Anne Lockwood, the great advocate of woman's rights, for she strayed into the political field when she said that the chemist, rather than the politician, settled the silver question.

It is probable you will all agree with me in this, that our Class Historian's name will never go down in the annals of time as a great historian like Gildas the Wise, although history is her favorite study.

Supposing the boy who delivered a prosy article on "Forestry" had selected this subject, "How to Take to the Tall Timbers," and given a practical demonstration of it, don't you think the results would have been more effective?

Then the Battle of Gettysburg was refought here tonight. It is proverbial that where there is so much smoke, there must be fire, but I defy anyone here to point out the least spark of fire in that selection.

One of the members of the class attempted to develop the broad subject of "Socialism" in a three-minute talk.

Did you notice that in "Thumbs-up or Fashions," the followers of Fashion were spoken of very disrespectfully as monkeys? I'll leave it to these fashion plates on the platform, that the brains of a monkey are not sufficient to follow the dictates of fashion.

Was there an answer given to that question, "What is Culture?" I waited patiently for one, but all I heard was something about fragrance of flowers, flavor of fruit, bloom of the peach, but all those things surely belong to agriculture.

"Let us make a run of one hundred years into the past," was suggested in the speech on "Progress of Motive Power." Poor advice, this. It is better to run forward.

"Our National Reservations" is a topic of great importance and one in which we are all greatly interested. Therefore, no criticism may be made, but please "Keep off the Grass."

"My Ideal Woman of the Future" was given by one of the girls, not by a boy. A thought of Longfellow's applies well here, "Trust no future, howe'er pleasant."

It seems a waste of time to listen to a learned discussion on "Spelling" when a small boy so aptly told all in the following conversation: "Auntie to nephew—'Do you find your lessons hard?' Willie, 'Some of 'em is, but spelling and pronounciation is easy.' Auntie, 'They are?' Willie, 'Yes, all you has to do is to pronounce words the way they isn't spelled and spell 'em some way they isn't pronounced.'"

"Blood and thunder stories," which were spoken of in "Literature and Life," are very interesting, but since we do not aspire to be Jesse Pomeroys (criminals) perhaps it is just as well not to read them.

We are told in the Good Book that a prophet is without honor in his own country. How ably this was demonstrated tonight! Classmates, beware of false prophets!

The closing of the subject, "Libraries and Schools," was not wondered at by the class, because the fair author, after school hours, could regularly be found at our public library, which fact could be sworn to by a certain young man.

It was very evident that the treatise on "Joan of Arc" was not as divinely inspired as the heroine, herself.

They have been digging that Panama Canal for years and we had another musty shovelful of it, tonight.

It is to be hoped that our worthy president, who appears next, will do just a little something for the honor of the class, considering that the others failed so ignominiously. But as a parting word, whatever you do, do not blame the teachers for the failure of the class as a whole.

VALEDICTORY.

Fred D. Frost.

DEAR FRIENDS:—As we stand before you this evening to perform our last duties in connection with our school work in Tecumseh, we cannot feel otherwise than grateful to you for the interest you have manifested throughout our long program.

In behalf of my classmates I wish to extend heartfelt thanks to the school-board who have so wisely planned our work and also to our teachers, who, from time to time, have endured our several annoyances with great patience.

We are proud of our teacher to whom we are greatly indebted, not only because of their interest in us, but because of their faithfulness to their duties and their willingness to help us at all times.

And too, we are proud of our school and the number of successful business men it has started out in life. Men of different stations and positions, at one time studying in this school, but now scattered over the country as we soon shall be.

If time would permit, I would like to say something about each of these men, but I can only mention the names of a few of them.

We are proud to think that our school has the honor of enrolling on its list of graduates such men as Lyster Dewey of the department of agriculture in Washington, D. C., whose work in the interest of fibrous plants as hemp and flax, as well as his investigation in the destruction of noxious weeds, has made him one of the foremost men in the department.

We are proud to follow such business men as P. S. McKinnon and Seaton W. Anderson, whose influence for good in Tecumseh is so well known to you that I need not dwell on their successes.

We can look with satisfaction to Judge Whelan of Detroit, who, on the bench has made for himself an enviable and honorable record.

We feel that Prof. Claude H. Van Tyne has been a credit to our school in that he has made his way to the front ranks among the authorities in history, and at the opening of college year in September next will assume the duties as Professor of American History in the University of Michigan.

We turn with satisfaction to the success of Dr. Eugene Tremaine, who is fast becoming a prominent physician in the city of Chicago, and with no less pride can we congratulate Mr. Harry McClure on his advancement to a prominent place in connection with one of the great magazines.

We also feel assured that Rev. Walter Burnett is leading a useful life and doing a great good as pastor of a leading church of the Methodist Episcopal conference in this state.

We can well study the career of Mr. Charles Hurry, who now holds an important and responsible position with the Y. M. C. A. association and no one can estimate the value of his influence among the college students of this state.

But I am not here to trespass on your time to refer to the many others of the 354 graduates of the Tecumseh high school preceding our own class, who have made for themselves honorable and useful careers, but suffice it to say, that a great per cent are leading successful lives.

But the possibilities are just as great for us as they were for these men and it remains with us to decide whether we will swim with or against the current of life. Although the object for which we have been striving is attained yet our work is not finished but just begun.

And with your encouragement, dear friends, we will endeavor, to have the future show that the beginning was right. But the saddest part is the separation from the friends and pleasant scenes connected with our school life in Tecumseh, yet we will always keep these friends and pleasant times fresh in memory and look back upon them with great satisfaction.

We are glad that Mr. Kellogg saw fit to remain with us throughout our high school course and we can never repay him for his kindness to us; and as he now leaves this school we hope that in whatever work he may be engaged, his life may be successful and prosperous to the last.

And now to you, my classmates, as we close our school work in this place, let us remember in all our future efforts for success in life's battles, when we study the achievements of men, for instance a study in the up-to-date locomotive of the Great Railway system of the U. S. in trying to comprehend the power imbedded in one of these giants, I say, let us remember that all the ingenuity of mankind is but a feeble copy of the power that gave to man, all he possesses. For where in all the history of man's inventions do we find anything to correspond with the utterance of sacred writ. And God said, "Let there be light," and there was light.

CLASS SONG.

Ronald S. Crane.

'Tis the time to say farewell
To our friends, so true and dear.
In our hearts their memories dwell,
Living words of kindly cheer.
When the plangent wars of life
At a stroke our hopes destroy,
Shall their image in the strife
Prove a fount of strength and joy.

With regret we turn away,
Leaving school and friendships fair,
Friendships fair and blithe as day—
Light upon a world of care.
Mingled feelings move us still,
Of regret not free from mirth;
For our lives for good or ill,
In this hour shall take new birth.

CHORUS.

Days of school, a last farewell!
Sadly now we take our leave;
Thoughts of thee our hearts shall swell,
Memories in our lives shall weave.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousand of sufferes have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c, money back if not cured. Sold by C. A. Wright, druggist.

Rheumatism

What is the use of telling the rheumatic that he feels as if his joints were being dislocated?

He knows that his sufferings are very much like the tortures of the rack.

What he wants to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

Mortgage Sale.

Whereas, default has been made in the conditions of a certain mortgage (whereby the power of sale therein contained has become operative) made, executed and delivered by Benjamin F. Reynolds and Clarissa C. Reynolds, his wife, to John S. Strong, dated the 6th day of May A. D. 1898, and recorded in the Office of the Register of Deeds, in and for the County of Lenawee, and State of Michigan, on 15th day of May A. D. 1898, in Liber 139 of Mortgages on page 120; and which mortgage was duly assigned by said John S. Strong to Charles E. Williamson by instrument in writing dated the 19th day of June A. D. 1898, and recorded in said Register's Office on the 22nd day of June A. D. 1898 in Liber 143 of Mortgages, on page 26; and which mortgage was further duly assigned by said Charles E. Williamson to Lorenzo D. Dewey by instrument in writing dated the 1st day of April A. D. 1898, and recorded in said Register's office on the 1st day of April A. D. 1898 in Liber 143, of Mortgages on page 391; upon which mortgage indebtedness there is claimed to be due at the date hereof the sum of fifteen hundred twenty-seven and 13-100 dollars (including the amount paid for insurance of the buildings on the premises described in said mortgage, with interest thereon, under authority given by the terms of said mortgage); and no suit or proceedings at law, or in equity, having been instituted for the recovery of the debt secured by said mortgage, or any part thereof:

Notice is therefore hereby given, that, for the purpose of satisfying and paying said claim, and the interest thereon, with costs of this proceeding (including a lawful attorney fee), I will, by virtue of said power of sale, on the 29th day of June A. D. 1903, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, in said County of Lenawee (that being the place where the Circuit Court for said County is holden), sell, at public vendue to the highest bidder, the following lands, in said mortgage described and conveyed, viz:— All that tract or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit:—Commencing in the south line of Kilbuck Street twelve rods east from the east line of Evans Street, such point of beginning also the north-west corner of the L. Drew homestead premises and now occupied by C. F. Coller as a residence premises, and being also the north-east corner of a parcel of land formerly deeded by one E. M. Lansing to Thomas Cummins, thence south on west line of said C. F. Coller land twelve (12) rods; thence west on south line of said E. M. Lansing land six (6) rods; thence north parallel with the first course twelve rods to the south line of Kilbuck Street; thence east on south line of Kilbuck Street six rods to place of beginning.

Dated: March 31st A. D. 1903.

LORENZO D. DEWEY,
Assignee of said mortgage.
FRED'K B. WOOD, Attorney for Assignee.

Mortgage Sale.

Default having been made in the conditions of four certain mortgages, each made, executed and delivered by John Curry (unmarried) to Helen M. Forrestall (whereby the power of sale in each of said mortgages contained has become operative and said mortgagee having the right to declare due the unmatured portion of the debt secured thereby, and which is now declared due and payable forthwith) one dated February 9th, 1900, and recorded in the office of the register of deeds in and for the county of Lenawee, state of Michigan, on the 12th day of February, 1900, in liber 153 of mortgages on page 34; another dated February 27th, 1900, recorded in said register of deeds' office on the 5th day of March, 1900, in liber 151 of mortgages on page 209; another dated July 12th, 1900, recorded in said register of deeds' office on the 16th day of July, 1900, in liber 151 on page 402; and another dated February 8th, 1901, recorded in said register of deeds' office on the 13th day of February, 1901, in liber 159 of mortgages on page 400; upon which mortgage debt there is claimed due at the date hereof, including taxes and insurance paid by said mortgagee, by virtue of the terms of said mortgages, the sum of five hundred forty-three and 64-100 dollars; and no suit at law or proceeding in equity having been commenced for the recovery of said mortgage debt or any part thereof:

Notice is therefore hereby given that I will, by virtue of the power of sale in each of said mortgages contained, at public vendue to the highest bidder, at the east front door of the court house in the city of Adrian, Lenawee county, Michigan (that being the place where the circuit court for said county is holden), on Monday the 31st day of August A. D. 1903, at ten o'clock in the forenoon of said day, for the purpose of realizing said debt, taxes and insurance, and the interest thereon and costs of these proceedings (including a lawful attorney fee), sell all that certain piece or parcel of land situate and being in the village of Tecumseh, county of Lenawee and state of Michigan, known and described as follows, viz:—Lot seven of block three of Hoeg's addition to said village of Tecumseh.

Dated, June 3d A. D. 1903.

FOUL BREATH?

DID YOU EVER MEET
A PERSON
WITH A FOUL BREATH?

and have them get close to you while relating some good joke? and although you wanted to escape the breath, you could not?

THE CAUSE

Is in a disordered stomach and a general bad condition of the blood, possibly a torpid liver was the primary cause. Would you not advise them to do something to get rid

OF THAT BREATH?

Reader, if you are one of those unfortunates with a foul breath, why do you not take action? why do you not see that your stomach is put in order? There is no excuse for it when there is a remedy at hand.

Kinyon's Blood AND Kidney Remedy

Strengthens the kidneys, enabling these important organs to carry off the impurities. Regulates the liver so that it may aid in the digestive operation and keep the bowels active. Tones up the stomach and enables it to properly digest the food so that the body may be nourished and become strong. With these organs all active and strong the system becomes cleansed and the foul breath will leave as if by magic. Do not delay. Act at once.

A dispatch from Albion says the jury in the inquest into the death of Cuyler S. North, the Kalamazoo base ball captain, in their verdict this afternoon said the engine which struck him was running at an excessive rate of speed. The jury this afternoon visited the scene of the accident and were surprised to find that a train coming around the curve appears to be on the south track, when in reality all westbound trains take the north track. It is supposed that North thought he was on the safe side.—Adrian Times.

NORTH MEMORIAL

PERFECTLY EQUIPPED ATHLETIC FIELD

CUYLER S. NORTH FIELD WOULD BE A SPLENDID MEMORIAL.

The action of Albion college in forfeiting the base ball cup to Kalamazoo after the untimely death of Captain Cuyler S. North Saturday was sportsmanlike and reflects great credit on Captain Knickerbocker, Director Bechtel and the entire team and student body.

The championship of 1903 will be hallowed by the memory of a true sportsman, an exemplary student and a manly young man. Captain North was the embodiment of all those virtues, which every young collegian should strive for. He was honest, fearless and above the taint of trickery. The passing of Cuyler S. North, a perfect type of vigorous young manhood and ideal athlete will serve to cement closer the ties which bind the Michigan colleges.

As a fitting memorial to his sterling worth as a young man and as a sportsman no more splendid tribute could be paid his memory than to name for him a perfectly equipped athletic ground, to be known as Cuyler S. North field. The time is ripe in Kalamazoo for this much needed, enclosed student play ground and athletic field. This memorial would be in keeping with the custom followed in the great eastern universities. At Princeton it is Brokaw field, in honor of Irving Brokaw, who gave up his life to save his father's servant from a watery grave. At Harvard a memorial gate has been erected to perpetuate the deeds of crimson athletes and rough riders who died in the Spanish war. Let us at Kalamazoo keep green the memory of Cuyler S. North, who died as he had lived, a splendid type of the clean and exemplary young man. North field it should be. Kalamazoo merchants and business men should stand ready to contribute their share towards the field. The students and alumni of the orange and black will put their shoulders to the wheel and make North field a reality.

More than flowers or words of eulogistic phrases the dedication of such a field would keep alive the memory of Cuyler S. North as long as the green grasses wave over diamond or football ground.—Kalamazoo Telegraph.

The above article from the Kalamazoo Telegraph, speaks highly, but not too much so of the late Cuyler S. North.

Russell—Murphy.

A very pretty wedding was that which occurred at the home of Mr. Joseph Russell, two miles southwest of town, on Tuesday at high noon. The contracting parties were Mabel Josephine Russell, daughter of Mr. Joseph Russell, and James A. Murphy, son of Mr. Thomas Murphy. They were attended by the bride's brother, LaVern, as best man; and by the groom's sister, Florence, as bride's maid. The bride was tastefully gowned in a beautiful white silk dress, exquisitely trimmed with grape applique.

The wedding service was pronounced by the Rev. W. F. Jones. About 25 near relatives and intimate friends witnessed the ceremony. The presents were many and costly. After the ceremony a wedding dinner was served to the guests. The young couple left soon after for their home in Toledo, where the groom has a fine position as bookkeeper. They begin housekeeping at once in their own already completely furnished home.

"The Kingdom of God."

On Sunday afternoon next, at St. Peter's church, the rector will deliver the second sermon of his Course upon "The Kingdom of God." It is expected that the choir of St. John's church, Clinton, will assist in the service. The Subject of the Sermon will be: "How I became interested in the idea of the Kingdom of God, and how the practical importance of that idea was gradually forced upon me."

The following is a brief synopsis of the previous sermon reviewing the situation:

Jesus preached the Kingdom of God and set up that Kingdom upon the day of Pentecost (Acts 2, Cf.; Matt. 28:18-20; Luke 24:49; Acts 1:4, 5) Thus the Holy Spirit rules in the Kingdom of God as Christ's Vicar upon earth.

After the Day of Pentecost the Kingdom of God came to be spoken of more generally as the Church. (Cf in the Creed: I believe in the Holy Catholic Church.) This change of name had the King's own sanction (Matt. 16: 18, [illegible]) but tended to the obscuration of the concept of The Kingdom.

Then came the Roman perversion—which substituted the idea of the Roman Catholic Church for that of the Holy Catholic Church and made the Pope of Rome Christ's Vicar in His Kingdom in place of the Holy Spirit.

The Reformers, seeking the true doctrine, failed to appreciate the importance of the idea of the Kingdom in the premise. Hence they failed to arrive at a common understanding of the "Gospel," and hence, speaking broadly, all the subsequent confusion and weakness of Protestantism.

During the last twenty-five years the idea of the Kingdom of God has been recovered, so to speak; but the time has been consumed in discussing the identity of the Kingdom and the doctrine has been put to no practical use. (It is as if one had a valuable machine adapted to some mighty purpose, but spent all his time examining the machine instead of setting it to work.) The time is now ripe both to prove the identity of the Kingdom and to apply the doctrine to the solution of the various problems that beset the Church. C. C. KEMP.

THE CHURCHES.

Sunday school at Universalist church next Sunday. A full attendance is desired.

Baptist church Sunday morning, "The Ideal Home." Evening, Children's day exercises by the Sunday school. A good program has been prepared.

On account of the inability of Miss Grace Norris to officiate at the organ Sunday the Children's day exercises of the M. E. Sunday school will be postponed until next Sunday.

At the Presbyterian church Sunday morning the Sabbath school will observe Children's Day with fitting exercises. Rev. W. H. Babbitt of Cleveland, a former pastor, will speak. Rev. Babbitt will preach in the evening.

BARN RAISING

A Convenient Barn was raised by ABNER WILSON

On his farm last Wednesday and those present enjoyed the work as well as a bountiful supper furnished by Mrs. Wilson.

Abner Wilson had an old fashioned barn raising Wednesday on his farm just west of the village. At 6 o'clock in the morning the men were at work and work hard they did until eight at night. The most wonderful thing of the whole performance was that no one was hurt. Mrs. Wilson's share was the serving at supper of 48 persons, four more women than men.

The barn is 36 by 62 feet with an 8 foot basement and 16 foot posts. This with the self supporting gambrel roof makes it 42 feet from wall to ridge. The frame is built of 8 by 8 hard wood timber and has no cross beams or purlin posts, making it very convenient for mowing hay.

The barn was framed by Chas. Smith and was raised by Geo. Buril with pulleys and tackle. It is needless to say the frame went together in fine shape and is very strong.

VISITED ACME WORKS.

U. OF M. STUDENTS SAW HOW TO MAKE PAINT.

The modern educational system seems to make a point of emphasizing the practical side of theoretical teachings, and the University of Michigan particularly makes this of considerable importance.

On Friday last Prof. Alfred H. White and his class in chemical technology visited the plant of the Acme White Lead & Color Works to note the processes employed in the manufacture of paints, enamels and varnishes. The company gave them a warm welcome, the college colors, yellow and blue, being prominent in decorations, and each employe wearing a badge of the same colors. Under the guidance of the officers of the company each department was visited in turn and a brief exposition given of the various processes and methods in operation.

Incidentally the fire drill in the advertising department and the work of the regular fire department in getting two streams under way in some 40 odd seconds, won the applause of the students.

The professor and his class were specially interested in the varnish works the laboratory and in the manufacture of dry colors, where much practical information was secured.

The tour of the plant was concluded by 12 o'clock, when a special U. of M. luncheon was served in the Acme cafe. During lunch a chorus of 45 voices rendered the college song, "The Yellow and Blue," with a vigor and vim that evoked the famous Michigan yell in response. The party left the works shortly after lunch, very enthusiastically thanking the Acme White Lead & Color Works, for the hospitality shown.

The products of the above most modern manufacturer of paints and varnishes in this country are handled in Tecumseh exclusively by Satterthwaite Bros.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

$25 to Colorado and Back.

It has been estimated that between 8,000,000 and 10,000,000 persons in the United States take a vacation every summer. They spend between $400,000,000 and $500,000,000 yearly in pursuit of pleasure. This is a great deal of money to spend during a vacation, but this season the expenditure per capita may be somewhat less on account of the low railroad rates offered by the Chicago, Milwaukee & St. Paul Railway.

From July 1 to 10 this line will sell tickets to Colorado and return from Chicago for $25. This will enable many to enjoy their summer's outing at slight expense. Colorado summer resorts are cooler than the seashore.

For scenic beauty the Rocky Mountain region is famous the world round. The most attractive spots among these peaks are beautifully pictured and faithfully described in a new book just published by the passenger department of the Chicago, Milwaukee and St. Paul Railway. It will be sent on receipt of six cents to pay postage.

Paine's Celery Compound CURES RHEUMATISM.

Rheumatism, which does its terrible work in the muscles, joints, and tissues, is caused by uric acid which gathers in the blood. To get rid of this poisonous acid which produces the irritations, pains, agonies, inflammations, and swellings peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering, and happy results. It is the only medicine that prevents a return of the dreaded disease. Paine's Celery Compound braces the nerves, the blood is quickly cleared of all irritating poisons, tissue and muscle are built up, and the digestive organs perfectly toned. Do not treat with indifference the slightest rheumatic symptoms; the early use of Paine's Celery Compound will save you weeks and months of suffering. Mr. S. D. Conway, St. Louis, Mo., was permanently cured by Paine's Celery Compound after repeated failures with other medicines and physicians; he says:—

"I am 64 years of age, and have lived in St. Louis 27 years, and all this time with the exception of three years, I have served in the Engineers' Department as Inspector. Last winter I contracted rheumatism and was laid up. I tried all remedies and doctors, but all failed until I struck Paine's Celery Compound, which has made a permanent cure in my case. I have recommended it to many, and they have used it with the same result."

MOST BEYOND BELIEF.

If it were not for Tecumseh Indorsement People might be Skeptical.

Tecumseh people want local proof.

That's what we have here.

It's not beyond belief because it can be proved.

Read a local citizen's testimony.

Mr. W. C. Witherell, agent for buggies, harnesses and other machinery, place of business southwestern section of Tecumseh, says: "I cannot praise Doan's Kidney Pills highly enough for they have been a great friend to me. Some years ago I was an expert at sheep shearing and did a lot of that work. Everybody knows it is very hard on the back and it finally brought on a severe pain across the loins. Nothing did any good until a friend advised me to try Doan's Kidney Pills. I got a box and the treatment gave immediate relief. When I finished the box the trouble was entirely removed. If I feel any symptoms of a return a resort to Doan's Kidney Pills quickly wards off the attack. They are a reliable remedy and I consistently recommend them." Just such emphatic endorsement is plentiful in Tecumseh. Call at C. A. Wright's drug store and ask him what his customers report.

For sale by all dealers. Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

"Where is the East?" inquired a tutor one day of a very little pupil. "Where the morning comes from," was the prompt and pleasant answer.

NERVOUS HEADACHE BREEDS INSANIY.

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures.

Mrs. J. F. Burtch of Tecumseh, Mich., says: "I was troubled with severe nervousness and nervous headaches. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. Wright's drug store and after using two boxes I can say I am cured, my nerves are again strong and steady and the headaches all gone and I feel well in every way. As a nerve and general tonic I think the medicine unequaled." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

His last Hope realized.
(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

New Theory to Fire Mystery.

Battle Creek, Mich., June 10.—A new theory has been introduced in the sanitarium stable fire mystery—that someone set the blaze after stealing one of the valuable teams of horses. There were 14 horses in their stalls when the barnmaster retired and of these only one escaped. These should have been 13 carcasses in the ruins, but the police have made public the fact that only 11 were found. The question now is where the other two animals went.

Aged Editor Dead.

Grand Rapids, Mich., June 10.—Aaron B. Turner, founder and editor of the old Grand Rapids Eagle, whose critical illness has been noted, died Tuesday, aged 81 years. The immediate cause of death was a street car accident in Cincinnati several years ago, in which he sustained a fractured hip. The funeral arrangements have not been announced.

Aroused Storm of Criticism.

Ypsilanti, Mich., June 10.—The statement by Prof. Sherzer made to the business men's class at the presbyterian church that the human race was once very low in intelligence, lower even than the beast, and that the bible only dates back 6,000 years, has aroused a storm of criticism and the class must close their discusion on evolution next Sunday.

Postmasters' Salaries Raised.

Washington, June 10.—The following supplemental list of salary changes in Michigan postoffices was announced Wednesday: Increase—Crystal Falls, $1,600 to $1,700; Montague, $1,000 to $1,000; Sault Ste. Marie, $2,800 to $3,000.

ICE IN YOUR RIVERS

Ice Congests and Stops Commerce— So Uric Acid Makes Rheumatic Pains.

Imagine how your bones would feel if they were bumped and buffeted by a river of floating ice. If you have Rheumatism you know the twinges and spasms of pain in your body.

Uric acid is the cause of it—it floats in your blood like ice in a river, clogging and poisoning your entire system. You cannot be freed from Rheumatism until you dispel the Uric acid. Athlophoros will dissolve it, and you will note immediate lessening of pain.

Your entire system will feel better, and if you have had kidney trouble or any organic difficulty you will note a marked improvement at once—one bottle will prove if it is helping you, and you will find the dollar to be your best investment if Athlophoros works on you as it does on others. If your druggist doesn't keep it send $1 to The Athlophoros Co., New Haven, Conn. If your case is peculiar, write us about it.

UNANIMOUS CHOICE

Will Be Servia's Skuptschina for Prince Peter

AS KING OF SERVIAN PEOPLE

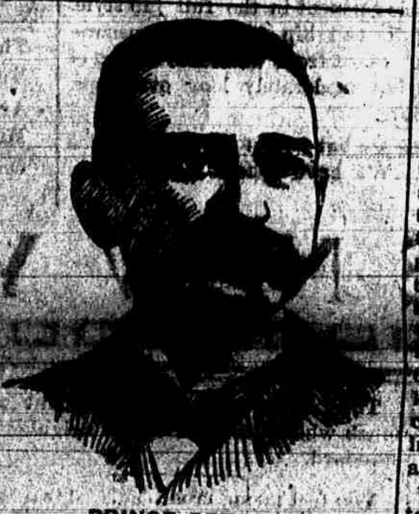
Constitution of 1888 to Be Put in Force—Republican Tendencies Noticeable Among Students—All Prisoners For Political Offenses Released.

Belgrade, June 15.—At a conference of senators and deputies held here late last night, it was unanimously resolved that the constitution voted by the great national assembly in 1888 should be put into force and that Prince Peter Karageorgevitch should be unanimously elected king at today's joint meeting of the skuphtina and senate. After the election a deputation of assembly will be sent to wait upon Prince Peter and communicate to him the decision of the national assembly. The Servian constitution of 1888 was a more liberal one than any granted previously.

Belgrade, June 15.—Complete order prevails in Belgrade and absolute quiet is still reported throughout Servia. The streets of this capital bear an animated appearance, being crowded with officers, ladies and large numbers of students, who have arrived from abroad, it is believed, with the object of demonstrating in favor of Prince Peter Karageorgevitch as king.

Newspapers Favor Monarchy.

Some republican tendencies are noticeable among the students who have studied in France and Switzerland; these latter, however, are quite overshadowed by the opinion of the majority, and there seems to be no doubt that the national assembly will today pronounce in favor of a monarchy and elect Prince Karageorgevitch. The newspapers continue to point out the impossibility of the establishment of a republic and advocate the election of Prince Garageorgevitch in order to assure a brighter epoch in Servian politics.



PRINCE PETER,
Who will be unanimously elected King of Servia to succeed the murdered Alexander.

The foreign diplomatists in Belgrade continue to maintain an attitude of strict reserve.

Peter Velimirovitch, one of the oldest and most prominent members of the radical party and a former minister of state, has been appointed president of the senate in succession to M. Marinkovitch, who has resigned. After the election of the king today the skuptschina will draw up a program of procedure for the new sovereign and will then adjourn until the arrival of the king at Belgrade. The sovereign will then form a new ministry and dissolve the skuptschina.

The provincial government has pardoned all persons imprisoned for political and press offenses and ordered their immediate release.

Prince Karageorgevitch, although little is known of him among the people generally here, seems to have caught the public fancy, and his election will be a popular one.

Lieut.-Col. Milislav Zivanovics of the general staff committed suicide by shooting himself on Saturday.

Geneva, June 15.—Prince Peter Karageorgevitch, the newly proclaimed king of Servia, is in the constant receipt of telegrams informing him of the situation in Belgrade. According to his present arrangements he will remain here until notified of the action taken by the skuptschina.

Boy Shot His Father.

Eastman, Ga., June 15.—Dr. T. J. Buchanan, of Eastman, whose brother is a member of the legislature, was shot and instantly killed Sunday by his son, Ogletree. The father had seized a pistol and threatened to kill his wife and children. The wife attempted to wrest the weapon from him. The son, hearing the scuffle, ran into the room with a pistol in hand. It is supposed the discharge of the latter's weapon was accidental, the ball passing through the father's heart.

Last Spanish Priest Leaves.

Rome, June 15.—It is announced the Vatican has decided to accept the resignation of Mgr. Martin Garcia y Alcocer, at present apostolic administrator of the archdiocese of Manila, as bishop of Cebu. Mgr. Garcia y Alcocer is the last Spanish episcopal dignitary in the Philippines.

Fifty-Six New Lawyers.

Detroit, Mich., June 15.—At the Detroit opera house Saturday night fifty-six young men who had finished their course at the Detroit College of Law and had the degree of bachelor of law conferred upon them by Philip T. Van Zile, dean of the college.

HOTELS CRIPPLED

Employes of Chicago Establishments Strike.

TWENTY-FIVE ARE AFFECTED

Demand Made For Higher Wages, Shorter Hours and Recognition of Union—Proprietors Will Arbitrate—Gompers Sent For.

Chicago, June 13.—The strike in the hotels of Chicago, impending for the last three weeks, materialized Friday and twenty-five of the leading hotels of Chicago are badly crippled in all departments. All the hotels are running, however, and the proprietors declare that the establishments will remain open for business at any cost.

The first call to the employes of the hotels to go on strike was made by the walking delegates at 9 o'clock in the morning, and all day the delegates visited the different hotels represented in the Hotelkeepers' association and called out the help. In several places the walking delegates were refused admission and were compelled to signal the employes from the outside.

A complete list of hotels in which the employes have left follows:

Auditorium, Auditorium Annex, Palmer House, Sherman House, Grand Pacific, Stratford, Briggs House, Kaiser House, Bismarck, Thompson's, Victoria, Wellington, Lakota, Chicago Beach, Del Prado, Vendome, Hyde Park, Windemere, Metropole, Holland, Kenwood, Great Northern, Virginia, Brevoort, Union.

The Lexington Hotel signed the scale presented by the union five minutes after the help had been called out.

There is every indication that the strike will be hard fought before one side or the other shall give in.

The proprietors have agreed to submit nearly every point at issue to arbitration, but to this the unions will not consent.

They insist that their demands for higher wages and shorter hours must be granted before they will arbitrate anything and insist also upon the absolute recognition of the union. To this latter demand the proprietors say they will never agree so long as the strikers maintain their present attitude. The proprietors have expressed a willingness to arbitrate this proposition [illegible] men will not recede from their position. The unions also demand that the members of the Hotelkeepers' association come to the officers of the employes' organization as individuals and not as members of any association.

The strikers made efforts yesterday to divert supplies from the hotels, but were not successful to any considerable extent.

A telegram was sent last night to President Gompers of the American Federation of Labor, asking his assistance in settling the strike, and a reply was received from him saying that he would be here on Monday.

A CONSPIRACY

May Have Existed Among County Officials In Kentucky.

Jackson, Ky., June 13.—A number of correspondents arrived here, including magazine writers and artists for illustrated papers.

Provost Marshal Longmire has made no arrests for two nights and two days. Since he closed the "blind tigers" there has been no shooting during the night. The free use of weapons in the carousals around these places led to reports at times of bands of feudists coming into town to attack the jail.

Court had to take the noon recess Friday earlier than usual, because the next witness was unable to get on the witness stand and it was evident that liquor is still available from some sources.

The feature of the trial Friday was the drift of evidence toward a conspiracy implicating county officials and others and tending to show that Jett and White had no such motives as the conspirator, but were simply hired to kill J. B. Marcum, who was the attorney for parties contesting the election of county officials. The defense during the forenoon attempted to have the case continued on account of the witnesses, and again in the afternoon on account of the illness of one of the attorneys for the defense. In both instances Judge Redwine ordered the trial to proceed.

Kansas City Needs More Aid.

Kansas City, Mo., June 13.—Kansas City, Kas., is still sorely in need of aid for its flood sufferers. A second urgent appeal to the country at large has been issued by the relief committee of that city, which says that local charity is totally inadequate to meet the situation. Outside assistance is imperative. At least 23,000 souls out of a population of 60,000 in the entire city are homeless and dependent. Hundreds of their homes have been swept away and those that remain have been left with a deposit of filth, both inside and out, of from one to three feet in depth. In most instances persons were able to save only the clothing they wore.

Injured by a Land Roller.

Owosso, Mich., June 15.—Mrs. Harry Goss, who resides on a farm north of Owosso, fell off a land roller which she was riding and was so badly crushed about the neck and shoulders that she suffered a complete paralysis of mind and body. She lived but a short time.

Waterworks Men to Meet.

Detroit, Mich., June 15.—All arrangements have been completed for the twenty-third annual convention of the American Waterworks' association, which will be held here June 23-26. The headquarters of the association will be at the Hotel Cadillac.

ACCOUNTS SHORT

State Treasurer of Catholic Foresters Owes $1,200

TO THE ORGANIZATION

Claimed He Has Gone to St. Louis—Said That Wife Offers to Turn Over $600—Organization Will Lose Nothing.

Cheboygan, Mich., June 13.—It has just become known that Eugene Reynolds of Detroit, state treasurer of the Catholic Order of Foresters, failed to come to the convention with funds collected from subordinate lodges to pay the expenses and per diem of delegates. It is claimed that he has gone to St. Louis and that his accounts are short $1,200. Mrs. Reynolds is said to have offered $600 of her own money to the order if her husband is allowed to return home. This, and the real estate the treasurer owns in Detroit will prevent loss to lodge members.

The officers knew his bond expired three months ago, but thought he had renewed it.

The matter was kept quiet by the delegates, but leaked out last night.

Detroit, Mich., June 13.—Inquiry last night at the home of Eugene Reynolds, 1298 Brooklyn avenue, revealed the fact that he has left town. His wife was very reticent regarding his whereabouts or his business relations.

His Signature Necessary.

Lansing, Mich., June 13.—About sixty-five bills await the action of Governor Bliss. All but two of these go beyond final adjournment and are subject to the pocket veto. In other words, there are but two bills in this entire list which will become laws should the governor fail to sign them. All the others would die. A large majority of these measures have yet to be printed and presented to the chief executive, but this work is being hurried as rapidly as possible.

In the Supreme Court.

Lansing, Mich., June 13.—The supreme court will meet Monday and Tuesday to admit to practice the graduates of the Detroit College of Law and Michigan university, but will hear no cases. In fact, no more cases will be heard unless it is something of unusual importance which demands immediate attention, until the October term.

His Job in Doubt.

Lansing, Mich., June 12.—The legal department of the state is firmly of the opinion that the bill creating the office of state highway commissioner and providing for the giving of instruction in road-making, is unconstitutional. Ex-Senator Earle of Detroit, who expects to be appointed state highway commissioner, is cocksure the bill is valid.

Thrown Beneath Wheels.

Owosso, Mich., June 13.—William J. Atkins, while under the influence of liquor, attempted to board the southbound Ann Arbor freight. He was thrown beneath the wheels and his left arm cut off near the shoulder. A deep hole was cut in his head, several ribs were broken, and he also sustained internal injuries, from which he cannot recover. Atkins is unmarried.

Lutherans In Council.

Richmond, Mich., June 13.—At the annual conference of the Michigan district of the German Evangelical synod of North America, held here, there are present 64 ministers and 42 lay delegates, representing about 80 congregations. The meetings are in charge of Rev. Paul Irion.

A Supreme Bench Candidate.

Grand Rapids, Mich., June 13.—Among the candidates for nomination to the new places on the supreme bench, created by the legislature, the name of Hon. Moses Taggert, present city attorney of this city, his friends hope, will be accorded such support as to land the choice.

Found Her Mother Dead.

Owosso, Mich., June 13.—Upon her return home from her work at night, Miss Ella Smith, a dry goods clerk, found her mother, her only relative, lying on the floor dead. Mrs. Smith was 78 years of age. Heart disease is the cause assigned.

Wayne Boy Dead In Philippines.

Wayne, Mich., June 13.—The parents of George M. Cross, a soldier in the First infantry, serving in the Philippines, have received word from Manila of his death, which occurred in Samar April 30.

New Medical Society President.

Detroit, Mich., June 13.—Dr. William F. Breakey, of the University of Michigan, was elected to the presidency of the Michigan State Medical society Friday. The election was unanimous. Papers by Dr. I. H. Neff, of Pontiac, and Dr. F. A. Grawn, of Munising.

Warning From God.

Battle Creek, Mich., June 13.—The Adventist Review & Herald now hints that the western floods, southern cyclone, and other disasters are only "God's voice of warning," to prepare people for the end of the world.

Noted Dwarf Dead.

Niles, Mich., June 15.—Frank Bailey, a crippled dwarf of national reputation, is dead in Dowagiac, aged 76 years. Bailey's was a checkered career. For years he traveled with various circuses. He was under three feet in height. His wife is exactly 34 inches tall and is now 74 years of age.

FLOOD VICTIMS NEED HELP.

Authorities of Kansas City Issue an Appeal.

Kansas City, Mo., June 15.—The relief committee of Kansas City, Kan., has given out a statement calling for aid. In part it says:

"An area including 23,000 people has been swept by a rushing flood of from ten to thirty feet in depth, which has carried away more than one-third of the houses in this district, has almost ruined another third, and that in the entire district the merchandise, household goods and clothing have either been washed away or almost totally ruined by a ten days' submersion and a deposit in all buildings of from two to four feet of mud.

"There remain many thousands dependent on charity for shelter, food, clothing and the most meager outfit of cooking utensils and furniture. These cannot be supplied without outside aid and unless it is furnished to a large amount the most dire suffering and widespread sickness, and even death, must result.

"Money and supplies should be sent to T. B. Gilbert, mayor of Kansas City, Kan., and chairman of executive committee."

SAENGERFEST.

Five Thousand Singers at Formal Opening in Baltimore.

Baltimore, June 15.—The formal opening of the twentieth triennial saengerfest of the Northwestern Saengerbund of America took place here Sunday afternoon with a "reception concert" in the Fifth Armory hall.

The seating capacity of the auditorium of this immense structure is 16,000, and the entire space was occupied, there being 5,000 singers on the stage and 9,000 persons seated on the floor.

The afternoon's concert was mainly a "welcome concert," designed as a greeting from the Baltimore singers to the singing society guests from other cities. The singing was participated in by 2,500 Baltimore singers and 2,500 school children, and the melodies were arranged especially in honor of Flag day.

Shot Bystander Through Heart.

Toledo, June 15.—George Cook, a plasterer, 28 years old, was shot and instantly killed by Frank Dilling, a section employe on the Pennsylvania, in the Emerson house bar at Crestline Sunday afternoon. Dilling became angered at a remark of a bystander and began shooting. Cook started to run and was shot through the heart. A crowd followed and overpowered Dilling. They beat him with clubs and left him for dead. The police conveyed him to the station, where he revived. A crowd again collected and threatened to lynch the prisoner but the police succeeded in getting him away and transferred him to the jail at Bucyrus.

Captain's Wife Perished.

Portland, Me., June 15.—One life was lost by the wrecking of the new five-masted schooner Washington B. Thomas of Thomaston, Me., on Stratton's island, four miles off Old Orchard, in the gale of Friday night while bound with 4,000 tons of soft coal from Norfolk, Va., for Portland. The wife of Captain William J. Lermond, to whom he was married a year ago, was killed by the immense waves breaking in the cabin. Her body was washed away in the darkness and has not been recovered. Captain Lermond and the crew of thirteen men were rescued Sunday by a volunteer life-saving crew.

Disorder In Cavite.

Manila, June 15.—Disorder continues in the province of Cavite. The bandits named Felizardo and Montalon, with some followers, recently raided a number of towns. The government is planning a campaign to suppress the troubles.

LATE NEWS IN BRIEF.

Stabbed to Death.—Louis Rentz, 27 years old, was stabbed to death in Cleveland by Joseph Sockey, 23 years old, his brother-in-law. The murder occurred in the foreign settlement and a crowd of 5,000 men quickly formed and began searching for Sockey. He was taken in charge by the police.

Saginaw Man Interested.—Paul Morton, vice-president of the Santa Fe system; Walter S. Eddy of Saginaw, Mich., and Col. John S. Wier of New York have organized a syndicate for the purpose of developing a tract of timber land located northwest of Chihuahua, Mexico, and comprising in the neighborhood of 2,500,000 acres.

Detroit Man Killed.—While a number of persons were standing on the main line of the Tacoma & Eastern at Kapowsin, Wash., a runaway train loaded with logs crashed into them, instantly killing Harry W. Voorhees of Tacoma, but formerly of Detroit, Mich. Mrs. C. S. Forner was so seriously injured that she died within 30 minutes.

Ten Years In Jackson.

Detroit, Mich., June 15.—Joseph Dams, the 17-year-old boy who brutally attacked Mrs. Julia Ellis with an ax at her home near Dearborn in May, was sentenced Saturday by Judge Fraser to ten years in Jackson prison.

Feet swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." J. J. Orr.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all druggists.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last. Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years she writes, I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by C. A. Wright Druggist.

ROUND ABOUT US.

Ruthven, Ia., Appeal—Samuel Frost and Emma Winters were married in Omaha recently. If they follow the president's advice they will probably raise a flock of icicles.

An exchange is moved to remark thusly: That "sweet girl graduate" will soon be in bloom and bless her dear little American heart, her equal cannot be found in any country beyond the seas.

One of the best things said lately was by a Missouri editor. In addressing his Sunday school class he said: "Fame has taken men from the forge, the plow and the carpenter's bench, but she was never known to reach over a picket fence and snatch a dude out of a hammock."

One of the fads is men's socks for women. There is a rumor prevalent that some wives wear the trousers but no one imagined that the socks would also be appropriated. If the women continue the evasion of the wardrobe of the men there will be mighty few articles of wearing apparel that men can call his own. His hat, shirt, vest coat, collar, tie and socks are gone. He has remaining his chewing tobacco and suspenders—not much of a lay out for a cold day.—Ex.

C. E. Convention.

The fourteenth annual convention of Lenawee County Christian Endeavor Union was held here in the Presbyterian church Friday. The program was excellent and much interest was evinced by the delegates.

The meeting was called to order at 9:30. Fred Frost welcomed the delegates in behalf of the society. Mrs. Marie Becker of Addison, responded. Dinner was served in the church and during the noon hour a short business session was held. The nominating committee reported the following nominations which were accepted:

President—T. A. Lowry, Tecumseh.

Vice president—Miss Louise Tag, Clinton.

Recording secretary-treasurer—Arthur Randall, Adrian.

Corresponding secretary—Miss May Lowry, Tecumseh.

Chairman lookout committee—Rev. B. W. Huntsman, Adrian.

I. R. Montana, of the Adrian M. P. society, was chosen delegate to the international convention at Denver. Ten dollars was pledged toward his expenses. A rising vote of thanks was tendered T. A. Lowry for his faithful work in preparing for the convention.

The regular afternoon session was then opened. F. W. Chamberlin, state president, gave a very interesting talk on the duties of officers.

At the evening session special music was furnished by the choir and solos by Cullen Robinson and Mr. Mead of this place. The speaker of the evening was Cyril H. Haas of Ann Arbor. Mr. Haas is studying at the University to become a medical missionary. The C. E. will hold 15th annual convention at Clinton Friday, June 25, 1904.

The world never sits down twice on a man who has any point about him.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

At a spiritual the other evening a gentleman requested the medium to ask what amusement was most popular in the spiritual world. The reply was, "Reading our own obituary notices."

"Where is the East?" inquired a tutor one day of a very little pupil. "Where the morning comes from," was the prompt and pleasant answer.

Impaired Digestion

May not be all that is meant by *dyspepsia* now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Erving Charles Kennedy.

Erving Charles Kennedy, son of Mr. and Mrs. Wm. Kennedy, was born February 15, 1848 at Easton, Pa., and died at his home on Chicago street Tuesday, June 9, at 12 o'clock, after a prolonged illness from consumption, age 55 years.

He came to Tecumseh with his parents when he was five years of age and has always lived in Tecumseh, with the exception of one year which he spent in Lansing. He was married to Miss Mary E. Osborne Oct. 25, 1882, who died Feb. 15, 1900, of consumption.

He was a machinist at Brewer's foundery for a number of years and about 16 years ago went into business for himself. Mr. Kennedy was a man of a kind disposition, never tiring in acts of charity and beside a large circle of friends he leaves three sisters, Mrs. Florence Smith, Mrs. Lester Ayers of this place, and Mrs. Carleton of Adrian, and one brother, Frank Kennedy, of this place.

SCHOOL IS OUT

And the closing exercises given by MISS COREY'S ROOM

WERE VERY INTERESTING AND APPROPRIATE.

Very pretty and elaborate exercises were held at the West Branch school by Miss Corey's class. The following program, in keeping with the month of June was carried out by the little tots.

Chorus, Sleep little seed baby—School.
Rec., The seed Dewey bowers.
Duet, Little brown brother—Wilford Orr, Kenneth Lowry.
Rec., The little Plant—Bert Dove.
Chorus, Rain song—School.
Rec., Rain drops—Howard Whitcomb.
Chorus, The blossoms are coming to town—School.
Rec., Hide and seek—Howard Wilson.
Boys chorus, Pussy willow.
Solo, Dear little Daffy down Dilly—Lillie Fink.
Duet, Dandelions—Mabel Skinner, Bertha Cummins.
Rec., The dandelions—Harold Halladay.
Duet, Little yellow dandelion—Ruth McKinney, Josephine Stevens.

The above duet was given by the two mentioned girls dressed in dainty yellow tissue paper dresses, and tended a pleasing effect to their selection.

Solo, The violet—Selwyn Whitcomb.
Duet, Forget-me-not—Earl Rentsler, Willie Bross.
Duet, Two little roses—Nina Lowry, Eunice Orr.
Boys chorus, Thunder storm.

This number was followed by six little girls dressed as rainbow fairies singing a rainbow song.

Rec., The rainbow—Gertrude Hazlett.
Daisy drill, by the girls of Misses Corey and Richardson classes.
Solo, Goodbye to the flowers—Florence Smith.
Chorus, Away among the blossoms—School.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

First Game of Base Ball.

The base ball season will open here Tuesday, June 23, when Tecumseh will attempt to win the first game from the fastest independent team in the state. The Wheelman base ball club of Detroit. The Wheelman is made up of such men as Sam Thompson, captain; Billey Rooks, Ed Stein and pitcher Carrick of the big League team. Tecumseh is up against a strong proposition and will have to go some if she makes a showing against this team, but she is assembling a strong team and we look forward for better ball playing in Tecumseh than any previous year. We are informed that the following players are signed and will report here for work this week: Guy M. Johnson, W. G. Hosmer, E. L. Knickerbocker, Hubert Hadley, Chas. Beasley, Rufus Gilbert, Marcus Chaffee, Jas. Harris.

Letter of Thanks.

To the kind friends who remembered us in our affliction, we wish publicly to say that we were much impressed by the many ways in which you expressed your loving regard for our boy. The many spoken words of sympathy, the numerous callers at our home, the great profusion of beautiful flowers, the church decorations, the large attendance at his funeral with his young men friends in a body, the closed stores, the music, the addresses, the press notices, the very many letters and telegrams of appreciation and sympathy, are all to us expressions of your love for the dear one that has left our home forever.

From the depths of our hearts we thank you.

ARE YOU A COMING MOTHER? ARE YOU EXPECTANT?

MOTHER'S FRIEND

makes childbirth easy by preparing the system for parturition and thus shortening labor. The painful ordeal is robbed of its terrors, and the danger lessened to both mother and child; the time of confinement is shortened, the mother rested, and child fully developed, strong and healthy.

Morning sickness, or nausea arising from pregnancy, is prevented by its use.

As pregnancy advances, the breasts enlarge, become swollen and hard. Long before the child is born, they are preparing for the secretion of milk. It is important that they receive early attention. Mother's Friend softens the skin and facilitates the secretion of Life Fluid. Undeveloped breasts, hard-caked shortly after delivery, are the result of nontreatment, and likely to culminate in Mammary Abscess, from which so many suffer excruciating pain and are left with these organs permanently impaired.

Softness, pliability and expansion are given to the muscles and sinews, thus bringing comfort and causing an easy issue of the child. Try it. Of druggists $1.00. Our book "Motherhood" free.

A HELPING HAND

Is Gladly Extended by a Tecumseh Citizen.

There are many enthusiastic citizens in Tecumseh prepared to tell their experience of the public good. Testimony from such a source is the best of evidence, and wil prove a "helping hand" to scores of readers. Read the following statement:

Mrs. J. H. Welch, who resides in the south western section of Tecumseh, says: "I wish to express my gratitude for the benefit derived from the use of Doan's Kidney Pills. My back troubled me for a long time with a constant dull aching pain across my loins and when stooping or exerting myself it became very sharp. If I took cold it always settled in my kidneys and in the morning I was so lame and stiff that I could hardly attend to my work. I used several simple household remedies but they did not bring relief. Seeing Doan's Kidney Pills recommended and spoken of so highly I concluded to test their merits and got a box at C. A. Wright's drug store. They took right hold of the cause and in a short time the pain in my back was a thing of the past. I can now straighten after bending or stooping without any inconvenience. Doan's Kidney Pills are certainly a wonderful remedy."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

The hardest of all things is to get a man to stop and look himself squarely in the face.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Eclectic Oil.

NERVOUS DYSPEPSIA ITS CAUSE AND CURE

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. R. VanDuzer of Tecumseh, Mich., says: "My trouble was with my stomach, the food did not digest properly and as a result I suffered from severe headaches. I got a box of Dr. A. W. Chase's Nerve Pills at Wright's drug store and as a result of their use my stomach is again strong, the digestion is perfect and my headaches cured. I think the medicine for nervous troubles cannot be approached." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

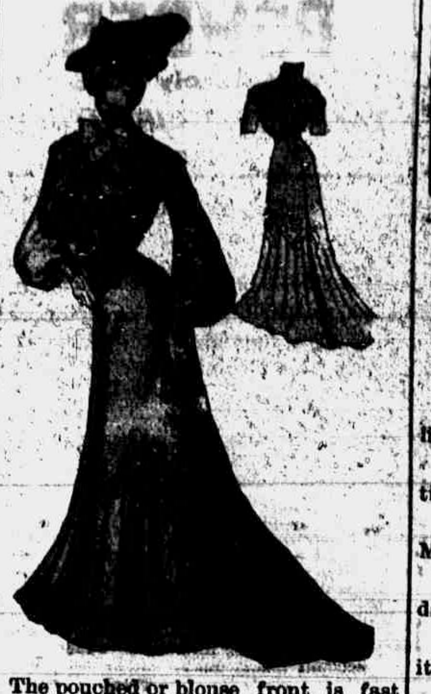
Street Costume of Bluet Hopsack.

A stylish costume is an absolute necessity, and an evidence of good taste and workmanship is shown in a gown of bluet hopsack. This has a novel collar, which gives the long shouldered effect and the strappings of which cross in front, and are completed with an ornament of pendants. Narrow plaits supply decoration, and all of the stitching a great deal of which appears on the bottom of the skirt and just above the strappings on the skirt, is done with Corticelli stitching silk of the same shade, size D. This silk comes on one-quarter ounce spools, and has generally been adopted by the best dressmakers, since it is just the right size and twist for stitching purposes.



The pouched or blouse front is fast being superseded by the deep corselet and long narrow buckle, suggesting the pointed stomacher, and many evening bodices show the pointed lower edge. Large floral patterns obtain for the thin gown for warm days, and a prodigal display of coarse lace set on white bobbinet and shirrings will be the salient feature. The exaggerated long shoulders will be given by the deep lace collars of all descriptions and construction, and when these are not employed fichus daintily ruffled and frilled will replace them.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

DANGEROUS DISEASES.

State Board of Health to Educate the People.

Lansing, Mich., June 15.—At the meeting of the State Board of Health June 10, the following resolution was unanimously adopted:

Resolved, That the State Board of Health shall each year publish and transmit to boards of supervisors and local boards of health throughout the state the scientific and common names of diseases dangerous to the public health. Such lists shall contain the names of dangerous communicable diseases already existing in the state, or which in the opinion of the state board of health are liable to be present during the year following each publication. Diseases communicable from animals to man shall also be included in these lists. Accompanying the lists shall be brief statements of how each of the dangerous diseases is spread and the proper steps to be taken for its restriction by local health boards and health officers at every outbreak of such disease.

Attempted Robbery and Murder.

South Haven, Mich., June 15.—Ben Franklin of 960 Washtenaw avenue, Chicago, was the victim of a bold attempt to rob and murder in midlake Saturday night, and J. S. McAssey, M. W. Hoyt and E. L. Hammer, young men also from Chicago, are under arrest. Franklin, with his family, was enroute to this city on the steamer Kalamazoo, for the purpose of buying a fruit farm, and was supposed to have a large sum of money upon his person. While walking around the boat outside the cabin he was set upon by the three men, who attempted to rob him and throw him overboard. After a desperate struggle he released himself and notified the officers, who placed the accused men under arrest and took them to jail at Paw Paw to await a hearing.

Big Gathering of Turners.

Detroit, Mich., June 15.—In commemoration of the fiftieth anniversary of the Socialer Turnverein, 400 Turners from Cleveland and Akron, O., and Saginaw, Mich., gathered in this city Sunday and held appropriate exercises at the Turner hall on Sherman street last evening. Approximately 1,500 persons, principally Germans, gathered in the auditorium.

Confessed Drowning His Wife.

Houghton, Mich., June 13.—Nick Thompson, of Portage Entry, who was recently taken to the county jail pending an examination as to his sanity, has confessed that he was the cause of the death of his wife, who was drowned at Portage Entry several years ago. He stated that his wife was continually cross and that one evening as they were walking along the dock she began scolding and that he pushed her off into the water.

His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

When some men discharge an obligation you can hear the report for miles around.

It hurts you when you ask for the girl's hand and get the old man's boot.

W. A. Herren of Finch, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." J. J. ORR.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

LATE NEWS IN BRIEF.

Cleveland a College President.—It is learned that former President Cleveland has been offered the presidency of the University of Virginia. When seen Mr. Cleveland said: "I should be utterly unable to accept such a position."

Mysterious Murder.—A revolting murder, which at present is wrapped in the deepest mystery, occurred in Middlefield, Conn., some time Friday. The victim is Mrs. George Smith. She was killed with an ax, the blow severing her head from her body.

Lumber Dealers Will Aid.—At a meeting of lumbermen of Kansas City it was decided to make an appeal to the lumber dealers and manufacturers of the country for subscriptions for the relief of the Kansas City, Kan., and Argentine flood sufferers.

Mountain Caved In.—The side of a mountain caved in on the Southern Railway tracks between Spartanburg and Asheville, N. C. Thousands of tons of rock and dirt completely filled one of the largest railroad cuts in the mountains of west North Carolina and effectually cut off all traffic.

Murderer Hanged.—F. A. Hopson, a negro, aged 36 years, was hanged at Wise Courthouse, Va., Friday for the brutal murder on Dec 2, 1902, of John Salyers, aged 67 years, from whom he was stealing chickens. For an hour Hopson addressed the 3,000 mountaineers. "I plead before God I'm innocent," he said.

BUCKINGHAM'S DYE

El Paso in Danger.

El Paso, Tex., June 15.—The flood condition is serious here. The river continues to rise and the water is striking the levee with great force. Below the city the river tore through all obstructions and entered its old channel, which was abandoned when the cut off was built three years ago to guard against further overflow. Late last evening the chief of police received a telephone message from White Spur, eight miles above town, stating that the river had got behind the levee and formed a lake five miles square and quite deep. This threatens to sweep away the levee and come down upon El Paso with a rush.

Horseman Fatally Injured.

Chicago, June 15.—In a quarrel with one of his stable hands at the Harlem race track early Sunday, Sidney S. Bender, a well-known horse owner, was struck with a pitchfork and so badly injured that he may die. The steel part of the handle of the fork crushed his skull. His assailant was arrested.

Want to Be State Soldiers.

Pontiac, Mich., June 15.—Harry Crawford has been elected captain of the Oakland Light Infantry, in place of Fred G. Thompson, resigned. The boys are making efforts to get into the state service, and new members are coming in rapidly. The band comprises forty pieces.

State Undertakers' Meeting.

Grand Rapids, Mich., June 13.—The annual convention of the Michigan Funeral Directors and Embalmers' association will be held at St. Cecilia clubhouse, in this city, July 14-17, and an attendance of 400 people from outside is expected.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marlboro, Ill.

President Morley of Bankers' Association Assails Tax Laws.

IN HIS ANNUAL ADDRESS

Believes in Exemption From Taxation of Credits—Lawmakers to Blame, According to His Opinion—Common People the Real Capitalists.

Pointe Aux Barques, Mich., June 18.—The treat of Wednesday's session of the Michigan Bankers' association was the lucid, trenchant discussion and criticism of the state's taxation system by President George B. Morley, who has made a special study of the subject. The bankers thought so well of the suggestions made by their president that a committee was appointed to consider their submission for indorsement by the bankers as the views of the association on taxation.

Congressman William Alden Smith of Grand Rapids was introduced by President Morley as the one to respond to the welcome for the Michigan bankers.

It was 10 o'clock when Boos' Saginaw band marched briskly into the dancing pavilion, playing a catchy air. The bankers obediently fell in behind and filled the hall, many ladies also attending the session.

Fred H. Potter of Saginaw gave what the bankers declare was one of the most graceful and at the same time most forceful welcoming addresses heard in the fifteen years of Michigan bankers' conventions.

President Morley followed with his annual address. In part he said:

"Perhaps no subject has ever occupied the minds of statesmen and students of political economy more than that of taxation, and the study of no subject, I think I am safe in saying, has resulted in a wider divergence of opinion and a greater conflict of conclusions.

"As the individual lives of this political association are of equal value in the eyes of the law, so the burden of public defense rests equally upon all, regardless of wealth or position; but the burden of public expense—as individuals differ widely in the possession of wealth—is imposed, or is intended to be imposed, upon property itself, rather than upon the individual, that is, to be imposed upon individual possessions of property. The problem is a plain and a comparatively simple one could this principle be constantly kept in [illegible] visible property [illegible] a political community is [illegible] to be necessary for the protection of all of it, in other words, for the public expense, and his percentage is so levied and collected.

"That the purchaser of a piece of property should be taxed on its full value, while the seller, who holds a credit obligation or mortgage on the property, should be required to pay nothing, is a proposition that strikes the average voter as one savoring of the rankest inequality, so that in his attempt to avoid this seeming injustice by taxing credits as though they were actual property, instead of being something representing property already taxed, he works a real instead of an apparent inequality by doubling the amount of actual property in existence in every such case, with the necessary result of double taxation to that extent.

"It is one of the truisms of political economy that upon whomever or whatever a tax may be imposed, the tax is ultimately paid by the consumer.

"The fault, as may be readily perceived, is not with the fundamental principle underlying our system of taxation but with our lawmakers playing fast and loose with this principle.

The Real Capitalists.

"It is an established fact that the common people are the real capitalists of a country like ours. It is their small deposits collected in the banks, vast in their aggregate, that the industrial world depends upon for support; therefore, any measure that encourages these deposits directly promotes general prosperity and an increased employment of labor, and any measure that discourages them, like taxing individual deposits, directly retards prosperity and decreases the employment of labor.

"It may be asked what superior advantage would result, either to the bank or to the state, under the proposed system, over that existing now, when the total assessed valuation of money and other property in the possession of the banks would promise to equal the amount assessed against the capital stock of the banks under our present system. My reply to this is: That it would remove the confusion and inequality that now exists, by applying the same system of taxation to banking corporations that is now applied to other corporations; that is, it would make all of our measures of taxation conform to the one general or fundamental principle of taxation."

THE REAL BLAME

For P. O. Irregularities Traced to Doors of Superior Officers.

IMPORTANT REPORTS GIVEN

Many Irregularities Existed—Inspector's Reports Pointed Them Out—Too Late For Action Now—Most Important Papers Yet Made Public.

Washington, June 18.—Postmaster-General Payne Wednesday made public the reply of Fourth Assistant Postmaster-General Bristow to the charges of Seymour W. Tulloch, former cashier of the Washington city postoffice regarding the irregularities in the postal administration and also reports of inspection and investigation of the Washington postoffice by inspectors between June 30, 1899, and July 31, 1900, together with the transcript of the Tulloch charges made some years ago and the conclusions thereon then reached by Postmaster-General Charles Emory Smith.

These papers constitute by far the most significant documents yet made public as the result of the sweeping postal investigation. The reports show the existence of many irregularities during the period involved.

The inspector who investigated the irregularities reports that the files of the postoffice cashier show direct orders from superior authority for the disbursement of all questionable items cited. The inspector urged "that the responsibility for the many illegal appointments, the payment of two salaries to one and the same person and the disbursement of thousands of dollars for which practically no service was performed, should be placed where it properly belonged and the many abuses corrected."

In a summary of the several reports the postmaster-general says:

"The charge of Mr. Tulloch is in its essence against President McKinley and Postmaster-General Smith. President McKinley is no longer living; Postmaster-General Smith, who carried out President McKinley's policy, has answered for himself."

The postmaster-general also says: "It will be seen that the whole subject was taken up by Postmaster-General Smith and investigated by him."

So Public Can Understand.

Mr. Payne quotes from the recently published reply of Mr. Smith and adds that these papers are now published "in order to complete the public understanding of a matter, a large part of which has already been published. The papers are filed without action for the reason that they relate to the business of a prior administration. The subject matter of complaint is four years old and all action thereunder was closed over two years ago."

The documents made public today show that on May 1 last Mr. Payne wrote a letter to Mr. Bristow, calling attention to the published interview with Mr. Tulloch and asked Mr. Bristow: "What truth, if any, there is in the statements, and particularly that part which speaks of your connection and that of the postoffice inspectors."

Mr. Bristow's reply in part, dated three days later, is as follows: "In response to your inquiry of May 1, 1903, as to the truth or falsity of the assertions of Mr. W. S. Tulloch that appeared in an interview by him in the Washington Post of that date, I beg to hand you herewith an abstract of three reports made by the inspectors on the condition of the Washington postoffice.

"The first, marked 'exhibit A,' refers to the transfer of the postoffice to Hon. John Merritt, incoming postmaster, by Mr. James P. Willett, retiring postmaster, which occurred June 30, 1899. At the time this inspection was in progress, as nearly as I can remember, Chief Inspector Cochran and Inspector in Charge Smith called upon me and advised me that the inspectors in the investigation of the postoffice had discovered many irregularities of a serious nature which seemed to be authorized by the department."

The most important exhibit is the confidential report of Postoffice Inspector in Charge Smith of the Washington division, made in July, 1899, setting forth irregularities which he urged should be investigated.

In conclusion the inspector states that the files of the cashier's office show full, direct and positive orders from superior authority for the disbursement of all the questionable items mentioned in the inspector's report; that the responsibility for the many illegal appointments, the payment of two salaries to one and the same person, and the disbursement of thousands of dollars for which practically no service was performed should be placed where it properly belongs, and the many abuses corrected.

ANOTHER DISMISSAL.

Superintendent of Money Order System Loses His Job.

Washington, June 18.—As a result of alleged indiscretion in matters pertaining to the award of contracts for printing the money order forms of the government James T. Metcalf, for many years superintendent of the money order system of the postoffice department, Wednesday was removed from office by the postmaster-general. A full investigation of the case will be made later. The dismissal is the result of acts of Mr. Metcalf in opposition to the bid of Paul Herman of Rutherford, N. J., the lowest bidder by $45,000 and in favor of the next highest bidder, the Wynkoop, Hallenbeck, Crawford company of New York, of which Mr. Metcalf's son is an employe.

In his letter of dismissal Postmaster-General Payne says:

"The bid of Mr. Herman as submitted was regular in form, and that he had deposited a certified check for $5,000 as a forfeit. It further appears that within a day or two the Wynkoop, Hallenbeck, Crawford company filed a protest against awarding the contract to Herman, alleging that he was not financially responsible; that a short time thereafter Mr. Herman called at your office and you advised him to withdraw his bid and re-enter the employ of Wynkoop, Hallenbeck, Crawford company, understanding at the time that such withdrawal would result in the contract being awarded to said company and consequently in a loss to the government. It also appears that you did not acquaint your superior, First Assistant Postmaster-General Wynne, with the fact that you had endeavored to have Mr. Herman withdraw his bid."

Postmaster-General Payne, in announcing his action, stated that there was no charge that Mr. Metcalf had done anything that is amenable to the law, but said that his conduct was a serious indiscretion that could not be overlooked. Mr. Metcalf, he said, always has been considered a faithful, efficient, painstaking and honest employe.

Mr. Metcalf was closely examined for two hours and he, it is stated, corroborated the facts stated in the letter of dismissal. The postmaster-general conferred with President Roosevelt regarding the case and the order of dismissal followed.

Mr. Metcalf originally was appointed from Iowa and has been in the postal service since 1882.

Mr. Metcalf, when seen last evening, said that he has done nothing wrong and has nothing to conceal; that his son's employ in the bidding firm could have no effect on the award; that he suggested Herman's return to his old company to handle the government work there because he (Mr. Metcalf) knew that Herman's means were limited and that a stoppage of supplies in the midst of a contract term would have proved serious.

Alleged Murderers Bound Over.

St. Francis, Kan., June 18.—Chauncey Dewey, Clyde Wilson and W. J. McBride, charged with the murder of the Berry family two weeks ago, were bound over last night to the next session of the district court, without bail. They were taken early this morning to Goodland, where they will await their trial. They were escorted across the country to Goodland by the Osborne militia company, which has been guarding them since their arrest.

Mast of Reliance Broke.

PETER'S MANIFESTO

Servia's New King Promises to Be Good.

BANISHES MEMORIES OF PAST

And Gives His Word to Respect Rights Acquired by All—His Motto is: "For the Sacred Cross and Cherished Liberty."

Geneva, Switzerland, June 18.—King Peter has just telegraphed to Belgrade the following manifesto to be proclaimed to the Servians, the substance of which was cabled to the Associated Press June 15:

"Thanks to the favor of God and the will of the people, I am called to the throne of my ancestors. I submit myself to the popular decision and today ascend the throne of Servia.

"I consider it to be my first duty to thank God for the favor accorded me, and I express the hope that the powers will hail my succession as an event which will give Servia an era of repose, progress and order.

"I give my word to respect the rights acquired by all.

"I will be the protector of the legality and well-being of the people.

"I call upon the heads of the church and the military and civil functionaries to retain their functions and execute them conscientiously.

"I declare that I banish from memory all acts committed during the past forty years bearing upon me.

"Every honest Servian will find under my reign protection for his moral and material life.

"The motto of my dynasty is: 'For the sacred cross and cherished liberty.'

"It is with that motto, assured of the attachment of the army and church, that I ascend the throne as Peter the First, King of Servia."

JEWS ATTACKED HIM.

Notorious Jew Baiter and Editor Stabbed in the Neck.

St. Petersburg, June 18.—Kroushevan, the notorious Jew baiter and the editor of the anti-Semitic organ in Kishineff, the Bessarabets, the articles in which are believed to have been largely responsible for the massacre of the Jews in Kishineff, was attacked by a party of Jews in the street here Wednesday. He was stabbed in the neck by one of the Jews. The wound is not believed to be fatal. His assailant was captured and proved to be a former student of the polytechnic school at Kieff.

Another Kishineff.

Berlin, June 18.—The Tageblatt, in advices from Lodz, Russian Poland, gives an account of disturbances there on Monday last. About 5,000 young workingmen, Jews, paraded the streets in an orderly manner, but as a socialist demonstration. The police, in view of the number of those engaged, called on the Cossacks for assistance, and then the police and Cossacks charged the workingmen, beating them with the flats of their swords and with their fists. It is reported that ten young men were beaten to death and that of the ten arrested all were seriously wounded. Surgeons worked for five hours sewing up wounds after the fury of the police had been spent.

Peonage Quite Common.

Washington, June 18.—United States Attorney Reese of Montgomery, Ala., was at the war department of justice Wednesday in response to a request from Attorney-General Knox, who wished to confer with him in regard to the progress of the prosecutions of persons in Alabama for peonage. It is said the system is not in operation to any considerable extent near the cities and large towns, but that in some of the more sparsely settled sections it is quite common. The officials of the department of justice are determined to eradicate the evil and to that end every discovered case will be vigorously prosecuted.

Forgery Charged Against Machen.

Washington, June 18.—It is believed that the grand jury will shortly be asked by the postoffice authorities to find another indictment against A. W. Machen, former superintendent of free delivery. The charge, it is said, will be forgery, based upon the cashing of a check for $369, drawn by the cashier of the New York postoffice in favor of Henry L. Lorenz of Toledo, O.

A Fatal Prank.

New Bedford, Mass., June 18.—Clarence Mason, son of the chief of police, is suffering from an attack of blood poisoning as a result of being branded at an initiation of the secret society of the local high school. It is feared he may not recover. Joseph McIntyre, another student, is in a serious condition.

A Prisoner of Bandits.

Tangier, Morocco, June 18.—Walter B. Harris, the traveler and author, who was a member of Sir Arthur Nicolson's special embassy to the sultan of Morocco last year, is a prisoner of mountaineers at Zeenat, headquarters of the bandit Raisuli. Government troops attacked the place, burning many farms, but they did not succeed in rescuing Harris.

Sustained Fatal Injuries.

Flint, Mich., June 18.—George Altmann is dead from injuries received Monday through a bicycle breaking under him. He did not regain consciousness. He leaves a widow, mother, four sisters and a brother.

Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident resulting in burns, cuts, wounds, ulcers etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at C. A. Wright's drug store.

Few men are brilliant enough to make it necessary for us to use smoked glass while looking at them.

Are you thin? Would you like to get fat and plump? Tried "laughing," 'twouldn't work — now take Rocky Mountain Tea 'twill do the business. 35 cents. J. J. Orr.

There's nothing in size—when a pint bottle can exert more influence over some men than a church spire.

Feet swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." J. J. Orr.

There is a kind of wealth that makes people very poor. It is the kind that does not have the blessing of God upon it.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well? For sale by all druggists.

It doesn't do a man any harm to be thrown on his own resources. The difficulty is that it always happens when he hasn't any.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last. Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years she writes, I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by C. A. Wright Druggist.

The average man doesn't amount to much when measured by his neighbor's standard.

You feel mean, cross, ugly down in the mouth, nothing goes right. Bad liver. Better take Rocky Mountain Tea. Drives away the blues. 35 cents. J. J. ORR.

STATE OF MICHIGAN, County of Lenawee ss. Probate court for the county of Lenawee.

At a session of the probate court for the county of Lenawee, holden at the probate office, in the city of Adrian, on the [illegible] day of May in the year one thousand, nine hundred and three.

Present, Harry L. Larwill, judge of probate. In the matter of the estate of WILLIAM DeMOTT, deceased.

On reading and filing the petition, duly verified, of Ide May Lewis, legatee named therein praying that an instrument in writing purporting to be the last will and testament of said deceased, may be duly proved and admitted to probate, and that administration of said estate may be granted to Joseph H. Smith and Fred B. Wood the executors named in said instrument or to some other suitable person.

It is ordered, that Monday, the 22nd day of June next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the TECUMSEH HERALD, a newspaper printed and circulating in said county of Lenawee, for three successive weeks previous to said day of hearing.

Mortgage Sale.

Whereas, default has been made in the conditions of a certain mortgage (whereby the power of sale therein contained has become operative) made, executed and delivered by Benjamin F. Reynolds and Clarissa C. Reynolds, his wife, to John S. Strong, dated the 6th day of May A. D. 1893, and recorded in the Office of the Register of Deeds, in and for the County of Lenawee, and State of Michigan, on 15th day of May A. D. 1893, in Liber 139 of Mortgages on page 120; and which mortgage was duly assigned by said John S. Strong to Charles E. Williamson by instrument in writing dated the 19th day of June A D 1896, and recorded in said Register's Office on the 22nd day of June A D 1896 in Liber 143 of Mortgages on page 26; and which mortgage was further duly assigned by said Charles E. Williamson to Lorenzo D. Dewey by instrument in writing dated the 1st day of April A D 1898, and recorded in said Register's office on the 1st day of April A D 1898 in Liber 143 of Mortgages on page 291; upon which mortgage indebtedness there is claimed to be due at the date hereof the sum of fifteen hundred twenty-seven and 53-100 dollars (including the amount paid for insurance of the buildings on the premises described in said mortgage, with interest thereon, under authority given by the terms of said mortgage); and no suit or proceedings at law, or in equity, having been instituted for the recovery of the debt secured by said mortgage, or any part thereof:

Notice is therefore hereby given that, for the purpose of satisfying and paying said claim, and the interest thereon, with costs of this proceeding (including a lawful attorney fee), I will, by virtue of said power of sale, on the 29th day of June A D 1903, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, in said County of Lenawee (that being the place where the Circuit Court for said County is holden), sell, at public vendue to the highest bidder, the following lands, in said mortgage described and conveyed, viz:— All that tract or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit:—Commencing in the south line of Kilbuck Street twelve rods east from the east line of Evans Street, such point of beginning also the north-west corner of the L. Drew homestead premises and now occupied by C. F. Coller as a residence premises, and being also the north-east corner of a parcel of land formerly deeded by one E. M. Lansing to Thomas Cummins, thence south on west line of said C. F. Coller land twelve (12) rods; thence west on south line of said E. M. Lansing land six (6) rods; thence north parallel with the first course twelve rods to the south line of Kilbuck Street; thence east on south line of Kilbuck Street six rods to place of beginning.

Dated: March 31st A D 1903.

LORENZO D. DEWEY,
Assignee of said mortgage.

Thomas F. Labo, a Lake Shore brakeman, was instantly killed by falling beneath the wheels of his train at the Wagon Works crossing at Toledo Friday evening about 6 o'clock. Labo was the front brakeman on the train and in attempting to jump from one car to another loaded with ties caught his foot beneath a wire and was thrown headlong to the track beneath the moving cars. One leg was crushed by the wheels and his body was caught and wrapped around the axle of the car. In this position he was dragged about 500 feet before the train could be stopped and his body removed. When his body was taken out it was found that both feet and one arm had been cut off and the body horribly crushed.—Monroe Democrat.

At a spiritual the other evening a gentleman requested the medium to ask what amusement was most popular in the spiritual world. The reply was, "Reading our own obituary notices."

IN OLDEN TIMES

Today the Herald will print the Tenth Article on

OLD TECUMSEH

And it will be read with interest.

Now that our schools are closing this interesting old item of the school children of a generation ago cannot fail to interest us. "The following students of the Tecumseh Union school have maintained a perfect standing in all their studies during the first four weeks of the spring term. First grade, Martha McKinney, Ida Stevens, Amy Smith, Newton Satterthwaite; second grade, Vernor Crane, Lucius Miller; third grade, Howard Blackman, Louis M. Waldron; fourth grade, Fannie Bell, D. Saviers, John Chambers, Ella Screeder. Those whose names follow have been perfect in deportment for the same time: Fannie Richard, Allie Richard, Julia Robertson, Virginia Webster, Charles Dell, Louis Meeker, Fred Rosecrans, LaFayette Rowland, Lester Tribou.

The examination of the various classes commences Monday, June 25th, and closes on Wednesday. On Thursday afternoon at 2:30 will be held in the school chapel the exercises of the graduating class. There are nine members of the class. The order of the exercises will be as follows:

Destruction of Pompei—S. W. Anderson
Mary Queen of Scots—E. C. Norcross.
Where is my home (original)—L. C. Miller
The teachers mission, essay—Miss Fannie Sherman.
Battle of the Pyramids—C. A. Cook
Republic (original) L. A. Saviers
Essay—Miss L. A. Crossman
A classic tale—A. D. Stacy
Our national perils—F. M. Bell

A wide range of subjects but no doubt they were treated understandly. The generation of high school students of that period knew no royal road to learning. Their mental like their financial triumphs were the result of hard work and application. They had their amusements too, for we read this paragraph June '66. "The young men of the place are making arrangements for organizing a base ball club and anyone wishing to join can learn particulars by calling on Abe Pelham, at his office or Charley at Wrights drug store. Here is a chance for all those wishing an hour of recreation and healthy exercise each day."

Following are the officers of the B. B. club: President, Abe Pelham; vice president, Henry Strickland; secretary, C. A. Wright; treasurer, C. H. McConnell; directors, H. C. Conklin, C. T. Cummins and A. S. Brewer. The first game of the season began under no very auspicious circumstances.

"Saturday was set for a match game of ball between Tecumseh and Ridgeway clubs. Our clubs and thirteen spectators started in Charley Bidwell's four horse rig, they got just this side of Daniel Waring's when one of the bolts fastening tongue to axletree came out, the horses were frightened and ran, the wagon badly broken and James Moore slightly hurt. Daniel Waring lent the boys a wagon and they pursued their journey with out farther mishap, playing the game which resulted in a score of 75 to 31 in favor of Tecumseh."

Peter Sharp of Ridgeway, advertises good tea at 50c, $1.12, $1.40, $1.50, $1.75 and $2 per lb., "all warranted except the 50c tea," but as wheat was quoted at $2.40 that day (Sept. 1866) and a little later at $2.75 perhaps 50c tea after all might have been very cheap stuff that would not bear warranting.

The hunters of Tecumseh and adjoining towns are invited to meet at the National hotel next Saturday to make arrangements for a grand hunt. The plan is this, Gen. Brown and Mr. A. Hayden propose to select twenty men each, organise two parties and go out for a hunt, the party securing least game shall order and pay for supper for the whole lot.

That was evidently before the time of the "no shooting allowed" signs on every farmers fence.

In the common council proceedings we notice that "the old court house square is to be known hereafter as Union square and the proprosed fence around it will be commenced as soon as the necessary lumber can be obtained." At the time the HERALD was first issued Oct. 31, 1850, the high school was domiliciled in the old court house. All the brick buildings on the north side Chicago street have been built since then and most of the brick stores on the south side.

The old Union Hall block and Patterson block being the only brick stores in the village at that time. We were then without a bank, a railroad depot or a telegraph line. The Jackson branch road had its terminus at Tecumseh and the trains stopped on Railroad St. near where Slayton's ware house now is.

The HERALD has seen the town increase from one thousand people to its present population. It was the only newspaper of the place until it cheerfully welcomes a rival in the following cordial greeting. "Tecumseh is to be honored with another newspaper. P. W. Adams has made all the preliminary arrangements and is in Chicago to procure the material for starting a new paper to be called the Raisin Valley Record. We welcome Mr. Adams into the field of journalism and wish him success in his enterprise."

The generous HERALD editor after thus doing the courteous thing by his future competitor reverts to a contemplation of his own fortunes in verse.

"Tell me ye angelic host
Ye messengers of love,
Shall swindled printers here below
Have no redress above?
The shining angel band replied,
To us is knowledge given,
Delinquents on the printers books
Can never enter heaven."

Far From the Crowded City

Is the Title of a Handsome Little Book about the Loveliest Spot on all Lake Michigan

Fair Frankfort on the Lake

Where balmy breezes always blow, every one hearing the murmur of rippling waves and the invigoration that comes with pure air and a temperature like a perfect day in June; where the tired and work-sick find rest without ennui, seclusion without isolation, entertainment without effort, companionship with companionable people; strength-restoring sleep at night and a lively appreciation of life by day; where the sportsman finds richest reward and the athlete has a world to himself; where the glint of broad Lake Michigan is grandly foiled by shady hills, the former enlivened by innumerable pleasure craft and majestic steamers, the other the haunt of feathered songsters, devotee of the hammock, book-lovers, painters and those who find their greatest pleasure in closest communion with nature and the Creator's most perfect work —Such is the environment of the "Royal Frontenac Hotel," Frankfort, Michigan. Wouldn't you like to go there?

Cards are out announcing the marriage of Miss Florence Cook, daughter of Mrs. John Cook of this place, to John H. Snedeker, which will occur June 24, at 8 o'clock at 67 Division street, Adrian. Miss Cook has been employed at the Page Fence office for some time.

Tuesday evening as Mrs. Hugh Hendershot, who had brought her son Loyd to Tecumseh, was returning home, the horse which she was driving, faltered and fell to the ground dead, near Philip Kehoe's residence east of town. Examination revealed the fact that the sac which encloses the heart was filled with blood, due to the bursting of a blood vessel. This is quite a loss to Mr. Hendershot as he valued the horse highly.

Dr. L. G. North has lately been appointed trustee of the Baptist College at Kalamazoo to fill the vacancy caused by the death of the Rev. Dr. Whelon of Jackson. The position is a compliment to the Doctor and will take him to Kalamazoo about four times a year.

Jas. S. Gillman, one of the oldest residents of Tecumseh, died Thursday at three o'clock at his home on Maiden Lane, at the age of 96 years. He is survived by a wife and two daughters, Mrs. John Hunt, of Clinton, and Mrs. Dunbar, of Deerfield. The funeral will be held tomorrow (Saturday) at two o'clock. Rev. C. C. Kemp will officiate.

Mrs. M. Beckley received a letter a few days ago from Frank Stager, who is now at Macon, Georgia, stating that his uncle, Frank Bumann, died June 1st of heart failure at his home in St. Antonia, Florida. This is sad news to his many Tecumseh friends. Mr. Bumann was formerly a prominent man of this place having conducted a large poultry business which he sold to C. E. Williamson March 7, 1885. Shortly after that he left for Florida, accompanied by his wife, where they purchased an orange grove. Mr. Bumann was an honest and upright man and was loved by all who knew him. He leaves a large circle of friends to mourn his loss.

Adrian, Mich., June 17—Henry Schmidt, George F. Ballenberger and George Betz, meat merchants of this city, are in receipt of letters from Prosecuting Attorney Joslin informing them that if they fail to keep their stores closed on Sunday they will be prosecuted. The complaints are made by a committee from the clerk's union. The meat merchants say they are willing to comply with the law but their trade demanded that they keep open a short time Sunday morning. They would like to know why the cigar stores and news stands are not closed up.—Free Press.

Adrian is always having trouble about the time to open and close their places of business. First the barbers then the saloon keepers now the meat markets. Why don't they all obey the law then there will be no trouble and if there is no law in Adrian, make one.

Wednesday, June 24, Last Date.

Prof. Wallace has been coming to Tecumseh every Wednesday for many months. The Professor has enjoyed a splendid business, curing many patients and doing much good to many, but now he has a wealthy patient in Dundee who will secure all his spare time and for some months will discontinue his visits to Tecumseh. Prof. Wallace feels grateful for his splendid business here and desires the HERALD to thank his patrons for their kindness and business.

Mrs. Henry Wagner.

Mary S. Selling was born in Utica, Ohio, on March 23, 1850. In 1856 her parents removed to Napoleon and made that their home. Here she grew up to womanhood. She was married to Mr. Henry Wagner, March 5, 1872. To them were born five children, Wm. H., Carrie L., Phebe, Mary H., Ada, all of whom survive their mother to mourn her loss. The family came to Tecumseh in April 1893, where they have since resided.

Mrs. Wagner had very recently been severely ill, but had recovered sufficiently to attend the commencement exercises at the opera house. Soon after hearing her daughter speak, she was compelled to withdraw and soon sank into unconsciousness from which she never awakened. Death came quietly early Sunday morning.

Mrs. Wagner, in early life, united with the Lutheran church.

The sympathy of the whole community is with the stricken family in this sore visitation. The funeral was held Wednesday afternoon at her late home, Rev. W. F. Jones officiated. Interment in Brookside cemetery.

Among those from out of town who attended the funeral were her two daughters and son, Misses Carrie and Mary Wagner of Detroit; Will Wagner, of Indianapolis; Mr. and Mrs. Hury Meyer, Mr. and Mrs. Hury Morden, Mr. and Mrs. Hury Schultz, Mr. and Mrs. Wm. Stockman, Mrs. Ed Piso and Miss Clara Norden, of Napoleon, O.

THE CHURCHES.

BAD ACCIDENT

Occurred upon the farm owned by A. W. Mills, northeast of town

ROGER DUNSEATH

Sustained Serious Injuries while working upon a barn last Wednesday.

Abovt 9:30 Wednesday morning, while carpenters were erecting the gables upon the roof of a barn upon the farm of A. W. Mills northeast of town, a serious accident occurred. It seems all the gables were in place but two pair, and these were being erected. A strong wind was at that time blowing and it is thought this was the cause of the catastrophe.

The barn is a very commodious one, the main part running east and west covers a space of ground 16¼ by 84 feet, the south "T" covers a space 24x40 feet, this is to be occupied by horses. The north "T" or cattle shed covers a space about 72x28 feet; the distance from ground to point of gables is 37 feet, the post measuring 18 feet. The barn stands in the same spot as the one built by Isaac Adams 55 years ago and the whole is built upon a stone foundation.

Work had progressed nicely upon the building and the carpenters were scattered about the structure, when with a crash the rafters, which were just being placed in position, collapsed.

Roger Dunseath, who was working directly below upon a rude platform, saw the falling timbers, stepped backward and fell to the ground, which was a distance of 20 feet. Dr Maddox was at once called and Mr. Dunseath was conveyed to the home of Thos. Elliott, in Belding & Co's ambulance. It was then ascertained that his injuries consisted in a broken collar bone and severe internal injuries which paralyzed his legs.

Other men were but slightly bruised and were able to resume work yesterday.

Ed Reese charged with Larceny in Adrian.

Sheriff Shepherd went to Toledo Saturday, and returned Sunday morning with Ed Reese, alias "Budd" Reese, who is suspected of larceny in this city last month. Deputy Holt, of Blissfield, returned with Sheriff Shepherd and the prisoner.

The offense with which Reese is charged was committed the fourteenth of last month in Mulligan's saloon. It is stated that Herman Hand, who had been working for Mark Mills in Macon township, came to Adrian at the time stated, to secure work at the Page factory. He drifted into Mulligan's saloon with his bundle of clothes and belongings and it is alleged Reese stole them from that place.

Among the article mentioned in the complaint are the following: One telescope, suit of clothes, vest, pair of pants, three undershirts, two pair of drawers, half dozen handerchiefs, jackknife, pair of rubbers, five collars, three neckties and two insurance policies. The complaint does not say how Reese got his booty out of town, but a dray was probably called into service.

Reese is a strapping big fellow, standing over six feet, and the officers say is a hobo by profession. He was found early Sunday morning at the home of his brother in Toledo.—Adrian Telegram.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

INSANE WOMAN

Mrs. Joanna Blaske, of Springville

COMMITTS AWFUL DEED

CUTS THROAT OF HER SEVEN YEAR OLD SON THEN DREW THE BLADE ACROSS HER OWN THROAT.

Mrs. John Blaska, wife of a German citizen of Springville, startled the village early Tuesday morning by cutting the throat of her seven year old son and then drew the blade across her own throat. Mrs. Blaska got up at an early hour, started the fire and had made preparations to get the morning meal.

She was in her bedroom when her youngest son got up and went to his mother's room. She had a large butcher knife with her and she grabbed the boy and drew it across his throat and then drew it across her own throat. She then went out into the road and met several persons making an attempt to kill everyone.

Her husband, who was out mowing grass, was not aware of what was going on until he saw his son standing in the door with blood running from his throat. Deputy Sheriff Geo. Hines was called and Mrs. Blaska was captured and relieved of her weapon. Dr. Vaughn sewed up the wounds and both mother and child are doing well. An application has been made in probate court to have the woman sent to the Kalamazoo asylum and she is still held at her home in Springville awaiting action.

Marvelous Escape from Death!

PAINE'S CELERY COMPOUND

Does a Wondrous Work for a Lady Who Was Almost Crazed with Pain and Suffering.

It is well known that terrible rheumatism, sciatica, and neuralgia cause more helplessness, acute suffering, and agony, than any of the other diseases that afflict humanity. The great medicinal virtues of Paine's Celery Compound make it the only trustworthy specific for the cure of all forms of rheumatism and neuralgia. Thousands of strong testimonial letters from the most prominent people of the land, prove that Paine's Celery Compound has banished these terribly fatal troubles when all other treatment has failed. Mrs. Margaret Bethel, of Brainerd, Minn., after thirty years of agonizing tortures had a desire to end her life, if it was the will of Heaven; she almost prayed for the time to lay it down. Heaven-directed, she made use of Paine's Celery Compound, and is enjoying true life once more. She says:—

"For thirty years I have been a great sufferer from neuralgia in the head, and also with rheumatism in the whole body. I began taking Paine's Celery Compound and soon found I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was bedfast every two weeks with horrible pain in the head, back, and neck, until I was almost crazed. I am able to do harder work, and more of it today than for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. I am satisfied that my life has been prolonged many years by its use."

A HELPING HAND

Is Gladly Extended by a Tecumseh Citizen.

There are many enthusiastic citizens in Tecumseh prepared to tell their experience of the public good. Testimony from such a source is the best of evidence, and wil prove a "helping hand" to scores of readers. Read the following statement:

Mrs. J. H. Welch, who resides in the south western section of Tecumseh, says: "I wish to express my gratitude for the benefit derived from the use of Doan's Kidney Pills. My back troubled me for a long time with a constant dull aching pain across my loins and when stooping or exerting myself it became very sharp. If I took cold it always settled in my kidneys and in the morning I was so lame and stiff that I could hardly attend to my work. I used several simple household remedies but they did not bring relief. Seeing Doan's Kidney Pills recommended and spoken of so highly I concluded to test their merits and got a box at C. A. Wright's drug store. They took right hold of the cause and in a short time the pain in my back was a thing of the past. I can now straighten after bending or stooping without any inconvenience. Doan's Kidney Pills are certainly a wonderful remedy."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

The hardest of all things is to get a man to stop and look himself squarely in the face.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Eclectric Oil.

NERVOUS DYSPEPSIA ITS CAUSE AND CURE

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. R. VanDuzer, of Tecumseh, Mich., says: "My trouble was with my stomach, the food did not digest properly and as a result I suffered from severe headaches. I got a box of Dr. A. W. Chase's Nerve Pills at Wright's drug store and as a result of their use, my stomach is again strong, the digestion is perfect and my headaches cured. I think the medicine for nervous troubles cannot be approached." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

Yes, our darling has gone before us
To his beautiful home on high,
He beckons us to meet him
In that sweet bye and bye.
So dry your tears fond parents,
For Orrin is at rest,
Safe in the arms of Jesus,
Clasped to his loving breast.
His short life here is ended,
His earthly trials are o'er,
His is numbered with the angels
On yonder shining shore.
Only his form is lying
Beneath the earthly sod,
His soul, the part most precious,
Is now in Heaven, with God.
A little mound well marks the place,
In yonder grave yard fair,
And when we've run our mortal race,
We, too, will slumber there.

His last Hope realized.
(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Birdie Committed Suicide.

Jackson, Mich., June 18.—Birdie Gillespie purposely swallowed an ounce of carbolic acid last night. It seems she had been quarreling with her lover, an express driver named Frank Douney, after drinking too much in company with her mother, who lives in the city. Douney agreed to her proposal to go home to her mother's, when the girl suddenly swallowed the acid. She died about three hours later. She was 25 years old.

Couldn't Stand the Jilt.

Baldwin, Mich., June 18.—Harry Dowd, a young man from Grand Rapids, attempted suicide by shooting himself. Dowd came here on the 10:45 train looking for his mother and wife, and found them at a roadhouse south of the village. He wanted them to go home with him, but they refused. He then bade them goodby, went out on the highway, about thirty rods from the house, and shot himself.

Sensation Exploded.

Belding, Mich., June 18.—The sensation caused by the claim that Will Foreman had been killed and his body placed on the railroad track because of his relations with a married woman, was exploded by the coroner's jury rendering a verdict that he came to his death while lying on the track in a state of intoxication.

Bliss Vetoed Monroe Bill.

Lansing, Mich., June 18.—Governor Bliss has vetoed the Monroe liquor bill for this reason: "This measure is in the main drafted along lines so closely to those of the Fuller amendments to the liquor license law provided in senate enrolled act No. 87, series of 1903, that I cannot see any reason for placing it among the session laws."

Pierce at His Old Job.

Lansing, Mich., June 18.—The resignation of George Lord, who succeeded C. S. Pierce as deputy secretary of state when the latter became secretary of the house, room has been made for Pierce at his old job.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $150 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—[illegible]

CLEVELAND DENIES

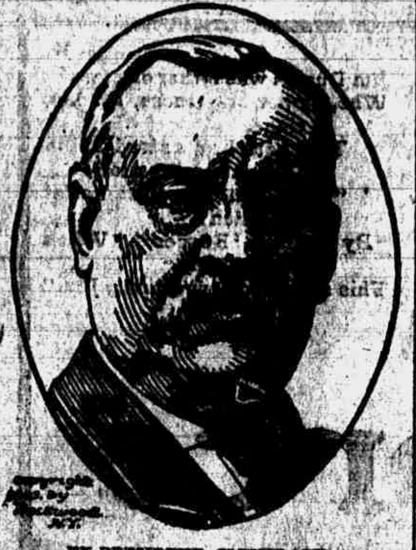
An Alleged Interview Renouncing His Candidacy.

"IS GROSSLY INACCURATE"

In Some Respects, Says the Ex-President—Never Dreamed Interviewer Would Publish What Occurred Between Them.

Princeton, June 20.—Grover Cleveland, on being shown the alleged interview reported by Mr. Bailey of the Galveston News, made the following statement to the Associated Press correspondent:

"I don't know whether Mr. Bailey intended it or not, but he has given a very erroneous impression of what occurerd between us. If I had dreamed that he would attempt to construct an important interview, dealing with important subjects, out of what was said on the occasion of his visit, I would certainly have insisted, according to my habit, upon its being then and there reduced to writing and submitted to me. Instead of gaining the least intimation of such an intention on his part, his first words were that he knew an ex-president was not a person to be interviewed, and he left me without the least point that I had been interviewed for publication.



EX-PRESIDENT CLEVELAND.

"All I care to add is, that the substance of the interview as published is in some respects grossly inaccurate. There are statements in it attributed to me that I certainly would not have made to a [illegible] no more in my [illegible] Mr. Bailey."

Washington, June 20.—Mr. G. M. Bailey, Washington correspondent of the Galveston-Dallas News, said with reference to Mr. Cleveland's statement: "It is beyond my conjecture what it could be thought I was in Princeton for except to get a story for my paper. I would gladly have submitted my copy to Mr. Cleveland if he had requested it, and if there is any inaccuracy in any part of my story I regret it, but as no specification is made as to accurate statements, I cannot know to what part the criticism is offered. Certainly there was no purpose to do Mr. Cleveland any injury, and the story published shows its tone was kindly throughout."

The interview, referred to by Mr. Cleveland was in part as follows:

"It is perfectly absurd to suppose for an instant that I have any desire to re-enter public life. Nor have I remotely entertained the thought since I left Washington, over six years ago. I have no higher aspiration than to pass my days in peace with my family around me.

"I have never spoken to anybody on the subject of a fourth candidacy. I have never written to a single political friend one way or the other, nor have I been written to or spoken to by them.

"There is not a political leader of any prominence endeavoring to advance any movement to nominate me in any state, so far as I have been advised."

Drowned in Komo Lake.

Greenville, Mich., June 20.—A young man named Louis Roel was drowned while fishing on Komo lake, one mile from this city. Hugh Finch, a small boy, was in the boat with Roel at the time he fell out, and he screamed for help. A fisherman heard the splash and screams and started, but could not reach the spot in time. It is supposed Roel had a fit.

Relics of Aborigines.

Maple Rapids, Mich., June 20.—The skulls of two Indians have been found in the gravel pit west of this village, and with them beads and buckles resembling aluminum in weight, but of a bluish hue. It is thought they must have been buried about the time when the first traders were here, more than ninety years ago.

Their Wages Increased.

Kalamazoo, Mich., June 20.—Commencing July 1 a new wage scale will be in force on the Michigan Traction company's lines, by which motormen an dconductors will receive an increase in pay averaging 25 cents per man per day. This action is taken voluntarily by the company.

Met Terrible Death.

Owosso, Mich., June 20.—John Norton, a section hand, aged 25, was instantly killed on the Ann Arbor railroad. He was on the side of the track when an extra westbound freight came along and dashed into the rear of a gravel train. The way car was overturned, falling upon Norton.

FIGHTING THE MORO

Captain Pershing Writes Home a Graphic Story

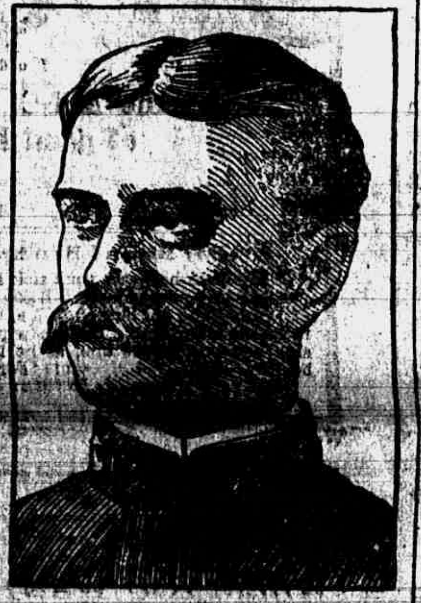
OF THE LAKE LANAO BATTLE

Bloody Hand-to-Hand Fight on Parapet of a Fort—Enemy Suffered Great Loss of Life—Gives Credit to Generals Davis and Sumner.

Washington, June 22.—Captain John J. Pershing, who was in command of the troops at the fight at Lake Lanao, in the Philippines, has written a letter to a personal friend in the war department describing the battle. It has been shown to Secretary Root who authorized its publication. Captain Pershing says in part:

"In reality it was the best fight of the Moro campaigns, not so many Moros killed, but fought according to some sort of a system.

"First, we got behind them, much to their surprise, and could post our guns above and drop projectiles down into their fort. The fight began in a flood of a rainstorm. They had such confidence in this fort that they took many women and children inside, and these escaped during the night. The next day and night we held them fast, however, and tried to get them to surrender; had two talks under flag of truce; no, they would fight it out. So thre was then only to finish it. The main obstacle was a deep ditch, thirty-five or forty feet deep, to be crossed. It was to be bridged with fallen trees. Everything in readiness, the assault began. In the face of a heavy Reming fire from the fort the lines advanced against two faces of the fort, putting out of business every Moro that appeared. The bridge was completed by two companies detailed for that purpose, the trees having been previously cut and hauled as near as could safely be done. Thirty minutes elapsed when the assaulting infantry swung across and formed line on the berme and clambered up nearly in line to the top of the parapet.



CAPTAIN PERSHING,
Successful Leader of American Soldiers Against the Moros.

"Here they were met with Kampilan and Kris and a bloody hand-to-hand fight occurred—one soldier against two Moros here, another running his bayonet into a fanatic there, Moros plunging headlong into the deep ditch in their impetuosity and impetus. It was as a whole a scene never to forget. Too much cannot be said of the valor, the bravery, the courage and cool nerve of the American soldier. The majority of those left inside never reached the top of the parapet. It was a relief to me that none of our men were killed. Two will lose an arm each, the rest will recover with honorable scars, but not maimed. It was the proudest day of my life. Some officers in the assaulting line counted sixty dead on one floor, and Moros say there were more than a hundred killed inside, while the list outside has been growing ever since the battle, so that 150 all told is a conservative estimate.

A Severe Lesson.

"I have labored with these Bacolod Moros for a year, through other Moros, some of them near relatives, trying to convince them of their foolishness in thinking of fighting us. The lesson, of course, has been a severe one for them. The rest of them that are left have sent word that they want to be friends, and I think the Moros all see that our purpose is to be humane as far as they will permit us. To my mind, this practically settles the Lake Lanao troubles. We of course must explore the eastern portion of the lake for a distance that remains yet unexplored of about ten miles. I anticipate little trouble there, but there may be one or two hard-headed old dattos who will put up their red flags. The matter may now be said to be settled.

"Without the support and backing of General Davis and General Sumner I could not have done this. To them, of course, as commanders, belongs the credit. I hope it will not fail of appreciation and that they will be rewarded accordingly."

Tragedy in Church.

Lancaster, Ky., June 22.—In Hormons Lick church Sunday afternoon James Rogers killed Bud Ledford. They were brothers-in-law. Rogers claimed that he shot in self-defense.

Young Scapegrace in Trouble.

Alden, Mich., June 20.—Claude Park is under arrest, charged with assaulting an Indian girl. He has just finished a sentence for a similar offense.

Strike at Last Settled.

Chicago, June 20.—The strike of the waiters and cooks is a thing of the past and a majority of the men returned to work today. The settlement of the trouble was reached last night after a meeting which had lasted for the greater part of the day. It was agreed that 75 per cent of the strikers shall resume their old places today and the remainder are to have their positions within ten days.

STRUCK HIM DOWN

Munich Hotelkeeper Kills Would-Be Assailant

WITH AN IRON STAKE

Man Had Gone Mad From Excessive Drinking—Guests Fled From Hotel in Dead of Night—Forced to Commit Murder.

Jackson, Mich., June 22.—William McCrow, bartender for August Braun, proprietor of a hotel at Munith, fourteen miles northeast of Jackson, was struck on the head with an iron stake by Braun, who was defending his wife and baby, at 2 o'clock Sunday morning. McCrow never regained consciousness. People who know most about the case excuse Braun, as McCrow had said he was about to shoot them all.

August Braun, a 30-year-old German, is a popular village hotelkeeper. William McCrow, also about 30 years of age, was well thought of, his fault being protracted sprees. On one of his occasional benders Braun hired another man.

Last Thursday McCrow returned to Munith, being on the verge of delirium tremens. McCrow upbraided Braun somewhat for hiring a man in his place, but Braun explained the matter to him. McCrow retired Saturday evening in his old room in the hotel. Near his room were rooms occupied by men who were digging a well for Braun. It was a matter of general knowledge about the hotel that McCrow had firearms in his room, and the safety of his having them there in his condition was discussed.

Fled For Safety.

In the middle of the night the welldiggers were aroused by noise of breaking furniture, shattered glass and a general rough house. They went to the room of Braun and his wife and told them what was happening, after which they left the hotel for places they considered safer.

Braun lost no time in getting his wife and baby out of the hotel by the rear entrance. On his way he picked up an iron stake used by the welldiggers. The family went to Constable George Freymuth's home, where Braun rapped on the window to arouse Freymuth.

Before he had accomplished this Mrs. Braun, who was carrying the baby, cried out in fright, "Here he is now."

Turning, Braun saw McCrow and quickly stepped in between his wife and baby and McCrow. McCrow had both hands concealed behind him.

"What are you doing here?" Braun said to him.

"I am going to shoot you both," it is claimed McCrow replied.

Quick as a flash Braun swung the iron stake. It struck McCrow on the head with full force, and he dropped. McCrow was taken back to the hotel, but he did not regain consciousness, and died not long after.

Braun has offered to give himself up to the sheriff, but is still with his family. An inquest will be held Wednesday.

BUSINESS WAS BRISK.

Many Corporations Filed Articles During the Past Week.

Lansing, Mich., June 22.—The following corporations filed articles of association with the secretary of state during the past week: A. P. Southworth Construction Co., Adrian, $10,000; Onaway Limestone Co., Onaway, $100,000; Garden City Fan Co., Niles and Chicago, $30,000; Gehlert Coffees Co., Detroit, $50,000; Peterbaugh Weaver Co., Benton Harbor, $10,000; Ford Motor Co., Detroit, $150,000; Ramsey & Alton Manufacturing Co., Portland, $43,800; Escanaba Hardware Co., Escanaba, $50,000; Northern Construction Co., Milwaukee and Munising, $10,000; Riverside Foundry Co., Kalamazoo, $10,000; National Printing and Engraving Co., Niles and Chicago, $300,000; Loeb All-Wool Clothing Co., Jackson, $10,000; Karmsen Drug Co., Bangor, $5,000; Minnesota-Michigan Co., Port Huron, $10,000; Duncan Run Coal Mining Co., Detroit, $60,000; Michigan Smelting Co., Houghton, $500,000; Fraternal Building association, Saranac, $1,200; Chicago, Michigan & Indiana Electric railway, Benton Harbor, $3,000,000; Citizens' Telephone Co., Schoolcraft, $5,000; United States Guarantee Co., Detroit, $250,000; International Construction Co., Detroit, $100,000; Isabella County State bank, Mt. Pleasant, $20,000.

MENTALLY WRONG.

Ann Arbor Student Acted Queerly in Washington.

Washington, June 22.—John H. Henselman, Jr., a student at Ann Arbor university, who apparently is suffering from overstudy, is detained here by the police pending the arrival of his father from Covington, Ind.

The young man arrived in the city Sunday and attracted attention at his hotel by distributing tips of five-dollar bills to the waiters. It is understood he wrote a letter addressed to President Roosevelt, threatening that unless the latter's influence were used to further certain alleged invitations and land deals of magnitude two or more men would die.

Officials Trucked Freight.

Kansas City, June 20.—Several high salaried railroad officials donned overalls and began trucking freight in place of the striking freight handlers Friday. Indications are that within a few days all roads will be taking care of freight as usual.

COVET THE BEST GIFTS.

President Jones Delivers the Baccalaureate to Normal Seniors.

Ypsilanti, Mich., June 22.—The baccalaureate address to the Normal college seniors, given last night by President L. H. Jones, was intensely practical and uplifting, educationally and spiritually. It is the first time in years that the baccalaureate has been given by the president of the college.

Mr. Jones spoke from the text I. Cor., xii 31, "Covet earnestly the best gifts," supplemented by Whittier's poem, "The Riches of the Commonwealth." The idea of the text applies to the work of preparation for teaching because teaching so relates itself to the eternal welfare of the pupil that it bears equal responsibility with the pulpit, demanding equally consecration of the whole being.

"Teaching cannot be well done by a part of our personality. The teacher who puts nothing of his character into his teaching cannot become a transforming force in the lives of his pupils. Good teaching is a very personal act. The kingdom of heaven must be in our hearts before, by divine contagion, we can develop it in another. Teaching involves all man's knowledge, sympathy, power of initiative and independence of character. Technical training is not enough, self-urging, self-direction, that enables one to stand on his own feet. The mind should not be satisfied with that self-complacency produced by a noble resolve, but should become dynamic to transform resolve into action. As you leave the strong, impelling forces of the school you must become an individual center of inspiration, a self-active power, able to originate and realize plans."

DROWNED WHILE DRUNK.

Disgraceful Debauch in Albion Ends Fatally.

Albion, Mich., June 22.—F. Rowe of West Point, N. Y., employed with the electric road gang and boarding at Parma, was drowned in the mill race in this city early last evening. He was sitting on the race bank with two companions, and all three were more or less intoxicated.

Two small boys were the only witnesses of the affair, and they say the unfortunate man crawled nearly out of the water once, but was apparently so drunk that he could not recover himself.

One of his companions ran away and the other was too drunk to move. The latter was locked up, as it is though there is a possibility the drowned man was pushed into the water as the result of a drunken row.

This disgraceful debauch and its sad ending took place within a short distance from two churches.

A careful investigation will be made. Rowe's parents in New York were notified.

Gould's Cousin Kills Himself. Robbed and Then Murdered.

Detroit, Mich., June 22.—A man thought to be E. J. Redican, from papers found in his pocket, was picked up early Sunday morning by the police on Gratiot avenue, between Brush and Beaubien streets, in a dying condition. He had been struck over the head with some blunt instrument, and the theory is that he was held up and robbed and when he protested was struck with a club or billy. The district where he was found is one of the toughest in the city.

Put Fire Out With Milk.

Mendon, Mich., June 22.—Fred Crumbacker, a farmer living two miles west of this place, owes his life to the presence of mind of his wife, who threw a can of milk over him, putting out the fire which was burning his clothing. Crumbacker was carrying a lighted lamp, when it exploded, completely covering him with the blazing fluid. Mrs. Crumbacker seized the milk can and threw its contents over her husband, extinguishing the blaze.

Killed by a Street Car.

Detroit, Mich., June 22.—About 4 o'clock Saturday afternoon Joseph Basman, aged 32, of 641 Riopelle street, was struck by a Sherman street car and the truck upon which he was riding was thrown upon him. He was taken to St. Mary's hospital, where he died an hour after the accident.

Old Man Crowded Out.

Lansing, Mich., June 20.—In a bill filed in the circuit court Friday, John C. Sherman, an aged resident of Onondaga, asks the court to set aside a conveyance of real estate made by him to his son, John C. Sherman, Jr., in 1896. At that date the elder Sherman was very sick, and he claims that at his son's solicitation he deeded the latter his property, on condition that in case he survived his illness he would have proper care and maintenance for the balance of his days. He alleges that for the past four years he has been inhumanely treated, being required to live alone in a shanty and not given sufficient funds to enable him to make himself presentable. Judge Wiest issued an injunction restraining the son from disposing of the property in question.

Cut Her Own Throat.

St. Johns, Mich., June 20.—Alice Knapp, an elderly woman living in Riley township, while alone in the house, made several gashes in her throat with a carving knife. The sight of the blood seemed to cause her to change her mind, and she began to bind burdock leaves on her neck. This act was the culmination of a number of other strange occurrences which only prove that she has been insane for some time. She will be removed to Kalamazoo.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years she writes, I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by C. A. Wright Druggist.

Australia's Stony Desert.

The great stony desert of north Australia was discovered by Captain Sturt, an Australian explorer, in 1845-46. It is north of the river Darling and is about 300 miles long and 100 broad, consisting of sandy dunes or ridges. Its want of trees, except along the creeks, gives the country a sterile appearance. These ridges were probably formed by the joint effect of winds and a gradually retiring sea.

According to Captain Sturt, these waters were gradually lost by evaporation or carried to some undiscovered sea. The only vegetation, growing scantily, are prickly acacias in full bloom, all of stunted growth. Water is scarce except in the creeks which are sheltered, and this is generally brackish. Few travelers care to traverse this inhospitable desert.

Sucking Poisonous Wounds.

Among all people the sucking of the wound has ever been considered the most effective remedy of immediate application for snake bites. In Africa a cupping instrument is employed in emergencies of the kind to draw out the poisoned blood. The ancients followed the same methods, and when Cato made his famous expedition through the serpent infested African deserts he employed many savage snake charmers, called "psylli," to follow the army. They performed many mysterious rites over men who were bitten, but the efficacy of their treatment appears to have consisted in sucking the wounds.

A Musical Beat.

The Courrier de Paris relates that a party of men, sitting in front of a boulevard cafe, were recently approached by a man who had a clarinet in his hand and who said: "Gentlemen, excuse me. I have to make my living, but I suppose you would rather give me a sou not to hear me." They took the hint. He repeated this performance several times till one day one of the men said he felt like hearing a tune and asked him to play. "I am sorry," said the man with the clarinet, "but I cannot play a note."

Not Work to Preach.

A minister who used to preach in Somerville had a little boy. A few days before his father left the city to go to his new parish one of his neighbors said to the little boy, "So your father is going to work in New Bedford, is he?"

The little boy looked up, wondering. "Oh, no," he said, "only preach."—Trained Motherhood.

The Dead Sea.

The daily average of 6,500,000 tons of water is received into the Dead sea from the Jordan. There is no outlet, and the level is kept down by evaporation only, which is very rapid because of the intense heat, the dry atmosphere and the dry winds which are constantly blowing down from the gorges between the mountains.

Good Reason.

"I wonder," began the man with the investigating mania, "what makes babies cry?"

"Probably," butted in the practical fellow, "contemplation of some of the things they're in danger of being like when they grow up."—Baltimore News.

ROUND ABOUT US.

The Haymakers' society of Van Wert, O., has contracted with the Cincinnati Northern for an excursion train of fourteen coaches to take the members of that organization and their families to Lake View resort at Devil's Lake for an outing on Tuesday, June 16th. Hampton & Kimball say they are making preparations to take care of at least 1,000 people on that date, the majority of whom will be the Ohio delegation.—Ex.

A Grand Ledge merchant, who was formerly an enthusiastic fisherman, relates that one day eight years ago he caught a small black bass. The fish was too small to carry home and the fisherman punched a hole through his tail, and, fastening therein a loop of fine copper wire, put the fish back into the watery element. That was the last he thought of the matter until one day last week his 12 year-old son brought home a fine large bass which weighed six pounds, with a loop of copper wire attached to his tail.—Grand Ledge Independent.

Floating somewhere in the earth's atmosphere, whithersoever it may, is a balloon that is worth any man's while to capture. The balloon itself is of silk structure, 20 feet in diameter, 30 feet long, made of heavy yellow silk and covered with a rope netting. This airship is worth $500 on the market, and it belongs without any reservation to the person who captures it. And this is not all, for securely fastened to the bottom of the balloon is a silk bag, oiled so as to keep out the moisture, is a document which gives to the captor of the air ship a ticket to the Louisiana Purchase Exposition, good for the entire season.—Onsted News.

Queer incidents occur in justices offices. "Squire, have you got generosity enough in your heart for a poor couple to marry them for a dollar?" This was the question asked of a justice of the peace by the spokesman for a couple who were very anxious to get married. The squire did not think he could, but on being told that a dollar was all the fellow had, and it was a dollar or nothing, he said he would perform the ceremony. So the spokesman went to the county clerk's office. Several persons noticed the trio, and out of curiosity followed them. As they gathered in the office, which was rather small, it seemed to cause the bride some anxiety. Finally she turned to those present and said: "Please don't crowd up there in that way. I'm afeard you will get this boy excited and make him run off. He wants to get married as much as I do, but he's bashful and easily scart." In fact, the fellow's countenance did not look exactly like the moonbeams of a June evening. The crowd kept quiet and the boy did not break down as the squire made them, legally one in flesh.—Ex.

The modern girl's education is incomplete unless she has learned:

To sew.
To cook.
To mend.
To be gentle.
To dress neatly.
To keep a secret.
To avoid idleness.
To be self-reliant.
To darn stockings.
To respect old age.
To make good bread.
To keep a house tidy.
To make home happy.
To control her temper.
To be above gossiping.
To take care of the sick.
To take care of the baby.
To sweep down cobwebs.
To read the very best of books.
To keep clear of trashy literature.
To take plenty of active exercise.
To be light-hearted and fleet-footed.

When she has learned all this if she does not grow wings and fly away to a better land, she will make some lucky man a most excellent wife.—Ex.

A young lady from near Ellington, of decidedly rural tendencies, was in one of our dry goods stores recently, when one of the clerks slid up to her and said, "Is anybody waiting on you?" The country girl blushed a deep red and answered, "Yes, sir; that's him outside; he wouldn't come in."—Tuscola Advertiser.—Onsted News.

Whenever the Adrian Telegram is quiet for a few weeks we begin to suspect that something is going to happen, and now after a few weeks of experiment with a four-page daily the Telegram comes out with a seven column-six page form. There was a rumor Monday that a grip had been stolen from the Michigan Central passenger station, but it was not true. A farmer mistook the grip for that of his daughter who had arrived in the city with considerable baggage, and in about two hours the man came back hurriedly, out of breath nearly and very much excited for fear that he might come to sore straits.—Jackson Patriot.

They will reside in his father's house, corner Church and Tecumseh streets, now occupied by Ed VanDeMark and family.—Clinton Local.

One of the best racing matinees ever held in Morenci took place at the driving park there last Saturday afternoon in the presence of the largest crowd that has ever attended an event of this character in that village. Rain interfered somewhat with the races, but there was plenty of amusement for the people and everybody was satisfied. Jesse Mace and Hattie N., owned by Kefuss Brothers of this city, took part in two of the events, and won their heats in very creditable time in a field of good horses.—Hudson Gazette.

CHILDREN'S DAY

Exercises of the

METHODIST AND UNIVERSALIST SUNDAY-SCHOOLS

Were Given Sunday. Excellent Programs were Rendered.

UNIVERSALIST CHURCH.

The pulpit was supplied in the morning by the former pastor, Rev. S. Louisa Haight, who gave an excellent sermon upon "Religion," to a goodly number of friends and parishioners.

The evening exercises consisted of a Flower Service, Miss Bessie Bates presiding at the piano and being assisted with a selected choir of young ladies. The music was interspersed with recitations, a chorus of boys and girls, members of the Sunday-school, and a selected recitation by Adelaide Putnam.

A finely rendered bass solo by John Mead and a piano solo by Miss Grace Whiting, of Hanover, added much to the evening's entertainment.

These exercises were beautifully and fittingly closed by the christening of three little girls, daughters of Mr. and Mrs. Harley Bird, and the uniting with the church of two young ladies, Misses Grace Whiting and Nina Austin.

All was listened to by a large and appreciative audience. The church was a perfect bower of ferns, flowers and bunting, donated and arranged by loving hands.

METHODIST SUNDAY-SCHOOL.

Chorus, "Rejoice, the Lord is King"—Choir and congregation.
Prayer—Clare Brasee.
Anthem, "Hark! Hark! My Soul."
Exercises by Primary Department:
Song, "Sweet Story of Old."
Twenty-third Psalm.
Lord's Prayer.
The Apostles' Creed, the Ten Commandment and song—By graduates.
Presentation of diplomas—Supt. W. H. Maddox.

Ward Stacy, Leon Broas, Lawrence Rentschler, Ray Franks and Bessie Poole were graduated from the primary department to the intermediate department.

Song, "Summer Suns are Glowing"—Choir and congregation.
Glimpses of Wesley:
At Epworth Rectory—Hazel Ames
At Charterhouse School—Ruth Keeney.
At Oxford University—Bessie Stacy.
Responsive Sentences.
Song, "He that Safely Keepeth"—Mrs. Abrams' and Miss Havens' classes.
Recitations—Bernice Rowe, Adelaide Putnam, Heman Lockwood.
Exercise, "Wesley's Motto."
Song, "The Children of the Day"—Choir and congregation.
Address—Rev. M. T. Seelye.
Song, "Angel Voices"—Choir and congregation.
Benediction—Rev. Seelye.

The Lord did a good thing when He struck the Presbyterian church with lightning last week. Subscriptions were collected and in no time at all a new cement walk was laid in front of the church property, a much needed new roof was put on, the steeple taken down and the edifice is to be given a double coat of paint. It takes quite a shock to wake up some folks, but they will wake up when properly touched.—Birmingham Eccentric.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

Notice.

That the Council do meet on the 6th day of July, A. D. 1903, at 7 o'clock p. m., at the Council building in this village, to hear any suggestions or objections from persons interested, or liable to be assessed, for the proposed sewer on Chicago street.

The maps of said sewer and sewer district, the estimate cost thereof, and said proposed assessment may, in the meantime, be examined at the office of the village clerk.

"Deestrict Skewl."

The "Deestrict Skewl" met with but a small crowd last Friday evening. The play is said to have been revised, but to those having attended the same production here several years ago, nothing particularly different was apparent. But looking at it as being a home talent production, we must give those taking such comic parts much credit for their fortitude in carrying, to a finish such a piece.

Outlook Good.

A letter from B. Hanse, at Sorrento, Fla., states that he is right well and that there is good outlook for a great crop of oranges this fall.

GRAND REUNION

Tecumseh, Bedecked in the National Colors, Gives a Hearty Welcome to the

OLD 4TH MICHIGAN INFANTRY

Memories of the Civil War Again Revived by Those Who Fought for Their Country's Good.

Patriotism lies deep in the heart of every good American. Come what may, the nation's honor and welfare is held as a sacred trust, a trust which many a true, loving American has laid down his life to uphold. Days of darkness have cast their shadows, hovering like clouds, over the country; but in every dire hour of need, patriotism has stirred in the hearts of the nation's defenders, moving them to sacrifice all they hold near and dear in order that the gloom might be dispelled. And now, as the sun shines brightly, we look back upon those troublous times and bow our heads in reverence to those brave men who have given to us our homes and liberty.

Prominent among the defenders of the Union cause in the Civil War stands the "Old 4th Michigan" and it was with feelings of joy and honor that the people of Tecumseh opened their doors last Friday for the 31st annual reunion of this gallant body of men. Every train brought in more of the old comrades. Their hearty handshakes and joyous greetings as they recognized each other and note the changes that ruthless time has brought upon them, could not but impress the casual observer.

The streets, both in the business and resident part of the village, were bedecked with flags and bunting, while the opera house where was held the day's program, further carried out the patriotic effect. Dinner was served the old soldiers in the Bidwell block by the the Methodist ladies, after which they re-formed in marching order in front of the G. A. R. hall and marched to the opera house where the following elaborate and highly appropriate program was rendered:

Song—Maj. and Mrs. Jas. H. Cole and daughter.

Prayer—Rev. M. T. Seelye.

Organist—Miss Edith Ingersoll.

Address of Welcome—J. H. Smith for citizens.

Address of Welcome—Hon. J. D. Shull for Post.

Response—H. C. Daniels for association.

Song—Mrs. A. W. Mills.

Recitation—Mrs. Virginia S. Halladay

Song—Will Crittenden.

Speech, "The Nation's Wards"—O. A. Janes.

"Stars and Stripes at Home and Abroad"—J. W. Wightman.

Song—E. A. Wilson.

"The Bright Side of Army Life"—Jas. H. Cole.

Song—Mrs. A. W. Mills.

"Did the Civil War Pay?"—Rev. W. F. Jones.

Song, "America."

Benediction—Rev. M. T. Seelye.

The above program was listened to by an appreciative audience and among the many memories recalled, the events of the campaign through which the "Old 4th" passed were again reviewed. We are glad to be able to reproduce in print those incidents of the war brought out in the "Address of Welcome in behalf of Beers Post," by Hon. J. D. Shull. Following is the speech:

COMRADES OF THE OLD 4TH MICHIGAN: To me comes the pleasant privilege of extending you a soldier's welcome—the welcome from a Grand Army Post, proudly and affectionately named after Lieut. Jeptha W. Beers of yours, who at Gaines Mill yielded up life, and all that the world holds dear, in defense of the old flag. Lieut. Beers died like a soldier—face to the foe, bravely leading his men, and with the merry rattle of rifles ringing in his ears.

Comrades of the Old 4th, in behalf of the remaining family of Lieut. Beers and the members of Beers Post and Auxiliary, you are most cordially and fraternally welcomed to Tecumseh.

It is on occasions like this that fond memory most forcibly throws the search light of other days around us. We meet, greet, clasp hands and note the changes that ruthless time is bestowing upon us. We again recall the merry, beardless boys that made up the army of the Union.

We remember the early days in '61 when the sun shone as brightly and the flowers blossomed as sweetly as in other years before and since, but when an undefined horror hovered over us on account of the uncertainty of our nation's existence.

It was like the dread hush before a battle or a tempest—and then came the deluge. In the opening act of the drama a hundred hostile guns poured their red hot shot on Sumpter's devoted walls until they crumbled and the flag was lowered. And then came the grand transformation, the thrilling apotheosis of war.

Up from the Southland, with music sounding and banners streaming, came the Louisiana Tigers, the Black Horse cavalry and the Texas Rangers. Down from the North came an avalanche of freemen, and in the very front surge of this great tidal wave of patriotism were Ellsworth's Zouaves, the Pennsylvania Bucktails and the Old 4th Michigan.

As through a glass dimly, I can see you, early in '61, with 1025 officers and men, march over the Chain bridge, scale the red clay heights of Arlington and go to work on the line of forts that brought safety to the nation's beleaguered capitol. I see you march out to the first baptism of fire at Bull Run, and orderly help cover the retreat following that first encounter.

I see you on the Peninsula, in the early springtime of '62, in the fore front of advance, where you first crossed bayonets with the Louisiana Tigers and fought them to a finish.

A little later you are for the first time in sight of Richmond's spires, and your Major Cole was accorded the privilege of viewing the Confederate capitol from a military balloon, the first ever used in war. I see you in quick succession on the hard fought fields of Hanover Court House, Mechanicsville and Gaines Mill with their grievous losses in killed and wounded. And in the same week, with the rapid making of history, came Savage Station, White Oak Swamp and Malvern Hill—the latter a decisive victory, at the fearful cost of a long death roll, which included your beloved Col. Dwight A. Woodbury.

And then the vision changes. You are once more on the historic ground before Washington, contributing your share of the fighting and the fatalities, at Gainesville and Manassas.

I see you once more in adversity, north of the Potomac. You are trudging, footsore and weary, over South Mountain, to glory and to death at Antietam. And then in the following chill December you fought bravely in the hopeless contest at Fredericksburg. You contribute more than your full share to the long list of dead at Chancellorsville.

Then came the second invasion of the North. Lee's entire army is marching victoriously in Pennsylvania. The fair farms of the Cumberland Valley are contributing to the support of the Southern Confederacy. Harrisburg is threatened, Baltimore in danger, Philadelphia alarmed, Washington panic stricken. Again you come to the rescue.

I see you in that battle summer of 1863, marching up from the blood stained fields of Virginia, struggling over the hills of Maryland, toiling on through Pennsylvania, almost ready to drop in your tracks from sheer exhaustion.

On the evening of July 1st, after a march of 36 miles from morning to sunset, you halt at Hanover, expecting a good night's rest. An order comes for you to march on immediately to Gettysburg, 20 miles away. That was a supreme moment in your lives—a strenuous test of patriotism, heroism and human endurance. Without a murmur you pull out and plod along in the darkness hour after hour, measuring off that weary 20 miles.

And when the sun rose in the morning of the 2d of July you were at Gettysburg, that immortal field of glory and of grief. On that historic ground you won your fairest laurels. You were in the very whirlpool of the battle, where men fell like leaves in autumn. Your brave colonel, the very incarnation of courage, inspired each of you with equal valor. You stood grimly to duty until you were flanked on all sides. You fought like tigers at bay. You stood until the color guard was down—until the enemy had seized the colors.

It was then that the heroic Col. Jeffords, hat off, word in hand, eyes flashing with the light of battle, was killed by a bayonet thrust. But you never faltered, you never wavered. You stood firm after Jefford's was down and Lombard had assumed command. You supported him grandly as he stood there, swinging his sword in fiery circles about his head, calling, "Stand firm, my brave boys, stand firm. This is the time and place for brave men to die."

You stood there until half your men were down, until the foe was driven back, until the line of battle was restored, until the day was won, the tide of war turned, the rebellion broken, the Union saved. You held a pivotal position in the famous "wheat field" and wrote in characters of blood a page in your country's history of which you are, and of right ought be, proud.

You piled high a monument of valor that shall endure long after the men who struggled there shall have rendered their final account. You cast to shame the declaration of those who had said, "The American Union is a rope of sand." Against foeman worthy of your mettle you shot that idea to death. Yea more, you forever settled the question whether America was to be one great nation or a group of small discordant states.

And in that Titanic contest, when the earth quaked, and nations trembled, and old things passed away, the Old 4th Michigan never faltered, never failed. You were ever ready to obey orders. "If to stand like stone walls or like upheaved walls to fall, was duty, like walls you stood, like walls you fell."

May God bless you, my boys, for the stand you made at Gettysburg.

VISIT DUNDEE

Tecumseh Rebekahs Make a Visit,

INITIATE TWO CANDIDATES

And had a Jolly Time Friday Night.

In response to an invitation from the Dundee Daughters of Rebekah Tecumseh members journeyed eastward last Friday afternoon, thirty-five in number, to instruct two of Dundee's fairest daughters in the mysteries of the degree.

On arriving at Dundee, the Tecumsehites were escorted to the lodge diningroom where an elaborate luncheon was served, proving beyond a doubt that Dundee Rebekahs were experts in conferring that degree.

After the opening and the regular order of business by the Dundee assembly, the Tecumseh staff of twenty-two members, under the management of G. H. Tansley as captain, took charge and conferred the degree upon two candidates, Misses Maud Haynes and Edith Stiles.

After the close of the assembly, ice cream and cake were served, John Mead, of this village, sang two beautiful solos, and a general good time was enjoyed by all. Tecumseh Daughters fully realize that Dundee is a good place to visit and that the Rebekahs are all right, and Dundee Rebekahs appreciate the fact that Tecumseh Daughters know how to confer the degree.

Notwithstanding the fact that Leon Temple spoiled his hat, Elmer Blesing got into the ditch and others got wet, all arrived home for breakfast.

The true difficulty about art, a painter once told a pupil, is not to produce it, but to sell it.

The hardest of all things is to get a man to step and look himself squarely in the face.

The lamp of God's Word needs no trimming.

SECRETS

At the Price of Suffering.

Woman on her way to semi-invalidism caused by pregnancy suffers much pain. Ignorance prompts her to suffer alone in silence and remain in the dark as to the true cause—motherhood.

Mother's Friend takes the doctor's place and she has no cause for an interview. She is her own doctor, and her modesty is protected. Daily application to the breast and abdomen throughout pregnancy will enable her to undergo the period of gestation in a cheerful mood and rest undisturbed.

Mother's Friend

is a liniment for external use only. It would indeed be shameful if the sacrifice of modesty were necessary to the successful issue of healthy children. All women about to become mothers need send only to a drug store and for $1.00 secure the prize childbirth remedy. Healthy babies are the result of useing Mother's Friend. Our book "Motherhood" mailed free.

IT'S FOOLISH

To Ignore such Convincing Proof as this Tecumseh Citizen gives you here.

You may differ from your neighbors in many important questions of the day. Your opinions may coincide with those of the minority or those of the majority, and still you may be in doubt. But you can hardly be skeptical about the merit of Doan's Kidney Pills when you read such emphatic local endorsement as the following:

Mrs. J. W. Owen, wife of the well known carpenter, living in the south-eastern section of Tecumseh, says: "I am very well pleased with Doan's Kidney Pills. I procured a box at C. A. Wright's drug store and they did me a lot of good. I had heart trouble and my kidneys did not perform their proper duties. This condition existed for some time. I tried different remedies which were recommended to me but received little if any benefit from them. I will cheerfully say this for Doan's Kidney Pills. I received more permanent relief from their use than from any other medicine I ever used. I am pleased to testify in their value."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

It hurts you when you ask for the girl's hand and get the old man's boot.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

When some men discharge an obligation you can hear the report for miles around.

JUST ABOUT HALF SICK.

How many times you hear people say: "I don't know what ails me—I am tired all the time—don't feel like moving—don't care to go anywhere—don't want anyone to bother me—nothing interests me—I feel half dead." It's not a pleasant tale. It shows a system at a low ebb—a system ready and fertile soil for any low type of fever or disease. It shows the need of a strong, all round tonic—a tonic that will reach every part, every organ—Brain, Nerves, Stomach and Muscles. A medicine that will give a new feeling of life, a new energy and spring to the played out system. A time-tried, time-tested medicine—Dr. A. W. Chase's Nerve Pills.

Mrs. Edgar Packard of Tecumseh, Mich., says: "Until I tried Dr. A. W. Chase's Nerve Pills sold at C. A. Wright's drug store I suffered a great deal from nervousness, sleeplessness, headaches and indigestion and at times was just about sick. Since using the pills my nervous system is in the best of condition, I sleep well, the headaches are all gone and my digestion perfect. A positive result of this kind is particularly gratifying and I feel I can't recommend the medicine too highly." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. LATE NEWS IN BRIEF.

One Man Killed.—An extra train on the North Shore railroad jumped the track one mile south of Point Reyes, Cal. One coach turned over. Michael Kirk of San Francisco was killed.

London Jews Protest.—A demonstration of thousands of East End Hebrews was held in Hyde park, London, Sunday afternoon to protest against the Kischineff massacre. Speeches violently denouncing the Russian government were delivered in Yiddish.

More Uprisings in China.—The steamer Athenian, which reached Victoria, B. C., Sunday from the Orient, brought news that the insurrection in Yunnan is causing grave alarm. A Pekin dispatch of June 4 says the Yunnan insurgents now number more than 50,000. They are well trained.

Chinese Worshipers Perished.—Advices from Shanghai, China, tell of the burning of a temple at Ping Tu, involving the loss of 150 lives. A large throng gathered to worship and burned paper and incense by the wholesale, cutting off the escape of the people.

The Punishment.

"What's the penalty for bigamy?"
"Two mothers-in-law!"—Town Topics.

ASSASSINS PROMOTED.

Honors Conferred on Murderers of Servia's King and Queen.

Belgrade, June 22.—The promotions are announced of various members of the military deputation to King Peter at Geneva.

Colonel [illegible], of the late King Alexander's palace guard, is created a general and first aide-de-camp to King Peter.

Captain Kostics, who opened the palace gates for the assassins of the late king and queen, is promoted to be a major.

Lieutenant Gronica, who was on guard outside the palace on the night of the assassination and who was a confidant of the conspirators, is made a captain.

In view of the fact that Austria and Russia have demanded the punishment of the assassins and England has practically severed diplomatic relations with the new dynasty, the promotions of the conspirators are considered extremely significant. It is taken to mean that the military clique will brook no interference with its regime and is prepared to risk the disfavor of the powers to attain its ends.

The deputation to escort King Peter to Belgrade is now at Geneva and the royal party is expected to arrive at Vienna tomorrow evening enroute to the Servian capital.

THEY PUT HIM OUT.

Baseball Fans Assaulted the Constable at Findlay, Ohio.

Findlay, O., June 22.—Constable Enoch Johnson was assaulted by George Bell, an oil well driller, Sunday while attempting to stop a ball game between the Eberhards of Cleveland and a local team. Bell is alleged to have struck Johnson a terrific blow in the face, which nearly knocked the constable down, and then Bell, with the assistance of others, dragged Johnson from the grounds, a distance of 200 feet.

When Bell had gotten rid of Johnson he surrendered himself to a deputy marshal. There is much excitement in Findlay over the question of Sunday ball games, and those who favor them are said to be as many as those who do not. The ball players were arrested, but released when their fines were paid.

STRIKERS LOST BATTLE.

Great Lowell Mills' Conflict Ends In Defeat.

Lowell, Mass., June 22.—The textile council Sunday afternoon declared the great strike in the Lowell mills at an end. Every union affiliated with the council was represented, and the vote was unanimous.

Mule spinners and loom fixers were included in this vote, despite statements that they would oppose a return to work.

The meeting lasted about an hour. There was no dissension. The situation was discussed carefully and with no suggestion of excitement. The vote showed every delegation favorable to return to work at once.

When asked for a statement President Conroy smilingly said: "We now worship at the altar of defeat, but later we shall rise again and conquer."

Indians Exclude Whites.

Hobart, Okla., June 22.—The Indian Baptist association, which is composed entirely of Kiowa Indians, has adopted a resolution excluding all whites from their meetings. Missionaries working among the Indians announce this as a result of the timidity of the Indians in participating in religious exercises in the presence of the whites. Lone Wolf, who recently brought suit against the United States government to prevent the opening of the Kiowa reservation to settlement, is their chief minister and presides during the convention now in session. He is a Carlisle graduate.

Two Lucky Convicts.

Lansing, Mich., June 20.—Governor Bliss has paroled Donato Esso, sent from Grand Rapids in 1893 to Marquette prison for 20 years for criminal assault, and William R. Gridley, sent from Kent county to Ionia prison for two years for forgery. The sentence of John Marron, sent from Ionia to the Detroit house of correction for six months for larceny, has been commuted to expire at once, because of the illness of the prisoner.

Phellis Took First Money.

Jackson, Mich., June 20.—The second and last day of the Michigan state shoot Friday was well attended and excellent scores were made. Of the 200 flying targets, Phellis of Mechanicsburg, O., scored 192, taking first money. Hensler of Battle Creek was second with 184, and Heikes of Dayton, O., and Waters of Baltimore tied tied for third place with 183. Hensler won the state trophy with twenty-five straight breaks.

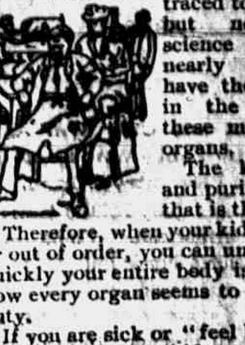
Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.



It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

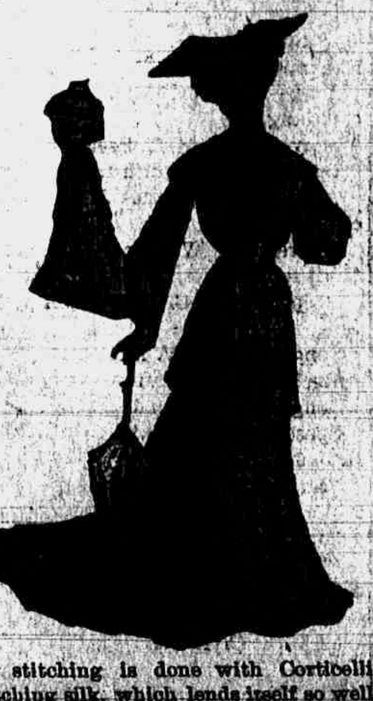
LATEST FASHION NOTES.

PROMENADE GOWN IN RUSSIAN BLOUSE EFFECT.

Hopsack is one of the most fashionable of dress goods, and a beautiful promenade costume, is made of this material in a champagne color. The Russian blouse effect is well portrayed. The mutton-leg sleeves are inset with a handsome applique work of broadcloth, as is also the skirt. Cord ornaments also help to add style and finish, and appear on both skirt and jacket. All of the stitching is done with Corticelli stitching silk, which lends itself so well to this class of work. Notice the several rows at the bottom of the skirt, and the fancy stitching on sleeves and blouse.



His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

By their fruits ye shall know them—especially their small fruits.

Killed by Her Lover.

Laurel, Del., June 22.—Miss Katie Atkins was shot and instantly killed at her home in Salisbury, Md., Saturday night by Elmer Hath, her lover. After killing the young woman Hath fired three bullets into his head and fell unconscious. He was hurried in an ambulance to jail to prevent a lynching. He may recover. The dead girl and her lover are under 21 and were to have been married last Thursday, but Miss Atkins broke the engagement when she learned Hath had stolen money from his employer.

Riots In French Towns.

Paris, June 22.—Several riots arising out of collisions between clericals and anti-clericals, are reported from several towns in the provinces in connection with religious processions. At Brest an anti-clerical mob attempted to seize the host from the hands of the priest as the procession was about to re-enter the cathedral. A free fight ensued in which fifteen persons, mostly women, were injured. Less serious troubles occurred at Nantes and Angers.

Emigration Has Doubled.

Copenhagen, June 22.—The emigration figures for May, 1903, show that more than twice as many persons emigrated from Denmark to America as during the same period last year, and the "American fever" shows no signs of abating. It is shown, however, that the money sent back by Scandinavian settlers in the United States offsets to a large degree the loss to the country caused by the emigration of so many of its best citizens.

Scandal In Scranton.

Scranton, Pa., June 20.—W. P. Evans, select councilman of the Fourth ward, was arrested last night on the charge of soliciting bribes as a result of the expose in the select council meeting Thursday night, when Selectman John P. Quinnan demanded an investigation of an allegation that eight councilmen who met in his office banded together and solicited $400 each for voting for the Dalton street railway franchise.

Won't Recognize King Peter.

London, June 20.—In the house of lords Friday Foreign Minister Lansdowne announces that the British minister to Servia had been instructed to withdraw from Belgrade for some time, on the arrival there of King Peter, and in the meanwhile to do nothing which could be construed as a recognition of the new government.

Gambling Rooms Closed.

Detroit, Mich., June 20.—Police Commissioner Fowle has issued an order closing all the gambling rooms in the city. While not generally known, it is admitted that the biggest gambling games ever known in this city have been operated since the beginning of the Grosse Pointe races. Several of the most expert professionals came here with the races.

Ex-Senator Arrested.

Flint, Mich., June 20.—William S. Pierson, ex-senator from this district, was arrested in the station saloon last night for Rochester authorities on a charge of obtaining money under false pretenses. It is alleged that Pierson borrowed money of a hotel-keeper at Rochester, giving his personal check on a Flint bank where he had no account.

Dragging Pains

2825 Keeley St.,
CHICAGO, ILL., Oct., 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maude Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

ABSOLUTELY FALSE

Is What Madden Says of Charges Made Against Him

RELATIVE TO CONTRACTING

Alleged He Did Not Give Opportunity For Competition in Purchase of Carbon Paper — "Malicious and Cruel" Attack.

Detroit, Mich., June 24.—Apropos of the postoffice investigations which are being conducted throughout the country, Third Assistant Postmaster-General Edwin C. Madden, who is visiting in this city, has sent a letter to Postmaster-General Payne, denying that he made carbon contracts without competition. The letter said in part:

"The whole statement insofar as it attempts to involve me is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initial; I did not sign; in fact, I never saw the contract, if there is one. My sole interest and connection with the subject is limited to an expression of approval of the particular carbon paper in question, because it is labor-saving and in other ways a great improvement over the old style manifolding process and much better serves the needs of the postal service; and this approval was not given until after an investigation and recommendation to me by my superintendent of registry system and a recommendation by the superintendent of division of postoffice supplies of the first assistant's office.

"The contract, if there be one, was both drawn and let by the office of first assistant postmaster-general, and with it I had absolutely nothing to do except as before stated. If the statements printed were given from the office of the first or the fourth assistant postmaster-general they misrepresent the facts, and the publication thereof, especially in my home city, is calculated to put me in a bad light before the people with whom I have lived for upward of forty years, and where I have earned what reputation I have. It is malicious, cruel and without the slightest justification."

Washington, June 24.—Third Assistant Postmaster-General Edwin C. Madden of Detroit has become involved in the postal investigation through charges that he let a contract for carbon paper without opportunity for competition having been given. The firm said to have been thus favored is the General Manifold company of Franklin, Pa., of which Major-General Miller, commanding the Pennsylvania national guard, is president, and Congressman Joseph C. Sibley of Pennsylvania the largest stockholder.

The claim is that Madden so framed the specifications as to practically prevent competition. Madden is out of the city, but it is understood he will claim that the carbon paper involved is of a kind not manufactured by any other firm, and that it is considered superior for the purpose for which it was intended, that of registry.

PASSND THROUGH VIENNA.

King Peter Warmly Received in the Austrian City.

Vienna, June 24.—King Peter arrived here from Geneva at 9:45 p. m. and left again for Belgrade at ten minutes past 10 o'clock last night. He received a warm welcome from the Servia Croatian and Montenegrin students and from a delegation from Belgrade, headed by the mayor. In responding to a brief speech made by the latter, King Peter expressed his pleasure at returning to Belgrade after so long an exile.

In an interview which he gave while on his way hither, King Peter dwelt on the difficulty of punishing the assassins of King Alexander and Queen Draga, in view of their pardon by the Servian national assembly prior to his election as king.

Prince Edward's Birthday.

London, June 24.—An interesting social function Tuesday was Queen Alexandra's children's party at Buckingham palace, in honor of the ninth birthday of Prince Edward, eldest son of the Prince of Wales and heir presumptive to the throne. There were about 150 guests, for whom all kinds of entertainments were provided, including the American negro company playing "In Dahomey."

Auction Off a Cruiser.

New York, June 24.—A legal advertisement, published in an Elizabeth, N. J., paper gives notice that the cruiser Chattanooga will be sold by the sheriff within three months for the payment of claims against her, unless these are liquidated. A deputy sheriff who captured the cruiser a few days ago is still in command, but work is proceeding.

Publicly Whipped Her Hubby.

Lexington, Ky., June 24.—Morton Cass, aged 76, a civil war veteran, was publicly whipped by his wife here on the order of Police Judge Riley. Cass was arrested for drunkenness at the instigation of his wife, and she told how he would spend his pension money for whisky and abuse her because she could not spread before him the delicacies of the season.

KAISER AT KIEL

Thirty-Two Great Warships Thundered a Salute.

COURTESY TO AMERICAN NAVY

Stars and Stripes Thrice Dipped From Stern of Monarch's Yacht—Admiral Cotton and His Staff Received.

Kiel, Prussia, June 25.—Emperor William arrived here at 6 o'clock last evening on board the Hohenzollern. When the imperial yacht was sighted steaming into Kiel harbor she had the stars and stripes flying from the aftermast, and as she sailed by Rear Admiral Cotton's flagship, the Kearsarge, the imperial colors floating at the stern were dipped three times. This courtesy, being without precedent in the German navy, caused Rear Admiral Cotton, at an audience he had later with the emperor, to thank his majesty in the name of the president of the United States for the honor shown to the American navy.

The emperor's entrance into the harbor was the occasion for a tremendous cannonade, each of the thirty-two warships firing thirty-three guns, the Americans observing the German regulation for honoring the sovereign. As the smoke from the thousand guns blew aside the Hohenzollern entered the lane of warships, at the upper end of which were the American vessels. The emperor stood alone on the upper bridge. The crews, manning the crosstrees, turrets and sides of each American ship, gave his majesty three cheers as the yacht passed.

Rear Admiral Cotton assembled the captains on his flagship and at once went on board the Hohenzollern. Captain Usedom met Rear Admiral Cotton, Captains Walker, Hemphill, Cornwell and McCrea. Lieutenant Hussy of the admiral's staff, and Naval Attache Potts, at the head of the gangway, presented them to Emperor William, who was standing two or three steps away, with his suite grouped behind him. His majesty shook hands and conversed for a minute with each of the American officers, saying how glad he was to see them in German waters.

His majesty alluded to many incidents in Admiral Cotton's career and said he wished to visit the Kearsarge and would be pleased to take lunch aboard her. Rear Admiral Cotton and his captains then retired.

Leave was given to 350 men from the American crews to go on shore last night. They were taken in charge individually and in groups by the German sailors, who treated them in the most hospitable manner.

Minister Cheng Made a Lawyer.

Amherst, Mass., June 25.—Amherst college Wednesday conferred the degree of doctor of laws on Sir Chentung Liang Cheng, the Chinese minister. In conferring the degree President Harris spoke of the minister as "a lover of Amherst, where he spent so many years of his boyhood" and as the "representative of the most ancient to the youngest of the great nations." He sai dthat "stepping stones in the Pacific make the nation's neighbors," and the Chinese envoy, "educated in this country, familiar with our language, customs and ideals, makes them friends."

Escaped From the Tombs.

New York, June 25.—Two prisoners escaped from the Tombs prison Tuesday, but news of it was not given out until today. The men escaped by sawing a bar in a door leading from the cellar underneath the women's prison to the yard. The wall around the yard has been torn down, and the escape was easy. The men were serving six months sentences for disorderly conduct and were regarded as "trusties." The Tombs warden believes they were assisted from the outside.

Cuba Prompt to Pay.

Washington, June 25.—The youngest member of the union of American republics has come forward with the first contribution toward the fund of $125,000 required to provide a new home for the bureau in this city. The contribution is $1,500 cash, the full amount of Cuba's quota, and Director Rockhill is looking forward to similar prompt action on the part of other South and Central American countries.

Gruesome Find at Quincy.

Quincy, Mich., June 25.—Much excitement prevails here on the discovery of the body of an infant in a car of coal at the Wolverine Cement works. Workmen were unloading a dump car when they discovered a small box drawn towards them. As the box entered the opening to the coal crusher the top came off, disclosing the form of an infant wrapped in cloth. Too late to save it from being pulverized, the men reported the find.

U. of M. Summer School.

Ann Arbor, Mich., June 25.—The prospects for the university summer school are very bright and more applications have been made so far than at the same time last year. The enrollment begins on Friday and the six weeks' session the Wednesday following.

Fought With Burglars.

Ann Arbor, Mich., June 25.—Burglars entered Prettyman's boarding house at 4 o'clock Wednesday morning. One, a negro, climbed through the window of a room occupied by Fred Thill and Edward A. Thompson, law students, who had just received money from home. Thill woke up and went after the burglar, who jumped through the open window, Thill following. In the hallway a white man standing guard, hit Thill in the stomach, knocking him senseless. Thill rolled to the bottom of the stairs and did not regain consciousness for two hours. The burglars escaped with $35 and a gold watch.

MORELAND DOOMED

Detroit's Common Council Likely to Oust Him.

LEADERS IN FAVOR OF IT

A Grand Jury Talked Of—Prosecuting Attorney Says "It Looks Like It"—He's Collecting Evidence—Friends Have Seen Moreland.

Detroit, Mich., June 25.—The quest for the missing Moreland is still futile. The suspicion that he is entrenched in his own home, never entirely dissipated, has grown stronger than ever. From Judge Speed and Attorney Frazer comes the information that communication has been established with the mysterious "sick man." Both refuse to disclose Moreland's place of hiding.

Attorney Frazer stated early in the afternoon that Moreland is sick and that he had had indirect communication with him. Later Judge Speed stated that he had had direct communication with the commissioner and that he (Speed) had advised him that it was not necessary to appear before the committee. He also intimated that Moreland is seriously ill and broken down. Neither would say where Moreland was.

Tonight the fathers of the city will sit within their hall and ring the funeral knell of DeWitt H. Moreland as commissioner of public works, if the plans of the leaders do not miscarry. The work will be brief, and the obsequies short. The "sick man" of the municipality will be separated from the authority, salary and perquisites of his office by a unanimous vote, say the prophets. A new commissioner will be immediately appointed by the mayor and on Friday morning a new regime will begin.

The investigating committee will report in favor of impeaching Moreland on the charges of misapplication of funds and neglect of pasing duties. This is conceded on all sides.

"It looks like it."

That was all that Prosecutor Hunt would say when asked the direct question whether a grand jury would be called to investigate municipal matters in the city of Detroit. But his manner indicated that he had already made up his mind to make a move in that direction as soon as the council has separated Commissioner of Public Works Moreland from his $5,000-a-year salary.

"Have you been collecting evidence for the purpose of calling a grand jury, if necessary?"

"To be sure; I have been receiving information for some time."

The calling of a grand jury is wholly in the discretion of the circuit court. Any citizen of the county can ask for it and it is not absolutely necessary for the prosecuting attorney to appear in the matter at all. The law merely says that he may produce testimony before the panel, but he is not required to do so. However, it is a foregone conclusion that Mr. Hunt will personally conduct the investigation, if such action is taken.

A BIG CLASS.

State Normal Commencement Exercises Held Wednesday.

Ypsilanti, Mich., June 25.—The normal commencement exercises took place in Normal hall yesterday before an immense audience. The normal choir furnished spirited and beautiful music.

The address by Dr. N. C. Shaeffer, state superintendent of public instruction for ten years in Pennsylvania and for years principal of the Keystone Normal school, was followed by the presentation of the class memorial portrait of the late Professor August Lodeman, painted by his daughter Miss Hilda Lodeman. The presentation was made by President J. M. Munson of the class. After this an oil portrait of Miss Abigail Clark Rogers, the first preceptress of the normal, was presented, the work of Miss Rebecca B. Norris of Ypsilanti. Then followed the presentation of diplomas to a class of over 300.

Old Man Killed.

Orion, Mich., June 25.—A car loaded with excursionists from Flint and headed for Belle Isle, struck Henry Dear, aged 72, an old resident of this place. Both legs were cut off and he was otherwise terribly mangled. The accident happened a short distance west of the village, and the unfortunate man died before medical assistance could reach him. Coroner Fox summoned a jury and will hold an inquest.

Women Arrested.

Owosso, Mich., June 25.—On complaint of Chief of Police Z. H. Ross, who charges the women with entering saloons for immoral purposes, Mrs. Belle Edwards, Mrs. Flora Sharp and Mrs. George Brown were arrested in a local grog shop Wednesday afternoon by Under Sheriff Case.

The Oldest Alumnus.

New Haven, Conn., June 25.—The necrological record of Yale university shows 102 deaths within the past year. The oldest graduate now living is Rev. Joseph C. Lord of Galesburg, Mich., who was born in that town April 8, 1808, and graduated from Yale in 1831.

Chloroformed the Bulldog.

WEBSTER NOT GUILTY.

Detroit Lad Acquitted of Stepfather's Murder.

Detroit, Mich., June 25.—Forrest Webster was last evening acquitted of the murder of his stepfather, William F. Haskett.

In the excitement which followed the rendering of the verdict, in which everybody rushed to congratulate the boy and his mother, the dignity of the courtroom was forgotten and etiquette was thrown to the winds. The police officers were compelled to rush into the excited crowd and bring the auditors that shouted loudest up before the judge, who administered a severe reprimand.

Mrs. Haskett awaited her son's fate in an anteroom of the court. As the words "Not guilty" were pronounced Webster started to his feet, but sank back into the chair.

It looked for a moment as if he was going to fall to the floor. Attorney Monaghan came to his aid and restored him with a vigorous handshake. His face burned red, then white and then red again. He stood up as if dazed and walked over to the line of jurymen and thanked them all.

Few eyes were dry when mother and son met. Sympathizers with flowers, the youth's relatives and boy friends crowded around and bestowed caresses and congratulations upon the widow and her son.

A CONVICT NEWSPAPER.

Prisoners at Jackson Publishing a Periodical.

Jackson, Mich., June 25.—The convicts at Jackson prison are now the owners and publishers of a newspaper.

During the recent publication of articles and cartoons in the state press regarding affairs at the prison, in which the impression was strongly made that the convicts were running the prison and that the officers and keepers were following out the dictation of the convicts, the convicts were most of all agitated by the attacks.

While the iron was hot a subscription paper went the rounds of the convicts for subscriptions to purchase a newspaper plant, so they might run a newspaper of their own, the same as is now done in a few other prisons of the country. It received liberal donations and a newspaper plant, costing something over $1,000, was installed.

The first paper is now out—it is called "Broaden Out." The officials of the prison have a "blue pencil" right in the matter, and the convicts have gone at things to begin with in a general way. The paper is of four pages, four columns.

AN AWFUL DEATH.

Boy Whipped About a Revolving Shaft.

Sault Ste. Marie, Mich., June 25.—Joseph King, son of Albert King, was instantly killed in his father's planing mill yesterday. He was caught in a belt and whirled rapidly around a shaft and probably never realized what was happening.

It will probably never be known just how the accident came about. He was alone in that part of the mill where the pumps are located at the time, and no one saw it. His father was working in the mill and heard a noise that sounded as if the main belt was going to break, and he rushed out only to find the lifeless body of the boy whirling around the shaft. The machinery was stopped immediately.

The body of the lad was horribly mangled.

BOOSTED JACKSON CITY.

Tax Commission Adds $1,843,115 to Real Estate Rolls.

Jackson, Mich., June 24.—Tax Commissioners William T. Dust and J. C. McLaughlin finished the work of reviewing assessments in Jackson city Tuesday. They boosted the real estate from $10,[illegible] to $12,537,050, an increase of $[illegible]. The commission did not have time to get at the personal assessments, which amount now to about $4,000,000, making a total assessed valuation for Jackson city of $16,500,000. The tax rate will now drop from $12.50 to $11 per $1,000 for the city taxes. The tax rate for the year will be something under $20 per $1,000, or 2 per cent.

Moreland Still Missing.

Detroit, Mich., June 24.—The mystery as to Commissioner Moreland's whereabouts is still unsolved. All day yesterday efforts were made to locate him, but in vain. From every place where he might be supposed to have gone came the word that he has not been there. One place remained unsearched. It is now concluded by many that he is quietly enjoying the privacy of his new Woodward avenue home and the aldermen may snort with injured feelings at his indifference to their investigation. With the window blinds, all except two in the upper story windows, tightly closed, the Moreland residence at 1900 Woodward avenue appeared quite deserted yesterday afternoon. In the evening, however, Moreland's son-in-law was there, but to all inquiries he answered that Moreland was not there and that he did not know where he was.

Musicians Graduate.

Ypsilanti, Mich., June 24.—The Conservatory commencement exercises were given before a crowded house Tuesday morning. The class this year is unusually large and the number of those taking the courses which fit them to teach in the public schools is gratifyingly increased. The address by Rev. Reed Stuart of Detroit was a masterful one, marked by brilliant eloquence and lofty thought. Among many beautiful, he spoke in impassioned terms of the beauty of our earth and of how delicious mere existence thus embowered seems.

MORE DEMONSTRATIONS.

Delaware People Demanded Release of Alleged Lyncher.

Wilmington, Del., June 25.—Arthur Corwell, who claims his home is in Hartford City, Ind., and who was arrested Tuesday night on the charge of complicity in the burning to death of George White, the negro assailant and murderer of Helen Bishop, was released on $5,000 bail last night. He will be given a further hearing.

Popular feeling in the tragedy of Monday night has not yet entirely disappeared. Last night about 2,000 persons gathered in front of the city hall, where Corwell was confined, and made a demonstration. The police authorities took every precaution to prevent an attempt at rescuing the prisoner by this crowd. The crowd committed no overt act, however, beyond making a great noise. There were loud cries for the release of Corwell, to which the police paid no attention.

The coroner's inquest was concluded and when word reached the police station that the verdict did not implicate Corwell, the authorities decided to release him on $5,000 bail. This was promptly furnished by Thomas McHugh of this city, a wholesale liquor dealer. Word of this action soon reached the crowd and a great cheer was sent up, after which the people quickly dispersed.

When the inquest began the remains of White could not be found, and after a long search they were found wrapped in paper on an ice chest. White weighed about 200 pounds, but only five pounds of flesh and bone were left of him after the lynchers had concluded their work.

The jury brought in the following verdict:

"Resolved, That George White came to his death between the hours of 10 p. m. of June 22, 1903, and 4 a. m. of June 23, 1903, by being burned in a field adjoining the road leading from Price's Corner to the Ferris Industrial school by a party or parties unknown to this jury."

The belief is growing here that no one will ever be punished for the work of the mob. Last night's demonstration indicates that popular feeling is against any further action on the part of the police.

Peter Smith, the boy who was shot while the mob was in the workhouse on Monday night, died yesterday afternoon as a result of his injuries. The boy was an Italian; who shot him no one seems to know.

GRIST OF FLOOD BILLS.

Kansas Legislature Convenes in Extra Session.

Topeka, Kan., June 25.—The Kansas legislature convened in extra session Wednesday to relieve the flood situation in the Kaw valley. Most of the members of both houses are present. Thirty-four flood bills were introduced in the house and nearly as many in the senate.

A big fight has developed on the question of making an appropriation to relieve the flood sufferers, as well as to authorize the building of bridges. It was expected Governor Bailey, in his message, would outline some plan of relief, but he did not, leaving that for the legislature to handle.

The governor says he did not care to dictate in the matter.

LATE NEWS IN BRIEF.

Robbed of $60,000.—A real estate agent from Omaha, who stopped at Pueblo, Col., on his way east from Durango, was robbed at the Union depot of a valise said to contain $40,000 worth of securities. He had fallen asleep in the main waiting-room.

Thousands of Prizes.—Chief F. D. Coburn of the department of live stock of the Louisiana Purchase exposition has arranged for a total of more than 26,000 prizes in the classification for horses, cattle, sheep, swine, poultry, etc., for the world's fair next year.

Grief Caused His Death.—Alfred R. Johnson, formerly of Akron, O., and Janesville, Wis., died Wednesday in Kansas City a few hours after being told of the death of his brother-in-law, Major James B. Pond of New York. The men had been lifelong friends.

Killed by Baseball.—Robert Shannon, aged 22 years, was struck by a baseball on the Georgetown University Athletic grounds, near Washington, and died within thirty seconds. The ball was thrown from the infield and struck Shannon at the juncture of the brain and the spinal column.

Seized a Village.—According to a Sofia, Bulgaria, dispatch to a Berlin paper, the Turks, without cause, have seized the village of Sultantipe, which commands the road to Sofia, with four battalions and thirty guns. The Bulgarian government will ask the porte for an explanation.

Eczema

How it reddens the skin, itches, oozes, dries and scales!

Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla

positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

HOOD'S PILLS are the best cathartic. Price 25 cents.

THE CHURCHES.

Sunday school at the Universalist church Sunday at 11:30.

At the Presbyterian church next Sunday morning the communion of the Lord's supper will be celebrated. Baptism of infants and reception of members also.

Mr. Fallune, a native of Damascus, also a student of the University of Michigan, will speak at a union meeting of the young peoples' societies at the Presbyterian church Sunday evening at 5:30 o'clock.

At the M. E. church Sunday morning and evening the bicentenary of John Wesley's birth will be observed. The evening service will be a union service at which the Tecumseh pastors will speak on different phases of Wesley's life and work.

"THE KINGDOM OF GOD."

On Sunday afternoon at 4 o'clock, the rector of St. Peter's church will preach the third and concluding sermon of the course upon "The Kingdom of God." Subject: "The Progress of the Doctrine of the Kingdom."

Speaking with reference to the subject of the Kingdom of God, the late Prof. A. B. Bruce, of the Free Church college, Glasgow, says: "It is impossible to be enthusiastic over the Church in her present condition. . . The recent revival of the conception of the Kingdom of God, which is so prominent in Christ's teaching as reported in the Synoptical Gospels, and which throughout the greater part of the Church's history from the apostles' age downwards, has been eclipsed by other notions, is justly regarded as a wholesome movement for various reasons, and specially as supplying a needed antidote to religious individualism. . . Beyond doubt to reconceive the Christ in a spirit of historic fidelity is an urgent task of vital consequence to the life and prosperity of the Church. . The ecclesiastical Christ is to a large extent not the Christ of the Gospels. Notwithstanding all our preaching, Jesus Christ is not well known. . . . There is nothing more likely to regenerate the Church, to give it a new lease of life, and to make it a fresh source of power. My hope is that this is what is before us: Christianity renewing its youth by remounting to the fountain inspiration, instead of tarrying longer by cisterns in which the waters of life have become putrid and unwholesome."

State Press Association Having a Good Time at the Soo.

Sault Ste. Marie, Mich., June 24.—Although rain marred to some extent the pleasure of the day Tuesday for the Michigan Press association, they nevertheless succeeded in finding plenty to amuse themselves. The day was spent in seeing the various industries of the two cities and in shooting the rapids.

Fully one hundred of the members placed themselves in the hands of the Indians for a hair-raising shoot through the foam of the falls that have made the two Soos what they are. No accidents occurred, and most of them pronounced the sport worth the trial.

The program last night was marred by the fact that Senator Alger and Congressman William Alden Smith were unable to come, disappointing the association at the last minute. The program as carried out consisted of speaking by Chase S. Osborn and various members of the association, in addition to which story telling and dancing were indulged in.

Today the party will take a trip on the line of the Algoma Central railroad in a special furnished by the company. The train will run to Oquidaki, in the wilds of Algoma, and upon its return the party will leave for the copper country.

STATE OF MICHIGAN, County of Lenawee ss. Probate Court for said County.

At a session of the Probate Court for the County of Lenawee, holden at the Probate Office, in the city of Adrian, on the 25th day of June in the year one thousand, nine hundred and three.

Present, Harry L. Larwill, Judge of Probate.

In the matter of the estate of JANE A. FOSTER, deceased.

On reading and filing the petition, of James W. Wightman, administrator de bonis non, with the will annexed, upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 3d day of August next at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said County of Lenawee, for three successive weeks previous to said day of hearing.

The examination of "Bud" Ed Reese, the Toledo man charged with grand larceny, was conducted yesterday afternoon. It was apparent from the evidence that he could not be convicted of grand larceny, so he was dismissed on that charge and arrested on the charge of simple larceny. He pleaded guilty and was sentenced to sixty days in jail. —Adrian Telegram.

Sell Your Poultry Now.

The spring lay of eggs is practically over now, and the time is at hand when you may wish to sell off some of your old hens and roosters. Our new poultry yards will be ready for use by July 1, and we can take care of any quantity of stock after that time.

We wish to call your attention to the fact that we handle poultry every month in the year, as is done in the larger producing states of Iowa, Illinois, Indiana and Missouri, and we believe you will appreciate the same opportunity in our state.

It will be our aim to handle large volumes on a close margin, thus giving you the benefit of the highest market price always, and with your assistance we hope to establish a better market in Tecumseh than has ever been before in poultry. 6—26—1

Six O'clock Fridays.

During the months of July and August commencing Friday, July 10, the New York store will close its place of business each Friday night at six o'clock. It is not the idea of the New York store to induce others to follow its example, but no doubt, others will follow the lead before the summer is out. During the long summer days to close one night a week will not hurt any business and will be a great pleasure to clerks.

Excursions to Boston.

June 25, 26 and 27, the Lake Shore & Michigan Southern Ry. will sell tickets to Boston and return at half rates. Tickets will be sold also to go and return by different routes at a little higher rate. Tickets good returning to leave Boston until Aug. 1st. Certain stop-over privileges will be given. Full particulars from ticket agents or by writing to A. J. Smith, G. P. & T. A., Cleveland, O.

Privileges for Lake Shore Patrons.

Certain privileges are given travelers over the Lake Shore & Michigan Southern Ry. this summer such as stop-overs at Lake Erie [illegible] Lake Chautauqua, Niagara Falls, [illegible] of rail [illegible] tween Cleveland and Buffalo [illegible], which may be obtained from ticket agents or by writing to A. J. Smith, G. P. & T. A. Cleveland, O.

DOUBLE WEDDING

At the Home of Mr. and Mrs. John S. Temple,

WEDNESDAY AFTERNOON,

Miss Fern Frances Temple and Richard T. Pascoe, and Miss Alice Josephine Temple and Bertram C. Day were the Contracting Parties.

A very pretty double wedding was solemnized Wednesday afternoon at the home of Mr. and Mrs. John S. Temple when their two daughters, Misses Fern and Alice, were united in holy wedlock with Mr. Richard T. Pascoe, of Calumet, and Mr. Bertram C. Day, Indianapolis, Ind.

Promptly at 5 o'clock the bridal party took their positions under a beautiful bower of green and white in the northeast corner of the parlor, the brides being beautifully attired in gowns of white and carrying bridal roses. The impressive words were spoken by Rev. M. T. Scayre and Dr. Ryan, of Ypsilanti, in the presence of about thirty immediate relatives, the former uniting Miss Alice and Mr. Day, and the latter Miss Fern and Mr. Pascoe, after which congratulations were in order.

After an elaborate wedding supper followed by a reception at which about 150 were present, the bridal parties took their departure. The reception rooms were tastfly decorated in white and green, the color scheme of the dining room being pink and green.

Mr. and Mrs. Pascoe left for their home in Calumet, intending to stop at different points enroute. Mr. and Mrs. Day left for the east to be gone a couple of weeks. They will then take a couple of months' sojourn at Rome City and will be at home to their friends at "The Meridian," Indianapolis, after September 20th. The HERALD, together with a host of friends, extends congratulations to the happy couples.

Among the out-of-town guests were Mrs. L. J. Acton and daughter Gayle, of Chicago; Dr. and Mrs. F. R. Snow, of Kalamazoo; Mrs. C. W. Temple, of Milwaukee; Dr. W. S. Shipp, of Ann Arbor; Mrs. Frank Miller, of Chicago; Miss Cora Day, of Belding; Mr. and Mrs. Guy Collins and Ezra Day, of Macon; Mr. and Mrs. Herbert Temple, of Britton; Mr. and Mrs. Geo. Chidester, of Lansing; Mr. and Mrs. Samuel Helm, of Leslie.

Mrs. John A. Hughes.

Harriet Lucinda Inglehart was born at Romeo, Mich., July 27, 1852. She died at Tecumseh on June 24, 1903, having almost attained her 51st birthday.

She was married to John Alexander Hughes at White Pigeon, Mich., June 15, 1871. To them were born two sons, Myron J. and Roy B., who survive to mourn the loss of a tender and devoted mother. Mrs. Hughes had one half brother, William H. Wheeler, who also survives her. Mr. and Mrs. Hughes came to Tecumseh soon after their marriage, in February, 1873. They have resided here continuously since, being known and respected by all.

Mrs. Hughes united with the Presbyterian church four years ago. She has been warmly interested in all the services of the church, and an indefatigable worker wherever the opportunity offered. She was an active member of the Missionary Circle, also.

Outside the church Mrs. Hughes has ever been forward to promote the interests of any enterprise relating to the public good. She was a member of the Rathbone Sisters. The inner circle of Mrs. Hughes' more intimate friends have ever prized her friendship most highly. She was warm-hearted, generous and impulsive. Her impulses were generally good and helpful. She was a loyal and devoted wife and mother, a faithful and active member of the church, and a friend tried and true. Her pastor bears emphatic testimony to her unfailing cheerfulness and her sympathetic helpfulness to him.

The whole community mourns with the stricken husband and sons in view of their and our great loss.

James S. Gilman.

James S. Gilman, one of the old residents of Tecumseh, died at his late residence, Maiden Lane, on Thursday, June 18th, after an illness of six weeks.

He was born in Grafton county, New Hampshire, on March 12th, 1810, and came to Tecumseh in 1833. In 1849, at the time of the gold fever, he went to California, but returned inside of two years and has resided at Tecumseh ever since. He was twice married and is survived by his second wife. He had six children by his first wife, of whom two daughters are still living.

He was buried in Brookside cemetery on Saturday, the 20th, Rev. C. C. Kemp officiating.

BASE BALL.

Opening Game Won by Detroit Wheelmen through Errors of the Home Team.

SNAPPY BALL

Furnished by Both Teams After the Unlucky First Inning.

A choice bunch of wild pitches, passed balls and an error in the first inning of yesterday's game gave the visitors a running start that threatened the local fans with nervous prostration and sent the hopes of winning the opening game of the season, glimmering.

Vick, for the Wheelmen, started the session merrily by landing on Johnson's first delivery for a single, then trotted to second on a wild pitch; Roach was handed one in the ribs and Andrews took first on fielder's choice, Hadley attempting to stop Vick at third, but Hosmer failed to hang on, and the bases were full. A passed ball and a wild pitch in rapid succession scored Vick and Roach, Costello struck out, Kustus went to first on a passed ball, Guthard struck out, Gagnier singled scoring Kustus, but was put out at second, and the agony was over. Net returns for the visitors, four scores.

Only three Tecumseh men faced McClure in each of the first six innings and the best result was one little scratch hit in the fourth and not a man had seen second base. The local battery, however, settled down to business, the other players caught their feet, and barring two errors in the fourth inning, played fast ball for the remainder of the game. In the fourth the visitors made their only earned run, Vick and Roach both getting two base hits, the errors netted one, and the score was 6 and 0.

In the seventh the locals got out of the habit of punching short hits to the in-field and succeeded in getting two men around to the home plate where both were declared out, one easily so, the other on a very close decision. In the ninth, however, Detroit's dream of a shut-out was shattered, when Striker singled, went to second on a passed ball and scored on Johnson's single. Johnson was thrown out at third and a pair of infield hits ended the game.

It will be remembered that for several seasons past the local team has lost the opening game and then steadied down to a winning proposition, when the players became acquainted with each other's methods, and there is every indication, as the tabulated score shows, that the present team is all right and will play fast and entertaining ball this season

Roger Dunseath.

Roger Dunseath was born in County Antrim, Ireland, July 11, 1844. At his death he had almost completed the 59th year of his age. In 1866, he married Miss Nancy Elliott, who died two and a half years ago. To them were born four children who survive to mourn the loss of their parents. The children are Mrs. Agnes Gilbert, of Toronto, Canada; Mrs. Margaret Peck and James Dunseath, of Toledo; and Miss Marie Dunseath, of Toronto. Mr. Dunseath left Ireland in 1884, settling in Toronto. Twelve years ago he came to Tecumseh.

His tragic death was a shock to all his friends. During the last days of his life he was fully conscious and, with the almost certainty of death staring him in the face, he very calmly set his house in order, and, having prayed the Divine forgiveness, he calmly committed his soul to Him who judges righteously. He had no fear of death. He felt his sins were forgiven and he looked forward with confidence to seeing his Lord face to face.

CARD OF THANKS.

To Rev. Jones, the choir and all other friends, who so kindly assisted and sympathized with us in our sad bereavement, by the death of our father, we desire to extend our heartfelt thanks.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption, coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

Notice.

That the Council do meet on the 6th day of July, A. D. 1903, at 7 o'clock p. m., at the Council building in this village, to hear any suggestions or objections from persons interested, or liable to be assessed, for the proposed sewer on Chicago street.

The maps of said sewer and sewer district, the estimate cost thereof, and said proposed assessment may, in the meantime, be examined at the office of the village clerk.

CLASS REUNION

Of Mrs. Helen M. Griswold's Sunday School Class

WAS HELD JUNE 24

AT THE HOME OF MRS. F. N. MILLER AND WAS LARGELY ATTENDED.

Wednesday, June 24, the class of Mrs. Helen M. Griswold held a delightful reunion at the home of Mrs. Fred N. Miller, on the old Blood place, also celebrating the 73rd birthday of Mrs. Griswold. The afternoon was all that could be desired and "Helen's babies" came from near and far to take part in the pleasures of the occasion.

The history of the class would be quite interesting but we will not attempt it at this time. Suffice it to say that it has stood the storm and stress of years and bids fair to continue. Of its staying properties who can doubt when they hear that Mrs. Wm. Owen has been a member for 34 years, Miss Emma Rogers 27 years and several others nearly, if not quite as long. Most of its members have passed through the varied changes from girlhood, womanhood, wifehood and motherhood, while some have reached that sadder stage of widowhood. But for the hour all grief and care and the happy hours of life were lived again.

Refreshments were served in a bountiful supply. Grace Hillman was on the ground with her camera and photographed the crowd. When the twilight shadows began to fall we turned our faces homeward with the satisfaction that comes from an hour well spent.

The following names of those who have been members of the class for so long, with the invited guests and children brought the number of our crowd to nearly sixty: Mesdames Griswold, Ayers, VanNess, Davidson, Hurrey, Putnam, Lenard, Potter, Lanning, Waldron, Haire, Gage, Knouase, Page, White, Howe, Miller, Conklin, Eldridge, Miller, H. Hoag, C. Hoag, Ide, Shultz, Ford, Gove, Owen, Doke, Howell, Hough, Haines of Dundee, Misses L. Train and E. Rogers.

Paine's Celery Compound

Permanently Cures Sick and Nervous Headaches that Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of life. The man or woman who is subject to headache at irregular intervals, goes through life bearing a load of misery and wretchedness that is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue, and disordered digestion are exciting causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and headaches result. If the liver is sluggish, the kidneys inactive, and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and vitalized. The most persistent cases of headache, nervous feebleness, and sleeplessness, are permanently cured by Paine's Celery Compound; it is the great reconstructant of the nervous system. Mrs. Henry Westrick, St. Clair, Mich., tells of her release from suffering as follows:—

"I have been troubled with dyspepsia and sick headache for a number of years. About every week I would have a bad spell of sick headache, but since I began using Paine's Celery Compound, my dyspepsia is gone, and I do not have any more headaches. I feel better than I have for years."

IT'S FOOLISH

To ignore such Convincing Proof as this Tecumseh Citizen gives you here.

You may differ from your neighbors in many important questions of the day. Your opinions may coincide with those of the minority or those of the majority, and still you may be in doubt. But you can hardly be skeptical about the merit of Doan's Kidney Pills when you read such emphatic local endorsement as the following:

Mrs. J. W. Owen, wife of the well known carpenter, living in the southeastern section of Tecumseh, says: "I am very well pleased with Doan's Kidney Pills. I procured a box at C. A. Wright's drug store and they did me a lot of good. I had heart trouble and my kidneys did not perform their proper duties. This condition existed for some time. I tried different remedies which were recommended to me but received little if any benefit from them. I will cheerfully say this for Doan's Kidney Pills. I received more permanent relief from their use than from any other medicine I ever used. I am pleased to testify in their value."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

JUST ABOUT HALF SICK.

How many times you hear people say: "I don't know what ails me—I am tired all the time—don't feel like moving—don't care to go anywhere—don't want anyone to bother me—nothing interests me—I feel half dead." It's not a pleasant tale. It shows a system at a low ebb—a system ready and fertile soil for any low type of fever or disease. It shows the need of a strong, all round tonic—a tonic that will reach every part, every organ—Brain, Nerves, Stomach and Muscles. A medicine that will give a new feeling of life, a new energy and spring to the played out system. A time-tried, time-tested medicine—Dr. A. W. Chase's Nerve Pills.

Mrs. Edgar Packard of Tecumseh, Mich., says: "Until I tried Dr. A. W. Chase's Nerve Pills sold at C. A. Wright's drug store I suffered a great deal from nervousness, sleeplessness, headaches and indigestion and at times was just about sick. Since using the pills my nervous system is in the best of condition, I sleep well, the headaches are all gone and my digestion perfect. A positive result of this kind is particularly gratifying and I feel I can't recommend the medicine too highly." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar [illegible] bottles. You may have a sample bottle [illegible] by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MRS. CECELIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a $1.00 bottle of Wine of Cardui.

WINE OF CARDUI

Youth Stabbed Companion.

Bessemer, Mich., June 25.—Two lads under 15 years—one Fred Becker, working at No. 9 shaft, Tilden mine; the other Dominic Bertini, at the Anvil—while on the way home from their work met on the country road and got into a quarrel over their respective jobs. Dominic pulled his knife, stabbing Fred three times, one being a vicious cut in the side, slashing the abdomen open. He then ran away. His injuries, though serious, will not prove fatal. Dominic Bertini has not yet been found, but will no doubt be located soon. He is supposed to be hiding around the Mikado, where he has relatives.

Great Crop of Fruits.

Standish, Mich., June 24.—There will be the largest crop of small fruits, both wild and tame, on the plains and all through northern Michigan known for a number of years.

Knapp's Trial Begins.

Hamilton, O., June 24.—The trial of Alfred Knapp for the murder of his wife began here Tuesday. Knapp was dressed in black and wore crape on account of his father's recent death. Thomas Darby and John Thomas of Cincinnati represented Knapp, who seemed interested but not alarmed. Mr. Darby said that no objection would be made to trying the case here, but he declined to outline his defense. The first venire of thirty-seven jurors were called. The preliminary questioning of jurors continued throughout the day.

They Oppose Smith.

Washington, June 24.—Delegate Rodey of New Mexico threatens to try to prevent the confirmation of Clement M. Smith of Hastings, Mich., as a member of the New Mexico supreme court in the next session of the senate. He says there are plenty of New Mexicans to fill the positions.

Pioneer Horace Sutton of Richmond Kills Himself.

SHOT THROUGH THE HEART

With Revolver Aimed by His Own Hand—Dastardly Assault and Robbery Committed on Aged Lady Near Three Rivers.

Richmond, Mich., June 29.—Horace D. Sutton, aged about 60 and a pioneer resident of this village, shot himself through the heart Sunday afternoon, after a pleasant day's outing on Lake St. Clair. No reason appears for the act save the fact that for some time he has complained of pains in his head, on account of which he had consulted physicians. He has often been heard to say he would be better dead than alive, and it is believed his mind was turned by what he believed an incurable malady.

Nothing had occurred to mar the pleasure, and the family was enjoying themselves when suddenly Sutton arose and seized his revolver, a weapon of four chambers and 32 caliber.

Tried to Stop Him.

Divining his intention Miss Raloff, a young woman who lived with them, grabbed the man about his arms from behind and called to Mrs. Sutton to take the revolver from him. As his wife approached the maniac called out: "Keep away from me."

In the struggle the weapon was discharged, the ball passing through Miss Roloff's arm. She let go of Sutton and ran to another room, where she fell to the floor. Sutton then turned the weapon upon himself and snapped it, but the cartridge did not explode. He then ran out of the back door into the yard, where he fired again, apparently without effect. Before the anxious wife could reach him he made the third attempt to kill himself, the last bullet in the revolver passing through his heart. Sutton staggered back into the house and fell a corpse at his wife's feet.

Three Rivers, Mich., June 29.—Word has just reached this city of a most dastardly outrage at the home of Mr. and Mrs. Thomas Weston, an aged couple, living on their farm west of this city.

On Friday evening Mrs. Weston had occasion to go to the well, a few feet from the back door of the house. As she stepped towards it, she was set upon by a man, who caught her by the throat, threw her to the ground and with threats to take her life if she made any outcry, commenced to search her person, claiming she had a large amount of money concealed about her. Mrs. Weston succeeded in alarming her husband, who was in bed. Weston sprang to the door, but was met by the muzzle of a loaded revolver and a terrible threat that his life would answer for interference.

Got Only Ten Dollars.

The miscreant secured some $10 in silver the old lady had just placed in her dress pocket, after which he jumped the fence and disappeared.

The only theory the old couple can give for the attack is that another lady had been stopping at their home who had considerable money with her, but fortunately on the same day had deposited it in a bank. They think the robber mistook the person. Indications are that the robbery was the work of local talent, and the officers are trying to ferret the matter out.

TRAGEDY IN DETROIT.

Prominent Tenor Singer Shot by His Brother-in-Law.

Detroit, Mich., June 29.—Crazed by drink and enraged because he had been disturbed in an interview with his paralytic father George W. Parker shot and perhaps fatally wounded James Moore, his brother-in-law, the tenor of the Fort Street Presbyterian church choir, at the Parker homestead, 23 Madison avenue, Saturday afternoon. The tragedy occurred in the front bedroom, in which aged Mr. Parker, who has suffered from paralysis for the last eight years, lay helpless.

From all that can be learned, Mr. Moore entered the room to protect his invalid father-in-law from the whisky-maddened son, who, it is said, Moore had reason to believe might work his father harm.

The bullet struck Mr. Moore just above the stomach and to the left of the middle bone, passing into the stomach. It is a wound similar to that of the late President McKinley.

News from the bedside at a late hour last night was to the effect that Mr. Moore's chances were about even between life and death.

Parker has been placed in jail to await what the future shall bring him in event Mr. Moore lives or dies.

"Tragedy" Only a Joke.

St. Johns, Mich., June 29.—Mrs. Alice Knapp, the Riley township woman who was reported to have attempted suicide by cutting her throat, has been released from custody by Sheriff Schavey, the affair proving a practical joke on her part. The woman, for the purpose of frightening her son, killed a chicken and smeared the blood on her clothing and neck.

Boy Burglars Paroled.

Lansing, Mich., June 27.—Governor Bliss has paroled the Lansing boy burglars, Wirt Parks, Harry Quay and Perry Rounds, who were implicated in a number of small burglaries here last spring and were sentenced March 28 to six months' imprisonment at Ionia.

HOME FOR A REST

President Now With His Family at Sagimore Hill.

WILL RECEIVE FEW CALLERS

Forenoons Will Be Devoted to Business and Afternoons to Recreation—Commodious Quarters For His Secretary.

Oyster Bay, N. Y., June 29.—President Roosevelt is now with his family at his Sagamore Hill home, having arrived Saturday. During Sunday afternoon some relatives and personal friends called to extend their greetings to the president and his family. The president, accompanied by Mrs. Roosevelt and their children, attended divine service in the morning at Christ church, of which Mrs. Roosevelt is a member. At the conclusion of the services an opportunity was taken by the members of the parish to pay their respects to the chief executive.

It is announced by Secretary Loeb that the president will receive few callers at Sagamore Hill this summer, and those who hope to see him will be obliged to make engagements through Mr. Loeb in advance of their arrival at Oyster Bay. The president will devote his mornings to the transaction of executive business and his afternoons to recreation and rest. During the afternoons, too, he will receive such callers as may have engagements with him, or those whom he may summon to Sagamore Hill.

The executive offices selected for Secretaries Loeb and Barnes and the clerical force this year are much more commodious and convenient than those occupied last year. They consist of six rooms in the second story of the Moore block, and are well arranged and admirably adapted to the purposes of the executive staff.

President Roosevelt will spend no time in the offices, his work being done in his library in Sagamore Hill. The offices are in direct communication by telephone with Sagamore Hill.

ONE MAN TO BLAME.

For Killing of Servia's King and Queen Official Report Will Say.

Belgrade, June 29.—King Peter attended the services at the cathedral yesterday without any escort.

The official account of the recent assassinations, based on an investigation made by the war minister, is expected to be published shortly. It is understood that it will say that the conspirators did not intend to kill their majesties, but only to deport them; but they were incited to the murder by the attack of Lieutenant Petrovics, the king's secretary, who fired the first shot.

It appears it was the king of Greece and not the king of Italy who sent his congratulations to King Peter on Saturday.

Vienna, June 29.—A dispatch from Belgrade says King Peter has notified former Queen Natalie that he considers that all the property in the old palace at Belgrade belongs to her and that she may dispose of it as she pleases.

Train Fell Into River.

Madrid, June 29.—Fourteen bodies and fifty injured persons have been extracted from a wreck of the Bilbao train, which overturned at Nejerilla river Saturday night. According to official information, thirty persons were killed and sixty others seriously injured. Of the 300 passengers on the train it is stated that only six escaped unhurt. The train, which was composed of two engines and sixteen coaches, was on the bridge when the couplings between the engines broke. The second engine left the track and fell, followed by the entire train, into the bed of the river.

The latest dispatches from Saragossa, near which place the catastrophe occurred, give the number of dead as 90 and the injured as 100. The rescue of the injured from the debris is not yet completed.

Great Scientific Institution.

London, June 29.—The Earl of Rosebery has written to the chairman of the London county council, submitting a plan for the establishment of a great institution for advanced scientific and technological education at a cost of £1,500,000, towards which sum Wenher Beit & Co., the well-known diamond firm, and others offer large contributions. A site for the institution has also practically been secured. Lord Rosebery asks the council for an annual grant of $150,000 for the maintenance of the institution, upon securing which the whole scheme depends.

Dug His Own Grave.

South Bend, Ind., June 29.—On account of failure to effect a reconciliation with his wife, from whom he separated two years ago, Adolph E. Wuth shot at her last night. Mrs. Wuth escaped unhurt and, climbing a fence, begged a neighbor for assistance. Wuth shot himself through the heart. He had made all preparations, having had his grave dug and placing his picture therein.

Agents Confess to Forgery.

Alpena, Mich., June 27.—Mr. and Mrs. James B. Wilson, book agents, arrested at Bay City Wednesday at the request of Alpena officers, have confessed to the charge of forgery against them and want to settle. It is believed they are traveling under assumed names.

Has a Peevish Wife.

Corunna, Mich., June 27.—One of the queerest divorce cases ever heard in the Shiawassee circuit was begun here Friday before Judge Smith. Jabes H. Payne, a prominent business man, asks for a divorce from his wife, Susan A., who he declares is peevish, unreasonable and abusive.

Gas Ignited From Flame of Defective Lamp—Falling Earth Crushed Many to Death While They Were Fleeing For Safety.

Barratoeran, Coahuila, Mexico, June 29.—Twenty-four miners were killed and about fifty others seriously injured in an explosion of gas, which occurred Thursday night in Las Esperanzas coal mines, the property of the Mexican Coal & Coke Co. The disaster was caused by the ignition of gas from the flames of a defective lamp. Probably 100 men were in the mine at the time of the explosion. After the explosion those who were able to move rushed for the exits, but the falling earth and debris brought death to many. Fully fifty miners escaped with broken limbs and scorched flesh.

At last reports the dead bodies of twenty-four men had been brought to light. Others may die from their injuries.

Mad Mullah the Loser.

London, June 29.—The British public is worked up over the situation in Somaliland again. First came a report via Paris that the Mad Mullah had made an attack on the forces of General Manning, near Bohotle, causing severe loss to the latter. Almost immediately after this news became public the war office published a dispatch from General Manning announcin gthat the forces of the Mad Mullah had been defeated and that only the lack of cavalry on the part of the British prevented a disastrous route of the fanatic forces.

Justified in Sending Petition.

Washington, June 29.—The officials of the state department assert positively that a close examination of precedent justifies the presentation by the United States government of the Jewish petition to the Russian government and that no government has a right to object to the presentation of such a petition, nor has the government a right to object if the presentation is declined. This means that the United States will not find ground for quarrel with Russia if the czar refuses to receive the petition now being prepared by the counsel of B'nai B'rith.

Hanna Praises Salvation Army.

Cleveland, June 29.—A fine new citadel, to be used as headquarters for the Salvation Army in this city and vicinity, was dedicated Sunday. Senator Hanna was chairman of the occasion and made an address of half an hour's duration. He spoke almost entirely of the work done by the army and praised it. He said that if he had time to preach he would help the Salvation Army with his voice.

New Greek Cabinet.

Athens, June 29.—The new cabinet has been definitely formed as follows: M. Theokokis, premier and foreign minister; M. Levidis, minister of interior; M. Lombardos, minister of public instruction; M. Cologeropulos, minister of justice; M. Stephenopulos, minister of marine; M. Simopulos, minister of finance; Colonel Grivas, minister of war.

Anniversary of a Battle.

Freehold, N. J., June 29.—The historic old town of Freehold was thronged with a thousand people Saturday, the occasion being the celebration of the 125th anniversary of the battle of Monmouth, the revolutionary battle in which Washington put the red coats to ignominious flight and in which the heroine, Molly Pitcher, won her spurs.

Not Ready For Treaty.

Washington, June 29.—The state department has received a dispatch from Minister Beaupre at Bogota, saying that the canal discussion had been opened in the Colombian house by a representative opposed to the canal treaty. The government objected on the ground that it was not ready to present the treaty to the house, but would do so later.

The First of Its Kind.

Cleveland, June 29.—What is said to be the first municipal tuberculosis sanitarium in this country will be opened here Tuesday. All patients in the city hospital under treatment for tuberculosis will be removed to the new institution and treated according to the latest scientific methods.

Preferred Death to an Asylum.

New York, June 29.—Rather than be placed in a sanitarium, George Altmann of Williamsburg cut his throat in the presence of his sister, and was dead before the arrival of physicians. He discovered that plans were being made to send him to an asylum.

Russians Invading Korea.

Yokohama, June 29.—A dispatch from Seoul, capital of Korea, reports that a Korean military officer, who has reached the Yalu river, states that 150 Russian soldiers have crossed the river and are now stationed at the two points on the Korean side.

Want Divorce After Forty Years.

Corunna, Mich., June 27.—Mrs. Elizabeth Tinsley of this city has begun suit for divorce against her husband, Thomas Tinsley, a civil war veteran. She claims non-support. Until a few months ago they had lived peaceably together for forty years.

UNDER SURVEILLANCE.

Eli R. Sutton Telegraphs News Regarding Moreland.

Detroit, Mich., June 29.—Eli R. Sutton, who like ex-Public Works Commissioner Moreland, fled to Mexico, Sunday sent the following telegram to the Detroit Tribune relative to Moreland:

"Mexico City, June 28.—Since D. W. H. Moreland himself dictates my reply to a Free Press telegram, I betray no confidence in saying that he is here, under surveillance, at Room 58, Hotel Iturbide.

"He is nervous, but defiant, saying he has done no wrong and will prove it if compelled.

"He makes no secret of his whereabouts, his name being conspicuously registered on the hotel blackboard.

"His health is not good, though he goes out for meals. He is accompanied by George J. Kellogg.

"Moreland has consulted no lawyers here, waiting for advice from home. He appears discouraged rather than afraid."

Mrs. McKnight Held For Trial.

Kalkaska, Mich., June 29.—The examination of Mrs. McKnight was concluded Saturday and resulted in the committing of the accused for trial without bail. Only one witness was put on the stand that day. Sheriff Creighton being called by the prosecution to testify as to the identity of the remains exhumed as those of John Murphy. The accused woman, who has maintained her composure throughout this terrible ordeal, was considerably affected by the decision and trembled with the emotion she could not longer conceal as she was conducted by the officers to the carriage awaiting to convey her back to jail.

Postoffice Robbed.

Grand Haven, Mich., June 29.—The safe in the postoffice at Spring Lake was blown open by robbers early Sunday morning and $300 in stamps and money stolen. The thieves left town in a rig stolen from the barn of Mrs. A. Mulder. Besides money and stamps Postmaster Fall reports loss of valuable private papers.

Some Very Old Pronunciations.

"Laylock," the pronunciation of lilac once very common, has now almost entirely passed away. It is hardly likely to be found in dictionaries or glossaries except such as profess to give provincial variations of spelling. Sixty years ago, however, it was by no means a provincialism or a mark of the uneducated. I well remember that Walter Savage Landor always spoke of "laylocks," as did my own mother and most people of that generation. It belonged to the age, now almost entirely passed away, which called Rome "Room," gold "goold," St. James "St Jeames," with other variations of sound now deemed vulgar. I have heard my father say that George IV always spoke of "my loyal city of Lunnon," while "obleeged" and "cowcumber" were heard from the most refined mouths.

I can distinctly remember on the first Sunday in Advent, 1825, hearing the officiating clergyman at St. Mary Woolnoth give out sonorously when reading the first lesson "like a lodge in a garden of cowcumbers," and my dear old rector, Julius Charles Hare twenty years later adopted the same pronunciation, saying at table "Obleege by passing the cowcumber." "Vilets," as a dissyllable for violets was equally common among people of good education.—Notes and Queries.

Merely Symptoms.

"Life is a failure," said the tired looking passenger in a grave and far away voice. "Man is a fraud, woman a bore, happiness a delusion, friendship a humbug; love is a disease, beauty a deception, marriage a mistake, a wife a trial, a child a nuisance; good is merely hypocrisy; evil is detection The whole system of existence—life, morality, society, humanity and all that—is a hollow sham. Our boasted wisdom is egotism; generosity is imbecility. There is nothing of any importance but money. Money is everything, and, after all, what is everything? Nothing. Ar-r-r-r-r!"

"Glad to meet you, sir," said the thin little man with the ginger hued whiskers, extending his hand cordially to the speaker. "I have the dyspepsia pretty bad at times myself."—Chicago Journal.

Saginaw, Mich., June 27.—Dr. Harry A. Jackson, manager of the Institute of Natural Healing, formerly the Jackson Medical Institute, has left the city and his whereabouts are unknown. The house is empty.

Crushed Under a Train.

Sault Ste. Marie, Mich., June 27.—Word comes here from Shelldrake that Cornelius Culhane, a well-known lumberman, whose headquarters are at Newberry, was killed Friday morning by being run down by a logging train.

Child Poisoned by Tablets.

Bay City, Mich., June 27.—A two-year-old son of James Clark found a box of medicine tablets, ate some of the contents and a half hour later was dead.

Appropriate.

The professor of painting has just entered the classroom, where smoking is strictly prohibited. Here he finds an art student holding in his hand a newly filled cherry wood pipe.

Professor (ironically)—What a queer paint brush you have got there! What are you going to do with it?

Student—Oh, I'm going to make clouds with it!

The Wrong Roll.

Immediately after a wedding which took place in Washington the best man started for South Africa, where he remained more than a year. On his return, says a writer in Harper's Magazine, he was given a dinner and wore evening clothes for the first time since the wedding.

In the midst of the evening, fumbling in his waistcoat pocket, he astonished himself and his friends by pulling out a hundred dollar bill. Where had it come from? A sudden thought flashed across his mind.

The next morning he went to the clergyman who had married his friends.

"Do you remember marrying Mr. Armitage and Miss Bently about a year ago?"

"Oh, perfectly," replied the clergyman. "I see them constantly at my church."

"Well, will you pardon me if I ask you a delicate question in strict confidence. How much did you receive as your fee?"

"I will return frankness with frankness," returned the clergyman, smiling whimsically. "It was the strangest fee that ever came my way. After the ceremony the best man, with a profusion of thanks, slipped into my hand a small sliver of plug tobacco wrapped in a wad of paraffin paper!"

A Sight For Sarah.

Of a certain bishop, famous as about the plainest man in England, the Liverpool Post tells this pleasing tale: One day as this homely parson sat in an omnibus he was amazed by the persistent staring of a fellow passenger, who presently unburdened himself as follows:

"You're a parson, ain't you?"

"Well, yes; that is so."

"Look 'ere, parson, would you mind comin' home with me to see my wife?"

Imagining the wife was sick and needing assistance, the clergyman at great inconvenience to himself went with the man. On arriving at the house the man shouted to his wife to come downstairs, and, pointing to the astonished parson, said, with a cry of delight:

"Look 'e 'ere, Sairry. Yer said this mornin' as I was the hugliest chap in England. Now, just yer look at this bloke!"

Geese That Lay Golden Eggs.

Once upon a time there was a promoter who owned a common, everyday goose who laid the usual, ordinary goose eggs. He conceived the scheme of syndicating the goose on a gold egg basis and proceeded to do so.

He informed the trusting public that soon his goose would lay an egg of gold each day and offered for sale stock in the Golden Goose Egg company, limited, at bedrock prices. There was a wild rush for the stock, and the promoter suddenly found himself wealthy.

He continued to sell the stock as long as there were buyers, for he did not want to kill the goose that laid the egg. His goose continued the same ordinary fowl as before.

Moral.—There are featherless geese that lay golden eggs.—New York Herald.

Ministers' Maids.

"Are you a minister's wife?" was a query encountered so frequently by a young matron in search of a maid that she scented a story.

"Why this mania to live under the droppings of the sanctuary?" inquired the matron or words to that effect.

Then it appeared that the minister's family is considered a most desirable place because of the opportunities for witness fees in wedding cases. There are few bridegrooms who come without a witness to be married who will not bestow a generous tip upon the girl who furnishes this small but necessary feature of the ceremony.—New York Tribune.

Must Be Good.

Young Husband—My dear Melanie, I must say that this pudding tastes very bad.

Wife—All imagination, dear; it says in the cookery book that it tastes excellent!

WANTED.

We would like to ask, through the columns of your paper, if here is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25 cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25 cent size has just been introduced this year. Regular size 75 cents. At J. J. Orr's.

Rheumatism

What is the use of telling the rheumatic that he feels as if his joints were being dislocated?

He knows that his sufferings are very much like the tortures of the rack.

What he wants to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

A Washtenaw farm hand raced his horse from Saline to Ypsilanti with an electric car. He drove the poor brute 11 miles in 40 minutes. He was arrested in Ypsilanti and fined $20. Eleven hours at a whipping post with 40 lashes per hour from the whip he used on the horse would have been about what he needed.—Blissfield Advance.

A pet terrier, who objects to wearing his muzzle, is provided with a comfortable bed, but at night, after all is quiet he has been in the habit of going to the spare bed, much to the disgust of the owner. Punishment did not keep him off, but lately his mistress placed his muzzle there and the sight of it keeps him from the bed of cushions.—Hillsdale Leader.

A Hudson young lady while passing "the haunted house" which they have in that city, thought it would be nice to run around the house and frighten some friends whom she heard approaching. She started in double quick time and ran into a barbed wire fence, striking so that the wire cut square into her mouth, and the barbs tore her lips and face. She has abandoned the ghost business for good and all.—Ex.

F. H. Sherwood went to Jerome, Tuesday to see about purchasing brick for the new weave shop to be erected at the woolen mill, he having been awarded the contract last Friday. The building will be 65x160 feet and will have skylights in order to have all the light possible. The new building will be located south of the office with the long way east and west. Two set will be added to the capacity of the mill and later on it is thought another set will be put in, which will increase their capacity one-third.—Clinton Local.

ROUND ABOUT US.

The 44th annual commencement of St. Mary's Academy at Monroe, took place Tuesday. It is a leading institution of learning in the state.

Wednesday morning Wm. Wimple was charged upon by an angry bull and knocked down three times, receiving injuries of the stomach and legs.—Onsted News.

Thursday an order was made by Judge H. L. Larwill, of the probate court, committing Mrs. Joanna Blaska, of Springville, who cut the throat of her youngest son and then cut her own throat, to the asylum at Kalamazoo. She will be taken there in a few days.

Jacob Haas, of Ann Arbor, who lost his power of speech about two months ago, is again able to talk. Last Saturday he was taken with a coughing spell and the thought came to him, "Isn't it awful," and much to his surprise he heard himself say "awful."—Saline Observer.

Ground has been broken for the foundation of the new plaster factory, east of the Cincinnati Northern depot. The site is being graded for a cement floor and it is expected the work will be rushed to completion. Ties are on the ground for side tracks and the iron will be laid in a few days. It looks like business. We are certain the business men will never regret having helped locate the factory. A. J. Hasbrook has been engaged to superintend the erection of the building. Geo. Haggart has the contract for making the cement floor.—Hudson Post.

Harry Moore, of Palmyra, hauled a load of wool to Palmyra last week which weighed 1479 pounds. It was worth over $250.—Blissfield Advance.

A gorgeously attired woman—a resorter from Sand Lake—swooped into the quiet editorial sanctum the other afternoon and inquired in clarion tones if we thought it would be possible to purchase a postage stamp in this town. We kindly directed her to the sawmill and in case they should be out, we suggested the sausage factory as the only place to get one.—Onsted News.

Jay Simonds, the 4 years old Hanoverian sent to the University hospital at Ann Arbor some time ago to be treated for club foot, will be returned to this city tomorrow by the secretary of the county superintendendts of the poor. The little fellow is now entirely cured, and as he is a bright, active boy, the secretary is anxious to obtain a home for him. He will be placed in the Home for the Friendless until a home for him has been found. In case no home is given him, the secretary will have no other recourse but to send him to the state school at Coldwater. His mother's whereabouts are unknown, so it is impossible to return the boy to her. It is understood that she is employed as a traveling agent by some eastern firm, and her whereabouts have not been known for several months. Whether or not she would be able to care for the boy, if returned to her, is conjectural. He has no relatives in Hanover that are known. His father is a minister, but as he left this county several years ago, no hope of discovering him is entertained.—Jackson Patriot.

DO UNTO OTHERS AS OTHERS DO YOU

Jim Dumps' physician once fell ill.
Said he: "I'll have no draught or pill."
Said Jim: "Ho, ho, you're on the shelf,
You who cure others, cure yourself."
Then Jim sent up some "Force" to him,
"That's what he needs," quoth "Sunny Jim."

Fair Frankfort on the Lake

Where balmy breezes always blow, every one hearing the murmur of rippling waves and the invigoration that comes with pure air and a temperature like a perfect day in June; where the tired and work-sick find rest without ennui, seclusion without isolation, entertainment without effort, companionship with companionable people; strength-restoring sleep at night and a lively appreciation of life by day; where the sportsman finds richest reward and the athlete has a world to himself; where the glint of broad Lake Michigan is grandly foiled by shady hills, the former enlivened by innumerable pleasure craft and majestic steamers, the other the haunt of feathered songsters, devotee of the hammock, book lovers; painters and those who find their greatest pleasure in closest communion with nature and the Creator's most perfect work—Such is the environment of the "Royal Frontenac Hotel," Frankfort, Michigan. Wouldn't you like to go there?

The book will be mailed free to any address upon application to J. J. KIRBY, Gen'l Passenger Agent, Ann Arbor, R R., Toledo, Ohio.

Mr. and Mrs. L. C. Bidwell came up from Detroit the last of the week to visit relatives. Mr. Bidwell returned yesterday and Mrs. Bidwell will remain for some time.

Mrs. J. M. Hiens and two children, Michalene and Liston, spent Sunday with relatives in Adrian. Miss Michalene took part in the Children's Day programme at the M. P. church.

Misses Ina Blesing, Edith Elliott, Bola Brown, Pearl Gove, Maggie Elliott together with a party of friends from Clinton and Evans lake are taking a week's outing at Wamplers lake.

It is reported that Miss Kittie Lamb was married to our popular lumberman, Frank Hammond, in Detroit today. The ceremony was performed at the home of the bride's sister. Congratulations are in order.

Rice Hendershot has opened a livery barn in the building on Railroad street, near the Detroit Southern station occupied by Dove Brothers for the same business. He has a fine line of turnouts and horses. Will give prompt and careful attention to all business intrusted to his care.

Miss Henrietta Brown of the Chicago Musical College, will spend the summer months in Tecumseh, teaching a course in singing. Miss Brown is a talented musician and her method is the same as used by all great instructors. Those interested in securing instruction, beginning July 10th, may inquire at the home of Mrs. S. B. Simmons, Tecumseh. 6-30-4

We, the undersigned barbers of Tecumseh, agree to close our barber shops on Saturday, July 4, at 12 o'clock and stay closed the balance of the day with curtains up.

Beers Post and Auxilary will hold a 4th of July picnic in the stand-pipe park. A dinner will be served at 12 o'clock suntime, also ice cream; no fire works will be allowed. Much sport will be provided for afternoon. J. D. Shull will climb the greased pole, H. C. Daniels catches the pig, H. J. Sweet runs the wheelbarrow and Geo. Marsden fills the sack; also a baloon ascension, Thos. Hanley furnishes the gas. A ball game will be played between the Post veterans and ladies of the Auxilary. Be sure and bring your baskets well filled.

Blue Ribbon Meeting.

The Blue Ribbon Meeting at Detroit this year promises to be the best in the history of the Club. The field in the great M. and M. is the best and most evenly balances of any before and it will undoubtedly be one of the most hotly contested races of the season. The Chamber of Commerce stake has, among its entries all of the sensational green pacers of the country, and indications are that a new record will be made for this race. These two races, as usual, will be three in five but the balance of the programme will be best two in three and among the entries will be found all the leading horses of the country. For the meeting the aggregate amount to be distributed will be over $50,000 and nearly every horseman of the country will be on hand to witness and take part in the distribution of the purses. Everything promises that it will be an ideal meeting and everybody in the state should attend at least one day and it doesn't make any difference which day you go for each day will be a good one. This year the meeting is one week later than usual, the dates being July 20th to 24th inclusive, and the horses will be in better condition to go the race of their lives.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's new Discovery for consumption coughs and colds to be unequaled. A recent expression from T. J. McFarland Bentorville, Va. serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat trouble consumption, pneumonia and grip. Guaranteed by C. A. Wright druggist. Trial bottles free, regular sizes 50c and $1.00.

JUNE WEDDING

Miss Florence Cook and John H. Snedeker were united in marriage

AT ADRIAN

Wednesday evening. Miss Cook is a daughter of Mrs. John Cook, of this place.

Among the pretty June weddings will be listed that of Miss Florence F. Cook to John H. Snedeker, which was solemnized Wednesday evening at their own home, 67 Division street. The decorations were very prettily carried out in pink and white, with the introduction of cut flowers, roses and daisies and the greenery of potted plants and smilax. The ceremony was performed at 8 o'clock by Rev. F. W. Sweet, of the First Baptist church, and was witnessed by 75 of the relatives and nearest friends of the contracting parties. They were attended by Miss Myrtie Nash and Isaac Snedeker, and the march, "Heavenward Bound," was played by Miss Gertrude Sutherland of Detroit, the bridal party stationing themselves before the bay window in the back parlor. It was a very pretty setting for the exchanging of the vows.

The bride was attired in a gray cloth gown, trimmed in cluny lace and chiffon and carried cream roses, her attendant a blue silk waist with black skirt, the latter carrying carnations to match the bride's roses.

Mrs. William Snedeker assisted by Mrs. Sebastian Shorten, Charles Jacobs, jr., Mr. and Mrs. Charles Wilkerson, Fred Cook, Miss Grace Snedeker, Bert Inglehart and Miss Gertrude Sutherland served the light refreshments after the congratulations were extended. In the cutting of the bride's cake, the ring went to Miss Grace Snedeker, the silver to Miss Edith Grey, the button to Barton Massey, and the thimble to Mrs. Sebastian Shorten. There were many beautiful and substantial remembrances in evidence for this estimable couple. The bride is a daughter of Mrs. J. W. Cook and has resided at Tecumseh, though being a valued attache of the Page fence office for the past three years. The groom is also in the employ of the Page Fence company as a machinist, and has been with the company for eight years. A pretty feature of the evening was the singing of the Page Fence quartet. The best wishes of a large circle of friends will be theirs. Mr. and Mrs. Snedeker did not go away at this time, but remained at their new home.

Among the guests were Mrs. Fred Osborne of Seattle, Wash., Mr. and Mrs. Vin Bryant, Miss Edith Grey, Miss Alice Cutting, Jay Morse, Mrs. E. W. Cook, Mrs. William Cook and son Earl, Fred Cook and Mrs. Lyman Davidson, all of Tecumseh; Mr. and Mrs. John W. Cook of Milan; Mrs. Millie Wilkerson of Dundee; and Miss Southerland of Detroit.—Adrian Telegram.

BASE BALL

Tecumseh Scores a Decided Victory in her second game of the season

DEFEATING THE IVY'S

Of Toledo, Friday afternoon and taking a scalp from the Clinton team Saturday.

Those base ball enthusiasts, who were sad at heart over the results of Thursday's opening game with Detroit, were given ample opportunity to "cheer up" and give their lungs a little exercise Friday afternoon, when they saw the home team "rubbing it into" the Ivy club of Toledo, to the tune of 11 to 3.

Harris was in the box for the locals and proved a problem hard to solve for the visitors, they making but 5 hits off him.

Until the 5th inning, it looked as if it were to be a repetition of Thursday's game, the score then standing 3 to 0 in favor of the Ivy team; but in that inning the Tecumseh sluggers made four successive hits, and before excitement was over, six men had crossed the plate. Five more hits in the 9th netted 4 more runs and one additional was secured in the 9th. The Toledo's were unable to make a score after the 3rd inning.

THE GAME AT CLINTON

gave promise on the start of being a close and interesting contest, neither side scoring until the 4th inning, when Tecumseh made one run, two more in the next and in the 6th our boys "got onto" Martin's curves and batted in 4 runs, also 4 in the 9th. Gilbert, the left-hand Tecumseh twirler, was pitted against "Monty" and his first appearance in the box was highly satisfactory but 4 hits being made off him, while he fanned 13 men. Tecumseh gave Martin a severe doubling, making a total of 20 hits off him.

MARIA HIXON

Of Clinton, was in town last Thursday and

CELEBRATD 103rd BIRTHDAY

At the residence of C. E. Williamson She is still in perfect health.

Aunt Maria Hixson was born on the 26th day of June in the year 1800 and on Friday, June 26, occurred her 103rd birthday. It has been the custom for quite a number of years past for all of her relatives to meet together and celebrate her birthday. This year the relatives were entertained at the home of C. E. Williamson of this village of whom Mrs. Hixson is a great aunt.

Four generations were represented at the gathering this year of whom Miss Nerissa Fitzsimmons, being about two years old, was the youngest one of the relatives present to whom Mrs. Hixson is a great-great-great aunt, and a very enjoyable afternoon was passed. Certainly Mrs. Hixson is a remarkable woman and it is very interesting indeed to visit with her as she retains her faculties wonderfully and is able to converse freely on incidents and matters of history that occurred during her long life, from childhood until the present time, many of which are amusing and exceedingly interesting to all who are privileged to listen. She is very congenial and lively and seems to enjoy a good joke as well as ever.

During her stay at the home of Mr. Williamson she received many calls, some simply out of curiosity but mostly from friends and acquaintances, all of which she appreciates very highly.

Mrs. Hixson returned to her home at Clinton, Mich., on Sunday afternoon, June 28, well and happy and with good prospects of staying with us yet to enjoy several more of these birthday occasions and we certainly hope and trust that she may be privileged so to do.

It seems that Charlie can prove by several witnesses that he had nothing to do with the killing of the dog and the affair promises to be interesting before it is over. Bostedor has retained F. M. Freeman, and G. R. Gillespie will look after the interests of Kotts.—Clinton Local.

Miss Mary Scully left Wednesday for Toledo, from there she goes to Cleveland, thence to New York City, where she sails for Ireland, Saturday. She intends making an extended visit in Antrim county, Ireland, Scotland and other places of interest. Her cousin, Mrs. Frank Epple, accompanied her as far as Toledo. May she have a pleasant voyage and a safe return.—Deerfield Times.

BRADFIELD'S Female Regulator

for young girls on the threshold of womanhood is invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need a tonic, building up and their blood cleansed.

Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties and as a regulator of the menstrual flows. Painful, obstructed and suppressed menstruation is permanently relieved and all diseases peculiar to her genital organs are cured by it.

Regulator clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched conditions of the skin and cures sick headache at once.

THE PERFECT WAY.

Scores of Tecumseh Citizens have learned It.

If you suffer from backache

There is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

Are endorsed by Tecumseh people.

Mr. C. Patterson, the well known sexton residing in the south-eastern section of Tecumseh, says: "For over a year I had a soreness and pain in the small of the back at times quite severe more especially if I did a hard day's work or took cold, for it always settled in my kidneys. The kidney secretions were also discolored and irregular and I had all symptoms of aggravated kidney complaint. I heard several people praising Doan's Kidney Pills so concluding to try them I got a box at C. A. Wright's drug store and commenced the treatment. I found it just suited my case for it helped me right from the start. It stopped the pain in my back and regulated and cleared up the kidney secretions. I have no hesitation in recommending Doan's Kidney Pills to anyone having any difficulty with their kidneys."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

WHEN THE NERVES ARE SHATTERED.

When the nerves are shattered one cannot think, work, eat, sleep or accomplish anything.

It's a case of force all the time—a continued effort to keep going—no life—no energy—no ambition—upset at anything — nervous headaches — crying spells—fits of depression and utter despondency. Dr. A. W. Chase's Nerve Pills cure this condition to stay cured by rebuilding the shattered nervous system—nourishing the nerve centers and resupplying what is lacking—the active principal of life—Nerve Force.

Mrs. B. E. Gray of Tecumseh, Mich., says: "Last summer I had an attack of fever which left me weak, dizzy and my nerves shattered. I got a box of Dr. A. W. Chase's Nerve Pills at C. A. Wright's drug store and found them splendid, the medicine put me on my feet again rapidly and easily, nerves firm and steady, general health and strength splendid and not a vestige of dizziness. I think the medicine unequaled in such troubles and strongly recommend it." 50c a box at dealers or Dr. A. W Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. Making a Mistake.

Grand Rapids, Mich., June 27.—The state tax commission has forwarded the local assessors the names of ten vessels, supposed to be registered here, together with blanks for assessment purposes. Of these vessels the local assessors say only two, and those of little value, have anything to do with Grand Rapids. They belong to the Allendale-Timzer company and are registered in Wisconsin, where the taxes are nominal. Two belonging to the Grand Rapids Bark & Lumber Co. are so registered. The assessors say the commission has made a big mistake.

Signed a Mortgage.

St. Johns, Mich., June 27.—Mr. and Mrs. Ernest A. Bartram bought a piano last January of Edward Dunkell, paying $75 down and signing what they supposed was an ordinary promissory note for $300, the balance due. The note, they claim, has blossomed into a mortgage to their house and lot on Cass street. They sold the property recently to Ida E. Fortress. When the deed was recorded the mortgage was found filed against it.

A DIFFERENT MAN.

Kaiser Lays Aside His Dignity When Aboard His Yacht.

Kiel, Prussia, June 29.—The emperor's yacht Meteor crossed the line first in Sunday's race for cruising schooners, class A, and kept the lead all the way over the thirty-mile course, beating the Hamburg in a ten-knot breeze by one and a half minutes.

Emperor William had as his guests on board the Meteor during the race United States Ambassador Tower, Prince Henry of Prussia, Prince Adelbert, the emperor's son, Count Tiel-Wenckler, Count Rédern and United States Naval Attache T. M. Potts. The emperor was quite a different man aboard the yacht than when aboard the battleship, talking about yachting and sporting matters the whole time. When lunch time came his majesty helped each member of the party himself from the large cold dishes provided, and Prince Adelbert photographed the group.

The officers of the Kearsarge will give a reception this afternoon, to which the emperor and empress and all the notabilities at Kiel have accepted invitations. A reception will be given aboard the Kearsarge probably Tuesday for the crews of the German fleet.

There has been nothing whatever to complain of regarding the behavior of the American sailors who have been allowed ashore. Signs are displayed everywhere "Americans are welcome to Kiel." The Americans cause considerable wonderment to the Germans by driving around in carriages and cabs; at least half of Kiel's limited supply of these vehicles is thus nightly employed.

THOUSANDS OF PILGRIMS.

Christian Scientists Will Visit Mrs. Eddy's Home.

Boston, June 29.—The annual communion service of the mother church of the Christian Science denomination, the First Church of Christ, Scientist, was held in Mechanics hall Sunday, the three congregations aggregating over 15,000 persons. Each service was impressive, especially in the silent communion, when the entire congregation knelt. Before each service was brought to an end Professor Hering read a letter from Mrs. Eddy, in which she expressed her love for her church and invited communicants to visit her today at her home in Concord, N. H. Thousands will make the pilgrimage.

WEEKLY TRADE REVIEW.

Actual Business Better Than a Year Ago, Says Bradstreet.

New York, June 27.—Bradstreet's weekly review of trade says: Crops, trade and labor conditions still present some irregularities but six months trade returns point to actual business having been better than a year ago, and the situation, as a whole, shows favorable features predominating as to the future.

The feeling is that as time passes the latter will largely outweigh the few noticeable drawbacks to possible future activity. Unseasonable weather, cold in the west and rains at the east, dull retail trade, accentuates the usual quietness in wholesale business and retards the crop development.

The iron and steel situation on the whole seems to have improved slightly. Contracts have been made for rails by leading trunk lines and central western roads.

Wheat, including flour, exports for the week ending June 25 aggregate 3,518,152 bu, against 3,617,415 bu last week, 3,382,701 bu this week last year and 4,364,147 bu in 1901. Wheat exports since July 1 aggregate 221,607,689 bu, against 248,668,350 bu last season and 215,177,724 bu in 1900. Corn exports aggregate 1,285,724 bu, against 1,089,353 bu last week, 130,102 a year ago and 2,455,460 bu in 1901. For the fiscal year, exports are 65,650,604 bu; against 26,322,913 bu last season and 175,084,410 bu in 1901.

Business failures in the United States for the week ending with June 25 number 171, against 165 last week, 153 in the like week of 1902, 196 in 1901, 186 in 1900 and 158 in 1899.

Dark Hair

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."
Geo. Yellott, Towson, Md.

We mean all that rich, dark color your hair used to have. If it's gray now, no matter; for Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

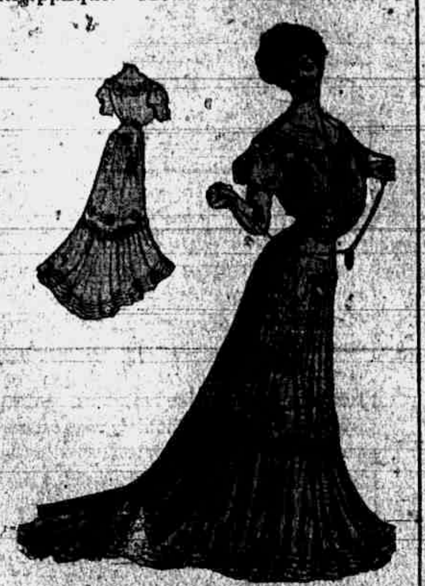
It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LATEST FASHION NOTES.

DINNER GOWN IN PEAU DE CREPE.

The rage for shirrings has called forth charming variations of designs and very attractive is a reception or dinner gown on which this work is introduced. This is represented in old ivory peau de crepe, both bodice and skirt being inset with Marechel Niel yellow flowers in applique. Mexican drawn work is introduced on the decollete bodice, and the ceinture of apricot velvet adds a rich, bold tone. Hand embroidery here finds expression, done in Corticelli wash embroidery silk. The effect is very beautiful.



Shirred costumes will be seen in the numerous crepes, and indeed there is nothing prettier than nun's grey crepe de Chine fashioned in shirred effect, deep around the shoulders, hips, and knees, with adjuncts of grey and white lace, the finishing touches being supplied in fringes, tassels, and delicate cords.

His last Hope realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

The only thing about some churches that seems to point towards heaven is the steeple.

Bishop Potter Vindictive.

New York, June 27.—Bishop Henry C. Potter has taken notice of the open letter sent to him by the Rev. R. C. Fillingham, vicar of Hoxton, Hertfordshire, England, and has sent to the vicar a reply that is vigorous and pointed. Furthermore, he has written to the Rev. Dr. G. M. Christian, rector of the church of which complaint was made, advising him to apply for a detail of police, and in case the Hexton vicar and his followers present themselves and interfere, to direct the police to throw the party into the street.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

FATALLY INJURED

George Oxford an Ontario Farmer Lost His Life.

IN A REAR-END COLLISION

Between Cars on Rapid Railway Near Marine City—Man Named Brahmer Sustained Broken Leg — Brakes Failed to Work.

Marine City, Mich., July 6.—By a rear-end collision between two southbound cars, near Roberts' landing, on the Rapid Railway, shortly after 5 o'clock Sunday afternoon, several passengers were hurt, one fatally and another seriously.

The killed: George Oxford, farmer, of Sombra township, Ontario.

Seriously injured: John Brahmer of Marine City, leg broken and otherwise bruised.

The collision occurred on a long stretch of track several miles south of this city. The forward car was making the regular trip and was closely followed by the second, which was running light. The loaded coach had stopped at a crossing to pick up passengers, when the second, failing to respond to the brakes, crashed into it.

George Oxford and John Brahmer were standing upon the rear platform and were caught as the cars came together. All the other passengers were inside the car in front, and except for bruises, more or less severe, were uninjured.

A wrecking crew from Algonac was sent for and as soon as possible the injured were brought to this city and cared for at the International hotel, where Oxford died about two hours after the accident. Brahmer is suffering severely from his injuries, but the surgeons do not think his life is in danger. The others who were hurt were able to go to their homes.

Man Killed in Collision.

Grand Rapids, Mich., July 6.—Running almost at full speed and loaded with passengers, two cars on the Muskegon Interurban road collided head-on at Ohern's Corners Saturday. One passenger, Martin Schouemaar, of Grand Rapids, was instantly killed and six injured. The cars met on a surve and were obstructed from each other by the heavy timber on the south side of the track, until they were within a few feet of the center of the curve. Both motormen reversed and applied the brakes. Motorman Oren Nobles had just applied the brake when a passenger behind him threw him bodily from the car and followed, both escaping injury. The second passenger to jump was Martin Schouemaar, but he landed directly between the cars and was almost cut in two.

His Wound Proved Fatal.

Detroit, Mich., July 6.—James Moore, the popular tenor singer, died Saturday from the effects of a bullet wound inflicted by his brother-in-law, George W. Parker. The latter, who is now confined at the Central police station, must face a murder charge, and Superintendent of Police Downey says that a warrant will be sworn out charging him with the crime. The prisoner exhibited no emotion and expressed no regret when told of the fatal consequence of his act. On the other hand, it is evident that his family feel that he ought to suffer the penalty of his crime.

Financial Institutions.

Lansing, Mich., July 6.—An abstract of the reports of all the banks, trust companies and societies for savings in Michigan, under date of June 9, was issued by the banking department. Increases in the principal items of resources and liabilities since April 30, 1902, are as follows: Loans, discounts, stocks, securities, etc., $28,759,435 42; commercial deposits, $11,833,641 49; savings deposits, $7,988,604 80. Since Feb. 6, 1903, the increases in the same items have been $6,124,524 86, $2,051,957 18 and $1,614,570 21 respectively.

Weddings Not So Popular.

St. Joseph, Mich., July 6.—The marriage industry in this city is not up to former records, the number of licenses issued up to this date being below that of previous years. July 4 has always been considered a big day, but Saturday only seventeen licenses were issued, and yesterday but ten. The number of licenses issued this season is far short of last year for the same period, and last year was below the year previous.

Stood by His Flags.

Detroit, Mich., July 6.—When George Footit, a street car motorman, started out of the barns Saturday morning he had two small flags flying from the front of his car. He was ordered by the line superintendent to take down the flags, but refused, and when he completed his run took his personal belongings and left the barns. Footit is an Englishman by birth and has been in the service of the company for twelve years.

Married in Public.

Eaton Rapids, Mich., July 6.—A feature of the Fourth of July celebration here was the marriage, on the band stand, of William Brookhouse and Viola Abbott.

Another Kentucky Murder.

Lexington, Ky., July 6.—Another killing is reported from Magoffin county, in which Reb Keeton, aged 20 years, shot and killed Sam Brown, aged 24 years, in a quarrel over a woman. They met at the woman's house, where the shooting took place. After the killing Keeton fled and has not been cap-

GREAT AUTO RACE

Twelve Starters In Contest for James Gordon Bennett Cup.

RACE WON BY A GERMAN

Machine of English Competitor, Jarrott, Dashed Into Bank—Jarrott and Chauffeur Hurt—Americans Made Poor Showing.

Ballyshannon, Ireland, July 2.—The international automobile race for the James Gordon Bennett cup was run Thursday and won by Jenatzy, a member of the German team, who covered the distance of 370¾ miles in 6 hours 36 minutes and 9 seconds, including the stops imposed by the regulations. Two members of the French team ran each other so close for second place that it will not be known until late whether De Knyff or Farman is entitled to the honor. Only one minute divided them. It is thought likely that De Knyff's claim to second place will be upheld.

The most remarkable features of the great race were its practical immunity from serious accidents and the wretched showing by the American team. At Ballyshannon, which is headquarters for the race, no news had been received last night of anyone being injured except one of the contestants, the English crack Jarrott and his chauffeur. Jarrott had a miraculous escape from death and now lies with a broken collarbone and a badly bruised body. His chauffeur also has a fractured collarbone, besides a broken leg. Both, however, are doing well. The accident occurred through the stearing gear of the favorite English car getting out of order when going at full speed. Instead of turning a corner the automobile ran straight into the bank at the side of the road and was smashed clean in two. How the occupants escaped death is more than they themselves can explain. Stocks, another Englishman, had his car disabled through the same cause, but was not hurt.

Moers and Winton Failed.

Baron de Caters, after making a splendid race, broke the axle of his car, and Foxhall Keene retired because of a similar accident. Moers and Winton of the American team both failed to finish owing to derangement in the mechanism of their cars, and Owen, the third member of the team, only completed five K seven laps of the race. Thus only five out of twelve starters completed the course. Of these Edge, the holder of the cup, came in long after the race was officially declared over.

The poor showing of the American competitors is generally attributed to the excessive lightness of their cars.

All the arrangements for the race worked well and the Irish peasants are once more venturing on the roads, though with fearful eyes and keen ears for the roar of the motors as they come down the hills of Kilware.

The general opinion expressed by the British authorities, including the Earl of Mayo and Henry Norman, M. P., is that the race was the most successful ever run and is likely to do much to remove the antagonism towards similar contests and motors in general.

Columbia Sailor Drowned.

Newport, R. I., July 3.—For the first time in the history of American 90-footers a fatal accident occurred Thursday. Carl B. Olsen, a seaman on the old cup defender Columbia, was washed from the bowsprit just before the yact reached the first turn in yesterday's race and was drowned. When the yacht lifted from the big wave into which she had plunged, Olsen was seen almost under the stern clinging to the bobstay, but before assistance could be given him the sleep dipped into another great comber and he was not seen afterward. Captain Miller of the Columbia thinks that Olsen was struck by the overhang of the craft as it came smashing down and knocked insensible. Out of respect for the dead man the Columbia withdrew from the race.

Child Burned to Death.

Washington, July 3.—In the presence of an awe-stricken crowd Morris, the 6-year-old son of Israel Serrate Thursday was burned to death in a fire which started from a gasoline stove. The child appealed from the window for help, but before assistance could be rendered he was dead. The boy's mother made frantic efforts to rescue him and was so severely burned herself that she died later.

Over Thirty Thousand Patents.

Washington, July 3.—A summary of the business transacted by the patent office for the fiscal year ended June 30 shows that 33,229 patents were granted and 54,256 applications filed. The receipts of the office were $1,591,251. The year has been one of the most prosperous in the history of the bureau.

Forever Banished.

Washington, July 3.—According to United States Minister Powell, at Port au Prince, by a decision of the court of the north, more than fifty Haitiens have been doomed to perpetual banishment, among them being the late President Firmin and family and General Salnave and brother.

Reluctant to Serve.

Detroit, Mich., July 3.—When ht jury commission announced the draft of twenty-three prominent citizens for grand jury service yesterday, which is to investigate city affairs, there followede many protests from those drawn. The majority appear to be very reluctant to serve, but some of the statements made would indicate that some gentle pressure would suffice to induce at least two-thirds of the number to stand. The names drawn from the 150 talesmen have met with pretty general approbation, and the jury commission came in for some compliments on its work. Prosecutor Hunt says it looks to be a good jury.

POPE LEO IS DYING

Last Sacraments Administered to the Aged Prelate.

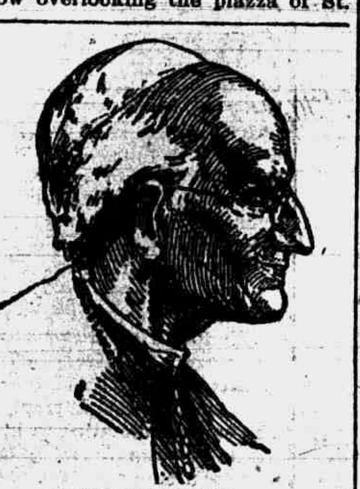
AN IMPRESSIVE CEREMONY

Pronounces His Benediction on Those Surrounding His Deathbed — Less Restless After Ceremony—Strength Leaving Him—Brief Life Sketch.

Rome, July 6.—"God's will be done. Who would have believed it, when only ten days ago I was presiding over a public consistory," murmured feebly Pope Leo as he felt himself, late last evening, sinking into a sleep which lasted about three hours, until excruciating pain brought the dying pontiff back to consciousness.

Though hovering on the brink of death, the life of the pontiff is still prolonged by means of strong stimulants and concentrated nourishment, and, while he is still alive, his wonderful vitality may again resist and conquer the attack of this illness.

Late last evening, after the excitement of the ceremony of the last sacraments was over, the pope seemed less restless, partly soothed by the religious services and partly by a dose of chloride, which was given to him in considerable quantity. The pontiff is lying on a small bed drawn up to a window overlooking the plazza of St. Petersburg, the only picture in the room being an antique Madonna and the sole ornament a great ivory crucifix.



POPE LEO XIII.

During the afternoon the strength of the pontiff began to fail him so rapidly and his condition became so critical that it appeared that only a few hours of his life remained to him. It was therefore deemed wise to advise him of his grave condition, and this was done with tender precaution. Pope Leo was thus prepared for his last communion, which was administered last night with the participation of all the cardinals now in Rome and the whole of the pontifical court.

Around the bed were grouped the Noble Guards, in their glittering uniforms, the Knights of the Cloak and Sword, in their picturesque medieval costume of black with white ruffs, twenty-five cardinals, stately and venerable figures in their sweeping crimson robes. The whole of what is called the pontifical family, headed by Cardinal Rampolla and including all the private chamberlains there. Nearest to the bed stood the imposing, tall figure of the cardinal grand penitentiary, Serafino Vannutelli, with the pope's confessor to hear the last confession of the departing pontiff. Then the priest apostolic approached bearing the viaticum to give the last communion and administer extreme unction, assisted by the grand penitentiary. Pope Leo feebly recited the confession of faith, as formulated by the council of Trent, and finally the words of absolution and the formula of indulgence in Articulo Mortis were solemnly pronounced by the grand penitentiary.

Touching Prayers.

The heads of the great religious orders who were present granted the pope the special indulgences which they have the privilege of conferring. Then came the touching prayers for a passing soul and part of the gospel, the Lord's Passion. As the last words died away all fell on their knees. The pontiff, raising his almost transparent fingers with a feeble effort, pronounced in scarcely audible words his benediction on the sacred college and on all present and then sank back on the pillows. There was scarcely a tearless eye in the whole assemblage; the sobs of the pope's relatives were plainly heard. Deep silence followed, only broken now and again by a murmured prayer or a pious ejaculation.

In the portion of the loggia of Raphael, adjoining the papal apartments, were the families of Count Riccardo Pecci and Count Moroni, the pope's nephews.

His late holiness was born at Carpineto in the diocese of Anagni, in the papal states, on March 2, 1810, being christened under the name of Joachim Vincent. The Society of Jesus, which it was afterwards the first care of his pontificate to restore to its ancient position in the councils of the church, was entrusted with his education, young Pecci being sent at the age of eight years to the Jesuit college at Viterbo, where he remained until his fourteenth year. At this time his mother died and he shortly afterwards proceeded to Rome to continue his studies at the Jesuit college in that city. He obtained in 1831 the degree of doctor of divinity and entered the Academy of Noble Ecclesiastics to study law and diplomacy and thus qualify himself for joining what may be termed the papal diplomatic service and become conversant with the system of the spiritual government.

In 1837 Joachim Pecci received the sub-diaconate and diaconate and on March 14 of the same year Gregory XVI made him a domestic prelate, his first promotion, with the title of monsignor.

On Dec. 23, 1837, he was ordained priest by Cardinal Odescalchi, saying his first mass in the chapel of St. Stanislaus at the Jesuit noviciate of St. Andrea. Early in 1838 Mgr. Pecci was named governor of the papal province of Benevento, and, like Sixtus V, busied himself with the suppression of brigandage.

The young ecclesiastic in 1843 was called to exercise his talents in a more important post, being consecrated bishop of Damietta in Partibus and sent to Brussels as papal nuncio.

After leaving Brussels the nuncio paid a visit to London. This was in February, 1846, and in the same year he was consecrated arhbishop of Perugia. He continued in this position for the thirty-two years which intervened before his election to the highest position in the church, his tenure of the epicopate coinciding exactly with the thirty-two years of the reign of Pius IX.

A tthe consistory, held in 1877, Cardinal Pecci was appointed camerlingo of the Roman church, which gave him chief charge of the temporalities of the holy see. In this capacity it fell to his task to make the necessary arrangements for the conclave for the election of a new pope after the death of Pius IX in February, 1878. The conclave lasted thirty-six hours, and at the third ballot Cardinal Pecci was elected supreme pontiff and took the name of Leo XIII, after the famous Pope Leo X, for whom he had a great veneration. He was crowned on March 3 with the tiara, or triple crown, the ceremony taking place in the Sistine chapel in the Vatican, where the conclave had been held.

Deafness cannot be cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrah, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

WOMEN ARRESTED

Mrs. Thorpe and Daughter Charged With Killing Warren Thorpe.

JACKSON COUNTY'S SENSATION

Thorpe Found Dead With Bullet Hole In His Head—Lived Unhappy Life With His Wife—His Sons Demanded Investigation.

Jackson, Mich., July 3.—On a warrant charging them with causing the death of Warren Thorpe, Mrs. Thorpe and daughter, Pearl McDonald, were arrested Thursday afternoon, and will be given an immediate examination. E. Kirkby, their attorney, is confident that he can clear them.

Knowing of the proceedings, the women came to the city Thursday and notified the sheriff that they could be found at the office of their attorney, Elmer Kirkby, where the warrant was served. They were immediately taken before Justice Helmer for arraignment, where they demanded an examination, which was set for next Monday.

His Second Wife.

Warren Thorpe was a farmer in Blackman township, and living with him was this woman, his second wife, and her daughter by a former marriage. Mr. Thorpe's mother had also lived with him, but some time ago was taken to Jackson, where Mrs. Thorpe visited her as frequently as possible. The life of the family was far from pleasant. Thorpe required his wife to do a man's work upon the farm, and the removal of the mother to Jackson is claimed by Mrs. Thorpe to have been caused by the abuse her husband heaped upon the old lady.

Thorpe is claimed to have been jealous of his wife, frequently attributing her visits to Jackson to other reasons than her desire to look after her mother. And yet he is known to have spoken proudly of her to neighbors, and she still professes great affection for him, even while telling of the difficult life she led.

The unhappy pair were once separated. Mrs. Thorpe left the farm and was about to seek a divorce when he came to her, promising better treatment, and she finally gave in. She says it was for the sake of her daughter and mother, the former a feeble woman, both dependent upon her, that she accepted his promises and took up the burden a second time.

Told Suicide Story.

Three weeks ago Thorpe was found dead in his home, a bullet hole through his head, and the story of suicide told by Mrs. Thorpe and Miss McDonald was generally accepted as the truth. But when she applied for letters of administration of his estate two sons of Thorpe by a former wife opposed her petition. They charged her with murdering their father and demanded an investigation.

The body was disinterred and an inquest held. The course of the wound through the head, the condition of the old farmer's clothing, and the mark the fatal bullet made in the window frame behind his chair demonstrated the improbability of suicide. The widow offered the testimony of her daughter and a neighbor that she was in the yard feeding chickens at the time the shot was fired.

Together with the sheriff, the prosecutor has been pursuing the investigation since the inquest, and yesterday completed the complaint upon which the warrant was issued.

Man, Woman and Love.

In one of his books Max O'Rell, the witty Frenchman, gives the following advice:

"If you are bald, never make love to a woman taller than you. Looked at from below, you are all right.

"Never let your ladylove see you without a collar; no—not even the very wife of your bosom. A man's head without a collar is like a bouquet without a holder.

"Never marry a woman richer than you, one taller than you, or one older than you. Be always gently superior to your wife in fortune, in size and in age, so that in every possible way she may appeal to you for help or protection, either through your purse, your strength or your experience in life. Marry her at an age that will always enable you to play with her all the different characteristic parts of a husband—a chum, a lover, an adviser, a protector and just a tiny suspicion of a father."

Painfully Honest.

Prude—Well, why did you refuse him after you had taken him away from the girl he was engaged to?

Flirt—Oh, I haven't quite reached the point when I will receive stolen goods

How the President Is Paid.

In the apportionment of the salaries of all United States government employees the year is divided into quarters and each quarter subdivided according to the number of days in each month, but the president receives practically the same amount every month. Thus, if a president should die at the end of February, after receiving his salary for that month, his successor would in reality receive less than the full amount due him in March because his predecessor had, in effect, been overpaid the prior month. Inasmuch as the president's salary may not be divided into exactly equal parts, it is necessary to pay the chief magistrate $4,166.66 on some months and $4,166.67 on others. On one occasion during the Cleveland administration a mistake was made, and there were sent to the chief executive three successive warrants for $4,166.66. When the error was discovered, the treasury department hastened to dispatch to the White House a warrant on the United States government for a cent, made out in Mr. Cleveland's favor, though the president never cashed this check.—Argonaut.

The Professor, the Lady and the Cow.

It is told of a certain professor whose absentmindedness about equaled his learning that he was one day, crossing the college campus, absorbed to such a degree in a book of his that had just been published that he was lost to everything else. Suddenly he bumped up against an object, and looking up he saw that he had collided with a cow that had rudely strayed in his way. "Get out of the way, you cow!" he exclaimed irritably, prefixing an impolite adjective to "cow."

The next day as the professor was again crossing the campus, immersed in his reading, he again ran into an object. "Oh, that confounded cow!" he exclaimed. Then, hearing an indignant "Sir!" he looked up hastily to discover that this time he had come up against the wife of a fellow professor. It hardly made matters better to assure her that he had taken her for a cow, and it required the good offices of the entire faculty to restore an era of good feeling.

A Ludicrous Word Twister.

Professor William Archibald Spooner of Oxford university has become famous as a ludicrous word twister. Once at a special service, seeing some women standing at the back of the church waiting to be seated, he rushed down the aisle and addressed the ushers as follows, "Gentlemen, gentlemen, sew these ladies into their sheets." Being asked at dinner what fruit he would have, he promptly replied, "Pigs, fleas." This is the way in which Dr. Spooner proposed to his wife: Being one afternoon at the home of her father, Bishop Harvey Goodwin of Carlisle, Mrs. Goodwin said, "Mr. Spooner, will you please go out into the garden and ask Miss Goodwin if she will come in and make tea?" The professor, on finding the young lady, said, "Miss Goodwin, your mother told me to ask you if you would come in and take me."

A Soft Answer.

Dibbs (rather shortsighted, overtaking total stranger and slapping him on back from behind)—Hello, old fellow! How are you? So glad to see you again. Who'd have thought of meet—

Stranger—Confound you, sir! How dare you strike me in that blackguardly manner? You ought to be more careful that you've got the right person.

Dibbs—Really, sir, I must apologize, but I took you for the Earl of ——. The likeness is really won—

Stranger (greatly mollified)—Say no more, sir, I entreat. I quite see how the mistake occurred. Magnificent weather, isn't it? Good morning to you; good morning.—London Answers.

Took It Calmly.

A Baltimore physician was once called hurriedly to see the sick child of colored parents in the vicinity and perceived at the first glance that the infant had but a few hours to live. Expecting an outburst of anguish, he broke the truth as gently as possible to the child's mother and was met with the sterling rejoinder, "That's all right, doctor; there's plenty of room for him up yonder, but we're dreadful scrouged down here."

She Was Master.

Father (left in charge)—No, you cannot have any more cake. (Very seriously) Do you know what I shall have to do if you go on making that dreadful noise?

Little Girl (sobbing)—Yes.

Father—Well, what is that?

Little Girl—Give me some more cake!

And she was quite right.

Hurrah.

"Hurrah!" It used to be "Hurray!" and the cry is as old as England. It is the battlecry of the old Norse vikings as they swept down to burn and murder among the peaceful British. "Tur, aie!" was their warcry, which means, "Thor, aid!" an appeal for help to Thor, the god of battles.

Left Helpless.

Mrs. Brown—So your girl has left you? What for, for mercy's sake?

Mrs. Black—Absolutely for nothing.

Mrs. Brown—Oh, that's it. I remember you told me she wouldn't leave you for anything.—Boston Transcript.

Often the Method of Treatment.

An old negro preacher divided his sermon into two parts—first, all de things in the text, and, second, all de things not in de text, and, bredren, we'll wrastle wid de second part fust."

Rice is the emblem of fertility, and the custom of throwing it after a bridal couple arose from a wish that they might be blessed with a large family.

His Nickname.

"I hope they don't give my little boy any naughty nicknames in school."

"Yes, ma, they call me 'Corns.'"

"How dreadful! And why do they call you that?"

"'Cause I'm always at the foot of the class."

Thought It Likely.

Mrs. Dozzle—And will you love me when I'm old and unlovely?

Doozle—I suppose so. You see, I'll be old and daffy then myself.—San Francisco Bulletin.

Work is the inevitable condition of human life, the true source of human welfare.—Tolstoi.

A Model.

"Oh, no," declared the younger one, "my husband never goes to clubs or any other places of amusement unless he can take me with him."

"Dear me! What a splendid man! How long have you been married?"

"It'll be seven weeks next Tuesday."—Chicago Record-Herald.

The Du Ponts of Powder Fame.

The Du Ponts own powder mills in all parts of the country from the Atlantic to the Pacific. Among the Du Ponts themselves there is a process of selection for those who are to have to do with the powder works. The youngsters are watched, and when one shows nervousness in the face of danger he is placed somewhere else than in the powder mills. The rule is that a Du Pont in person shall always lead whenever there is imminent danger. A number of Du Ponts first and last—and some of them important ones—have been killed under this rule, and there repeatedly have been heroic escapes from death through this disregard of the fear of it.

The family rule is a despotism, and a very strict one. The family always has a head, and what this head or chief says the other members of the family do. This headship does not necessarily descend from father to son even when there are sons. Sometimes it goes from uncle to nephew, the main point being to secure a Du Pont thoroughly competent to manage the business affairs of the family.—New York Tribune.

Americans Abroad.

The mere fact of an American citizen taking a trip abroad or residing there for a short period does not deprive a native born citizen of this country of his citizenship, nor does he lose the right to the protection of this government by so doing. If he abandons his residence here, he loses his right to vote just as if he moved to another state, but acquires it again by returning to this country. Nearly all the nations on the globe claim the right of authority over native born citizens of their own countries even after those citizens have acquired citizenship elsewhere—that is, if a native Russian comes here and is naturalized, then returns to Russia for a visit, the Russian government might compel him to do army service despite his American citizenship. This principle was embodied in the famous expression "once an Englishman, always an Englishman," so much quoted during the war of 1812.—Detroit Free Press.

The Coroner and the Bottle.

The following little scene at an inquest upon the body of a murdered man is reported by a correspondent of the Anglo-Russian from Astrakhan: The coroner dictating to his clerk: "On the table was found a bottle— No; stop for a moment. We must ascertain its contents." The coroner, tasting the liquid, dictates: "The bottle contained English gin. Perhaps not; I am not sure; taste it yourself." The clerk, having done so, replies, "I think it is simply strong vodka." The coroner, tossing off another glass: "No, really. It tastes like gin." The clerk, tasting the liquor again, "I still think it is only vodka."

The bottle having gradually become empty, the coroner proceeded to dictate in a decisive tone: "Write: An empty bottle was found on the table, and all measures taken to ascertain what it contained were of no use."

A Ruskin Thought.

To be content in utter darkness and ignorance is indeed unmanly, and therefore we think that to love and find knowledge must be always right. Yet wherever pride has any share in the work even knowledge and light may be ill pursued. Knowledge is good, and light is good, yet man perished in seeking knowledge, and the moths perish in seeking light, and if we who are crushed before the moth will not accept such mystery as is needful to us we shall perish in like manner. None but the proud will mourn over this, for we may always know more if we choose by working on, but the pleasure is, I think, to humble people, in knowing that the journey is endless, the treasure inexhaustible.—Ruskin.

Lambert's Oaks.

From Lambert's Oaks, formerly an inn, in the parish of Woodmansterne, England, the famous Oaks stakes acquires its name. The house was built by a society called the "Hunter's club," under a lease from the Lambert family. It afterward became the residence of the unfortunate General Burgoyne, from whom it passed to the eleventh Earl of Derby, whose grandson, the twelfth earl, greatly improved it.

Elbows and Knees.

If the elbows of men's coats and the knees of trousers are out of shape, lay a damp cloth on them and fold up for a couple of hours. Lay on the ironing board, smooth and pull gently until they lie flat and take their original lines, then press, under cloth, with a hot iron. Dry thoroughly with the iron. Sponging with borax water will remove the shiny appearance of much worn coats and dress skirts.

If One Could Reach the Rainbow.

Many improbable and impossible things would happen if you could only get in reach of "the rainbow." The little Turk is told that if he would have a silver head, with gold teeth and ruby eyes, he has but to touch the orange stripe. In Greece they say that the person so unfortunate as to stumble over the end of the bow will have his or her sex immediately changed.

Not an Earthquake.

Mrs. Houser (hearing tremendous noise in the kitchen)—Great goodness, Bridget, what was that, an earthquake shock?

Bridget (calmly picking up the pieces of glass)—No, mum; only a little jar

There Is No Right.

"What is the right thing to do when your wife asks you for money and you haven't got it?"

"Under those circumstances anything you do will be wrong."—New York Herald.

Albert Johnson, a lad at Trufant, was burned about the face and may lose his sight from an explosion of powder.

Glen Dakin's leg was broken at Au Sable in a hurdle race.

At Mason Robert Oliver lost an eye by the explosion of a giant cracker thrown at him.

John S. Thompson, Jr., a St. Clair fireman, fell in a race at Richmond and was run over by a hose cart. His shoulder bone was broken.

Beliefs About the Rainbow.

In many countries the rainbow is spoken of as being a great bent pump or siphon tube, drawing water from the earth by mechanical means. In parts of Russia, in the Don country, and also in Moscow and vicinity it is known by a name which is equivalent to "the bent water pipe." In nearly all the Slavonic dialects it is known by terms signifying "the cloud siphon," and in Hungary it is "the pump," "Noah's pump" and "God's pump." The Malayan natives call it by the same name that they do their banded water cobra (necheta), only that they add "bobo" (meaning double headed), the equivalent in our language being the "double headed watersnake." They tell you that the bow is a real thing of life, that it drinks with its two mouths and that the water is transferred to the clouds through an opening in the upper side of the center of the great arch.

In the province of Charkoy, Russia, the rainbow is said to drain the wells, and to prevent this many are provided with heavy, tight fitting stone platforms. In the province of Saratov the bow is said to be under control of three angels, one of whom pumps the water, the second "feeds" the clouds and the third sends the rain.

Portsmouth Harbor.

There has existed a harbor at Portsmouth, England, resorted to by fighting ships from the most ancient times in our history. The Romans undoubtedly used it when they had their stronghold at Portchester, and they appear to have named it Portus Magnus, or the Great Port. The footsteps of the Roman provincials and of the Saxons and Normans may be traced, and from these times onward the name of Portsmouth occurs frequently in our history. The place had attained some measure of importance in the reign of Henry I. Richard Coeur de Lion set sail thence when last he left the shores of his kingdom, and in the time of his successor a naval establishment existed at the port.—London Globe.

Practical Inquiry.

The town council of a thriving burg in the west of Scotland recently acquired a piano for their town hall and appointed three of their number to inspect and report on the purchase. The councilors were not musical experts, but one—a joiner—bending down and applying his eye to the several corners of the instrument, remarked, "I'm nae judge of music, but I'll warrant ye a' the boards are plumb."

No Satisfying Her.

"Women are hard to understand."

"Think so?"

"Yes; I told her she carried her age well and she was offended."

"You don't say!"

"Yes; and then I told her she didn't carry it well, and she wouldn't speak."—Philadelphia Record.

Profanity of His Profession.

"Who is that scientific gent in room 15?" asked the scrub lady.

"I dunno," answered the broom gentleman; "but he's a funny one to swear. You ought to hear him. When he saw a lot of mold on top of his ink, he said, 'B'cillus!' just that way."—Chicago Tribune.

A Sustaining Diet.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic, —say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

WANTED.

We would like to ask, through the columns of your paper, if here is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25 cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25 cent size has just been introduced this year. Regular size 75 cents. At J. J. Orr's.

IT'S JUST

THE THING
Every person should see to it that their blood is in order each Spring. Nature must purify the blood. That is the only way it can be purified. In order that nature may do its part in cleansing the blood from the Winter's accumulation of impurities the
KIDNEYS AND LIVER MUST BE ACTIVE
so that they may carry off the impurities; there is no remedy that will do this quicker and better than
Kinyon's Blood and Kidney Remedy
and the reason this remedy is so much more successful than all others is because it strengthens the kidneys and liver and puts these organs in shape to perform their natural functions.
IT STRENGTHENS THE STOMACH
so that the food may be properly digested and the body is consequently nourished and all the organs strengthened, this then means a strong body and health.
PROOF
J. Kosmer, Agent Grand Union Tea Company at Niles, Mich., writes: I use Kinyon's Blood and Kidney Remedy in my family every year. I find it the greatest blood purifier and tonic. It regulates the kidneys and liver and purifies the blood, and with this simple remedy I always keep my family well.

This little seat makes every buggy or sleigh as comfortable for three persons as for two. It fits any vehicle without fastening, carries 600 pounds, and will last a lifetime. It folds neatly and can be put in the box with the cushions.

The New I. D. SEAT does not wear the cushion because only the lower carpet comes into contact with it, and this, locking firmly with the cloth, prevents motion and friction.
The lower carpet prevents the frame from sinking into the cushion to the destruction of both cloth and springs.
The New I. D. Seat must stay on Top of the Cushion
As a third seat the device represents perfected excellence. But this is not half the story. With its two carpets it is the neatest and best hassock or foot rest for adults in the house and altogether the prettiest and most convenient child's chair. It pays a dividend on your investment every single day, occasionally as a third seat in a vehicle and all the remaining time it does duty in the house.

Is the Title of a Handsome Little Book about the Loveliest Spot on all Lake Michigan
Fair Frankfort on the Lake
Where balmy breezes always blow, every one hearing the murmur of rippling waves and the invigoration that comes with pure air and a temperature like a perfect day in June; where the tired and work-sick find rest without ennui, seclusion without isolation, entertainment without effort, companionship with companionable people; strength-restoring sleep at night and a lively appreciation of life by day; where the sportsman finds richest reward and the athlete has a world to himself; where the glint of broad Lake Michigan is grandly foiled by shady hills, the former enlivened by innumerable pleasure craft and majestic steamers, the other the haunt of feathered songsters, domains of the hammock, book-lovers, painters and those who find their greatest pleasure in close communion with nature and the Creator's most perfect work. —Such is the environment of the "Royal Frontenac Hotel," Frankfort, Michigan. Wouldn't you like to go there?
The book will be mailed free to any address upon application to J. J. KIRBY, Gen'l Passenger Agent, Ann Arbor R. R., Toledo, Ohio.

Arthur Bradley, of Ypsilanti, is spending the day in Tecumseh. Mr. Bradley has been very ill and his many friends are glad to see him out again.

Mrs. J. Root has received a letter from her son Matthew, who is in Cape Town, South Africa, which stated that he is recovering from his attack of rheumatism and is much better.

Mrs. C. B. Hicks, who has been visiting Fred Rosacrans and family, returned to her home in Alpena yesterday. She was accompanied home by Miss Marian Rosacrans, who will remain there for a visit.

Mrs. G. R. Jackson, who has been spending the last two weeks with relatives here, returned to Flint Friday. Mr. Jackson, who travels for a Chicago dry goods house, will make that place his head quarters.

A Tecumseh drug firm offers a remedy which it avers will kill Canada thistles. We are inclined to believe however, that so far as Canada thistles are concerned, there is no use in kicking against the pricks.—Adrian Press.

Michael Wilson died at the home of his son, John Wilson, July 4 at one o'clock of dropsy age 73. The funeral was held at his late home yesterday afternoon at 2 o'clock, Rev. Mott officiated. Interment at Raisin Valley.

The Lake Shore railroad company is so short on passenger coaches that many places wishing to run excursions cannot be accommodated, thus causing the low-rate travel idea for purposes of recreation to be abandoned in many places.

Misses Anna Williamson, Ethel Slayton, Florence Eccles, Madge Hinley, Lena Smith, Luella Williamson, Ella Potter, Messrs. Floyd Heesen, Elmer Slayton, Favor Burlingame, Floyd Williamson, Don Wright, Don Heesen, Bert Meyer, Chas. Waring, Bert Rector, Wade Jones were visitors at Sand lake the Fourth.

Mr. and Mrs. Jas. Watson of Adrian, who have been visiting his parents here, are now visiting relatives in Deerfield.

Mrs. M. Smeltzer and daughter, Bertha, entertained at Military Flinch on Friday, July 3rd. Six tables were played. The rooms were beautifully decorated in red, white and blue in flags and quantities of flowers. About forty guests were entertained.

Seventy-two years ago last Saturday, July 4, Almstead Hough, father of F. J. Hough, settled in Tecumseh. Our well known old pioneer resident, F. J. Hough, was eight years of age at that time, having passed his eightieth year a few months ago. Mr. Hough has very vivid recollections of these old pioneer days, but it is especially sad to realize that of his old schoolmates only two are now living.—Adrian Telegram.

Village Taxes.

RAYNOR BREWER, treas.

Night was her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, LaGrippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1.00. Trial bottles free at C. A. Wright's drug store.

ROUND ABOUT US.

The cement company has bought lots of Mrs. Lockwood and Miss Taylor, on which good gravel beds are found, and are hauling gravel to be used in the concrete walls of the cement plant.—Manchester Enterprise.

John George Weidman, who was married Saturday to Miss Elmira Wessell, left the following written request last week with one of his customers: "Please pay this bill as I am going to be married and need a lot of money." Mr. Weidman has ideas on the subject. He also has an eye for business and is the possessor of a rather enviable milk route.—Ann Arbor Argus.

Ex-postmaster L. C. Winship of Holloway, has turned the tables on Inspector Hazzelblad, who has been announcing that he would bring suit against Mr. Winship's bondsmen even though the jury at Detroit acquitted the postmaster of the charges against him. Hazzelblad was arrested Wednesday on charge of malicious prosecution and had to put up $1000 bail The trial will be held in Detroit.

Adrian Telegram:—The fakir doing business on the Hotel Gregg corner Saturday night done up his crowd good and hard by selling electric belts at a dollar each, promising to buy them back. When he had roped a large number on the old graft, he drove off to the Lake Shore depot to catch a train west. His train was late and the "suckers" formed a mob, went to the depot, held up Mr. Fakir and made him cough up most of the ill-gotten chink.

Rev. Austin W. Mann, who conducted the deaf mute service in this city last Thursday, recently married his hundredth deaf mute couple in Cleveland without uttering a single word. Mr. Mann possesses a unique accomplishment. In answering the written questions as to something of his work Mr. Mann wrote his replies in a clear concise manner, years of practice having made him proficient in this mode of conversation. When writing his replies, he wrote his words upside down so that his "listner" who sat facing him could read each word as he spelled it out.—Ex.

Tom Brown is a good blacksmith at Sand Creek. He is not Tom Brown of Oxford, nor is there anything remarkable about the fact that he conducts a blacksmith shop. It is not strange either that Tom though well along in years has a father, but when one considers that Brown senior conducted a blacksmith shop in this country 70 years ago, and that he may be found at work almost every day in Sand Creek in his son's shop, though he is 94 years of age, it becomes an interesting fact. He has voted more times for president we opine than any man in Lenawee, and three times he chucked in a ballot for Grover Cleveland, the wrecker. The old man would take great pleasure in helping weld Grover to a good standard side by side with Hanna, Platt and Quay, and keep him in the republican harness.—Adrian Press.

Fred McMahon was badly hurt Tuesday evening by a colt somewhere near John Gibson's residence. He hitched his colt to the cart, after the day's work and drove north to a neighboring farmer and secured a couple of fowls placing them in the cart and was on his way home when the accident happened. The fowls became uneasy and flapped their wings which frightened the colt and he kicked landing one foot square in Fred's face, knocking him out of the cart, also breaking three teeth. He don't know how long he lay where he fell; however he walked home and was in a dazed condition when he reached there, covered with blood. A considerable time is still blank save the thought of home. Dr. Manley was called and says that he is not dangerously hurt which we hope is true.—Deerfield Journal.

WON BOTH GAMES

Tecumseh Wins a Double Header with the Detroit Independent Ball Team, who had

A NARROW ESCAPE

From a Shut-out in both morning and afternoon games.

Notwithstanding the heat that prevailed on the glorious 4th, probably intensified by the great quantity of gun powder consumed in Tecumseh the evening before, the ball games at Athletic Park were largely attended, the crowd in the afternoon being such as to tax the capacity of the grand stand and bleachers, while the later comers were obliged to see the game from the best point of vantage their good luck or ingenuity might secure.

In the morning Harris was in the box for the home team and but 3 scattered hits were the visitors able to make off his puzzling delivery, while 11 of them were struck out by the redoubtable "Jimmy."

The afternoon game was a second edition of the morning game, being characterized by light hitting and indifferent fielding on the part of the Independents, and hard hitting and snappy fielding on the part of the locals. Gilbert made his first appearance in the box for the Tecumseh team on the home grounds, and won golden opinions by his clever work. He struck out 13 men and allowed but 5 hits. A peculiar feature of this game was the sliding done by the local talent in the 2nd inning, when four of them slid a generous part of the distance from 3rd base to the home plate, one after the other, each reaching the plate just in time to avoid an out and score a run.

Hosmer led in the slick work in the morning's game, making a double and single, while Beasley carried off the honors in the afternoon with a double and two singles. A one-handed capture of a hot grounder by Keveney, the Detroit 3rd baseman, was a feature of the afternoon game.

Altogether the crowd was somewhat disappointed in these game, Tecumseh having things too much her own way, yet there was some pretty ball playing, and ample proof was given that Tecumseh has a fast ball team that can face a pretty stiff team and come off victors.

LITERARY NOTES

Among the illustrated articles which enliven the current number of The Critic, the most significant is Mr. William Henry Shelton's "Artist Life in New York in the Days of 'Oliver Horn'". Mr. Shelton, who is an authority on the artistic and social side of New York during the past half-century, has written a paper which is full of the flavor of the past. He follows the fortunes of Oliver Horn throughout his career, identifies the leading characters in the story, and thus renders more precise even than Mr. F. Hopkinson Smith did the physiognomy of the time. Numerous photographs and original drawings give the proper note of actuality to the letterpress.

Two years aog Lippincott's Magazine published a "Complete Novel" called "The Lifting of a Finger," which made a decided hit. The July number now contains another novel from the same pen, that of Ina Brevoort Roberts. Like its predecessor, "The Pretenders" is a tale of modern society treated with the same brightness and charm, yet showing a great advance in the handling of delicate situations and subtleties in plot. Mrs. Roberts surely has the gift for "making love." Those who are "in the game" say she does it just right. For a journey on cars or boat this story is an ideal pastime.

All the short stories in the July Lippincott's are suited to the "good old summer-time" when one is not ashamed to confess he wants something not solid but entertaining.

The true difficulty about art, a painter once told a pupil, is not to produce it, but to sell it.

The hardest of all things is to get a man to stop and look himself squarely in the face.

The lamp of God's Word needs no trimming.

MOTHERS, DO YOU KNOW the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not take internally any medicine for the pain accompanying pregnancy.

Do You Know that Mother's Friend is applied externally only?

Do You Know that Mother's Friend is a celebrated prescription, and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradfield Regulator Co.?

Do you know that when you use this remedy during the period of gestation that you will be free of pain and bear healthy, hearty and clever children?

Well, these things are worth knowing. **They are facts.** Of druggists at $1.00. Don't be persuaded to try a substitute. Our little book **"Motherhood" free.**

TO BE DEPENDED ON

Because It is the Experience of a Tecumseh Citizen and can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but the public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute.

Postmaster J. W. Wightman, well known to every reader of this statement, says: "I have no hesitation in endorsing Doan's Kidney Pills procured at C. A. Wright's drug store. They have been used in my family and the most satisfactory results followed the treatment. They proved to be a remedy of merit. You can use my name to that effect if you think proper."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

When some men discharge an obligation you can hear the report for miles around.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry on hand.

No woman who has attained social eminence ever helps another to the hights.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

The preacher must have much faith in men, or they will have none in his message.

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired. Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. E. Anderson of Tecumseh, Mich., says;—"I was so nervous that I could not sleep at night and was weak and suffered from dizzy spells. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. A. Wright's drug store and they were just what I needed. Since I used the medicine my nerves are steady and strong—I sleep finely—the dizziness is all gone and the general health, strength and vigor splendid. I think the pills a splendid nerve medicine and have no hesitation in recommending it strongly." 50c a box at dealers or Dr A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

BIG WATERSPOUT

Falls on a Park Full of Pleasure Seekers With Awful Result.

LIVES LOST IN THE FLOOD

Big Dam Gives Way, Allowing Great Wall of Water to Sweep Into Valley —People Fled to Hills—Catastrophe Near Greensburg, Pa.

Pittsburg, July 6.—A telephone message from Jeannette, received at midnight, says from 50 to 75 men, women and children perished by the cloudburst at Oakford park. The majority were drowned or their lives beaten out against rocks in Brush creek, but quite a number were electrocuted. At least 800 persons were at the park seeking relief from the heat.

Greensburg, Pa., July 6.—A waterspout of immense proportions, striking in the vicinity of Oakford Park Sunday afternoon at 4 o'clock, created a flood that caused great loss of life and property. It is known that at least twenty persons lost their lives, and rumors place the number of dead at more than 100, but up until a late hour last night only three or four bodies had been recovered, having been washed to banks of the little creek that runs parallel with the park.

At 3 o'clock rain began to fall in torrents in the vicinity of the park and spread over a territory covering probably ten miles.

Warning Given.

A half hour later the evident cloudburst occurred. The waters in the lake north of Oakford park began to swell and Manager James McGrath, believing that there was danger of a final break in the great walls of the dam, hurried among the crowds of pleasure-seekers who had gathered under the roofs of the park buildings, in line of the water should the banks break, and warned them to run to the nearby hills. A half hour after the buildings had been cleared of the people the waters mounted the wall of the dam, and water to the depth of five feet flowed over the entire length of 400 feet of the wall. The park, or ravine, studded with buildings, the merry-go-round, the laughing gallery and other amusement places were twisted about and were knocked from their foundations. The rain continued to fall in awful torrents and about 4 o'clock forty feet of the wall gave way with an awful crash. The flood beat down the ravine with a roar that was heard for two miles. A half mile down, at the junction of the Greensburg & Jeannette and the park car lines, the car barns are located. Beyond were located the small waiting-room and on the track was standing a car laden with people. The flood struck the waiting-room, containing probably a dozen persons. A number of them escaped, but there is no one positive how many were lost. The street car was caught and swept into the creek. A number of the people in the car jumped off and there are conflicting stories as to the number of persons who were carried with the car. It is believed that fully ten persons, who were in the car, were drowned.

Death Separated Them.

Standing on the platform near the waiting-room there were a man and wife, whose names have not been learned. When the flood came the husband escaped, but the wife was carried away.

The park is patronized by the people of this town and Jeannette, and when the fact was announced that the dam had given away and the rumor said that from 200 to 300 people were drowned, excitement knew no bounds.

An army of searchers is headed by Manager McGrath, who is doing everything to allay the suffering of the anxious persons who are awaiting some tidings of missing friends.

The scene there last night was heartrending. The wailing of mothers, who have certainly lost little ones, is pitiful. Many of those who were first reported missing from Greensburg turned up.

PASSING OF A SOLDIER.

Colonel Salsbury, Prominent Adrian Attorney, Is Dead.

Adrian, Mich., July 6.—Hon. Lester H. Salsbury, one of the leading attorneys of this county and southern Michigan, died at his home in this city Sunday morning, at the age of 63 years, his demise being indirectly attributable to wounds received in the civil war.

Colonel Salsbury entered the army at the beginning of the civil war as a private in the Second Michigan infantry and served throughout the struggle, being discharged as a colonel by brevet. He was wounded many times and had suffered ever since the army days from a wound through his lungs.

Mr. Salsbury was born in Dover, Lenawee county, in 1840. He attended college at Oberlin, Hillsdale, and the law school at Ann Arbor, and was admitted to the bar in 1872. His law partnership with his surviving partner, John L. O'Mealey, has extended over a period of twenty years, ending last January, the firm occupying the same offices the whole time. He is survived by his wife and also leaves a brother, Levi O., of this city, and sister, Mrs. John Allen of Devil's Lake.

At the battle of Gettysburg, where he received a bullet through the body, he fell just before a cavalry charge that literally plowed through human flesh. He crawled to the edge of a large boulder and the horses parted as they reached it, going around.

Dark Hair

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."
Geo. Yellott, Towson, Md.

We mean all that rich, dark color your hair used to have. If it's gray now, no matter; for Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlin's Colic and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

Many Were Hurt.—Twenty-five persons were injured Sunday by two trolley cars, filled with people, crashing together on the steep hill near the entrance to Chestnut Hill park, in Philadelphia. The two cars were going down the hill when the rear car got beyond the control of the motorman and dashed into the forward car, and both were badly wrecked.

A Fatal Duel.—J. J. Condon, a railroad contractor of Knoxville, Tenn., was killed at Crawford, Tenn., Saturday night. Condon was engaged in railroad construction. Hearing a disturbance in the commissary, he demanded the cause. A drunken miner turned on him and emptied a load of buckshot in his body. Condon seized a Winchester and shot his assailant, fatally wounding him, but not until after the latter had fired a second shot, which killed Condon.

CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

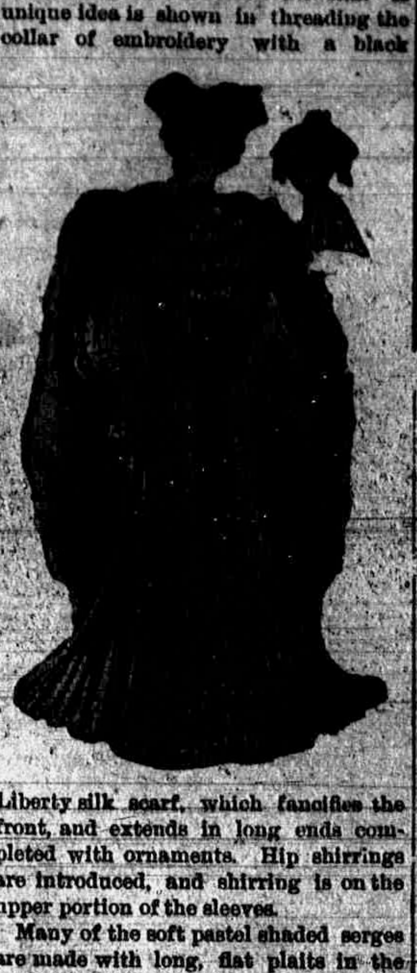
HANDSOME RECEPTION GOWN OF PONGEE.

Pongee gowns are not only practicable, but comfortable and stylish. The one here shown is in pale blue, combined with embroidered pongee, this work being done with Corticelli filo silk. A unique idea is shown in threading the collar of embroidery with a black



Liberty silk scarf, which fancifies the front, and extends in long ends completed with ornaments. Hip shirrings are introduced, and shirring is on the upper portion of the sleeves.

Many of the soft pastel shaded serges are made with long, flat plaits in the center of the back, and some of the newest have the fullness at the foot, extending by means of kiltings let in from the hem, and diminishing toward the waist.

Two Hundred and Thirty Miners Lose Their Lives.

EXPLOSION OF FIRE DAMP

In Workings of Union Pacific Coal Mine in Hanna, Wyo.—Forty-Eight Men Rescued—Lack of Fresh Air Hinders Rescue Work.

Hanna, Wyo., July 1.—Hanna was the scene of a terrible disaster at 10:30 a. m. Tuesday, when an explosion of fire damp in mine No. 1 of the Union Pacific Coal company snuffed out the lives of 234 men, injured scores of others and caused the destruction of a vast amount of property.

The mine was not fired, but the explosion was terrific and completely shattered the timbers of the main shaft and numerous entrances, filling the working with debris, and those of the miners that were not killed outright by the explosion were buried alive. The explosion was heard for many miles around and attracted people from adjoining settlements. Huge timbers and railroad iron were hurled 300 feet from the mouth of the shaft. Supt. E. S. Brooks and a large force of men began at once the work of removing the debris from the shaft that they might reach the entombed miners. Their progress into the mine was blocked by the foul gases and several times they were forced to return to the surface.

The First Rescued.

All day the rescuing party worked. About 1 o'clock in the afternoon four men were taken out alive and a half hour later they were followed by forty-two others. Many were unconscious, but it is believed all will recover.

Two hundred and eighty-two men went down in the mine at 7 o'clock in the morning and up to a late hour last night only forty-eight had been accounted for. Of this number two are dead. The rescuers were unable to penetrate further into the mine, as it was necessary to make another opening to permit fresh air to reach the lower levels.

The work is progressing slowly owing to the narrow space in which the rescuers are compelled to operate, but in a few hours the mine will be opened sufficiently to permit of deep explorations and the rescue of the dead bodies.

Hope Renewed.

Late last night a party of rescuers reached four miners that were alive, and this caused renewed hope. It is a faint hope, however, for experienced mine bosses and miners say that when the imprisoned men are reached all will be found dead. Some of the miners who escaped said they saw twenty dead bodies in entry No. 17. They reported that many of the men were crazed by the explosion and ran hither and thither in the mine. Many could have escaped, but they lay down, buried their faces in their hands and gave up the fight. Of the 234 dead about 175 were married and leave large families. About 100 were Finlanders, 50 were colored and the rest were Americans.

YACHTS RACING.

Reliance Again Wins—Accident on Shamrock III.

Newport, R. I., July 1.—The Reliance scored another decisive victory over the Constitution and Columbia Tuesday in a fifteen-mile thrash to windward and return. Beat for beat the Constitution won over the Columbia, but time allowance will probably give the latter second place. The new craft sailed the course in 7 minutes 2 seconds' less time than the Constitution.

New York, July 1.—Three minutes after she crossed the starting line of what was to have been a thirty-mile race over the international course off Sandy Hook Tuesday, Shamrock III. carried away the traveler by which her main sheet is fastened to the deck and was compelled to withdraw. She may be repaired in time to race today.

Little Newsboy Murdered.

Rockford, Ill., July 1.—The dead body of Richard Tibbits, a 7 year-old newsboy, was found in a deserted place a mile and a half from the city limits Tuesday afternoon. The child had practically been disemboweled, the chest being split open as though with a sharp knife. In his throat was stuffed an old handkerchief. His hands were bound by his suspenders, which were tied in a hard knot. Beside him lay his unsold papers, a bag of candy and some pennies. The lad disappeared from his home eight days ago. A companion of his own age declared he had been drowned in the river three miles from where the body was found, and a fruitless search had been made in this direction.

Surprised Mad Mullah.

London, July 1.—The war office has received a dispatch from Colonel Rochfort, one of the British officers serving with the Abyssinian force in Somaliland, which says the Abyssinians May 31, after a series of forced marches, struck the Mad Mullah's forces near Jeyd, surprising them at dawn and killing 1,000 spearmen and capturing almost all their cattle and sheep and 1,000 camels.

King Peter's Next Move.

London, July 2.—The Odessa correspondent of the Standard says a report is current there that King Peter of Servia has appealed to the czar and the emperor of Austria not to press the punitive demands. He proposes to banish the criminals on military pensions.

A BIT OF ECONOMY

Physicians In the Postoffices Done Away With.

NO DUTIES TO PERFORM

Contract For Printing Money Order Blanks Awarded to Paul Herman—His Bid Was Opposed by Superintendent Metcalf.

Washington, July 2.—Postmaster-General Payne has issued an order abolishing the position of physician in postoffices at the close of business June 30, 1903. This order wipes out a small list of officials whose employment without specific authority of law has caused wide discussion in connection with the postoffice investigation.

Some at least of the offices paid $1,700 a year, and were sinecures. One man was carried on the rolls of the Washington office for over a year at that salary and had practically no duties to perform. The office finally was abolished here and recently the postmaster-general held that the employment of physicians should be allowed only at offices in cities of 500,000 or more population. The postoffices employing physicians up to the close of the fiscal year which expired last year when the postmaster-general's order took effect are New York, Chicago, Brooklyn, Philadelphia and Boston.

The Lowest Bidder.

Postmaster-General has awarded the contract for printing money order blanks of the government to Paul Herman of Rutherford, N. J. Mr. Herman was the lowest of fourteen bidders and the award of the contract, which involves the payment of between $300,000 and $350,000 during the next fiscal year, will effect a saving of nearly $45,000 in the four years' contract. Herman's bid was opposed by the present contractor, the Wynkoop-Hallenbeck-Crawford Co. of New York and by the United Typothetae of America.

Superintendent Metcalf of the money order bureau was dismissed some days ago on the charge of indiscretion in seeking the withdrawal of Herman as a bidder in favor of the present contractor. At a final hearing before the postmaster-general Wednesday Herman furnished an affidavit that he had been employed by the present contractors for nearly ten years and had no idea of competing with them when he left their employ. He concluded he had been practically blacklisted in the trade and thereupon decided to start out for himself on a financial backing proffered by an intimate friend. He testified that the firm which objected to his securing the contract offered to re-employ him after the bids had been opened, at an increased salary, provided he would withdraw his bid, which offer he rejected.

POLITICS BARRED.

Rural Route Investigation Placed on Different Basis.

Washington, July 2.—As a result of the investigation of the postal service a change in the methods of investigating routes for proposed rural free delivery service has gone into operation by order of Postmaster-General Payne. Under the new scheme, routes will be investigated by states, irrespective of congressional district lines, as heretofore. This is in line with the recent declaration of Fourth Assistant Postmaster-General Bristow, that positions for routes will be investigated in the order of their filing, the oldest petition receiving the first consideration in every state.

There are now 15,000 petitions for additional routes pending in the postoffice department, and substantially every representative in congress is being pressed by his constituents to secure expedition in their investigation and establishment. The matter of taking up petitions according to states instead of the narrower political lines of districts within a state has been discussed between postal officials and a score or more representatives in congress, and many of the former have agreed that it is an equitable way of handling the business and that it will relieve both them and the postoffice department of considerable embarrassment.

Mobile P. O. Employes Fired.

Washington, July 2.—Inquiry at the postoffice department elicited the information that three employes of the postoffice at Mobile were removed on June 25. B. B. Cox and James T. Peterson were charged with collecting money from other employes for political purposes, for improperly handling civil service examination papers, and fo rfalse statements before postoffice inspectors. The third man removed was George B. Crane, the specific charge against him being the giving of false testimony before the inspectors.

Wouldn't Pardon McLeod.

Washington, D. C., July 2.—President Roosevelt has declined to pardon S. V. McLeod, former cashier of the First National bank and the chief witness against the waterworks boodle gang in Grand Rapids, who is serving a two-year term in the Detroit house of correction for complicity in their crimes.

Was He Drugged?

Detroit, Mich., July 2.—Charles Alger, brother of Senator Alger, is quite ill at the senator's home on Fort street. Tuesday he arrived in the city in a half dazed condition from Cleveland. While in a hotel there his pocketbook, containing a considerable sum of money, was stolen from him, and the opinion is advanced that he was in some manner drugged.

Farmer Commits Suicide.

Sebewaing, Mich., July 2.—John Helman, aged 45, hanged himself in his barn. He was worth about $15,000 and had been drinking heavily the past week. He leaves a widow and six children.

POWERS CONDEMNS

Actions of Freeman and Sayre Not to His Liking.

MAY ASK FOR THEIR REMOVAL

Railroads May Get Some of Their Own Medicine—A New Appraisement Is Made—Other Copies of Lost Appraisal Papers.

Lansing, Mich., July 2.—Attorney-General Blair and Auditor-General Powers were in consultation Wednesday, and while nothing has been given out for publication, it is known that matters connected with the suits of the railroads against the state, includin gthe Freeman and Sayre affidavits, were fully discussed. Nothing can be done until the return of the governor in relation to these, but it is beyond doubt that the two officials will unite in a strong demand for the removal of the commissioners.

Powers, who has just returned from the trip taken by the Michigan Press association, is emphatic in his condemnation of the course of Freeman and Sayre.

Railroad Taxation.

The recent developments in the case of the railroad suits against the state, by which they hope to escape paying the difference between their former taxes and those levied under the new ad valorem law, by proving that the state generally is assessed at less than value, may prove a boomerang. The railroads themselves are claimed to be assessed at a valuation far below actual worth. Some authorities claim that not less than $50,000,000 to $100,000,000 will be added to the figures if a new appraisement is made.

While there has been no formal action in the matter, it is known here that the board of state auditors will sanction the expense of a new appraisal. The governor last Sunday told Attorney-General Blair that he approved the re-employment of experts for the purpose, and the prediction is made here that when it has at last been made the effect of the affidavits of Commissioners Freeman and Sayre will be discounted. The feeling that the state's interests have been betrayed has intensified the determination on the past of the interested officers to win the battle.

One of Four Copies.

The claim is made on the part of the tax department that the [illegible] of the railroad and kindred properties, which has been found missing, was only one of four copies, and that the others are accessible and fully as valuable as it is. The attorney general's office claims the missing volume is the original, and beside the matter contained in the others included the computations through which the decision of the appraisers was arrived at, hence it was of more value to the state.

The law makes the auditor-general the custodian of the records of the tax commission, although he has never had charge of them.

VICTIM OF SLANDER.

Mrs. Edward Manski Was Driven to Commit Suicide.

Port Huron, Mich., July 2.—Mrs. Edward Manski, whose dead body is thought to be in St. Clair river, was the victim of slander, which finally drove her to suicide.

Her husband stated that his young wife was in good health, but frequently worried over slanderous statements circulated by her neighbors. He returned from work at the Crosby plant Monday evening and found her crying.

During the night she arose and left the house, clad only in her nightgown. A large bread knife, which belonged in the house, was found on the river bank, and it is thought that after cutting her throat she jumped into the water. A searching party has as yet failed to find her body.

Award For Peculiar Damages.

Adrian, Mich., July 2.—A jury in the Lenawee circuit court Wednesday afternoon awarded Marion Morgan of Woodstock $2,500 damages against the Lake Shore railroad for injuries. The case is a peculiar one. Last fall, returning from Hillsdale on an excursion train, Morgan had to stand in the aisle of the car, which, it was alleged, made him so sick that he sought the platform outside, where he fell off, sustaining injuries to his leg.

Chaffee Didn't Perish In Flames.

Paw Paw, Mich., July 2.—Frank Chaffee, the drunken brute who drove his family from home Tuesday night and was thought to have perished in the burning of the house, which he set afire, was found time time afterward and taken to jail, where he will be held pending a trial for arson. Chaffee did not escape injury. Before she left the house his wife broke a chair over his head in defending her children, splitting his nose.

To Drill For Oil, Coal or Gas.

Yale, Mich., July 2.—A company composed of Bay City capitalists has been organized and several hundred acres of land leased in this vicinity for the purpose of drilling for oil, coal or gas. The machinery is on the ground.

Alpena Man Fatally Injured.

Millersburg, Mich., July 2.—George Gunath of Alpena was struck by a northbound passenger Wednesday while alighting from a train at South Rogers. His skull was crushed and death will likely follow.

You assume no risk when you buy Chamberlain's Colic, Cholera and diarrhoea remedy. All druggists will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and only one that never fails. It is pleasant, safe and reliable.

HITCH IN TARIFF POLICY.

Iowa Republicans Nominate the State Ticket.

Des Moines, Ia., July 2.—The ticket: Governor, A. B. Cummins, Des Moines. Lieutenant-Governor, John Harriott of Stuart. Supreme judge, Charles A. Bishop of Des Moines. Railroad commissioner, David J. Palmer of Washington. State superintendent of schools, F. J. Riggs of Sigourney.

The Republican state convention Wednesday nominated the foregoing ticket and adopted a platform. All the candidates were renominated by acclamation, with the exception of the state superintendent of schools.

Harmony marked the proceedings of the convention, but after the ticket had been completed and the platform adopted speeches were made which indicated that the Republican leaders of the state are not entirely agreed as to the details of tariff policy.

While the action of the convention was entirely harmonious, both wings of the party are claiming victory. Governor Cummins and his supporters say that yesterday's tariff plank contains, in substance, all that is found in last year's plank, while the "stand patters" are congratulating themselves upon the elimination of the "shelter to trusts" clause, which attracted so much attention to the Iowa platforms of 1901 and 1902.

NEGRO LYNCHED.

Suspected of Murder—Other Negroes Beaten Into Insensibility.

Norway, S. C., July 2.—Charles Evans, colored, suspected of the murder of John L. Phillips, was taken from the jail here Tuesday night and lynched by a mob.

Four negroes who were confined in the jail were also taken by the mob and beaten into insensibility. Evans killed John L. Phillips, a one-armed confederate soldier.

Reliance Once More Wins.

Newport, R. I., July 2.—The three American yachts raced again Wednesday over a thirty-mile windward and leeward course and once more the Reliance demonstrated her superiority over the Constitution and Columbia. The 1903 boat defeated the Constitution by 5 minutes 30 seconds and the Columbia by 6 minutes 49 seconds. The latter was beaten 19 seconds by Mr. Belmont's craft, but is an easy winner over her on time allowance.

Miners Quit Work.

Birmingham, Ala., July 2.—Thirteen thousand miners who are members of the United Mineworkers of America in this district, suspended work Wednesday, the old wage contract having expired and a new contract not having been agreed upon. No formal strike has been declared [illegible]

The Public Debt.

Washington, July 2.—The monthly statement of the public debt shows that at the close of business June 30, 1903, the total debt, less cash in the treasury, amounted to $925,011,637, which is a decrease for the month of $10,676,396.

Deafness cannot be cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Brutally Torured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colussa, Calif., writes. "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by C. A. Wright. Druggist.

WHEN BILL WAS BORNED.

When Bill was borned, they say th' stars
Was crossed ole Jupiter with Mars—
An' 'twixt 'em Pallas an' th' rest
Was sartain mighty bad distressed;
Young Juno, Vesta, Ceres crashed—
Th' hull blamed heavens sorter smashed
When Bill was borned!

When Bill was borned, th' people said
That they was curses on his head,
An' all through life he'd have t' go
A-totin' of a load of woe;
Waal, p'r'aps th' stars wa'n't all t' blame,
But trouble started, all th' same,
When Bill was borned!

Fust, thar was Parson Blimber's pup
Grabbed William's heel an' chewed it up,
An' then he fell an' broke his nose
An' later on shot off two toes
An' then was gored by Perkins' steer;
Oh, he begun a warm career
When Bill was borned!

He filled th' stove with powder poof!
He went kihootin' through th' roof,
An' half an hour later he
Was found suspended in a tree!
Next day he killed a neighbor's cow;
It seemed to be ordained, somehow,
When Bill was borned!

Then Bill growed up; how he got growed
An' lived t' see it no one knowed,
But somehow he jest did, an' they
Elected him to congress. Say,
We swear by what th' stars portend!
We knowed he'd come t' some bad end
When Bill was borned!

Would Give Him a Lesson.

A reporter who is the father of a year old youngster met his pastor on Sunday afternoon.

"Why weren't you at church this morning?" was the first question of the spiritual adviser.

"I couldn't come," was the answer "I had to stop at home and mind the baby. Our nurse is ill."

"That's no excuse," said the pastor.

"It isn't? Well, next Sunday I'll bring him to church with me and see how you like it."

Shakespeare and Moliere.

A correspondent finds these notable points of resemblance in the careers of Shakespeare and Moliere:

The father of each was in trade and apparently destined his son to follow his occupation. The early education of both was neglected, and we know nothing in their after training that conferred on them their perfect knowledge of good breeding and distinguished manners. Neither of them was happily married. Each became manager, author, actor. Each produced a considerable number of authenticated dramatic works. Each was careless about publishing his works, or, rather, objected to do so lest they should be acted by rival dramatic companies. Plays of each were collected by actors and first published in a complete form after the death of the authors.

Each touched up or produced plays that are lost or of doubtful origin. Each disregarded novelty of plot, borrowing from various sources. Each disliked his profession. The personal character of each was gentle, kind, generous. Each had a profound knowledge of human nature. Each preferred the idea or matter to the comparative disregard of the manner. Each had a remarkable fecundity and fertility of production. Each died at the age of fifty-two.

Spot Appropriate to Speech.

"Ah, darling," he exclaimed, "as we sit together under the spreading branches of this noble tree I do declare on my honor that you are the only girl I have ever loved."

And just a suspicion of a smile crossed the dear thing's features as she replied:

"You always say such appropriate things, John; this is a chestnut tree. —Baltimore News.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At J. J. Orr's.

The Weather Man's Perquisites.

"I have just served sixteen subpœnas on Uncle Sam's weather man," said a process server at the county court house the other day, "and handed him sixteen half dollars to legalize the command that he appear to give evidence in that many cases and $16 to enforce the direction that he bring the weather records along.

"Do you know, he is much in demand as a witness? There are hundreds of cases, especially in the accident and negligence actions in the city court, in which it is necessary to prove what was the state of the weather at the time of the accident, and obviously the man to give that information to the jury is the observer of the local weather station, for he has the records made at the time to show indisputably whether it was raining or whether the sun was shining.

"Sometimes this duty keeps the weather man on the jump. I have known him to give testimony in six or eight cases in a day and to earn witness fees far in excess of his salary. I presume these fees are his perquisites, and I know that the lump sum in a year is a handsome amount."—New York Times.

The Plymouth Rock.

A schoolteacher in one of the charming rural suburbs of Philadelphia, where fancy gardening and the raising of "Philadelphia fowl" are general among the residents, recited to the class the story of the landing of the pilgrims, and, as the children had been taking up the work, she requested each scholar to try to draw from the imagination a picture of the Plymouth rock. Then it was that the little fellow got up and raised his hand.

"Well, Willie, what is it?" asked the teacher.

"Please, ma'am, do you want a hen or a rooster drawn?" came the unexpected reply.

Musical Snails.

A French naturalist claims that there are few if any animals which have a higher appreciation of music than snails. Place some snails on a pane of glass, he says, and you will find that as they move over it they will make musical sounds similar to those which a person can produce by wetting his finger and then rubbing it around a glass tumbler. Complete airs, he points out, have been played on tumblers in this way, and he expresses the opinion that quite as good results can be obtained by using snails instead of fingers.

Our Republic.

The American republic must live. Popular commotion and partisan fury may dash their mad waves against it, but they shall roll back shattered, spent. Persecution shall not shake it, fanaticism distort it nor revolution change it, but it shall stand towering sublime, like the last mountain in the deluge, while the earth rocks at its feet and the thunders peal above its head—majestic, immutable, magnificent.—Wendell Phillips.

A Tale of Heroism.

"I went for a bath yesterday," said an Auvergnat. "I had been in the water some time when I suddenly perceived an enormous shark advancing toward me with its jaws open. What was I to do? When he was a yard off I dived, took out my pocketknife and ripped up the belly of the monster."

"What! Then you are in the habit of bathing with your clothes on," said one of the listeners.—From the French.

Sensitive.

Weary—How did T'irty hurt his arm?

Waggles—I hear he wuz run over by er water cart, and he's awfully sensitive about it.—New York Journal.

Stories of London Weather.

The Manchester Guardian tells a good story of the weather. The scene was a Strand omnibus. A leaden sky was overhead, the rain poured down uncompromisingly, mud was under foot. A red capped Parsee, who had been sitting near the dripping driver, got down as the conductor came up. "What sort o' chap is that?" asked the driver. "Don't yer know that?" answered the conductor. "Why, that's one o' them Indians that worship the sun!" "Worships the sun?" said the shivering driver. "I suppose 'e's come over 'ere to 'ave a rest!"

This recalls the reply given on one occasion by an eastern potentate to Queen Victoria, who asked him whether his people did not worship the sun. "Yes, your majesty," said the oriental, "and if you saw him you would worship him also."

A Most Wonderful Feat.

William Lyon, a London actor of the latter part of the eighteenth century, once offered to wager that he could repeat every word in a Daily Advertiser at the next morning's rehearsal. Accordingly, the next morning his opponent ridiculed him for bragging upon his feats of memory. Lyon forthwith handed the paper to a judge agreed upon, and, notwithstanding the want of connection between the news items, editorials, stories and advertisements, he repeated every word of the entire paper from beginning to end without the least hesitation or mistake.

A Cheap Pleasure.

Seedy Individual—I would like to get measured for a suit.

Fashionable Tailor (suspiciously)—At about what price, sir?

Seedy Individual—That makes no difference.

Fashionable Tailor (as before)—We generally require a deposit from unknown parties.

Seedy Individual (calmly)—I do not wish you to make the suit. It has been so long since I enjoyed this experience that I simply wish to get measured.

Wifely Appreciation.

"There's one thing I will say about Charley," said young Mrs. Torkins; "he has a lovely disposition even if he doesn't always display it at home."

"How do you know?"

"I heard some of his Wall street friends talking about him. They say he is a perfect lamb."—Washington Star.

Rest.

When a razor refuses to take an edge, the barber stops fussing with it, lays it away, and in a little while, no one knows just how, the edge returns. If we treated our brains and our bodies that way instead of wearing them out on the grindstone, it would be a good deal more sensible.

An Impression.

"Now, I have an impression in my head," said the teacher. "Can any of you tell me what an impression is?"

"Yes'm, I can," replied a little fellow at the foot of the class. "An impression is a dent in a soft spot."

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system

WAS HE KILLED?

Evidence of Murder and C. M. Myers Missing.

St. Joseph, Mich., July 1.—The finding of a coat and blood-stained handkerchief in the Catholic cemetery here Sunday night was at first considered the result of a spree of some drunken hobo, but officers are now looking for C. M. Myers of Chicago, who disappeared some time ago.

The pockets of the coat found in the cemetery contained a letter addressed to C. M. Myers, Chicago, which gives reason to the theory of foul play. The hat found was crushed as if by some severe blow.

It is believed Myers met his death in the cemetery and the 'is body was thrown into the lake or is hidden in the woods.

Boy's Sad Death.

Benton Harbor, Mich., July 1.—The death of Edward F. Bard, Jr. here was under sad circumstances, the real cause of the lad's sickness not being known until shortly before he passed away, when he told his parents he had been kicked on the knee three weeks ago by boys, while scuffling. Ten days ago the lad's pet dog was killed by a street car and the courage which had buoyed him up failed. Blood poisoning set in the injured knee a week ago and two operations were performed, but without relief. The boy was 12 years old and a son of Edward Bard, former auditor of the Milwaukee, Benton Harbor & Columbus railway.

Judson Makes Changes.

Detroit, Mich., July 1.—State Oil Inspector "Bill" Judson has fired four deputies and has established a new district, with headquarters at Saginaw. His new appointees are J. J. Jucket of Homer, to take the place of W. J. Garfield; O. L. Tomlinson of Plainwell, succeeding John Whitbeck of Fenville; A. L. Stevens of St. Joseph is succeeded by J. J. Lavette of Cassapolis, and Robert J. Bates of the Soo gets the place of A. F. Howard of Munising. Fred Duston gets the new deputyship at Saginaw. Campbell of Detroit is to be re-appointed.

Crippled by Lightning.

Traverse City, Mich., July 1.—During a severe electric storm Tuesday morning the residence of James Fogarty was badly damaged by lightning. Mrs. E. Crain, while pumping water, received a severe shock. The pump was ten feet from the house and the fluid struck a telephone wire. Mrs. Crain was crippled and her vocal chords paralyzed. There was a heavy rainfall lasting three hours.

Patriotic Privileges.

Detroit, Mich., July 1.—The small boy and the adult of the same frame of mind may fire off torpedos and fireworks to their hearts' content on the coming Fourth as long as they keep 300 feet away from hospitals and draw the line at dynamite, according to Mayor Maybury's proclamation.

Electric Car Overturned.

Bay City, Mich., July 1.—An electric car, crowded with people coming from Wenona Beach, was overturned at a switch four miles from the city late last night. The car turned nearly upside down. About a dozen people were slightly bruised, the escape of some of them from death being miraculous.

Woman Drowned Herself.

Port Huron, Mich., July 1.—Word has been received by the police here that Mrs. Manski, residing at Point Edward, had committed suicide by jumping from the Grand Trunk dock at that point. She was demented. A large meat knife taken from the house was found on the edge of the dock.

Found Dead in a Cistern.

Saginaw, Mich., July 1.—The body of Mrs. J. S. Barrett, a prominent church worker living on the west side, was found in the cistern yesterday. She was well and in good spirits when her husband left for his work. An inquest will be held.

Victim of Toy Pistol.

Jackson, Mich., July 1.—Albert G., 11-year-old son of Ernest A. Miller, is dead of lockjaw, a result of blood poisoning from a wound caused by a toy pistol.

Michigan's Cash Balance.

Lansing, Mich., July 1.—The balance in the state treasury at the close of the fiscal year last night was $4,517,105 34.

LATE NEWS IN BRIEF.

Three Boys Drowned.—John and Felix Day, aged 11 and 8 years, and Louis S. Ritenour, aged 10, of Michigan City, Ind., were drowned Tuesday in Lake Michigan.

All But One Burned.—Fire at Paint Lick, Ky., destroyed several stores, including the National bank and Oddfellows' hall. Only one store is left in the town. The loss is $150,000.

One Man Killed.—As a result of a head-on freight collision which occurred at Maynard, O., on the B. & O. railroad, one man was killed, three fatally and two seriously injured. The dead: Fireman J. Williams of Bridgeport, O.; Noah Burke, engineer.

Riot in Chicago.—A serious riot occurred in Chicago Tuesday evening in West Van Buren street, between a number of strikers, who walked out of the plant of Kellogg Switchboard Co. some time ago, and three men who were escorting home a number of girls who had gone to work in the factory. During the trouble a number of shots were fired and four persons are known to have been hurt.

Firmness.

Jones—Dear me! You say you often lay down the law to your wife. How do you go about it?

Bones—Why, all you need is firmness. I usually go into my study, lock the door and do it through the keyhole.

There are three things about the north pole that have never been discovered—exactly where it is, what it is and why it is.

"Where is the East?" inquired a tutor one day of a very little pupil. "Where the morning comes from," was the prompt and pleasant answer.

The cream of the Bible is not to be obtained by skimming over it.

LITERARY NOTES

Readers interested in the literary development of the various sections of this country will find much to impress them in the July number of the Atlantic Monthly. The editors announce that it is very largely a California number, and the quality of the workmanship and imagination with which it is filled are abundant evidence of the rich literary material to be found upon the Pacific Coast.—Atlantic Monthly.

Chauncey Thomas has written many good stories for McClure's, but none better than the one in the current number, "Ruggles' First Case." Ruggles is a young lawyer in Denver, briefless and almost breadless. His first client is a trusting young Englishman who has just parted with his last penny to a Yankee syndicate in exchange for a salted mine. Ruggles' takes his case and forces a settlement, but by a procedure considerably more strenuous than the ordinary processes of law. A good story of a good bluff never fails to appeal.

A matter that demands world-wide attention is the arraignment of King Leopold of Belgium by Mr. W. T. Stead in the July Review of Reviews. Mr. Stead charges the Belgian monarch with specific acts of misgovernment in the Congo Free State, and the charges seem to be substantiated by the statements in the same number, of the Rev. W. M. Morrison, an American missionary who has just returned from the Congo. Plundering, slave-raiding and the wanton murder of natives are some of the crimes which the Free State administration stands accused, and the British House of Commons has called upon the powers concerned to abate the evils complained of.

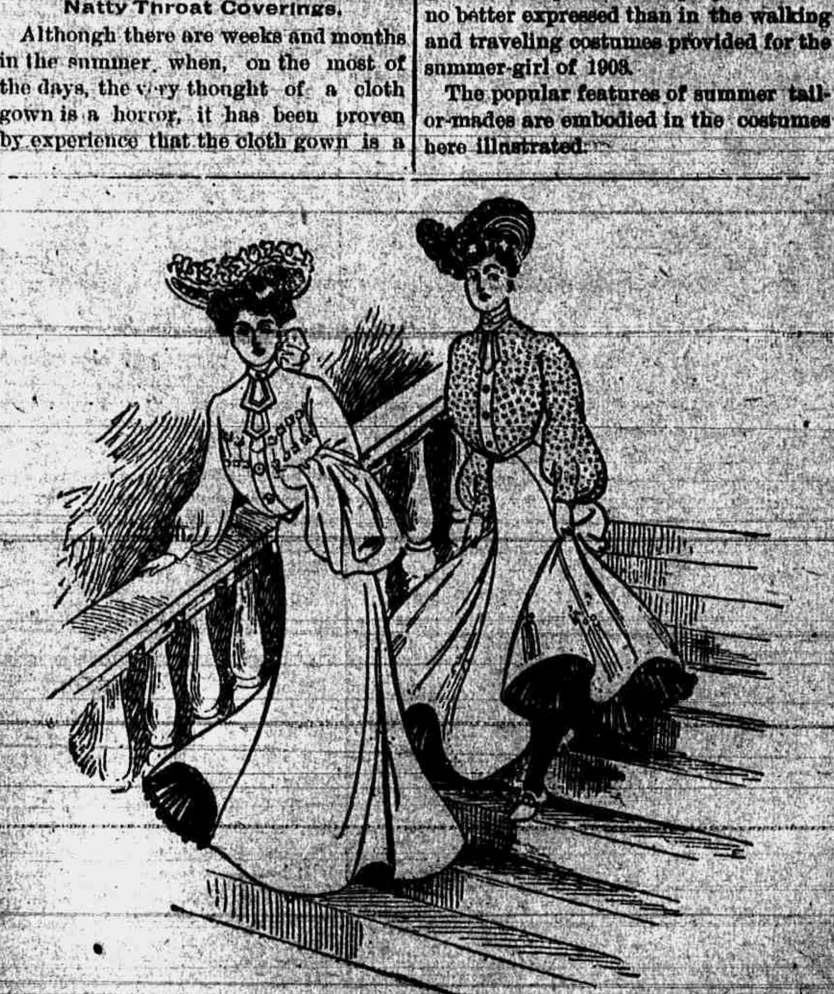
MODISH GOWNS.

Tailor-mades for the Summer-Girl. Trig and Dainty Shirt Waists. Natty Throat Coverings.

Although there are weeks and months in the summer when, on the most of the days, the very thought of a cloth gown is a horror, it has been proven by experience that the cloth gown is a necessity the whole year round.

Free from the severe effects of the tailor-mades of a few seasons ago, the grace of the present drooping modes is no better expressed than in the walking and traveling costumes provided for the summer-girl of 1903.

The popular features of summer tailor-mades are embodied in the costumes here illustrated.



The one on the right is a jaunty frock of Mohair Sicilienne over a Sorosis petticoat worn as a drop skirt, the fashionable flare at the bottom being obtained by a curved band of haircloth used as an interlining. Beneath the dainty "bouffantry" is revealed a glimpse of open-work, Gordon-dyed hose and trim ties.

The gown on the left, a trifle more severe, is suitable for a trotting frock for less dressy wear and is of light tan wooltex serge trimmed in a darker shade of tan novelty braid and is finished with a binding at the hem.

The shirt waists in my illustration are two of the most popular Forsythe models. One is the strictly tailor-made with stiff cuffs and front, fastened with pearl buttons. The other of cool-looking white linen exquisitely hand-embroidered.

With every addition to the galaxy of shirt waists and blouses, a new need in the collar department arises, and an inventory of the fashionable girl's assets in stocks and collars would reveal several,—each with its own distinct charm—and whether milady possess the swan-like throat, short neck or no neck at all, the featherbone foundation is most essential to a well-fitting stock.

Not for many years have buttons played so conspicuous a part in the trimming of street frocks, and none are so popular as the pearl buttons, some frocks being literally sprinkled over with them sewed on with a silk thread contrasting with the gown material and harmonizing with the trimming.

AVERY & CO.

This little seat makes every buggy or sleigh as comfortable for three persons as for two. It fits any vehicle without fastening, carries 500 pounds, and will last a lifetime. It folds neatly and can be put in the box with the cushions.

The New I. D. SEAT does not wear the cushion because only the lower carpet comes into contact with it, and this, locking firmly with the cloth, prevents motion and friction.

The lower carpet prevents the frame from sinking into the cushion to the destruction of both cloth and springs.

The New I. D. Seat must stay on Top of the Cushion

As a third seat the device represents perfected excellence. But this is not half the story. With its two carpets it is the neatest and best hassock or foot rest for adults in the house and altogether the prettiest and most convenient child's chair. It pays a dividend on your investment every single day, occasionally as a third seat in a vehicle and all the remaining time it does duty in the house.

LAMB - HAMMOND

Miss Kittie Lamb and Frank Hammond

WERE UNITED IN MARRIAGE

In Detroit Tuesday. They will be at Home to their friends in Tecumseh after July 15.

Announcements were received here Wednesday morning of the wedding of Miss Kittie Lamb and Frank Hammond in Detroit Tuesday.

Miss Lamb has been a teacher here in the public school for the last two years and is a charming young lady, thought well of and loved by all her acquaintances. Frank Hammond is an exemplary young business man, manager of the Lenawee Lumber Co. and thought very highly of in the business circles of Tecumseh.

The young couple are now on a wedding trip in the East, and will be at home to their friends in the Wimple house on Pottawatamie street after July 15.

Played by the Detroit team, but they could not hit Johnson.

Those who were present at Tuesday's ball game were given full value for their entrance fee, as the game they witnessed was a fast and pretty one, consuming but an hour and 28 minutes.

Webber, the mute, was in the box for the visitors and pitched a game that should, with the support behind him, have won the game, had not Johnson, of the home team, pitched a still more effective game, allowing but four hits, each in a different inning, and striking out ten men. Eleven hits were made off Webber, but these were mostly scattered and netted but three runs. He struck out but two men.

Floyd Heesen officiated as umpire and gave satisfaction to both players and spectators.

Always Prompt.

There is a firm up in Chicago that sells Foley's Kidney Cure and Foley's Honey and Tar. For several years the HERALD has published advertisements for this firm, payable every six months and in all these years we have never failed in getting a check the third day after the bill was sent. There are other houses just as good pay, but not one so prompt as Foley & Co. This concern is certainly always up with their work and have money to be always ready to pay and the HERALD is always anxious to render them the best service for their money.

Concerning the Kingdom of God.

TO C. C. KEMP AND ALL IN EVERY PLACE WHO CALL UPON THE NAME OF THE LORD:

I acknowledge receipt of your esteemed favor. I am grateful for the light it affords from your point of view as to the "Kingdom of God." Will you kindly hear me for a little space in regard to this greatest of all themes to Christians and which very soon now will engage the attention of all whom Christ died to redeem.

Truly the Church which is the temple of the living God is the "Kingdom of God." It is His workmanship peculiarly, and its construction has been steadily progressing since Christ became the world's Redeemer and the Chief Corner Stone in the temple. Each individual, lively stone is shaped, chiseled, polished, tried, tested and proven by the Great Master Workman who will bring them all together in the first resurrection.

In point of time the last or feet members of the body of Christ will be gathered during the voice of the seventh trumpet in the closing days of this, the harvest of the Gospel Age. When completed the temple will be filled with the glory of God and be the meeting place between God and men.

This is the "Holy City," the "New Jerusalem," when the "marriage of the Lamb has come," "His wife (the faithful in Christ Jesus, the 'little flock' whom God is selecting from amongst men during this Gospel age) having made herself ready."

Here we have a glimpse of the mystery of God hid from ages and from generations. It shows us that from the Divine standpoint, the promised Messiah, the Deliverer of the world from the bondage of sin and death, the Restorer, the great Prophet, Priest and King, whose millenial reign as "the seed of Abraham" is to bring blessing to all the families of the earth, IS NOT THE LORD JESUS ALONE, but also with him and under him as its Head, the entire Church of God—these, unitedly, are the Christ, the Messiah which God promised and is providing for the deliverance of the world. "As the human body is one and has many members, so also is the Christ, the anointed."

Each member of this, the spiritual or Heavenly phase of the "Kingdom of God," during his life on earth has been or is a joint-heir with the Chief of a Royal Priesthood in His kingdom. Each one "made meet for the inheritance of the saints in light" through suffering after his "anointing by the Holy Spirit" and full consecration unto death of his human nature; called, faithful and chosen; each one having developed in him a character in harmony with all the characteristic lines of the "chief corner stone laid in Zion."

And what shall we say of the nominal Church? Does she constitu e at the present time the sanctuary class? Is not the sanctuary already cleaned? Are not tue days of waiting (the 2300 days) already fulfilled? Where and what is Babylon? Confusion? Can the nominal church in the flesh "break in pieces and consume all these kingdoms" and establish upon their ruins the earthly or human phase of tue kingdom of God," a veritable kingdom yet to be established "throughout the whole earth, from sea to sea, and from the rivers to the ends of the earth?" Is it not a very imperfect conception of God's purpose, that the Church in its present condition, in the flesh, is to accomplish the promise of God to Abraham, to bless Israel and all the families of the earth?

It is indeed true that a measure of the "Spirit of truth," a measure of the spirit of God has followed the preaching of the Gospel, though sadly mixed with the traditions of men; thousands upon thousands have thus been justified by faith and have found "peace with God" and are true Christians; and civilization and enlightenment have followed the testimony of Jesus even when uttered in distorted form. But this is not the blessing which God promised, "the restitution of all things which God hath spoken by the mouth of all the holy prophets."

Not in any sense of the word is it the blessing of all the families of the earth. "The glorious promises of power and glory and majesty, and earth filling knowledge, and victory over evil, sin and ignorance and Satan, and the blessing and uplifting of all mankind cannot apply to the Church in its condition of humiliation of the past nineteen centuries." Only by a very short sighted interpretation can all the glorious promises of God apply to the nominal Church.

Only by rightly dividing the Word of Truth by true Christians, the faithful consecrated believers in Christ Jesus, so that the testimony of God's word "dwells in them rightly," only so can any come to know and appreciate the fact that God's promise to Abraham is to be carried out through the agency of the glorified Royal priesthood, of which our Lord is the head and chief and redeemer.

And even yet before the promised blessing can begin to be fulfilled, a dark night of trouble "such as was not since there was a nation" must ensue, in which all the kingdoms of earth will be "broken in pieces and consumed," Satan's head be bruised, the heavens (ecclesiastical), now rolling together like a scroll, pass away, the last or feet members of the Body changed (by death) in a twinkling, which change by sure promise will be "right early in the morning" of the glorious jubilee day of earth. Then will God, through the glorified Christ, Head and Body, "establish again the Tabernacle of David" the earthly dominion, the earthly phase of the Kingdom of God in which the resurrected "ancient worthies" shall be earthly princes in sight of men ruling a veritable kingdom of righteousness throughout the whole earth; a universal empire to be ruled as with a "rod of iron."

THE PERFECT WAY.

Scores of Tecumseh Citizens have learned It.

If you suffer from backache
There is only one way to cure it.
The perfect way is to cure the kidneys.
A bad back means sick kidneys.
Neglect it, urinary troubles follow.
Doan's Kidney Pills are made for kidneys only,
Are endorsed by Tecumseh people.

Mr. C. Patterson, the well known sexton residing in the south-eastern section of Tecumseh, says: "For over a year I had a soreness and pain in the small of the back at times quite severe more especially if I did a hard day's work or took cold, for it always settled in my kidneys. The kidney secretions were also discolored and irregular and I had all symptoms of aggravated kidney complaint. I heard several people praising Doan's Kidney Pills so concluding to try them I got a box at C. A. Wright's drug store and commenced the treatment. I found it just suited my case for it helped me right from the start. It stopped the pain in my back and regulated and cleared up the kidney secretions. I have no hesitation in recommending Doan's Kidney Pills to anyone having any difficulty with their kidneys."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlin's Colic and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

LATE NEWS IN BRIEF.

Students Lost in Mountains.—Seven students belonging to the Geneva, Switzerland, university left last Saturday to make an ascension of Mt. Blanc and no news of them has been received since.

Cortelyou's Private Secretary.—Secretary Cortelyou has appointed H. O. Weaver of Ohio to be his private secretary. Mr. Weaver is 30 years of age. He has served in the fish commission, navy and war departments and the White House.

Chief Wilkie's Report.—The annual report of Chief Wilkie of the secret service for the fiscal year ended June 30, shows that the arrests for the year numbered 424. The total amount of counterfeit notes captured and withdrawn from circulation during the year aggregated $16,212.

Men Wanted to Ride.—Eighty shop employes of the B. & O. railroad at Connellsville, Pa., went on strike because the company refused to furnish a special car to carry the men to and from the new shops, which are about half a mile from the central part of town.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Two Thousand More Clerks.

Washington, July 2.—Additional clerks and promotions became effective Wednesday in practically all the first and second-class postoffices in the country, the two highest of three presidential grades. The additional clerks allowed aggregate approximately 2,000 and the promotions of clerks already employed make an aggregate increase of $1,000,000 in the salary rolls

Postoffice Inspector Arrested.

Adrian, Mich., July 2.—United States Postoffice Inspector Philip Hasselblad of Detroit was arrested here Wednesday on a capias issued by Louis C. Winchip. Winchip claims Hasselblad is guilty of malicious prosecution, as the inspector made complaint against Winchip while the latter was postmaster at Holloway, charging false returns in his accounts. At a recent trial in Detroit Winchip was acquitted. It is claimed Hasselblad is now threatening more litigation in connection with his bondsmen losing of Winchip's alleged false accounts, so Winchip makes the charge against the inspector, alleging damages to character to the amount of $5,000. Hasselblad furnished bail in $1,000.

PHYSICAL FITNESS.

Major Wood Says About Twenty Per Cent of M. N. G. Are Deficient.

Lansing, Mich., July 2.—In his report of his inspection of the Michigan National Guard, Major William T. Wood of the Twentieth United States infantry says the greatest defect has been the failure to enforce the regulations regarding physical fitness before enlistment, and that perhaps 20 per cent of the men are deficient. This he attributes to the absence of any provision for paying for examinations. He says he has discussed the matter with the state military board, who will take measures to remedy the fault. Aside from this, he finds the enlisted men active and intelligent, and the drill and discipline on the whole good.

A significant fact is the small percentage of married men in the ranks, but 10.5 of the whole number. Outside the age limits, 18 and 45 years, there are but 13, four under, all musicians, and nine over. The examination of officers-elect has kept incompetents out. Of the officers, 80 per cent saw service in the Spanish-American war.

Major Wood recommends a school for officers, their separation making it difficult to reach more than a certain stage of efficiency, and that the state own its own armories. He would also fix the minimum of a company at forty-eight enlisted men.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $200 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

BABES SMOTHERED

Impossible to Rescue Them From Burning House.

FOUND DEAD IN THEIR BED

Flames Extinguished—Body of Unknown Man Found Near Muskegon—Man Fatally Hurt by Train Near Jackson.

Akron, Mich., July 9.—By the burning of the old house occupied by John Westfall and Lonnie Lee yesterday two children of the former were suffocated. The fire broke out about 6 o'clock, soon after Westfall had built a fire, and while he was out of the house gathering fuel. He gave the alarm and his wife escaped with her young baby, but the flames spread so fast that he found it impossible to rescue two other children, aged 4 and 6 years.

The flames were extinguished before the building was completely destroyed, and at 8 o'clock the ruins were entered by a party, who found the children lying on their bed, somewhat burned. From their positions, it is supposed they were suffocated before the fire reached them.

Akron is a village of 500 inhabitants on the Saginaw, Tuscola & Huron railroad in Tuscola county.

Saginaw, Mich., July 9.—Miss Jennie S. Hoffman, aged 26, assistant principal of the Hoyt public school, died suddenly from heart failure. She had been under treatment for two years and was just leaving the office of her physician, Dr. J. W. McMeekin, with her sister. The doctor offered to drive the ladies home, and they were in the carriage when the horse gave a start, frightening them. By the time the doctor reached them Miss Hoffman was unconscious in her sister's arms. Death had been instantaneous.

Muskegon, Mich., July 9.—The body of an unknown man was found on the beach six miles south of this city. He must have been about 28 years of age and of fair complexion. The body was without coat or vest and the shirt sleeves were rolled up. His linen collar was marked "Fuller" and D. W. S.," and the clothing indicated that he was in good circumstances, although but 55 cents in silver was found in his pockets. The body had been in the water several weeks. It was buried.

Jackson, Mich., July 9.—Arthur Hextall, 45 years of age, employed in the mill machinery manufacturing concern of the Knickerbocker company, was run down by a Michigan Central locomotive at the Beach street crossing Wednesday and injured so badly that death is expected. Hextall, after waiting for a freight train to pass, started to cross and was struck by an engine on its way to the roundhouse.

A Rare Bird.

Ann Arbor, Mich., July 9.—Curator Adams of the Michigan university has received word that Taxidermist Wood has secured specimens of one of the rarest birds found in North America—Kirkland's warbler. Their presence in this state will interest ornithologists everywhere. Up to the present time only some thirty specimens have been secured in sixty-two years, of which four were found in the neighborhood of Ann Arbor.

More R. F. D. Routes.

Washington, July 9.—Michigan rural free delivery routes have been established as follows, to commence Aug. 1: Benton Harbor, Berrien county, one carrier, length of route 22 miles; population served, 510. Constantine, St. Joseph county, one carrier; length of route, 23 miles; population served, 567. New Boston, Wayne county, one carrier; length of route, 21 miles; population served, 526.

Conclave at Escanaba.

Escanaba, Mich., July 9.—The annual conclave of the upper peninsula Knights Templar association is being held here this week. The conclave opened at 2:30 today with addresses of welcome by T. B. White, eminent commander of the Escanaba commandery, and Mayor Sourwine, followed by a response by F. S. Carleton of Calumet, president of the U. P. K. T. association.

Shot Wife and Himself.

Boise, Idaho, July 9.—John Mitchell, a G. A. R. veteran and a former member of the legislature, Wednesday shot and severely wounded his wife and then shot and killed himself. The Mitchells, it is alleged, had had numerous quarrels about property matters.

Lightning Struck.

Traverse City, Mich., July 9.—Lightning struck the factory of the Traverse City Canning factory at 3:30 Wednesday. A severe electrical storm followed several hours of oppressive heat. The mercury reached 96 during the day.

Died of Lockjaw.

Jackson, Mich., July 9.—Harry, 8-year-old son of Fred Traynor, died of lockjaw at noon Wednesday, superinduced by blood poisoning, which set in at an injury caused by falling out of a tree.

Benton Harbor Girl Missing.

Benton Harbor, Mich., July 8.—Iomah Keller, aged 19, is missing and her friends fear she may have taken her own life. She has been very feeble of late and had frequently threatened to commit suicide.

No Pity Shown.

"For years fate was after me continuously" writes F. A. Gulledge, Verbena, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at C. A. Wright's drug store.

LIFE EBBING AWAY

Final Catastrophe to Pope Expected at Any Moment.

DIFFICULT TO BREATHE

Sleeplessness Augments General Conditions—Derangement of Kidneys Begins to Manifest Itself—He Insisted on Sitting in a Chair.

Rome, July 9.—6:25 a. m.—The pope is asleep. The condition of his lungs is not worse. There is as yet no suspicion of serum gathering again in the pleura, but the disorder of his kidneys is disquieting.

During the early part of the night his holiness was somewhat restless. The occasional brief periods of sleep were disturbed by difficulty in breathing.

The life of Pope Leo continues to hang by a thread, with the expectation that any moment may bring the final catastrophe. Yet the wonderful vitality of the remarkable old man is combating a complication of diseases which would endanger a strong man in the prime of life.

Throughout yesterday the reports from the sick room alternated with fears and hopes. At times rumors of the gravest character gained currency.

Little Hope Entertained.

During Tuesday night the pope had secured but little refreshing sleep, and with this sleeplessness was augmented depression. The difficulty in breathing had increased and a derangement of the kidneys began to seriously manifest itself. These complications were fully and frankly stated by the doctors. In the course of personal conversation they showed that they entertained scarcely any hopes of recovery. Yet they always qualified their statements, setting forth the remarkable strength and indomitable energy of the patient as the most striking evidence of his almost superhuman will.

They instanced the dying man's leaving his bed during yesterday morning and taking several steps, unaided save by a cane, to an armchair. When this became known many were disposed to criticise the doctors for allowing such an exhausting effort, but it was explained that the entire absence of fever, the temperature being even below normal, eliminated the danger of syncope from this exertion. Moreover, the attending physicians recognize that they were battling with a man of iron will, who does not know the meaning of restraint.

Cardinal Gibbons Sails.

New York, July 9.—In response to an official message from Cardinal Rampolla, summoning him to Rome, Cardinal Gibbons, primate of the Catholic hierarchy in America and a member of the sacred college at Rome, which will elect a successor to Leo XIII., arrived in this city last night from Baltimore and sailed for Europe on the French liner La Touraine this morning. The cardinal may not go direct to Rome, but if the pope is still living on his arrival at Havre he will remain in Paris to await further developments.

Advance in Wages.

Wilkesbarre, Pa., July 9.—The Lehigh Valley railroad engineers and firemen have been granted an advance of from 10 to 25 per cent a day. They had intended petitioning for an increase. The increase will hereafter make the wages on the Lehigh Valley uniform. The trainmen and conductors are not included in the new schedule, as their wages were increased last month.

Fatal Collision in Ohio.

Alliance, O., July 9.—In a head-on collision at Berlin Center, between a passenger and freight train, Passenger Fireman Cecil McKnight of Espyville, Pa., was instantly killed; Baggagemaster C. D. Walker of Alliance was badly cut about the head; Lou Styler, traveling man of Hamilton was fatally cut; Engineer Charles Weaves of Alliance had his left arm broken, and several others were injured.

Farmers Held Up a Train.

Boston, Kan., July 9.—Forty farmers stopped a Missouri Pacific train here Tuesday night and went through it, searching for harvest hands. The train ordinarily does not stop here and the farmers flagged it with a lantern, wrapped in a red handkerchief. They offered passengers $2.50 and $3 a day for three weeks to get off the train. There is a great scarcity of harvest hands.

Stole Wheels in St. Joseph.

Chicago, July 9.—By the confession of Robert Olin, 18 years old, who has been arrested, the police believe that several hundred bicycles stolen in the last year will be recovered. According to the lieutenant, the boy has admitted that he stole bicycles in New York, St. Louis, Buffalo and St. Joseph, Mich., and that an accomplice disposed of nearly all of the wheels.

Back in Washington.

Washington, July 9.—Postmaster-General Henry C. Payne returned to Washington last night from his brief outing in the Catskills. Because of fatigue, he declined to see inquirers on postoffice matters.

Clemency Denied.

Lansing, Mich., July 8.—The board of pardons has denied clemency in the following cases: James Flannagan, sent from Kent county to the Detroit house of correction for being drunk and disorderly; Thomas H. Scott, from Kent to Jackson for causing an abortion; John M. D. Slight, from Calhoun to Ionia for assault and robbery; Fred Thrasher, from Calhoun to Ionia for assault with intent to rob; Fred Emmet, from Ingham to Ionia, for assault with intent to do great bodily harm; Clyde Gates, from Clinton to Ionia for criminal assault; Clarence M. Hoffman, from St. Clair to Ionia for larceny.

OVER SCORE KILLED

Passenger Train on Virginia Road Ran Into Open Switch.

COLLIDED WITH A FREIGHT

Coaches Telescoped—Thirteen Injured—Party of Immigrants Aboard—Every One Injured or Killed—Conductor Becomes Insane.

Charlottesville, Va., July 8.—Southern Railway passenger train No. 35, southbound, ran into an open switch at Rockfish depot, twenty miles south of this city, at 3 o'clock Tuesday afternoon, smashing into a local freight on a siding. The passenger engine and express coaches were demolished and the baggage coach telescoped through the second-class passenger car in the rear. In the latter was a party of immigrants, all of whom were killed or injured. The dead number twenty-four and the injured number thirteen. Traffic was suspended for eight hours. The casualties are as follows:

List of the Dead.

The identified dead: Engineer James McCormick of Charlottesville, Engineer Charles Davis of Alexandria, Va., Thomas Sheppard of Charlottesville, brakeman on freight; Charles T. Gay of Charlottesville, fireman on freight; J. E. Lowe, colored, of Baltimore; T. Leitch, colored, dining-car waiter; C. C. Owen, Philadelphia, boiler inspector; Adam Vucosavlievich, Austrian boy; Barliani Gughelmo, Austrian woman; two unknown Austrian women; unknown mulatto woman.

The work of rescuing the injured began immediately. Dr. William A. Lambeth of the University of Virginia was on the train and at once organized measures of relief.

The trainmen, under the doctor's direction, cut through the panels of the baggage car and express car and took out twenty of the dead. Probably a score of injured were removed.

Most of the immigrants were Austrians and were bound for points as far distant as California.

W. B. Brubeck of this city, conductor of the local freight, is reported in a critical condition. After witnessing the awful sight he is said to have became suddenly insane and when found was five miles from the wreck.

REFUSED TO ANSWER.

Witness Before St. Louis Grand Jury Stood His Ground.

St. Louis, July 8.—John H. Carroll, general attorney for the Chicago, Burlington & Quincy Railroad Co., was taken before the grand jury Tuesday, which is investigating bribery in the state legislature, and was questioned by Circuit Attorney Folk. He refused to answer and the circuit attorney applied to Judge Douglas for an order compelling him to do so. On three of the questions Judge Douglas sustained Carroll's contention that he could refuse to answer on the ground that answers might incriminate himself. Judge Douglas ordered him to answer the fourth question. The questions were as follows:

"Do you know anything about $25,000 that was paid to one John A. Lee?"

"Do you have any knowledge of money paid to legislators at St. Louis?"

"Do you have any knowledge of money paid to legislators by other person sthan yourself?"

Carroll answered the fourth question, saying he had not knowledge of money used by other persons to influence legislation. He was taken to the grand jury room to repeat the answer. Mr. Folk said he expected to have Carroll back in two weeks as a witness again. John A. Lee, former lieutenant-governor, held a conference with Mr. Folk.

Fewer Soldiers Needed.

Washington, D. C., July 8.—Secretary Root has received from General Davis, commanding in the Philippines, a long cablegram over the new Pacific commercial cable, relating to the disposition of and reduction of troops in the islands for the next year. In the opinion of General Davis, the conditions in the Philippines are such as to warrant quite a reduction of the force, and he gives in detail his plan for makin gthis reduction. The secretary and officers of the war department are taking the message of General davis into consideration, and it is expected that it will be approved in a few days.

Smashed All Records.

Washington, July 8.—The big United States battleship Kearsarge smashed all ocean records for speed in the battleship class in her journey to Kiel, making a total distance of 3,345 miles from New York to the Needles at the high average speed of 16.62 miles per hour. She made the entire run without a single stop or disarrangement of the machinery, which showed its perfection by running up the speed 11.5 and 15 knots on the last few days of the voyage.

Klondike Gold on Board.

Seattle, July 8.—The steamer Dolphin arrived in port Tuesday morning with $568,000 of Klondike gold aboard. The amount is the largest brought down by any vessel during the present season. The gold was consigned to the local assay office fro mthe Dawson banks.

Michigan Flour For Kansas.

Lansing, Mich., July 8.—A car of flour, contributed by the millers of Michigan, left here Monday night for the flood sufferers of Kansas.

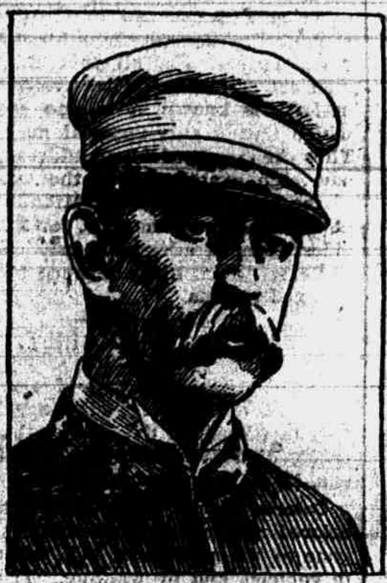
A SIGNAL HONOR.

King Edward Bestows It on American Officers.

London, July 9.—King Edward signally honored the officers of the American squadron last night at the state ball given at Buckingham palace—the climax of the visit of President Loubet. His majesty formally received Admiral Cotton, the captains of the American ships and twenty-five of the junior American officers, and Queen Alexandra later gave them the same distinction.

The ball—the first since the accession of King Edward—was a brilliant function, 2,200 guests being present, including President Loubet and his suite, practically all the ambassadors and ministers in London, the majority of the members of the royal family, prominent representatives of the nobility and the officers of American and French squadrons now in British waters.

Before the arrival of President Loubet United States Ambassador Choate, with Secretary White attending, presented to his majesty the invited officers of the American squadron.



REAR ADMIRAL COTTON,
In Command of American Squadron Now in English Waters.

To Rear Admiral Cotton the king expressed his gratification at the visit of the squadron and inquired if all arrangements had been made for the comfort of the American officers and sailors. Admiral Cotton replied that he had fallen among friends and every care had been taken of himself and the others. His majesty had a pleasant word to say to each of the officers presented.

The admiral, his captains and Staff Lieutenant Husey were then presented to Queen Alexandra. During the supper several American officers were also introduced to the Prince of Wales, Field Marshal Lord Roberts, Admiral Lord Charles Beresford, General Sir Redvers Buller and other distinguished Englishmen.

Praise For Naval Militia.

Washington, July 9.—Representative Rodenburg of Illinois has brought formally to the attention of the navy department the efficient services rendered by the Alton naval militia during the big flood at East St. Louis. He declares that they have saved much property and many lives and removed no fewer than 1,200 people from houses in the flooded district. The navy department will suitably acknowledge these services.

Deafness cannot be cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing; and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrah, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Brutally Torured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colussa, Calif., writes. "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by C. A. Wright, Druggist.

To be good is noble; but to show others how to be good is nobler, and no trouble.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidney strong and active. Burdock Blood Bitters does it.

Grindstones.

The production of grindstones in the United States is almost entirely from Ohio and Michigan. The principal grindstone district in Ohio is included in Lorain, Cuyahoga and Summit counties, with Cleveland as a center, the largest grindstone quarries and manufacturing plants being within twenty five miles of Cleveland. The quarries in southern Ohio are along the Ohio river west of Marietta and inland northwest of that city. A few quarries are in West Virginia across the river from Marietta. The Michigan quarries are on the shores of Lake Huron, about ninety miles north of Port Huron, near Grindstone City. In South Dakota are located the quarries of the Edgemont Stone company.

Two Big Wedding Fees.

When Collis P. Huntington was married for the second time, Henry Ward Beecher performed the marriage ceremony. Huntington's first wife had been dead less than one year, and he desired the second marriage to be kept secret until his return from Europe. He gave Mr. Beecher a marriage fee of $1,500. When Huntington returned some months later, he went through a public ceremony, and Beecher again officiated. He gave Beecher another fee of $1,500. The great preacher had his humor aroused by this second fee. Turning to Huntington, he said, "Collis, I do wish you were a Mormon!"

An Old Custom.

Ripon, England, still maintains a custom said to date 1,000 years back. Punctually every night at 9 o'clock the city "wakeman," attired in official costume, appears before the mayor's house and blows three solemn notes on the "horn of Ripon," an instrument decorated with silver badges and with the insignia of the trading companies of the City of Spurs. Thereafter he marches to the market cross and gives one blast on his horn.

Where Tall Men Are Found.

The tallest men of west Europe are found in Catalonia, Spain; Normandy, France; Yorkshire, England, and the Ardennes districts of Belgium. In the United States the thirty-eighth parallel, ranging through Indiana and northern Kentucky, is as decidedly the latitude of big men as the forty-second is that of the big cities.

Medicinal Properties of Cabbage.

In olden times cabbage was supposed to be endowed with marvelous medicinal virtues. Among other things, it was considered as being the only radical cure for drunkenness. Cato, writing of the cabbage, said: "By the use of the cabbage alone Rome has done without physicians for 600 years."

The English Cook.

According to the Lancet, the average English cook "utterly declines to weigh materials for cooking; she will not roast meat, but prefers to put it in the oven, or if as a great favor she puts it in front of the fire, she is too lazy to baste it or to put a screen round it."

The Little Things.

"That great matters are not always the most important is evidenced," remarked the stork, "by the fact that my fame and reputation are due solely to my strict attention to very little things."—Colorado Springs Gazette.

Cheating the Doctor.

Mrs. Trotter—I hear that Mrs. Barlow's three children have the measles.

Mrs Faster—Yes; so I understand. They're so poor they have to economize on the doctor by all getting ill at once.

Absentminded.

A professor of one of the universities is famous for his absentmindedness. He recently went into a barber's shop to get his hair cut. Taking a seat in the chair, he remarked:

"As it is quite cool in this room perhaps I had better keep my hat on while you cut my hair."

They Ought to Be.

"A couple were married in St. Louis the other day who couldn't understand each other's language," said Mrs. Gilley.

"And I suppose that they are unspeakably happy," commented Mr. Gilley.—Detroit Free Press.

Japan's Mountains.

All the mountains of Japan are of unquestioned volcanic origin, and Fuji stands where Hondo, the main island, is broadest. About twenty craters are still active throughout the islands, but Fuji-san belongs to the much greater number which are now inactive. Its last eruption occurred in 1707, continuing more than a month. As far away as Tokyo, sixty miles northeast, the ashes fell to a depth of seven or eight inches, while on the Tokaido, twelve or fifteen miles southeast, the accumulation was six feet. At this time was formed Ho-yei-san, a secondary, or parasitic, cone on the southeast slope.

No other mountains in Japan reach within 3,000 feet of the elevation of Fuji, and it is therefore in prominent view from an immense area, including thirteen provinces of the empire. Certain avenues in Tokyo are called Fujimi, or Fuji viewing streets, and from all of them the famous peak is a glorious spectacle. All winter long the summit of Fuji-san is unapproachable, and from November to July snows reign supreme. In the latter month, however, when the trails up the mountain slopes are laid bare, the ascent becomes feasible and remains so throughout the summer and early autumn.

There Is No Mikado.

Mr. W. S. Gilbert was no doubt primarily responsible for the belief which is everywhere prevalent that the emperor of Japan is always called the mikado by his people. Ask nine men out of ten what is the official title of the ruler of the islands of the chrysanthemum and they will probably think they are being made fun of. Assure them that the question is asked in all sober seriousness and they will give that of the title of Mr. Gilbert's imperial opera. For all this, the nine men out of ten would be wrong. His majesty is known as "tenno hei-ka," which means "his imperial majesty." Thus the people of Japan address their sovereign exactly as do the subjects of the imperious kaiser. Mikado used at one time to be the title, for it is the oldest form of address in use. It has, however, fallen into abeyance for several generations.

LATE NEWS IN BRIEF.

Died at Mt. Clemens.—Henry Hansen, editor of The Foundry, a publication in Cleveland devoted to the iron trade, died Wednesday at Mt. Clemens, Mich., of apoplexy.

Colored People Flee.—More than 200 colored refugees from Evansville have gone to Mount Vernon, Ind., on trains, in vehicles and by walking. They report that they were warned to leave Evansville or be killed.

Couldn't Wed Her Brother.—Heartbroken because she could not marry her brother, Miss Henrietta Distler, aged 18 years, of Cincinnati, committed suicide by taking poison. The girl and her brother George, aged 20 years, came to this country when they were infants. They have been separated since childhood and a year ago an intense affection sprung up between the two and then their relation was made known to them.

Men Killed by Dynamite.—A terrible accident occurred at a creamery in St. Peter, Minn., Wednesday by which three men lost their lives by an explosion of dynamite. Malcolm and Archie MacDonald and Fred Reipke were cleaning out a well 300 feet deep. A screen at the bottom was struck and the only way to remove it was by exploding dynamite. The dynamite was lowered only a few feet when the exploison occurred, killing the three men.

The Weather.

Washington, July 9.—Forecast for Friday:

Ohio—Showers, southwest winds.

Upper Michigan—Showers; light, variable winds, mostly southwest.

Lower Michigan—Showers; light southwest winds.

Six Men Poisoned.

Grand Rapids, Mich., July 8.—A party of men engaged in clearing a swamp to make room for new ponds at the Mill Creek hatchery, have been poisoned by sumac. Six of the victims are in bad shape.

Wants $10,000 Damages.

Flint, Mich., July 8.—C. H. Rood, sidewalk inspector, has begun suit for $10,000 damages against W. H. Werkheiser & Sons, claiming he was libeled in a recent article in the Flint Daily News.

Drowning at Mt. Clemens.

Mt. Clemens, Mich., July 8.—Edward Pingle, the 13-year-old son of Henry Pingle, janitor at the courthouse, was drowned in the Clinton river while swimming.

Horse Kick Broke His Jaw.

Plymouth, Mich., July 8.—Harry Wheatley, aged 21, of Canton township, was caring for a horse when the animal kicked him on the chin, breaking his jaw.

The Way He Gloated.

Two buses were traveling down Regent street in close proximity when the conductor of the foremost one took off his badge and dangled it in the air, to the obvious annoyance of the rival driver.

"What did you do that for?" asked a passenger.

"Why," said the conductor, pointing a derisive thumb at the infuriated driver, "'is father was 'ung."—London Tit-Bits.

Origin of Spoons.

Two natural objects seem to have furnished the model for the spoon to primitive man—the river or sea shell and the leaf of plants. In southern China shell spoons are still used that are closely reproduced in the familiar porcelain spoon of that country, while metal spoons are found in India on which are reproduced even the veins of the leaves from which they were copied.

Helping the Heathen.

Aunt (severely)—How dare you take the money from your missionary box?

Willie—Didn't you say I was a regular little heathen?

"You are far worse."

"Well, I was saving the money for the heathen, and first come first served."

A Terrible Threat.

Customer—That tea service costs 50 marks. That is more than I can pay.

His Wife (whispering)—If I should have a fainting spell among all this china, it would cost you far more.—Fliegende Blatter.

Wisdom.

Wisdom consisteth not in knowing many things nor even in knowing them thoroughly, but in choosing and in following what conduces the most certainly to our lasting happiness and true glory.

QUEER ELOPMENT.

Chicago Woman Skipped With Her Own Brother.

Port Huron, Mich., July 9.—One of the strangest elopements in the history of criminology came to light here when the local officers endeavored to locate Mrs. Philip Katz of Chicago, who had eloped with her own brother, Charles Steinmann, also of that city.

Tuesday Philip Katz, accompanied by a grown-up daughter, arrived in Port Huron from Chicago in search of his wife. Not until he was unable to locate the couple did he call on the police, who traced the missing pair to Sarnia, where it was learned that Steinmann had registered himself and his sister as man and wife.

Katz is a Hebrew. Mrs. Katz left her husband and eight children behind, and Steinmann deserted his wife and four children.

Steinmann and Mrs. Katz endeavored to cover up their tracks well in Sarnia, and then left for some other Canadian point. Katz is after vengeance and has returned to Chicago and will place the matter in the hands of the Chicago police.

UNCLE SAM'S DECISION

Necessary to Settle Question of State Encampment of Soldiers.

Lansing, Mich., July 9.—The state military board held its first meeting of the fiscal year Wednesday and considered matters relating to this year's encampment. The board feels that the time has come when this matter should be definitely determined and has, therefore, decided to ask the secretary of war for definite information whether the request of Governor Bliss, that the Michigan National Guard be permitted to participate in the regular army maneuvers in October is to be granted.

If an affirmative reply is received when the board meets in Detroit next Thursday, no action will be taken towards holding a state encampment next month. If no definite information is then at hand, the board will proceed to arrange for an encampment in the state.

There is $50,000 in the military fund available for this purpose.

Moreland Returns.

Detroit, Mich., July 9.—DeWitt H. Moreland, the ex-public works commissioner, who suddenly left for Mexico just at the time when an investigation was being made of his department, returned from the land of the cactus by a through train from Chicago Wednesday afternoon. His arrival has set the tongues a-wagging as to his purpose in coming back. It is not thought probable that Prosecutor Hunt will content himself with dragging into the sweat box in the county building the smaller fry of the old Detroit public works, and the logical conclusion is that one of Hunt's next callers will be Moreland.

Gave Up the Fight.

Grand Rapids, Mich., July 9.—The carpenters' union gave up its fight for recognition of the union in the hiring of men and last night voted to return to work for all contractors who have granted the union wage scale and the eight-hour day, which were conceded at the start of the strike, ten weeks ago. Most of the 300 men who went out will find work with their old employers.

Landwehr's Officers.

Jackson, Mich., July 9.—The German Landwehr verein raised its age limit from 45 years to 50 and elected officers as follows: Colonel, Herman Sternhagen, Detroit; lieutenant, Geo. Setzer, Corunna; adjutant, August Proefke, Detroit; trustees, Jacob Gutekunst, Grand Rapids; William Beck, Detroit; John J. Schanz, Ann Arbor. The next convention will be held in Port Huron.

Overcome by Heat.

Saranac, Mich., July 9.—Thomas F. Mosher, one of the oldest residents of this place, and highly respected by all, went to his farm in Berlin township at noon Wednesday. A few minutes later he was found in the barn dead. He has been subject to heart difficulty for years, and the excessive heat probably brought on a spell of faintness, which took him away.

Said He Took Cash Himself.

Grand Rapids, Mich., July 9.—A warrant has been issued for the arrest of John Van Doren of Branch No. 8, International Broommakers' union, who is charged with having converted to his own use the larger part of a fund of $75 raised here to send to Detroit to be used in testing the validity of the prison contracts. He is said to be missing.

Killed by Suburban Car.

Pontiac, Mich., July 9.—Comono Spatafore, aged 16, was riding a bicycle on Saginaw street when he attempted to cross the track in front of a Northwestern suburban car. He slipped and fell from his wheel and in an instant was ground to pieces under the big car. When picked up his body was an unrecognizable mass. An inquest will be held.

Six Deaths From Heat.

Chicago, July 9.—Six deaths and a score of prostrations bore witness to the advent of a hot wave here Wednesday. The temperature during the afternoon reached 92 at the weather bureau. Thermometers on the street showed marks several degrees higher. A thunder storm last night, followed by a breeze off the lake, caused a fall of 20 degrees. For today a renewal of the heat is predicted.

Killed Almost Instantly.

Detroit, Mich., July 8.—A boy, aged about 16 years, riding a bicycle, was struck by a street car at Sherman and Dubois streets Tuesday afternoon and died almost instantly.

Drowned While Bathing.

Kalkaska, Mich., July 8.—Charles Peterson, a Finlander, working in Dempsey's camp, was drowned in Bear lake, twelve miles east of here, while bathing. [illegible]

Well Placed Generosity.

In 1835 Liszt went on a tour in the French provinces. He arrived at the little town of L— to give a concert, as announced. But the inhabitants appeared to take but little interest in musical matters, for when the musician appeared on the platform he found himself face to face with an audience numbering exactly seven persons. Liszt stepped very calmly to the front and, bowing respectfully to the array of empty benches, he delivered himself as follows:

"Ladies and gentlemen, I feel extremely flattered by your presence here this evening, but this room is not at all suitable; the air is literally stifling. Will you be good enough to accompany me to my hotel, where I will have the piano conveyed? We shall be quite comfortable there, and I will go through the whole of my programme."

The offer was unanimously accepted, and Liszt treated his guests not only to a splendid concert, but an excellent supper into the bargain. Next day, when the illustrious virtuoso appeared to give his second concert, the hall was not large enough to contain the crowd which claimed admittance.

Appetite and Hunger.

"Most persons do not discriminate between hunger and appetite," said a doctor of long experience. "Appetite is what makes a man drink or smoke and what makes most men and women eat. Many go through life never knowing what hunger really is. I often fast sixty hours and never feel the worse for it. A friend of mine, a physician in Brooklyn, goes without food sixteen days at a stretch and keeps up his work meanwhile. There isn't an organ that can contract any disease from lack of food. Most of them do become diseased through the effort to take care of too much food. They are all in better tone after a fast. Another thing, hunger is felt only in the mouth and throat. That gone feeling that many complain of is not hunger; that is a form of disease. If persons would eat only when they were hungry and only as much as hunger, not appetite, called for—well, we doctors would have to fast."—New York Press.

The Greatest Men.

It would be a difficult task, if not an impossible one, to persuade any half dozen men casually brought together into unanimity of opinion concerning the greatest man who ever lived. Most of them would agree no doubt with Lord Brougham that Julius Cæsar was "the greatest man of ancient times," but how many of the six would accept Professor Gardiner's estimate of Cromwell as "the greatest Englishman of all times?" Each of them, we may be reasonably sure, would accept Shakespeare as the greatest poet, yet Lord Lytton once spoke of Milton as "the greatest poet of our country." And where will be found two men out of Scotland to agree with Charles Mackey when he says of Burns that he was "the greatest poet—next perhaps to King David of the Jews—whom any age has produced?"—Leslie's Weekly.

Doing and Thinking.

Mamma—Bessie, why don't you wash the dishes? It is easier to do a thing than to sit and think about it.

Bessie—Well, mamma, you wash the dishes, and I'll sit and think about it.

Opening new Passenger Station Lake Shore & Michigan Southern R'y—Chicago

The new passenger station of the Lake Shore & Michigan Southern R'y in Chicago, to be known as the LaSalle Street Station, will be opened July 12th all Lake Shore trains arriving and departing from that station on and after the above dates.

The new building extends along Van Buren street, between LaSalle and Sherman streets and is the most convenient location of any in that city, being in the very heart of the down-town district.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At J. J. Orr's.

Dragged-Down Feeling

In the loins.

Nervousness, unrefreshing sleep, despondency.

It is time you were doing something.

The kidneys were anciently called the reins—in your case they are holding the reins and driving you into serious trouble.

Hood's Sarsaparilla

Acts with the most direct, beneficial effect on the kidneys. It contains the best and safest substances for correcting and toning these organs.

IT'S JUST

THE THING

Every person should see to it that their blood is in order each Spring. Nature must purify the blood. That is the only way it can be purified. In order that nature may do its part in cleansing the blood from the Winter's accumulation of impurities the

KIDNEYS AND LIVER MUST BE ACTIVE

so that they may carry off the impurities; there is no remedy that will do this quicker and better than

Kinyon's Blood and Kidney Remedy

and the reason this remedy is so much more successful than all others is because it strengthens the kidneys and liver and puts these organs in shape to perform their natural functions.

IT STRENGTHENS THE STOMACH

so that the food may be properly digested and the body is consequently nourished and all the organs strengthened, this then means a strong body and health.

PROOF

J. Koerner, Agent Grand Union Tea Company at Niles, Mich., writes: I use Kinyon's Blood and Kidney Remedy in my family every year. I find it the greatest blood purifier and tonic. It regulates the kidneys and liver and purifies the blood, and with this simple remedy I always keep my family well.

Shorey of the Chicago Musical college, delighted the guests with her musical selections.—Battle Creek Daily Journal.

Toledo & Western Ry. Accident.

(From the Blissfield Advance.)

Miss Pearl Johnson has settled out of court with the T. and W. railway this week for the terrible injury which it was thought would cost her life. She got $500 and her doctor's bill and lawyer's fee were paid by the company.

It will be remembered that Misses Hebrich and Johnson were driving from church one Sunday about a year ago and when near the postoffice, their horse became frightened at the T. and W. work car, which was moving at the time; the horse started to run, throwing the ladies out over the dashboard, injuring both quite severely; but Miss Johnson's injury was so serious that it was feared for weeks that she would not live and even if she did the doctor could extend no hope of her ever being well again, as she was hurt internally and in her spine.

Several doctors treated her, but her condition continued to grow worse until surgeons from Adrian were called, who advised that Dr. Jones, the specialist, who has the Adrian sanitarium, be given the case, as he made a specialty of such diseases. He made several visits and the condition began to yield.

About this time the railway company notified him not to go if he expected them to settle the bills; but the doctor said "pay or no pay" a life was to be saved if possible. Finally she got out of danger, then she could move her limbs a trifle, then by the aid of crutches she could move a step or two, improving all the time until now she walks quite comfortably without the aid of crutches and her general health is much improved.

Special mention should be made of such a kind and noble act as this of the doctor's in taking care of Pearl, after the refusal of the company to settle the bills, for some doctors work for money and not for the life of the person.

And then to make them feel all the better, several days after the settlement the doctor made a present of $25 out of his own pocket. Many such acts of kindness are told of the doctor, but he refuses to have them talked about. In one instance, he doctored a poor woman for several months and when she was really well and ready for work he gave her a receipt in full for the bill, which amounted to over one hundred dollars. Is it any wonder that the doctor is so much admired over the country and has, in the past few years, sprung into the honor of being one of the leading diagnosticians and practitioners in the state, or that people go from Chicago, Toledo, Detroit and all over Michigan to his sanitarium for him to diagnose the cases?

He not only tells the people what ails them, but he sends ninety out of every hundred home rejoicing because of their having been greatly improved or made well. Among these are many Blissfield people. And it is becoming a common thing in Lenawee when you hear of one being seriously ill to be asked if Dr. Jones has yet been called to see the case.

He has been harshly criticised, especially by some physicians, but his remarkable successes disarm criticisms from many who have failed in cases, which Dr. Jones afterwards treated successfully.

Night was her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, LaGrippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1.00. Trial bottles free at C. A. Wright's drug store.

THE CHURCHES.

C. H. Haas will occupy the pulpit at the Presbyterian church Sunday morning. He will also conduct the young peoples meeting.

AND STILL ANOTHER

The Fast East Toledo Team go down before the Faster Tecumseh Team

ONLY THREE HITS

And Three Scores were the Visitors able to secure.

Tecumseh added another scalp to her belt Wednesday afternoon, the East Toledo aggregation being the vanquished this time. Johnson was wild on the start and hit two batters in the 3rd inning. A fumble of a long drive to right field in this inning contributed toward the 3 scores made by Toledo.

No more runs were made after this by the visitors and the local pitcher was accorded fast and faultless support. The superior hitting and fielding of the home team enabled them to easily win the game. D. H. C. Bowen made his initial trial as umpire.

SENTENCED

Frank Walter, the man who shot Mrs. Thomas Wilson, was given

FIFTEEN YEARS

At hard labor in Jackson State Prison. He stood the Trial Stoically.

Frank Walter, the man charged with assault, with intent to commit murder, was found guilty at 3 o'clock this afternoon, by the jury, after being out about an hour. The verdict was assault, with intent to do great bodily harm, less than the crime of murder. Judge Chester immediately sentenced him to fifteen years at hard labor in Jackson state prison. The man took the sentence stoically, as he has taken the entire trial, showing little interest in anything that was going on.

March 17 last, Walter, while under the influence of liquor, shot Mrs. Thomas Wilson with a shotgun, the shot taking effect in the fleshy part of one thigh. It will be remembered the Wilsons live in Macon, and the husband was away attending a lodge meeting at Milan. Walter was a hired hand on the farm, and had been for two years. He had been to Britton to do some trading, Mrs. Wilson accompanying him. While at Britton he became drunk. At the house Walter took things in his hands and drove Mrs. Wilson out of the house. She started towards a neighbor's, Ed Austin's, a half mile away, and while she was on the road he fired the shot. There seemed to be no cause for it and the general sentiment is that Walter got what he deserved.—Adrian Telegram.

Santiago Military Tournament.

Many of our people who witnessed the great success of the military tournament held recently at the Madison Square Garden New York City, are enthusiastic over the possibilities of the coming tournament to be held in Detroit July 16th and 18th during the reunion of the Army of Santiago,

Although Madison Square Garden was well adopted for the exhibition the grounds here will give greater scope for the maneuvers. In New York over one hundred thousand people witnessed the performances and the committee are arranging for the very large crowds they expect, especially as there are only to be four exhibitions.

The grounds of Woodward and Monterey Avenues are being fitted up to meet every requirement with a seating capacity for about fifteen thousand people. All the visiting troops will be camped on the grounds during their stay in Detroit and that section of the city will have quite a military aspect.

Many distinguished military guests have accepted the invitation of the committee to participate in the reunion and a notable gathering is expected.

There will be a grand parade on the morning of July 16th and General Chaffee will be grand marshal assisted by Colonel Hard and 40 aides. From the parade the troupes will go direct to the grounds and the first exhibition will take place at 3:30 that afternoon to be followed by another at eight P. M.

Friday will be given over to convention but on Saturday the performances will be again repeated.

UPDIKE REUNION

Was held at the home of Mr. and Mrs. M. K. Keyser

JULY 4th.

There were about Fifty Relatives present.

The Updike reunion of 1903 was celebrated on July 4th at the pleasant home of Milburn K. Keyser. It was a delightful day to all, about fifty being present.

Dinner was called and the table was loaded with good things. After all were served and the inner man was satisfied, came games, recitations and frolicking of the children, which was enjoyed by all.

Supper was served about six o'clock, another sumptuous meal, which was followed by fireworks and they were fine. Ice cream and cake were then served, after which all went their way to their homes.

Mr. and Mrs. Bates W. Chatterdon and daughter, Esther, of Chicago, were with us. Mr. and Mrs. Chatterdon returned home Monday and Esther remained to spend her school vacation with her cousins and enjoy a country outing.

Broke into the Lake Shore Station

WEDNESDAY EVENING

But did not secure any money. Napoleon Station was broken into last night.

Upon opening the Lake Shore depot yesterday morning, Operator Ziebr found things quite badly torn up. Furthur investigation he found that enterance had been made through the north bay window, it being pried open.

The money drawer was broken open and its contents scattered on the floor. The only thing missing was a pair of pinchers, as there was not a cent in the depot.

Yesterday two suspicious looking characters were seen about the Manchester depot and it is thought they were the ones who did the work here. Word was received here this morning that the speeder was stolen from Manchester, taken to Napoleon and at that place the depot was also broken into last night. A number of express money orders were taken, also $1.50 from the gum machine. The police are on their trail.

By the River Raisin.

By the Raisin's winding stream,
'Neath the spreading trees I dream,
Dream of days gone long ago,
When in boyhood, wild and free
Life was sweet and good to me.
Hiding all it's cares and woe.
Gazing 'neath the swirling tide,
In the pools dark and wide,
Long I sit like one adaze
Hoping that some flitting gleam
Will reveal within the stream,
Secrets of Life's darksome maze.
Here a minnow glistens bright,
There another darts from sight,
I shall see them nevermore
Oh, within the pool no rift,
Only bubbles past us drift,
Bursting as they touch the shore.
On the groves the sunlight glows,
Thro' the trees the soft wind blows.
And the murmurs never cease
Nature revels on the banks,
Here no heartless engine clanks,
All is restful, all is peace.

Vigorous Old Age

Paine's Celery Compound makes the old feel young, and cures their ills. It has added years of health and enjoyment to many a life. Use this great medicine regularly, and its invigorating powers will fill your declining years with health, strength, and happiness. Read what George F. Morse, 67 years old, writes:—

WELLS & RICHARDSON CO.,

Gentlemen: — Just a word in favor of Paine's Celery Compound, hoping it may catch the eye of some afflicted person, and they may receive the same satisfactory benefit. Some 15 years ago I had a combination of malaria, chills and fever, and grip, which continued for a year or more; meantime I lost in weight about 60 pounds, trying different medicines and doctors with unsatisfactory results. Paine's Celery Compound was recommended, and, after using a little I began to improve, gaining about a pound a week. In a year I had regained 50 pounds of the lost weight and good health, and have been a well man ever since. Yours truly, GEORGE F. MORSE.

TO BE DEPENDED ON

Because It Is the Experience of a Tecumseh Citizen and can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but the public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute.

Postmaster J. W. Wightman, well known to every reader of this statement, says: "I have no hesitation in endorsing Doan's Kidney Pills procured at C. A. Wright's drug store. They have been used in my family and the most satisfactory results followed the treatment. They proved to be a remedy of merit. You can use my name to that effect if you think proper."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute

When some men discharge an obligation you can hear the report for miles around.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry on hand.

No woman who has attained social eminence ever helps another to the hights.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

The preacher must have much faith in men, or they will have none in his message.

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. E. Anderson of Tecumseh, Mich., says:—"I was so nervous that I could not sleep at night and was weak and suffered from dizzy spells. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. A. Wright's drug store and they were just what I needed. Since I used the medicine my nerves are steady and strong—I sleep finely—the dizziness is all gone and the general health, strength and vigor splendid. I think the pills a splendid nerve medicine and have no hesitation in recommending it strongly." 50c a box at dealers or Dr A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

STATE OF MICHIGAN, County of Lenawee ss. Probate Court for said County.

At a session of the Probate Court for the County of Lenawee, holden at the Probate Office, in the city of Adrian, on the 25th day of June in the year one thousand, nine hundred and three.

Present, Harry L. Larwill, Judge of Probate.

In the matter of the estate of JANE A. FOSTER, deceased.

On reading and filing the petition, of James W. Wightman, administrator de bonis non, with the will annexed, upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 31 day of August next at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said County of Lenawee, for three successive weeks previous to said day of hearing.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlin's Colic and Diarrhoeo Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HOSPITALITY RETURNED.

President Loubet Banquets King of England.

London, July 8.—France lavishly returned Great Britain's hospitality last night by a dinner given by President Loubet to King Edward at the French embassy. The scene around the embassy was most animated. King Edward and President Loubet both arrived there with military escorts, and other distinguished guests drove up in handsome private equipages. A great crowd of people outside gave his majesty an ovation.

The king was met at the door of the embassy by M. Loubet, who had arrived there a little earlier than his majesty, Ambassador Cambon and the staff of the French embassy.

PRESIDENT LOUBET.

The interior of the embassy was profusely decorated. The white-walled banquet hall was transformed into a bower of roses, a compliment to King Edward. The table, which was oblong, was open at one end. M. Loubet sat at the closed end, with the king on his right and the Prince of Wales on his left.

The guests included Premier Balfour, Colonial Secretary Chamberlain, Foreign Minister Lansdowne, the United States ambassador, Mr. Choate, the Spanish, Italian, Russian, German and Turkish ambassadors, the Portuguese minister, Count Mensdorff, the Austrian charge d'affaires; Lord Rosebery, the Duke of Devonshire, the French consul-general.

PRIEST INDICTED.

Charged With Smuggling Chinamen Into United States.

Detroit, Mich., July 8.—The United States grand jury for the eastern district of Michigan reported Tuesday, presenting forty-four indictments, four of which are in the northern part of the district and forty in the lower section. The following are those indicted:

Anthony Morawski of Detroit and David T. Williams of Detroit, charged with schemes to defraud; Alfred Blanke, alias Alfred Clayton, of Detroit, and Obediah W. Eggleston of Shiawassee county, charged with mailing obscene matter; Frank Marvin, late postmaster at Turner, charged with embezzling postal revenues; Geo. Richards and Fr. Henry C. Koenig, charged with smuggling in three Chinamen; Chris Fisher, alias Charles H. Bentley of Ann Arbor, now in the Toledo jail, charged with fraudulent use of the mails.

The remaining indictments will be suppressed until the defendants are secured.

Michigan Inventors.

Washington, July 8.—Michigan patents were granted Tuesday as follows: George Beddow, Detroit, combined heating and ventilating apparatus; Charles W. Carter, St. Johns, snow or road roller; Augustus C. Cramer, Coopersville, collapsible core for molds; Lewis Cuatt, Union City, and W. J. Annis, Tekonsha, building block; David Flagg, Grayling, thread cutter; Charles B. Graham, South Haven, refining oil; Francis B. Joy, Detroit, safety cap or closure for receptacles; William F. Knell, Battle Creek, controlling valve for airbrake systems; Jean B. Lereau, Detroit, air forcing device for ventilation or similar uses; Ernest F. Lloyd, Detroit, gas purifier; Bernard H. Muehle, Detroit, collapsible centering; William E. Nagehorn, Detroit, gas engine; Levi P. Normastin, Jackson, roof, also lifter for building blocks; John Scheidler, Coldwater, barn; Joseph S. Smart, Wait, air brake for vehicle; Horace G. Smith, Detroit, brick machine; James Snedeker, Adrian, mail box; Bernhard Storm, Grand Rapids, sander drum; Charles G. Strubler, Detroit, scale beam; William Thornburgh, Detroit, draft rigging.

Clumsy Burglars at Utica.

Utica, Mich., July 8.—Burglars entered five places here the other night. They were evidently amateurs, as they overlooked more money than they took away.

Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

STRONG WAR TALK

Affairs of Russia and Japan in China the Cause.

RUSSIA WINS A POINT

Recent Purchase of British Company Considered Weakness on Part of Foreign Powers to Resist the Bear—China Fighting Rebels.

Pekin, July 11.—Advices from New Chwang regarding the recent cleavage in the relations between Russia and Japan have caused a revival of the war talk greater than at any time for three years. The recent sale of the British company to Russia has been taken to indicate a loss of confidence by the foreign residents in the ability of the powers to resist Russia's absorption of the port industries. Since the departure of the Russian minister, M. Lessar, for the Port Arthur conference it has been learned that the Chinese foreign office intended to have a representative at that meeting, and was only deterred from accepting the invitation by the fear of alarming the other powers. Japan's demand regarding the deficiency in the indemnity payment is taken as an indication that she is adopting a policy independent of her British alliance.

The Chinese foreign office is exerting its utmost to exterminate the anti-dynastic societies in the Yang Tse provinces. Five leaders of the movement are now on trial for sedition in the foreign concession at Shanghai. The government considers that this propaganda is a grave menace to the throne.

Three native Christians have been murdered at Pingllhsien, in the Shansi province. The Catholic priests have been escorted to Chengkou under military protection. The foreign officers declare that the murderers are not anti-Christian, but have their motive in robbery.

Thousands in Denver.

Denver, July 11.—A conservative estimate places the number of delegates in attendance on the International Christian Endeavor convention, in session here, at 7,300. About 5,000 other visitors also have arrived. Of the 64,000 societies that make up the union society of Endeavorers throughout the world, the organization at the Twenty-third Avenue Presbyterian church of Denver shows the largest increase in membership since November last. Its membership has increased from 35 to 135. A magnificent banner of Japanese design will be presented to this society by President Clark.

Hanging Held Up by Injunction.

Lincoln, Neb., July 11.—The hanging of William Rhea, which was to have taken place at 12:30 o'clock Friday, was postponed thirty minutes pending a decision of the supreme court on an application for an injunction to prevent the hanging. The action was brought in view of the reprieve granted Rhea by former Governor Savage. The supreme court denied the application and Governor Mickey ordered the sheriff to proceed with the execution.

Send Congratulations.

Washington, July 11.—The president has received the following cablegram from Manila:

"We congratulate you and the American people on the completion of the Pacific cable, which is truly a monument to American industry and enterprise. May your administration speedily accomplish abolition of tariff and temporary admission of competent labor, without which Philippines cannot prosper.

"American Chamber Commerce.
"Green, President."

Delehanty Buried.

Cleveland, July 11.—The body of Ed Delehanty, the Washington baseball player, who was drowned in the Niagara river near Buffalo, was brought to Cleveland Friday. The body was taken to Delehanty's home. The funeral services were held this morning at the church of the Immaculate Conception.

American Jockey Hurt.

London, July 11.—"Danny" Maher, the American jockey, had a serious motor car accident near Caterham, Surrey, Friday. He was thrown out of an automobile, fracturing the base of his skull and sustained other injuries. A London specialist has been summoned to attend him.

No Boxing in Baltimore.

Baltimore, July 11.—Mayor M. Lane announced last night that he would not, during his term as chief magistrate of the city, issue a permit for a boxing or sparring contest. This means that there will not be any authorized prize fighting here during the next four years.

Cuba's Financial Year.

Havana, July 11.—The government's receipts for the fiscal year ended June 30 were $17,767,000; the disbursements $15,339,900. The amount in hand is $3,172,500. Of the year's receipts, $14,705,500 were derived from the customs.

Fined For Criminal Assault.

Standish, Mich., July 11.—J. Leahy, the traveling optician under arrest and in jail here for the past ten days on a charge of attempting criminal assault on Miss Hanna of Omer, was convicted and fined $25, which covered costs.

POPE IS BETTER

Marked Improvement In Condition of Aged Prelate.

DRESSED AND SAT IN CHAIR

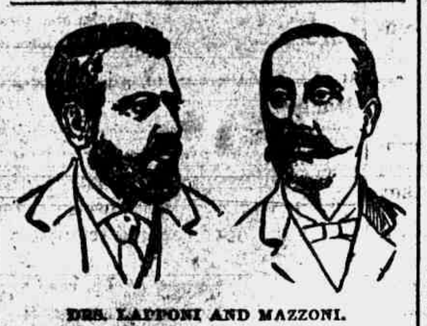
Received Several Cardinals—Dr. Lapponi Leaves Vatican For First Time—Description of Interior of Pontiff's Room.

Rome, July 13.—6:45 a. m.—The condition of the pope was stationary during the night. He slept at intervals but was not entirely tranquil.

Rome, July 13.—Pope Leo has lived to see another Sunday, and with the Sabbath quiet which fell upon Rome came also peace, and even progress, to the pontiff. Beginning in the morning with distinct signs of improvement, he maintained this throughout the day. Last night Dr. Lapponi made the following important statement in answer to the question if he believed that the improvement in the pope's condition could continue:

"I believe that if the improvement lasts until July 21 we may not perhaps achieve an absolute cure, but we will secure such a general state of health in the patient as will allay our anxiety."

During the morning the pontiff participated in the celebration of mass. The ceremony was held in the chapel adjoining the sick chamber, Monsignor Marzoni being the celebrant. The door connecting the sickroom with the chapel was opened so that his holiness might follow the services. He insisted that Dr. Lapponi and his valet Centra should leave his side and enter the chapel in order to better hear the mass.



DRS. LAPPONI AND MAZZONI.

The history of the day has been comparatively uneventful. The pontiff had several hours' repose. The morning found the pontiff with spirits bright and the conditions generally improved. Dr. Mazzoni joined his assistant at 8:20 a. m. and after a brief conference issued the most encouraging official bulletin thus far given.

TRAINS COLLIDE.

Three Men Killed on the Missouri Pacific Railroad.

Kansas City, July 13.—Missouri Pacific fast mail No. 7, which left St. Louis at 3 o'clock Sunday morning for Kansas City, crashed into an excursion train southbound from Kansas City that had become stalled between Little Blue and Lees Summit.

Three persons were killed outright, two of them tramps, the other being an unknown man. Fifty people were injured. Most of them were negroes from Kansas City. None of the passengers on the fast mail were hurt. Only the engine, one baggage car and a mail car on the fast mail left the track.

Soldiers Attempted Lynching.

Kansas City, July 13.—A special from Leavenworth, Kan., says: United States soldiers from Fort Leavenworth attempted to lynch Everdige Williams and Walter Brown, negroes, last night, and for over an hour the entire police department was kept busy quelling the trouble. Williams and Brown had engaged in a row with soldiers and one of them fired a number of shots at a soldier. The soldiers then congregated in great numbers, and it was decided to lynch the negroes if they could be found. They went to the homes of William and Brown and surrounded both houses. Ropes were in readiness for a lynching, but policemen appeared on the scene and succeeded in getting Brown and Williams away.

LATE NEWS IN BRIEF.

Hail Storms in Nebraska.—A hail storm Sunday destroyed all crops in section of country near York, Neb., covering a strip nine miles long and three miles wide.

Fresh Troubles.—Rumors are current in Constantinople that fresh troubles have broken out in the province of Yemen, Arabia, in consequence of the appearance of a new prophet.

One Life Lost.—One man was drowned and several others narrowly escaped a similar fate in Narragansett bay at Bristol, R. I., Sunday when a sloop yacht was capsized and the twelve occupants thrown into the bay. James Cronin, aged 27, lost his life.

King Peter's Birthday.—The birthday of King Peter was celebrated in Belgrade Sunday and thanksgiving services were held throughout the country. The king held a reception at the palace and granted an amnesty in honor of the occasion, in which were included many military prisoners.

No Chance For Gibbons.—The London Daily Telegraph correspondent at Rome telegraphs: "I am authorized to state, on the authority of two cardinals, one of whom is himself a candidate, that neither Cardinal Gibbons nor any other foreign member of the sacred college possesses the remotest chance of succeeding Pope Leo."

Walter Gets Five Years.

Adrian, Mich., July 11.—Frank Walton the farmhand who got full on St. Patrick's day and filled Mrs. Thomas Wilson's leg with shot, was found guilty of assault with intent to do great bodily harm less than the crime of murder, and was sentenced to five years at hard labor in Jackson prison.

PLEA FOR THE JEW

Ex-Emigration Com. Weber Takes a Stand.

WHY U. S. MAY OBJECT

Russian Laws Forcing Population Upon This Nation—Strong Speech Before Jewish Chautauqua—The Jew S[illegible] Freedom.

Atlantic City, N. J., July 13.—John B. Weber of Buffalo, N. Y., late commissioner of immigration at the port of New York and chairman of the special commission authorized by congress in 1888 to investigate in Europe the causes inciting emigration to this country, was a speaker Sunday before the Jewish Chautauqua on the subject of "The status of the Jew in Russia."

In his address Mr. Weber charged the Russian restrictive laws as being responsible for the misery and persecution of which people read and hear. He stated that there would be no peace, no substantial relief for the sufferers until the total disappearance from Russia of either the Jew or the special laws directed against him.

Taking up the laws regarding the right of residence, which the speaker characterized as especially harsh and oppressive, he briefly sketched the history of the official decrees regulating the area within which the Jews were permitted to live during the past forty years.

Summing up the status of the Jew in Russia, Mr. Weber said:

"Today he is an alien in the land of his birth, a subject who bears an undue share of the burdens of good government without the privileges of its meanest citizens."

After asserting the moral obligation and the legal right of the United States to protest to the Russian government against its treatment of Jews, Mr. Weber said:

Can't Close the Ports.

"We cannot look with unconcern upon the arrival of the thousands of hunted, terror-stricken human beings, who come to us crushed in spirit and impoverished in substance, to enter into competition with our respected and self-respecting labor. Neither is it an answer to say that we have the remedy in our own hands by closing our ports against these people. This would violate our every instinct of humanity and would war against the policy which has made this country great and prosperous and which will continue to add to our progress and prosperity, if immigration is confined to normal causes alone. The abnormal immigration from Russia is due to the laws and methods of that country—and this gives us a legal and moral right to object. Self-interest and humanity unite in a loud call to invoke such rights."

Referring to the hope that a considerable part of this stream from Russia may be diverted to other lands, Mr. Weber quoted the statement of an emigrant at Kovno in the Pale: "'I am going to America, for in that direction lies hope. Here I have only fears to confront me. The hope may prove delusive, but the fears are a certainty. My great ambition is to breathe at least once the free air with which God has blessed the American people.'

"These," said the speaker, "are the words of an uncultured Jew, and these are the sentiments in the heart of every Jew in Russia."

Gave a Balloon Party.

Paris, July 13.—The Duke and Duchess D'Uzes are probably the first hosts in the world of society who are to give a balloon party. They entertained a number of friends at luncheon at the park of the Aero club. After the luncheon the duchess invited the most daring of the guests to take a balloon ascent. The duke had two balloons. The Duke and Duchess D'Nzes and the Duchess de Negropont entered one and sailed away. Twenty minutes later the second balloon departed with Count de Contades, Marquis de Clerment-Tonnerre, Prince Isenburg and Baron Lepic. The balloons landed at dusk forty miles away, the balloonists returning by train.

New Greek Cabinet Formed.

Athens, July 13.—The new Greek cabinet is constituted as follows: M. Ralli, premier and minister of foreign affairs ad interim minister of finance; M. Mavromichalis, minister of the interior; Colonel Constantinides, minister of war and ad interim minister of the navy; M. Merlopmulo, minister of justice; M. Pharmacmaeoulo, minister of public instruction.

Increase In Postal Receipts.

Washington, July 13.—The report of the gross postal receipts at fifty of the largest postoffices in the country for June, 1903, as compared with June, 1902, shows a net increase of 14½ per cent. The receipts at New York were $1,095,710, an increase of over 16 per cent, and at Chicago $785,516, an increase of 11½ per cent.

Jumped and Was Drowned.

New York, July 13.—The excursion steamer Clifton, running around Manhattan Island, was in collision Sunday afternoon with the Fulton ferryboat New York. During the panic which ensued on the Clifton two deckhands jumped overboard, one being drowned. No passengers were injured and both boats escaped with trifling damage.

Thieves Are Busy.

Jackson, Mich., July 11.—Between midnight and daylight thieves entered the dental office of Dr. Sheldon in the City Bank building and appropriated $60 worth of teeth and dental gold.

A SERIOUS MATTER

Threatened Strike of Telegraphers Involves Many.

WILL NOT GO OUT ALONE

Trainmen and Enginemen to Support Michigan Central Operators in Their Demands—Bell Telephone Workmen at Jackson Strike.

Cheboygan, Mich., July 11.—The trouble between the Michigan Central railroad and its operators is much more serious even than previously outlined. Instead of the Saginaw division alone being involved, all lines west of the Detroit river are interested. Furthermore, if the strike is forced, the operators will not go out alone. Bay City, Detroit and Jackson unions of trainmen and enginemen have put their seals and official signatures to an agreement to also walk out when the word is passed.

Every move on the part of the operators for the past few months has been promptly met by a counter move on the part of the railroad.

The operators' first demands were sent in last winter to headquarters. The men asked a flat rate of increase of $15 per month for all operators west of the Detroit river; they further fixed twelve hours as a day's work and demanded 25 cents per hour overtime for extra hours or fractions of hours, and extra pay for Sundays.

Less important demands were passes for operators' children to attend schools along the lines near their homes; two weeks' vacation, with pay and passes, for operators three years or more in the company's service; the relief of operators from all possible manual labor, such as handling baggage, mowing lawns, feeding and watering stock, and disinfecting outhouses; and the right to refuse promotion without fear of being discharged therefor. They also asked for permission to attend to their association business at Detroit, the company to send relief operators when asked.

Organization Ignored.

The above demands were presented by the executive committee, of which William McFadden of Owosso is chairman, something like a month ago. The reply of the road practically ignored the operators' association as an organization, for circulars were mailed direct to the men.

The circular denied the demand for overtime and most of the other requests of the men, but granted increases in salary amounting to $18,000 per year. Instead of the flat rate of $15 per month raise, some operators received $2 50 more monthly, some $5, some $10, and just one gets $15 more. Many don't get a cent additional.

The operators are willing to make some concessions, as is the road, but on the bigger questions they are as far apart as the poles. The operators claim they do not desire a strike.

Jackson, Mich., July 11.—Sixty men, employed with the outside construction gang, quit the Michigan (Bell) Telephone company in this city Friday morning. This means much, for the company is just on the eve of "cutting over" from the old construction to a new system. At present the service of the Bell company is poor, and the company, realizing that the patience of its patrons is about exhausted, were straining every nerve to have the outside construction work pushed to completion so the "cutting over" process, which is short when all is ready, should come at the earliest possible moment.

One of the grievances of the men is the system of paying. The men favored a return to the old system of the Erie company when in control, that of paying by the days put in by the linemen. The Bell company pays $60 a month and deducts for days not at work. The men want $2 50 a day for every day they work. The men also object to the removal of Superintendent Hall of Detroit. It is understood that the linemen with the Bell at Flint, Port Huron and two other cities took simultaneous action yesterday morning and quit work.

Liquor War at Jackson.

Jackson, Mich., July 11.—Jackson celebrated the Fourth of July, and nearly every saloon in the city is being charged with being open. The city authorities were asked that day to close up saloons found open, but none were closed. The ministers are now making complaints to Prosecuting Attorney Badgley. So far nineteen saloonkeepers have been arrested.

Mother and Child Burned.

Niles, Mich., July 11.—In endeavoring to smother the flames that enveloped her little daughter Friday, as the result of the explosion of a gasoline stove, Mrs. William Burdick was burned in a terrible manner about the hands and arms. Both mother and child may die.

Struck by a Falling Brick.

Bay City, Mich., July 11.—Joseph Zielinski, employed at the plant of the Bay City company, in Essexville, was struck by a brick which slipped from the hands of a workman forty feet above him, the blow fracturing the lower part of his spine. The doctor has hopes of his recovery.

Freight Wreck at Jackson.

Jackson, Mich., July 11.—Traffic between Jackson and Clark's Lake was cut off Friday on the Cincinnati Northern railway, because of a freight which went off the track south of Jackson.

Vigorous Old Age

Paine's Celery Compound makes the old feel young, and cures their ills. It has added years of health and enjoyment to many a life. Use this great medicine regularly, and its invigorating powers will fill your declining years with health, strength, and happiness. Read what George F. Morse, 67 years old, writes:—

WELLS & RICHARDSON CO.,

Gentlemen:—Just a word in favor of Paine's Celery Compound, hoping it may catch the eye of some afflicted person, and they may receive the same satisfactory benefit. Some 15 years ago I had a combination of malaria, chills and fever, and grip, which continued for a year or more; meantime I lost in weight about 60 pounds, trying different medicines and doctors with unsatisfactory results. Paine's Celery Compound was recommended, and, after using a little I began to improve, gaining about a pound a week. In a year I had regained 50 pounds of the lost weight and good health, and have been a well man ever since. Yours truly, GEORGE F. MORSE.

TO BE DEPENDED ON

Because It is the Experience of a Tecumseh Citizen and can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but the public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute.

Postmaster J. W. Wightman, well known to every reader of this statement, says: "I have no hesitation in endorsing Doan's Kidney Pills procured at C. A. Wright's drug store. They have been used in my family and the most satisfactory results followed the treatment. They proved to be a remedy of merit. You can use my name to that effect if you think proper."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

When some men discharge an obligation you can hear the report for miles around.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry on hand.

No woman who has attained social eminence ever helps another to the hights.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

The preacher must have much faith in men, or they will have none in his message.

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. E. Anderson of Tecumseh, Mich., says:—"I was so nervous that I could not sleep at night and was weak and suffered from dizzy spells. I got a box of Dr. A. W. Chase's Nerve Pills at Chas. A. Wright's drug store and they were just what I needed. Since I used the medicine my nerves are steady and strong—I sleep finely—the dizziness is all gone and the general health, strength and vigor splendid. I think the pills a splendid nerve medicine and have no hesitation in recommending it strongly." 50c a box at dealers or Dr A. W. Chase Medicine Co., Buffalo, N. Y. STATE OF MICHIGAN, County of Lenawee ss. Probate Court for said County.

At a session of the Probate Court for the County of Lenawee, holden at the Probate Office, in the city of Adrian, on the 25th day of June in the year one thousand, nine hundred and three.

Present, Harry L. Larwill, Judge of Probate. In the matter of the estate of JANE A. FOSTER, deceased.

On reading and filing the petition, of James W. Wightman, administrator de bonis non, with the will annexed, upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 3d day of August next at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said County of Lenawee, for three successive weeks previous to said day of hearing.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollar for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlin's Colic and Diarrhoeo Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HOSPITALITY RETURNED.

President Loubet Banquets King of England.

London, July 8.—France lavishly returned Great Britain's hospitality last night by a dinner given by President Loubet to King Edward at the French embassy. The scene around the embassy was most animated. King Edward and President Loubet both arrived there with military escorts, and other distinguished guests drove up in handsome private equipages. A great crowd of people outside gave his majesty an ovation.

PRESIDENT LOUBET.

The king was met at the door of the embassy by M. Loubet, who had arrived there a little earlier than his majesty, Ambassador Cambon and the staff of the French embassy.

The interior of the embassy was profusely decorated. The white-walled banquet hall was transformed into a bower of roses, a compliment to King Edward. The table, which was oblong, was open at one end. M. Loubet sat at the closed end, with the king on his right and the Prince of Wales on his left.

The guests included Premier Balfour, Colonial Secretary Chamberlain, Foreign Minister Lansdowne, the United States ambassador, Mr. Choate, the Spanish, Italian, Russian, German and Turkish ambassadors, the Portuguese minister, Count Mensdorff, the Austrian charge d'affaires; Lord Rosebery, the Duke of Devonshire, the French consul-general

PRIEST INDICTED.

Charged With Smuggling Chinamen Into United States.

Detroit, Mich., July 8.—The United States grand jury for the eastern district of Michigan reported Tuesday, presenting forty-four indictments, four of which are in the northern part of the district and forty in the lower section. The following are those indicted:

Anthony Morawski of Detroit and David T. Williams of Detroit, charged with schemes to defraud; Alfred Blanke, alias Alfred Clayton, of Detroit, and Obediah W. Eggleston of Shiawassee county, charged with mailing obscene matter; Frank Marvin, late postmaster at Turner, charged with embezzling postal revenues; Geo. Richards and Fr. Henry C. Koenig, charged with smuggling in three Chinamen; Chris Fisher, alias Charles H. Bentley of Ann Arbor, now in the Toledo jail, charged with fraudulent use of the mails.

The remaining indictments will be suppressed until the defendants are secured.

Michigan Inventors.

Washington, July 8.—Michigan patents were granted Tuesday as follows: George Beddow, Detroit, combined heating and ventilating apparatus; Charles W. Carter, St. Johns, snow or road roller; Augustus C. Cramer, Coopersville, collapsible core for molds; Lewis Cutt, Union City, and W. J. Annis, Tekonsha, building block; David Flagg, Grayling, thread cutter; Charles B. Graham, South Haven, refining oil; Francis B. Joy, Detroit, safety cap or closure for receptacles; William F. Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

STRONG WAR TALK

Affairs of Russia and Japan in China the Cause.

RUSSIA WINS A POINT

Recent Purchase of British Company Considered Weakness on Part of Foreign Powers to Resist the Bear—China Fighting Rebels.

Pekin, July 11.—Advices from New Chwang regarding the recent cleavage in the relations between Russia and Japan have caused a revival of the war talk greater than at any time for three years. The recent sale of the British company to Russia has been taken to indicate a loss of confidence by the foreign residents in the ability of the powers to resist Russia's absorption of the port industries. Since the departure of the Russian minister, M. Lessar, for the Port Arthur conference it has been learned that the Chinese foreign office intended to have a representative at that meeting, and was only deterred from accepting the invitation by the fear of alarming the other powers. Japan's demand regarding the deficiency in the indemnity payment is taken as an indication that she is adopting a policy independent of her British alliance.

The Chinese foreign office is exerting its utmost to exterminate the anti-dynastic societies in the Yang Tse provinces. Five leaders of the movement are now on trial for sedition in the foreign concession at Shanghai. The government considers that this propaganda is a grave menace to the throne.

Three native Christians have been murdered at Pinglihsien, in the Shansi province. The Catholic priests have been escorted to Chengkou under military protection. The foreign officers declare that the murderers are not anti-Christian, but have their motive in robbery.

Thousands in Denver.

Denver, July 11.—A conservative estimate places the number of delegates in attendance on the International Christian Endeavor convention, in session here, at 7,300. About 5,000 other visitors also have arrived. Of the 64,000 societies that make up the union society of Endeavorers throughout the world, the organization at the Twenty-third Avenue Presbyterian church of Denver shows the largest increase in membership since November last. Its membership has increased from 35 to 135. A magnificent banner of Japanese design will be presented to this society by President Clark.

Hanging Held Up by Injunction.

Lincoln, Neb., July 11.—The hanging of William Rhea, which was to have taken place at 12:30 o'clock Friday, was postponed thirty minutes pending a decision of the supreme court on an application for an injunction to prevent the hanging. The action was brought in view of the reprieve granted Rhea by former Governor Savage. The supreme court denied the application and Governor Mickey ordered the sheriff to proceed with the execution.

Send Congratulations.

Washington, July 11.—The president has received the following cablegram from Manila:

"We congratulate you and the American people on the completion of the Pacific cable, which is truly a monument to American industry and enterprise. May your administration speedily accomplish abolition of tariff and temporary admission of competent labor, without which Philippines cannot prosper.

"American Chamber Commerce.
"Green, President."

Delehanty Buried.

Cleveland, July 11.—The body of Ed Delehanty, the Washington baseball player, who was drowned in the Niagara river near Buffalo, was brought to Cleveland Friday. The body was taken to Delehanty's home. The funeral services were held this morning at the church of the Immaculate Conception.

American Jockey Hurt.

London, July 11.—"Danny" Maher, the American jockey, had a serious motor car accident near Caterham, Surrey, Friday. He was thrown out of an automobile, fracturing the base of his skull and sustained other injuries. A London specialist has been summoned to attend him.

No Boxing in Baltimore.

Baltimore, July 11.—Mayor M Lane announced last night that he would not, during his term as chief magistrate of the city, issue a permit for a boxing or sparring contest. This means that there will not be any authorized prize fighting here during the next four years.

Cuba's Financial Year.

Havana, July 11.—The government's receipts for the fiscal year ended June 30 were $17,767,000; the disbursements $15,339,900. The amount in hand is $3,172,500. Of the year's receipts, $14,705,500 were derived from the customs.

Fined For Criminal Assault.

Standish, Mich., July 11.—J. Leahy, the traveling optician under arrest and in jail here for the past ten days on a charge of attempting criminal assault on Miss Hannah of Omer, was convicted and fined $25, which covered costs.

POPE IS BETTER

Marked Improvement In Condition of Aged Prelate.

DRESSED AND SAT IN CHAIR

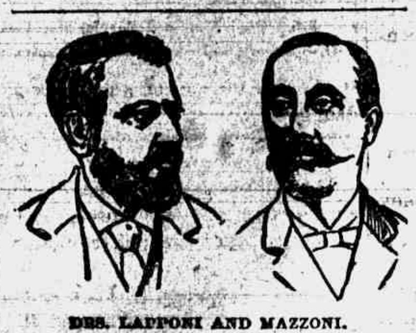
Received Several Cardinals—Dr. Lapponi Leaves Vatican For First Time—Description of Interior of Pontiff's Room.

Rome, July 13.—8:45 a. m.—The condition of the pope was stationary during the night. He slept at intervals but was not entirely tranquil.

Rome, July 13.—Pope Leo has lived to see another Sunday, and with the Sabbath quiet which fell upon Rome came also peace, and even progress, to the pontiff. Beginning in the morning with distinct signs of improvement, he maintained this throughout the day. Last night Dr. Lapponi made the following important statement in answer to the question if he believed that the improvement in the pope's condition could continue:

"I believe that if the improvement lasts until July 21 we may not perhaps achieve an absolute cure, but we will secure such a general state of health in the patient as will allay our anxiety."

During the morning the pontiff participated in the celebration of mass. The ceremony was held in the chapel adjoining the sick chamber, Monsignor Marzoni being the celebrant. The door connecting the sickroom with the chapel was opened so that his holiness might follow the services. He insisted that Dr. Lapponi and his valet Centra should leave his side and enter the chapel in order to better hear the mass.



DRS. LAPPONI AND MAZZONI.

The history of the day has been comparatively uneventful. The pontiff had several hours' repose. The morning found the pontiff with spirits bright and the conditions generally improved. Dr. Mazzoni joined his assistant at 8:20 a. m. and after a brief conference issued the most encouraging official bulletin thus far given.

TRAINS COLLIDE.

Three Men Killed on the Missouri Pacific Railroad.

Kansas City, July 13.—Missouri Pacific fast mail No. 7, which left St. Louis at 3 o'clock Sunday morning for Kansas City, crashed into an excursion train southbound from Kansas City that had become stalled between Little Blue and Lees Summit.

Three persons were killed outright, two of them tramps, the other being an unknown man. Fifty people were injured. Most of them were negroes from Kansas City. None of the passengers on the fast mail were hurt. Only the engine, one baggage car and a mail car on the fast mail left the track.

Soldiers Attempted Lynching.

Kansas City, July 13.—A special from Leavenworth, Kan., says: United States soldiers from Fort Leavenworth attempted to lynch Everdige Williams and Walter Brown, negroes, last night, and for over an hour the entire police department was kept busy quelling the trouble. Williams and Brown had engaged in a row with soldiers and one of them fired a number of shots at a soldier. The soldiers then congregated in great numbers, and it was decided to lynch the negroes if they could be found. They went to the homes of William and Brown and surrounded both houses. Ropes were in readiness for a lynching, but policemen appeared on the scene and succeeded in getting Brown and Williams away.

LATE NEWS IN BRIEF.

Hail Storms in Nebraska.—A hail storm Sunday destroyed all crops in section of country near York, Neb., covering a strip nine miles long and three miles wide.

Fresh Troubles.—Rumors are current in Constantinople that fresh troubles have broken out in the province of Yemen, Arabia, in consequence of the appearance of a new prophet.

One Life Lost.—One man was drowned and several others narrowly escaped a similar fate in Narragansett bay at Bristol, R. I., Sunday when a sloop yacht was capsized and the twelve occupants thrown into the bay. James Cronin, aged 27, lost his life.

King Peter's Birthday.—The birthday of King Peter was celebrated in Belgrade Sunday and thanksgiving services were held throughout the country. The king held a reception at the palace and granted an amnesty in honor of the occasion, in which were included many military prisoners.

No Chance For Gibbons.—The London Daily Telegraph correspondent at Rome telegraphs: "I am authorized to state, on the authority of two cardinals, one of whom is himself a candidate, that neither Cardinal Gibbons nor any other foreign member of the sacred college possesses the remotest chance of succeeding Pope Leo."

Walter Gets Five Years.

Adrian, Mich., July 11.—Frank Walter, the farmhand who got full on St. Patrick's day and filled Mrs. Thomas Wilson's leg with shot, was found guilty of assault with intent to do great bodily harm less than the crime of murder, and was sentenced to five years at hard labor in Jackson prison.

PLEA FOR THE JEW

Ex-Emigration Com. Weber Takes a Stand.

WHY U. S. MAY OBJECT

Russian Laws Forcing Population Upon This Nation—Strong Speech Before Jewish Chautauqua—The Jew Seeks Freedom.

Atlantic City, N. J., July 13.—John B. Weber of Buffalo, N. Y., late commissioner of immigration at the port of New York and chairman of the special commission authorized by congress in 1888 to investigate in Europe the causes inciting emigration to this country, was a speaker Sunday before the Jewish Chautauqua on the subject of "The status of the Jew in Russia."

In his address Mr. Weber charged the Russian restrictive laws as being responsible for the misery and persecution of which people read and hear. He stated that there would be no peace, no substantial relief for the sufferers until the total disappearance from Russia of either the Jew or the special laws directed against him.

Taking up the laws regarding the right of residence, which the speaker characterized as especially harsh and oppressive, he briefly sketched the history of the official decrees regulating the area within which the Jews were permitted to live during the past forty years.

Summing up the status of the Jew in Russia, Mr. Weber said:

"Today he is an alien in the land of his birth, a subject who bears an undue share of the burdens of good government without the privileges of its meanest citizens."

After asserting the moral obligation and the legal right of the United States to protest to the Russian government against its treatment of Jews, Mr. Weber said:

Can't Close the Ports.

"We cannot look with unconcern upon the arrival of the thousands of hunted, terror-stricken human beings, who come to us crushed in spirit and impoverished in substance, to enter into competition with our respected and self-respecting labor. Neither is it an answer to say that we have the remedy in our own hands by closing our ports against these people. This would violate our every instinct of humanity and would war against the policy which has made this country great and prosperous and which will continue to add to our progress and prosperity, if immigration is confined to normal causes alone. The abnormal immigration from Russia is due to the laws and methods of that country—and this gives us a legal and moral right to object. Self-interest and humanity unite in a loud call to invoke such rights."

Referring to the hope that a considerable part of this stream from Russia may be diverted to other lands, Mr. Weber quoted the statement of an emigrant at Kovno in the Pale: "I am going to America, for in that direction lies hope. Here I have only fears to confront me. The hope may prove delusive, but the fears are a certainty. My great ambition is to breathe at least once the free air with which God has blessed the American people.'

"These," said the speaker, "are the words of an uncultured Jew, and these are the sentiments in the heart of every Jew in Russia."

Gave a Balloon Party.

Paris, July 13.—The Duke and Duchess D'Uzes are probably the first hosts in the world of society who are to give a balloon party. They entertained a number of friends at luncheon at the park of the Aero club. After the luncheon the duchess invited the most daring of the guests to take a balloon ascent. The duke had two balloons. The Duke and Duchess D'Nzes and the Duchess de Negropont entered one and sailed away. Twenty minutes later the second balloon departed with Count de Contades, Marquis de Clermont Tonnerre, Prince Isenburg and Baron Lepic. The balloons landed at dusk forty miles away, the balloonists returning by train.

New Greek Cabinet Formed.

Athens, July 13.—The new Greek cabinet is constituted as follows: M. Ralli, premier and minister of foreign affairs ad interim minister of finance; M. Mavromichalis, minister of the interior; Colonel Constantinides, minister of war and ad interim minister of the navy; M. Merlopmulo, minister of justice; M. Pharmacmaeoulo, minister of public instruction.

Increase in Postal Receipts.

Washington, July 13.—The report of the gross postal receipts at fifty of the largest postoffices in the country for June, 1903, as compared with June, 1902, shows a net increase of 14½ per cent. The receipts at New York were $1,095,710, an increase of over 16 per cent, and at Chicago $785,516, an increase of 11½ per cent.

Jumped and Was Drowned.

New York, July 13.—The excursion steamer Clifton, running around Manhattan Island, was in collision Sunday afternoon with the Fulton ferryboat New York. During the panic which ensued on the Clifton two deckhands jumped overboard, one being drowned. No passengers were injured and both boats escaped with trifling damage.

Thieves Are Busy.

Jackson, Mich., July 11.—Between midnight and daylight thieves entered the dental office of Dr. Sheldon in the City Bank building and appropriated $50 worth of teeth and dental gold.

A SERIOUS MATTER

Threatened Strike of Telegraphers Involves Many.

WILL NOT GO OUT ALONE

Trainmen and Enginemen to Support Michigan Central Operators In Their Demands—Bell Telephone Workmen at Jackson Strike.

Cheboygan, Mich., July 11.—The troube between the Michigan Central railroad and its operators is much more serious even than previously outlined. Instead of the Saginaw division alone being involved, all lines west of the Detroit river are interested. Furthermore, if the strike is forced, the operators will not go out alone. Bay City, Detroit and Jackson unions of trainmen and enginemen have put their seals and official signatures to an agreement to also walk out when the word is passed.

Every move on the part of the operators for the past few months has been promtply met by a counter move on the part of the railroad.

The operators' first demands were sent in last winter to headquarters. The men asked a flat rate of increase of $15 per month for all operators west of the Detroit river; they further fixed twelve hours as a day's work and demanded 25 cents per hour overtime for extra hours or fractions of hours, and extra pay for Sundays.

Less important demands were passes for operators' children to attend schools along the lines near their homes; two weeks' vacation, with pay and passes, for operators three years or more in the company's service; the relief of operators from all possible manual labor, such as handling baggage, mowing lawns, feeding and watering stock, and disinfecting outhouses; and the right to refuse promotion without fear of being discharged therefor. They also asked for permission to attend to their association business at Detroit, the company to send relief operators when asked.

Organization Ignored.

The above demands were presented by the executive committee, of which William McFadden of Owosso is chairman, something like a month ago. The reply of the road practically ignored the operators' association as an organization, for circulars were mailed direct to the men.

The circular denied the demand for overtime and most of the other requests of the men, but granted increases in salary amounting to $18,000 per year. Instead of the flat rate of $15 per month raise, some operators received $2 50 more monthly, some $5, some $10, and just one gets $15 more. Many don't get a cent additional.

The operators are willing to make some concessions, as is the road, but on the bigger questions they are as far apart as the poles. The operators claim they do not desire a strike.

Jackson, Mich., July 11.—Sixty men, employed with the outside construction gang, quit the Michigan (Bell) Telephone company in this city Friday morning. This means much, for the company is just on the eve of "cutting over" from the old construction to a new system. At present the service of the Bell company is poor, and the company, realizing that the patience of its patrons is about exhausted, were straining every nerve to have the outside construction work pushed to completion so the "cutting over" process, which is short when all is ready, should come at the earliest possible moment.

One of the grievances of the men is the system of paying. The men favored a return to the old system of the Erie company when in control, that of paying by the days put in by the linemen. The Bell company pays $60 a month and deducts for days not at work. The men want $2 50 a day for every day they work. The men also object to the removal of Superintendent Hall of Detroit. It is understood that the linemen with the Bell at Flint, Port Huron and two other cities took simultaneous action yesterday morning and quit work.

Liquor War at Jackson.

Jackson, Mich., July 11.—Jackson celebrated the Fourth of July, and nearly every saloon in the city is being charged with being open. The city authorities were asked that day to close up saloons found open, but none were closed. The ministers are now making complaints to Prosecuting Attorney Badgley. So far nineteen saloonkeepers have been arrested.

Mother and Child Burned.

Niles, Mich., July 11.—In endeavoring to smother the flames that enveloped her little daughter Friday, as the result of the explosion of a gasoline stove, Mrs. William Burdick was burned in a terrible manner about the hands and arms. Both mother and child may die.

Struck by a Falling Brick.

Bay City, Mich., July 11.—Joseph Zielinski, employed at the plant of the Bay City company, in Essexville, was struck by a brick which slipped from the hands of a workman forty feet above him, the blow fracturing the lower part of his spine. The doctor has hopes of his recovery.

Freight Wreck at Jackson.

Jackson, Mich., July 11.—Traffic between Jackson and Clark's Lake was cut off Friday on the Cincinnati Northern railway, because of a freight which went off the track south of Jackson.

Deafness cannot be cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Lombard Architecture.

The Lombard style of architecture, to which our Norman is allied, placed the support conspicuously in the wall. Of great thickness, with large blank spaces unpierced and prominent, the walls plainly tell their work and their capacity to do it. The ornamentation is subservient to the idea. Shallow recesses and paneling bring the surface of the wall into prominence. Where they are pierced for window or door the beveling and molding in perspective increase the idea of strength. The arcading points to the depth. The circular arch indicates the solidity of the wall above. The circular windows were adapted to emphasize the notion of power.

In the Egyptian the wall is unnoticed, in the Greek it receded from view, in the Byzantine it played no part, in the Moresque it is chopped up and scattered, but in the Lombard, without buttress or pilaster, it asserted itself as the main element of support.—London Tablet.

Sacred Nuts of Japan.

Although well known to travelers and collectors of curiosities, the horn nut, or "sacred nut," of Japan was almost wholly unknown to fruit and nut dealers in this country prior to 1888, when a New York commission merchant received the first large consignment. They are called "sacred nuts" because used in certain forms of Japanese worship, where they are placed on the altar and ignited. Being very rich in oil, they burn with a hot, bluish flame and give off a peculiar odor, the fumes being supposed to rise as an acceptable incense to the gods. They grow under water and have a leaf like an American lily, the form of the nut itself being an almost exact counterpart of an Asian buffalo's head, drooping horns and all. In the raw state they are hard and tasteless, but when cooked the flavor resembles that of boiled chestnuts. They are said to retain their edible qualities for upward of twenty years.

The English Crown Ruby.

The ruby of the English crown is famous in popular estimation, but—history apart—what does the connoisseur say as to its value? asks the London Chronicle. Is it a ruby or is it only a fine and large spinel? Some people call a spinel a spinel ruby, but a spinel is not a ruby. The stone last named, when it is of more than three and a half carats in weight and flawless all through, is more precious than a perfect diamond of the same size. When it is considerably larger, its value is not to be estimated and may be anything, according to the passion of the collector. But the spinel, a much less hard crystal, even when it reaches the weight of four carats, is valued at half the worth of a four carat diamond. There are famous royal rubies, but that which flames in the royal crown is, according to a common rumor among experts, the lowlier spinel.

Checks For the Communion Table.

The author of "The Sabbath In Puritan New England" mentions a custom which prevailed in several New England churches that made it the duty of the deacons to walk up and down the aisles of the church at the close of each service and deliver to every person who in their judgment was fitted to commune a metal check, which entitled him to the next celebration of the Lord's Supper to join in the sacred ordinance.

On the communion Sabbath it was the deacons' duty to see that every one who presented himself at the Lord's table had this check and to collect it from the communicant before passing to him the bread and wine.

At Both Ends.

In a little town in Nova Scotia are two churches situated in the two divisions of the village locally designated as the "North End" and "South End." At a Sunday morning service the officiating clergyman read the following notice:

"There will be preaching at 11 o'clock next Sunday morning in the church at the North End and at 3 o'clock in the afternoon in the church at the South End. Infants will be baptized at both ends."

For Ingrowing Toe Nails.

By far worse than corns, the ingrowing toe nail makes life miserable for the man or woman, and no relief seems to come from paring the nail or in wadding it with cotton. To give instant relief to such pain a mixture used by the best physicians can be made as follows: Procure of the druggist one dram of muriatic acid and one dram of nitric acid and one ounce of chloride of zinc. Have these mixed thoroughly by the druggist or perform the operation yourself and apply one drop to the affected part once a day. It will not only give relief at once, but it will last all day.

The Orange In Spain.

It is considered a very healthful thing to eat an orange before breakfast. But who can eat an orange well? One must go to Spain to see that done. The senorita cuts off the rind with her silver knife, then, putting her fork into the peeled fruit, she detaches every morsel with her pearly teeth and continues to eat the orange without losing a drop of the juice and lays down the core with the fork still in it.

A VISION OF LIFE

[Original.]

I stood on a bridge, beneath me gently flowing water, on one side a declivity, on the other a meadow wearing that shade of pale green which belongs to early spring. Across the meadow above a clump of oaks was a spire. The sun was peeping above the horizon, tinting the fields, the hills and the water a soft yellow glow, while the cross on the spire shone like burnished gold. Birds were on the wing hunting a breakfast, now and again sending forth a soft, musical piping. The sky was a pale azure. There was not even one fleecy cloud floating over its great, domelike surface.

Suddenly from a clock in the church spire came a stroke, a harmonious blending of chords that I had never heard in earthly music. It seemed to me a fitting signal from heaven that a child had been born, a new soul launched on earth. While its entrancing melody was still filling my senses with a freshness that recalled the pulse of childhood a little girl emerged from the oaks which hid the spire and came quickly along the road leading to the bridge. She held in her hand a few wild flowers and stopped now and again to gather more. Coming on to the bridge, she passed me, tossing her ringlets and turning upon me a pair of blue eyes full of interest and wonder.

"Is it not a beautiful world?" she said. "I am going to the hills. They are so mellow. I shall love to play on their grassy slopes."

She did not stop, and as she receded the last word seemed to come from an infinite distance.

The scene changed. Where there had been fields there were dwellings. Trees had been cut away. Others that had been mere sprouts were casting broad shadows. The sun stood high in the heavens.

The clock in the spire struck 2.

There was a deeper, more intense melody in the strokes than before, both joyous and solemn, giving me an impression of great happiness blended with a sense of great responsibilities. The sound had not died away before there came from the hills a merry shout, and I saw a wedding procession moving toward me. The bride walked alone, followed by her family and friends. Reaching the bridge, she crossed it with a firm step, and when she turned her eyes to me I saw in them traces of the look I had seen in the little girl and knew that she was the same. She passed on, with her retinue, and was soon lost in the oaks that hid the church. Then there was a hush, and the strains of a wedding march burst forth. In another moment variegated tints were to be seen moving through openings in the trees. The married pair, followed by their friends, had left the church and were going to their home.

The clock struck 3.

This time there was a mellow sound in its tones suggestive of autumn. On the hills hung purple grapes. Orchards were ruddy with fruits. Here and there flushed a scarlet leaf. The sun stood midway between the meridian and the horizon.

Up the road came two figures, a woman and a youth. She was resting her hand affectionately on his shoulder, and it was plain that he was her son. The earnestness accompanying the words she was speaking to him, the sad look on her face, mingled with pride and hope, told me that she was sending him out into the world to play his part in life. At the bridge she embraced him, and he went on, while she stood looking after him. Turning, she fixed her eye momentarily on me, then slowly retraced her steps and was soon shut out of sight by the oaks. I had seen her for the third time.

A single stroke broke upon midnight, a wail, a dirge, an essence of infinite misery. I looked about me and through the darkness saw that it was winter. The stream beneath me was congealed. The hills were white with snow. As the vibration of the bell came on they lost their melancholy, swelling slowly into strains of heavenly music. As the first stroke had signalized the birth of a child, this was a greeting to a soul that had trodden its earthly path and was being welcomed in heaven. I looked up into the dark vault studded with stars, and fancy showed me one more picture, a face in which were blended the child, the bride, the mother. In it there was neither youth nor age, but a sexless spirit of rare beauty, flickering like an aurora.

It faded, and I saw my bedroom lighted by the faint glow of a night lamp. The vibration of the stroke I had last heard ended in the tones of the tiny bell of my repeater under my pillow. Reaching for the watch, I touched a spring, and it struck the hour of 1.

I had gone to bed and to sleep at a few minutes after midnight. In less than an hour the musical strokes of my watch had given me in four pictures a vision of an entire life. The first stroke at the quarter had brought me the child hastening to enjoy the beauties of the world. Two strokes for the half had painted her entering upon the duties of life at her marriage. Three strokes for the third quarter had shown her starting a new generation over the course she had trodden in maturity. The fourth stroke for 1 o'clock was a funeral bell changing into a welcome to a new existence.

There is no such thing as time. Between the strokes of midnight and 1 o'clock had I dreamed for an hour or lived a lifetime?

Octopus For Dinner.

Octopuses are pretty plentiful in Japanese waters and have been known to attack fishermen in their boats. When this hideous monster assumes the aggressive, the only chance the fishermen have is to lop off the tentacles of the beast. Failing this, the boat may be upset and the men dragged under. The octopus is highly valued in Japan as an article of food.

I draw my thumb nail over the melon, scraping off the thin, green skin. If the edges of the skin on each side of the scar are left ragged or granulated and the rind under the scar is smooth, firm and white and has something of a glassy appearance, the melon is ripe. But if the edges of the scar are smooth and even and the thumb nail has dug into the rind in places and the skin does not come off clean, then the melon is green. You can easily learn on two melons, one ripe, the other green, noting the difference after they have been opened.—Exchange.

New York's Conductors.

Many complaints have been made recently to Mr. Vreeland, who manages the New York street car system, of insolence and carelessness on the part of conductors and other employees. Mr. Vreeland now makes the surprising statement that on an average he dismisses 200 men a month for the causes mentioned. He also claims that all the conductors who have been in the company's employ for a few years are polite and well behaved.

Eczema

How it reddens the skin, itches, oozes, dries and scales!

Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.
